Strike legislation Motion

This council is appalled by the UK government's draft legislation which proposes to limit the ability of health workers from exercising their right to strike

This ill-thought out and unnecessary legislation will prevent many professions including doctors, nurses and other health workers from taking strike action, or place them in a position where they are facing dismissal

Minimum standards of service are already maintained within the health service during industrial action, so this legislation is completely unnecessary, and looks like an ideological attack on workers' rights, at a time when the main threat to patient safety is the inability to recruit staff due to inadequate pay and poor working conditions.

Council notes that this legislation comes from the same Tory Government, which during the Covid pandemic, encouraged us all to clap for these very same doctors and nurses, who were risking their lives day in day out, while ministers in the Tory government, and the then prime minister himself, were partying and breaking the rules they expected the whole country to follow.

This council condemns the action of the UK government in bringing forward this legislation, and calls upon the prime minister and his ministers to withdraw these egregious proposals.

We also call upon the leader of council to write to the prime minister in the strongest possible terms to outline our concerns.

 - Yes No No If yes, please provide details below

Q8 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

There will be limited impact as a result of this notice of motion. It demonstrates the Councils view on proposed UK government legislation in relation to strike action.
