### 31 Short Breaks.

The Principal Officer, Adolescent and Young People Services, supported by the Commissioning Team Leader and Hub Manager submitted a report which presented the development of the services in relation to short breaks provision for children and families.

The report outlined the commitment, vision and ambitions for support services for children, young people and families in respect of short break arrangements for children and young people with disabilities and additional needs and their parents/carers. It also outlined how they intend to ensure that the needs of service users inform practice and how services would be developed and adapted if or when needs change.

The following comments and questions were raised by the Committee:

- Where the various funding sources were obtained;
- Whether there was a cap on the number of short breaks a family / child could take and whether there were any waiting times;
- Whether all families were aware of all the options available to them;
- The possibility of specialist or enhanced sessions in cultural facilities, eg Galleries & Museums;
- The number of beds available, how they were commissioned, whether they were value for money and whether they met demand;
- How direct payments were utilised.

The officers responded to each point in detail.

The Chair thanked the officers for attending and looked forward to receiving an update once the Commissioning Review had been completed.

**Resolved** that the Social Care & Tackling Poverty Service Transformation Committee:

- 1) Noted the contents of the review process currently being undertaken and
- 2) Provided their views on the work undertaken to date.

### 32 Tackling Poverty Strategy. (Presentation)

The Principal Officer, Tackling Poverty provided a powerpoint presentation in relation to the work undertaken in relation to refreshing the Council's Tackling Poverty Strategy (2024-2028). It would be refreshed in partnership with partners and people by working together to address the causes and effect of poverty on people and communities, eradicating inequalities for those who were affected by poverty.

He explained that a public survey took place between August and September 2023 to feedback on the strategy and the way forward. Over 300 responses were received and several comments made during the survey were shared with the Committee.

The 7 emerging key priorities had been identified as:

- Digital Inclusion
- Community Support
- Information, Advice and Guidance
- Stigma and Discrimination
- Child Poverty
- Homelessness
- Health and Wellbeing

The Principal Officer then outlined the way forward which included:

- Ensuring an 'everyone's' business approach (not just Swansea Council's responsibility)
- 3 different editions of the strategy would be developed
- It would be built around the journey, characteristics, approaches and pathways
- The action plan would be co-produced with people with lived experience;
- A public consultation on the key proposals would be undertaken.

The Committee made comments and asked questions which the Principal Officer responded to accordingly.

The Chair thanked the Principal Officer and Head of Adult Services & Tackling Poverty for providing the update and looked forward to receiving further updates when available.

### **33 Work Plan 2023-2024.**

The Chair presented the Work Plan for 2023-2024.

**Resolved** that the Work Plan be noted.

### 1. Background

- 1.1 The Social Care and Tackling Poverty Service Transformation Committee (STC) agreed to support the implementation of the Enabling Communities Grant fund at the meeting on the 23<sup>rd</sup> October 2023
- 1.2 The grant was launched on the 1<sup>st</sup> November 2023 across all platforms to internal and external providers in Swansea. The grant combined three areas including the Holiday Food scheme, Swansea Spaces and COAST (Creating Opportunities Across Swansea Together). The closing date for applications was the 23<sup>rd</sup> November 2023.
- 1.3 The mutli-agency funding panel met on the 30<sup>th</sup> November 2023 and successful applicants were informed of the outcome on the 1<sup>st</sup> December 2023. On return of grant acceptances payments were made from the 5<sup>th</sup> December 2023.
- 1.4 The delivery of Enabling Communities Grant programme was from December 2023 to end of March 2024.

## **3. Learning/Opportunities of approach**

- 3.1 The partnership between the Commissioning Team and Tackling Poverty Service administered this grant successfully and enabled providers to receive funding and start delivery very quickly.
- 3.2 By developing the new application form which combined the three areas reduced administration for the teams and the applicants.
- 3.3 The scheme provided funding to 237 projects which would not have been possible without the funding.
- 3.4 The range of opportunities delivered included mental health support, social inclusion, additional learning needs support, sporting, cultural environmental, play and arts/crafts.

### 3.5 Outputs/outcomes include:

- Increased number of activities for people in Swansea
- Increased support for providers/projects in Swansea
- Improved emotional and mental health and wellbeing for participants
- Reduced social isolation
- Increased warm and welcoming venues and activities
- Increased skills for participants
- Increased access to food for school aged children during school holidays

**Actual figures for outputs/outcomes will be available when the evaluation has been completed.**

3.6 Some providers who applied for COAST funding felt the timing of the activities (weekend and holiday) was not suitable for their participants. This was mainly older young people and 50+ provision.

## 4. Conclusions and next steps

4.1 We are currently collating the evaluation and will complete a full report to send to the committee by the end of April 2024.

4.2 As part of the evaluation we will assess the viability of future provision as this was a one-off grant pot.

4.3 We have funding to provide school holiday activities in 2024/25 funded via the Shared Prosperity Fund.

## 5. Integrated Assessment Implications

5.1 The Council is subject to the Equality Act (Public Sector Equality Duty and the socio-economic duty), the Well-being of Future Generations (Wales) Act 2015 and the Welsh Language (Wales) Measure, and must in the exercise of their functions, have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Acts.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.
- Deliver better outcomes for those people who experience socio-economic disadvantage.
- Consider opportunities for people to use the Welsh language.
- Treat the Welsh language no less favourably than English.
- Ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

- 5.2 The Well-being of Future Generations (Wales) Act 2015 mandates that public bodies in Wales must carry out sustainable development. Sustainable development is the process of improving the economic, social, environmental and cultural well-being of Wales by taking action, in accordance with the sustainable development principle, aimed at achieving the 'well-being goals.
- 5.3. Our Integrated Impact Assessment (IIA) process ensures we have paid due regard to the above. It also takes into account other key issues and priorities, such as poverty and social exclusion, community cohesion, carers, the United Nations Convention on the Rights of the Child (UNCRC) and Welsh language.
- 5.4 The IIA screening process outlined there is no reputational risk to the council or any negative impact on any protected characteristics (Appendix 1 – IIA)

## **6. Legal Implications**

- 6.1. There are no legal implications.

## **7. Financial Implications**

- 7.1. There are additional financial implications other than those set out in this report.

**(b) Please name and fully describe initiative here:**

**Enabling Communities fund**

Develop one brand and grant scheme 'Enabling Communities' that provides three distinct elements (Swansea Spaces, COAST and Holiday Food).

This brand would provide 1 portal for applicants to apply for grant funding for the provision of Swansea Spaces, things to do and food for school aged children throughout the Winter over holidays and weekends.

Feedback and evaluation from participants and projects have highlighted the need and impact of each element.

This approach would reduce administration for both council officers and providers.

Suggested budget £430,000

**Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches? Please provide details below – either of your activities or your reasons for not undertaking involvement**

Enabling Communities is developed from COAST, Swansea Spaces and the food provision in summer.

All of the elements have had significant engagement and consultation from providers and members of the public which has been utilised to develop this approach. The panel that allocates the funding will include Swansea council and Third Sector partners.

**Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:**

a) Overall does the initiative support our Corporate Plan's Well-being Objectives when considered together?

Yes  No

b) Does the initiative consider maximising contribution to each of the seven national well-being goals?

Yes  No

c) Does the initiative apply each of the five ways of working?

Yes  No

d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?

Yes

No

---

**Q5** What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...)

High risk

Medium risk

Low risk

---

**Q6** Will this initiative have an impact (however minor) on any other Council service?

Yes

No

If yes, please provide details below

The fund can be utilised to support council initiatives and priorities. These will go through the same process as non-council applications.

---

**Q7** What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

*(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)*

Building on from the COAST was an activities programme which provides one off, or a limited series of activities for school holiday periods. Dependent upon how the fund grants are awarded there is potential to impact all aspects of society, however spending is limited both by time and budget, and demand outstrips the funds allocated, Whilst the activities can make major impact on individual holiday experience, levels of finance available and the nature of many of the one off activities conclude COAST will have a minor long term impact on communities.

### Outcome of Screening

**Q8** Please describe the outcome of your screening below:

- Summary of impacts identified and mitigation needed (Q2)
- Summary of involvement (Q3)
- WFG considerations (Q4)

- **Any risks identified (Q5)**
- **Cumulative impact (Q7)**

Enabling Communities is a fund which awards grants to community and third sector organisations for Children and families and over 50s to provide free at point of delivery activities for School holiday period(s).

Dependent upon how the fund grants are awarded there is potential to impact all aspects of society, however spending is limited both by time and budget and demand outstrips the funds allocated, whilst the activities can make major impact on individual holiday experience, levels of finance available and the nature of many of the one off activities conclude Enabling Communities will have a minor long term impact.

The funding provides positive school holiday experiences rather than longer term policy risks, hence council’s reputation will not be at risk.

### **2.1 Volunteering.**

The development of a Swansea Council Volunteering policy -has been a collaborative piece of work undertaken regionally and locally with Tackling Poverty Services, working alongside Swansea Council for Voluntary Services. The Committee supported the approach ensuring that the new policy would

reflect both the principles of volunteering as defined by WCVA (Wales Council for Voluntary Action) and best practice in Wales, was accepted by the Committee. More detailed policy work is taken place with human resources and organisational development and Swansea Council for Voluntary Service to both refine the draft policy and inform the development of a Volunteer Management Toolkit and Volunteer Handbook, incorporating feedback from the corporate safeguarding operational group. Funding was secured from the shared prosperity fund to resource the completion and implementation of this work during 2023/24.

The Committee requested that consistent baseline data for all volunteers hosted across services within Swansea was needed, and that additional resource was found for implementation of the policy later in 2024, and to ensure volunteers have the structures and support needed to be effective.

The Initial report on volunteering is available: [Report on Swansea Council Volunteering policy Sept 2023](#)

A prototype draft policy was presented: [Appendix A Draft Swansea Council Volunteering Policy.pdf](#)

More recently work has been undertaken on the whole Council Safe Recruitment of Volunteers policy, aligned to corporate safeguarding policy and within the Enabling Communities programme (see 2.2.2)

## **2.2 Levelling Up / Enabling Communities**

**2.2.1 Levelling Up Grant:** The committee inquired into the background and purpose of the Council's grant application process, decision criteria and the timetable for applications. Good practice examples arising from previous grant allocations were shared, and the positive impacts these have had on local communities: Swansea Spaces, Creating Opportunity Across Swansea Together (Coast) & Economic Recovery Fund (160 small projects) Levelling Up

**Workshop held in October 2023** resolved that one brand and grant scheme in Swansea' 'Enabling Communities' programme that provides three distinct elements (Swansea Spaces, COAST and Holiday Food).

Presentation slides: [Levelling Up Workshop Presentation Oct 2023](#)

**2.2.2 Enabling Communities Grant:** Committee questioned the priority areas, decisions criteria, proposed timeline and options to maximise impact to fit with Council's strategic priorities, as well as risks / interdependencies. The Initial Report on Enabling Communities Grant can be viewed: [Report on Enabling Communities Grant Oct 2023](#)

The Enabling Communities Programme has become one of the council's programmes of work in its Successful and Sustainable Swansea transformation plan. It aims to build inclusive, resilient, and cohesive communities by working with partners and the public to maximise use of combined resources.

There are four priority projects:

- Increasing resilient communities.
- Working with Communities to respond to crises and opportunities.
- Embedding co-production approaches across the Council.

- Corporate Volunteering.

## **2.3 Special Guardianship**

Special Guardianship Order (SGO) provides an alternative legal status for children and families, offering children greater security than long-term fostering placements but without the legal severance from the birth family that stems from an Adoption Order. Within SGOs, children are offered the opportunity to grow up and be cared for within their family network and the Special Guardian will have parental responsibility for the child. The Committee raised questions about how support is offered as the needs of children and young people change over time, and how plans are reviewed.

The initial report on 'Special Guardianships can be viewed on: [Report on Special Guardianship Dec 2023](#)

A draft 'Special Guardianship policy' was presented: [Special Guardianship Order Policy Nov 23](#)

## **2.4 'When I'm Ready'**

'When I'm Ready' is a scheme developed by Welsh Government, in partnership with local government and key third-party sector partners to enable care leavers to continue to live with their former foster carers after the age of eighteen. C&FS Principal Officer - Adolescent & Young People and a Team Leader provided a report on the development of services in relation to young people preparing for transition to adulthood, living in 'When I'm Ready' arrangements, and the support offered to foster carers. The Committee supported the strengths-based focus of the scheme focusing on helping young people in setting and achieving life goals, and raised questions on how performance impact is considered and sustainable development of the service.

The Initial report on 'When I'm Ready' can be seen at: [Report on When I'm Ready Dec 2023](#)

A draft 'When I'm Ready' Policy was presented: [When I Am Ready Policy November 2023](#)

## **2.5 Short Breaks**

Short Breaks: Officers gave a presentation highlighting the commitment, vision and ambitions for support services for children, young people and families in respect of short break arrangements for children and young people with disabilities and additional needs and their parents/carers. They outlined how they intend to ensure that the needs of service users inform practice and how services would be developed and adapted if or when needs change. Elected Members inquired how services are promoted, carefully considered the ways resources are allocated in relation to need how fits the service with strategy with direct payments and supports positive outcomes for children, and supporting the wellbeing of parent/carers.

The full report on 'When I'm Ready' can be seen at: [Report on Short Breaks Feb 2023](#)

## 2.6 Tackling Poverty Strategy

The initial report on the corporate refresh of the Tackling Poverty Strategy can be seen at: [Report on Tackling Poverty Strategy refresh July 2023](#)

In February 2024, the committee were informed about how coproduction and engagement is driving the refresh of this vital, corporate strategy, and the expected timetable for completion of the work. Focus of work has been to improve citizen journey out of poverty, in a sustainable approach, tackling a range of factors such as work opportunities, employability, housing, food, and child-care. The 7 emerging key priorities had been identified as:

- Digital Inclusion
- Community Support
- Information, Advice and Guidance
- Stigma and Discrimination
- Child Poverty
- Homelessness
- Health and Wellbeing

This innovative refresh to cocreating strategy is aimed at ensuring an 'everyone's' business approach (not just Swansea Council's responsibility) is taken to tackling poverty locally.

The new strategy would be built around the journey, characteristics, approaches and pathways, with 3 different editions developed to meet specific needs.

The action plan to follow will also be co-produced, with people with lived experience of poverty and its effects. A public consultation on the key proposals is planned.

The committee requested that additional consideration be given to:

- the work of the Poverty Truth Commission, how citizens can access Credit Unions and fair access to opening Personal Back Accounts.
- access to mental health and wellbeing support for citizen facing cost of living pressures.

## 2.7 Internal Residential Care

Internal residential care provision – the Committee was informed by the Cabinet Member and the Head of Adult Services about the context for this work, in particular the operational issues around complex care, reablement and providing respite. The current arrangements follow on from the implementation of recommendations arising out of the Older People's Residential Care Homes Review in 2018, with changes to mitigate Covid impact, responses and recovery. The current position, developments and future plans and priorities for Council run older people's Residential Care Provision were also discussed. Case Studies showing how clients are supported to achieve their personal outcomes through reablement were also noted by the Committee.

The Committee were assured that Authority continues to provide complex long term residential care as opposed to nursing placements, and as well as short term reablement, assessment and respite care offers. The Committee raised

questions about plans to ensure that care homes have the right people with the right skills to continue providing high quality care, and heard the Authority was doing everything it could to maintain and improve and increase the social care workforce across the whole sector.

### **3. Conclusion**

#### **3.1 Concluding the Committee's work programme:**

The Social Care & Tackling Poverty Service Transformation Committee has a meeting schedule in April 2024 to receive an update on the Enabling Communities Grant programme. The item on **Enabling and promoting independence** has still to be scheduled.

#### **3.2 Looking ahead:**

Swansea Council and local communities are facing many challenges in safeguarding our most vulnerable citizens. The Welsh Government recently launch a national 'Rebalancing Care and Support' challenging local authorities to pick up the pace of change, to promote the voice of the citizen in shaping services, and to demonstrate added 'social value'. In our work.

Councils are faced with addressing demographic changes, increasing complex needs within an ageing population, high service demand to be met with reduced capacity, workforce skill shortages and cost pressures impacting on the social care market and commissioning plans for sufficiency.

The budget cuts facing public services and uncertainties around grant funding impact on the capacity to work at pace, collaboratively and in partnership. The Council's Transformation programmes have an important role in ensuring local services are supported to be resilient and set up to meet these future challenges. Work still needed to take forward the refreshed and coproduced Tackling Poverty strategy and action plan.

### **4. Integrated Assessment Implications**

4.1 The Council is subject to the Equality Act (Public Sector Equality Duty and the socio-economic duty), the Well-being of Future Generations (Wales) Act 2015 and the Welsh Language (Wales) Measure, and must in the exercise of their functions, have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Acts.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.
- Deliver better outcomes for those people who experience socio-economic disadvantage.
- Consider opportunities for people to use the Welsh language.
- Treat the Welsh language no less favourably than English.

- Ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

4.1.1 The Well-being of Future Generations (Wales) Act 2015 mandates that public bodies in Wales must carry out sustainable development. Sustainable development means the process of improving the economic, social, environmental and cultural well-being of Wales by taking action, in accordance with the sustainable development principle, aimed at achieving the 'well-being goals'.

4.1.2 Our Integrated Impact Assessment (IIA) process ensures we have paid due regard to the above. It also takes into account other key issues and priorities, such as poverty and social exclusion, community cohesion, carers, the United Nations Convention on the Rights of the Child (UNCRC) and Welsh language.

4.2 An IIA screening form has been completed with no impacts identified from this 'For Information' report (see Appended report).

**Please provide details below – either of your activities or your reasons for not undertaking involvement**

Many of the areas of policy development under consideration at the Social Care & Tackling Poverty Service Transformation Committee and set out in the report are products of coproduction, participation, and consultation.

Some of the significant products will have their own Integrated Impact Assessment.

Work on the Volunteering policy was a collaborative approach with Swansea Council for Voluntary Services.
