Policy Framework:	None
Reason for Decision:	To allow the Audit Committee to discuss and monitor progress against the Internal Audit Annual Plan 2016/17
Consultation:	Legal, Finance, Access to Services.
Recommendation(s):	It is recommended that Committee review and discuss the work of the Internal Audit Section and note the contents of the report
Report Author:	Paul Beynon
Finance Officer:	Paul Beynon
Legal Officer:	Sandie Richards
Access to Services Officer:	Sherill Hopkins

1. Introduction

- 1.1 The Internal Audit Annual Plan 2016/17 was approved by the Audit Committee on 19 April 2016 and quarterly monitoring reports have been presented throughout the year to allow Committee to review and comment upon the progress of the Internal Audit Section in achieving the Annual Plan.
- 1.2 This report shows the audits which were finalised in the period 1 October 2016 to 31 December 2016.

2. Audits Finalised 1 October 2016 to 31 December 2016

- 2.1 An Auditor post which had previously been covered by an agency auditor was filled on a permanent basis in October 2016 which means that all posts within the Section are now filled by a permanent member of staff.
- 2.2 The Internal Audit Section has continued to experience unusually high levels of sickness in the 3rd Quarter of 2016/17 with a total of 63 days. The total number of sick days taken in the since 1 April 2016 is 199 days against an annual budget of 80 days. Most of the sick in Quarter 3 was due to a member of staff with a serious knee problem which severely restricted mobility. However the member of staff returned to work on a phased return basis during December 2016.
- 2.3 A total of 21 audits were finalised during Quarter 3. The audits finalised are listed in Appendix 1 which also shows the level of assurance given at the end of the audit and the number of recommendations made and agreed.
- 2.4 An analysis of the audits finalised during the 3rd Quarter is shown in the following table. It is pleasing to note that once again, no audits received a moderate or limited level of assurance in the quarter.

Assurance Level	High	Substantial	Moderate	Limited
Number	5	16	0	0

- 2.5 A total of 142 audit recommendations were made and management agreed to implement 138 recommendations i.e. 97.2% against a target of 95%. The recommendations which were not agreed were either low risk or good practice or it was shown by management that compensating controls were in place.
- 2.6 All recommendations made are classified as high risk, medium risk, low risk or good practice. An analysis of the recommendations agreed during Quarter 3 is shown in the following table

High Risk	Medium Risk	Low Risk	Good Practice	Total
0	29	79	30	138

- 2.7 In addition, the Internal Audit Section also certified the following grants in the quarter as required by the terms and conditions of the grant issued by the Welsh Government.

Grant	Amount £
Supporting People Programme Grant 2015/16	13,817,121
Pupil Deprivation Grant 2015/16	6,375,365

- 2.8 It was found that the grants had been spent in accordance with the agreed purpose and that only eligible expenditure was included.
- 2.9 The Audit Plan is a 'living' document which is likely to change during the course of the year due to e.g. emerging risks or new priorities. However it is important that the Audit Committee can monitor progress against the Plan approved at the start of the year. To achieve this, Appendix 2 shows each audit included in the Plan approved by Committee in April and identifies the position of each audit as at 31 December 2016.
- 2.10 An analysis of the details in Appendix 2 shows that by the end of December 2016, approximately 69% of the Audit Plan was either completed or in progress which is excellent progress, particularly in view of the levels of risk mentioned above. It is expected that by the end of the year, the Performance Indicator for the percentage of the Audit Plan completed will be significantly higher than the result for 2015/16.
- 2.11 As reported previously, the way primary schools audits are undertaken has been changed to use a self-assessment questionnaire and a much shorter audit visit. It is hoped that using this basis for primary school audits will have benefits both for the Internal Audit Section by reducing the amount of time for each audit and also for schools by reducing the Service Level Agreement recharge for audits and causing less disruption at school during the audit visit.
- 2.12 The self-assessment questionnaire was completed during Quarter 1 and the opportunity was also taken to review the scope of primary school audits to ensure that it remained relevant and fit for purpose.
- 2.13 The questionnaire was sent to 28 primary schools due for audit in 2016/17 during Quarter 1 and by the end of the December, 22 completed questionnaires had been returned. Work is ongoing to chase the return of the outstanding questionnaires. Committee may wish to consider a letter being sent by the Chair to those schools who have not returned their questionnaires.
- 2.14 The returned questionnaires have been analysed and a short visit to schools commenced during Quarter 3 to confirm that controls are in place. A draft report will then be sent to the Headteacher before being finalised and reported to the School's Governing Body. School visits will continue during Quarter 4.
- 2.15 The Internal Audit Section was also involved in the following work during Quarter 3
- Continued sample testing of Equal Pay calculations prior to offers being made to staff

- Continued sample testing of Back Pay calculations prior to payments being made to staff.
- The data for the National Fraud Initiative 2016 exercise was uploaded to the NFI website by the due date
- A review of the system for providing Homefix loans was undertaken following a whistleblowing complaint.
- Staff provided input into the creation of online starter and leaver forms by Employee Services
- The Annual report of school Audits 2015/16 was presented to the Schools Scrutiny Performance Panel in November 2016.
- Advice was provided regarding proposed changes to the Civic Centre Cash Office

3. Follow Ups Completed 1 October 2016 to 31 December 2016

3.1 The follow up procedures operated by the Internal Audit Section include visits to any non-fundamental audits which received a moderate or limited level of assurance to confirm and test that action has been taken by management to address the concerns raised during the original audit.

3.2 The follow up visit is usually within 6 months of the final report being issued and includes testing to ensure that any high or medium risk recommendations have been implemented. Where agreed recommendations have not been implemented, this will be reported to the appropriate Head of Service (or Chair of the Governing Body in the case of schools) and the Chief Finance and Deputy Section 151 Officer.

3.3 During the 3rd Quarter, follow up visits made to the following services to confirm that the agreed recommendations had been implemented showed that substantial progress had been made and no further follow up visits were required

- Portmead Primary School
- Seaview Primary School
- Grand Theatre
- Swansea Children's Centre/Mayhill Family Centre

3.4 Follow up visits were also made to the following services during Quarter 3 where it was found that satisfactory progress had not been made with a number of agreed recommendations still to be implemented

- Suresprung
- Community Equipment Store
- Community Alarms
- Car Parks

- 3.5 A second follow up visit has been scheduled for later in the year to the services highlighted above to confirm that the outstanding recommendations have been implemented.
- 3.6 The Recommendations Tracker exercise for 2015/16 which confirms that the recommendations arising from the fundamental audits have been implemented was completed during Quarter 3.
- 3.7 The results of the Recommendations Tracker exercise for 2015/16 was presented to the Audit Committee at its meeting on 3 January 2017 where it was reported that the number of recommendations arising from fundamental audits continues to decline and that good progress had been made with 37 of the 46 agreed recommendations being implemented by the end of November 2016 with the rest being on line for implementation by the end of the financial year.

1. Introduction

- 1.1 The Public Sector Internal Audit Standards (PSIAS) provide a framework for the delivery of a professional, independent and objective internal audit service and are mandatory for all internal audit providers in the public sector in the UK.
- 1.2 One of the requirements of the PSIAS is that an annual risk-based Internal Audit plan must be prepared to determine the priorities of Internal Audit and to ensure they are consistent with the Council's goals. The Plan must allow sufficient audit coverage across the whole Council for the Chief Auditor to be able to provide an annual opinion to Council via the Section 151 Officer and Audit Committee on the control environment covering corporate governance, risk management and internal control.

- 1.3 The Audit Plan should ensure that resources are targeted at the areas of the Council's work where it can provide most benefit by providing assurance over key risks and controls.
- 1.4 The Standards state that the Internal Audit Annual Plan must be discussed with senior management which in the Internal Audit Charter is defined as the Corporate Management Team before being reported to the Audit Committee for approval.
- 1.5 This report provides a briefing on the methodology used to prepare the Annual Plan in advance of the Plan for 2017/18 being reported to the Committee for approval at the next meeting.

2. Internal Audit Plan Methodology

- 2.1 The requirement to produce an Internal Audit Annual Plan is included in the Public Sector Internal Audit Standards (PSIAS) which are mandatory for all internal audit providers in the UK public sector.
- 2.2 An extract of the PSIAS requirements regarding internal audit planning is attached in Appendix 1
- 2.3 The starting point for a risk-based audit approach is gaining an understanding of the Council's objectives and goals as well as the current key risks faced by the Council as recorded in the Risk Registers.
- 2.4 Information is gathered from a number of sources prior to the preparation of the detailed Audit Plan including
 - The Corporate Plan and One Swansea Plan
 - Reports to Cabinet, Council and Scrutiny
 - Risk Registers
 - Areas of concern or request for audit coverage from management or the Audit Committee
 - Other sources of assurance available both from internal and external sources
 - Any recent or proposed significant changes to the Council's systems or operations
 - Previous audit results and Internal Audit's cumulative knowledge of systems and procedures across the Council
- 2.5 Following the gathering of relevant information, an Audit Needs Assessment is completed utilising the risk assessment undertaken for each audit. The risk assessment takes account of a wide range of factors which are grouped into the following categories

- Materiality e.g. income, expenditure
- Control Environment/Vulnerability e.g. previous frauds, staff turnover
- Management Concerns e.g. direct request for help, potential for embarrassment
- Sensitivity e.g. impact on service, effect on Council's welfare

2.6 A copy of the Risk Assessment form used is attached in Appendix 2

2.7 The outcome of the risk assessment is a risk index which is then used to determine the frequency of audit visits as shown in the following table. The frequency of audit visit for medium/low and low risk audits was increased in 2015/16 as one of the changes reported to the Audit Committee at the time which were designed to free up audit resources which could then be used on higher risk audits and added value work.

Risk Index	Risk Factor	Frequency of Visit
0 – 19	Low	5 years
20 – 25	Medium/Low	4/5 years
26 – 40	Medium	3 years
41 – 49	Medium/High	2/3 years
50 +	High	1/2 years

2.8 In addition to the risk assessment process, a number of systems have traditionally been identified, in consultation with our external auditors as fundamental e.g. Payroll, Accounts Receivable, Main Accounting, Council Tax. All fundamental systems are audited either annually or every 2 years which recognises the significance of the system to the achievement of the Council's objectives.

2.9 A number of audits are undertaken on an annual basis rather than by the determination of risk e.g. grant certification audits where the work is required under the terms and conditions of the grant, the review of debts written off prior to authorisation, services where significant amounts of cash are handled, etc.

2.10 The use of the risk assessment process provides every audit in the Council's audit universe with a year when the next audit visit is due which is used to develop the Audit Plan.

2.11 Each year, a Consultation Exercise is held with all Heads of Service giving them the opportunity to comment on the audit coverage in their area and to ensure that all risks within their services have been identified. Heads of Service may also request specific reviews or pieces of work by the Internal Audit Section which will add value to their service. All requests are considered in light of the total Internal Audit resources available.

- 2.12 The Consultation Exercise for the 2017/18 Audit Plan commenced on 1 January 2017.
- 2.13 A review of the Corporate and Directorate Risk Registers also takes place to ensure that where necessary, Internal Audit resources are targeted at the areas considered to be the highest risk.
- 2.14 The ongoing review of the current year's Annual Plan also informs the planning process e.g. by identifying any emerging risks, new systems, developments or special investigations which may have a wider impact.
- 2.15 The Audit Needs Assessment i.e. the risk assessment process, consultation exercise and review of the risk registers will provide the total number of audit days required in the Audit Plan for 2017/18 which then has to be matched against the audit resources available.
- 2.16 The audit resources available in 2017/18 is 9.5 full time equivalents excluding the Chief Auditor.
- 2.17 The audit resources available have to allow for things such as annual leave, public holidays, training, administration, planning, sickness and a contingency to allow for unplanned work. This provides the productive audit days available to deliver the required audit coverage obtained from the Audit Needs Assessment.
- 2.18 Inevitably, the required audit coverage will exceed the available audit resources leading to a further review of the required audit coverage. This review will again be risk based to ensure that the areas of greatest perceived risk are prioritised. The audits which are deferred to reconcile the audit days required to the available audit resources will be low risk or medium/low risk or will have received a high level of assurance at the last audit which indicates good systems and controls are in place.
- 2.19 The Internal Audit Annual Plan is reported to the Corporate Management Team and Audit Committee at the start of each year for approval. However, the Annual Plan must remain a flexible document that reacts to changing risks and priorities over the course of the year.

Appendix 2 – Risk Assessment Sheet

Extract from Public Sector Internal Audit Standards

2010 Planning

The chief audit executive must establish risk-based plans to determine the priorities of the internal audit activity, consistent with the organisation's goals.

Interpretation:

The chief audit executive is responsible for developing a risk-based plan. The chief audit executive takes into account the organisation's risk management framework, including using risk appetite levels set by management for the different activities or parts of the organisation. If a framework does not exist, the chief audit executive uses his/her own judgment of risks after consideration of input from senior management and the board. The chief audit executive must review and adjust the plan, as necessary, in response to changes in the organisation's business, risks, operations, programs, systems, and controls.

Public sector requirement

The risk-based plan must take into account the requirement to produce an annual internal audit opinion and the assurance framework. It must incorporate or be linked to a strategic or high-level statement of how the internal audit service will be delivered and developed in accordance with the internal audit charter and how it links to the organisational objectives and priorities.

2010.A1

The internal audit activity's plan of engagements must be based on a documented risk assessment, undertaken at least annually. The input of senior management and the board must be considered in this process.

2010.A2

The chief audit executive must identify and consider the expectations of senior management, the board and other stakeholders for internal audit opinions and other conclusions.

2010.C1

The chief audit executive should consider accepting proposed consulting engagements based on the engagement's potential to improve management of risks, add value and improve the organisation's operations. Accepted engagements must be included in the plan.

2020 Communication and Approval

The chief audit executive must communicate the internal audit activity's plans and resource requirements, including significant interim changes, to senior management and the board for review and approval. The chief audit executive must also communicate the impact of resource limitations.

2030 Resource Management

The chief audit executive must ensure that internal audit resources are appropriate, sufficient and effectively deployed to achieve the approved plan.

Interpretation:

Appropriate refers to the mix of knowledge, skills and other competencies needed to perform the plan. Sufficient refers to the quantity of resources needed to accomplish the plan. Resources are effectively deployed when they are used in a way that optimises the achievement of the approved plan.

Public sector requirement

The risk-based plan must explain how internal audit's resource requirements have been assessed.

Where the chief audit executive believes that the level of agreed resources will impact adversely on the provision of the annual internal audit opinion, the consequences must be brought to the attention of the board.

1. Introduction

- 1.1 The Public Sector Internal Audit Standards (PSIAS) came into force on 1st April 2013 and replaced the CIPFA Code of Practice for Internal Audit in Local Government
- 1.2 The PSIAS were developed by CIPFA and the Chartered Institute of Internal Auditors (CIIA) and are mandatory for all providers of internal audit services in the public sector.

- 1.3 The standards are based on the mandatory elements of the global CIIA's International Professional Performance Framework with additional requirements to reflect the UK public sector.
- 1.4 The objective of the PSIAS are to
- Define the nature of internal auditing within the UK public sector
 - Set basic principles for carrying out internal audit in the UK public sector
 - Establish a framework for providing internal audit services, which add value to the organisation, leading to improved organisational processes and operations
 - Establish the basis for the evaluation of internal audit performance and to drive improvement planning
- 1.5 The PSIAS were reviewed in 2015 and now consist of the following
- Mission of Internal Audit
 - Definition of Internal Audit
 - Core Principles for the Professional Practice of Internal Auditing
 - Code of Ethics
 - International Standards for the Professional Practice of Internal Auditing

2. Internal Audit Charter

- 2.1 One of the requirements of the PSIAS is that every internal audit provider in the UK public sector whether in-house, shared service or outsourced must have an Internal Audit Charter
- 2.2 The Internal Audit Charter is a formal document that defines the internal audit activity's purpose, authority and responsibility. The guidance produced by CIPFA on implementing the PSIAS states that the Charter should
- Recognise the mandatory nature of the PSIAS (the Definition of Internal Auditing, Code of Ethics and the Standards themselves)
 - Define the scope of internal audit activities
 - Establish the responsibilities and objectives of internal audit
 - Recognise that internal audit's remit extends to the entire control environment of the organisation and not just financial controls
 - Define the terms 'board' and 'senior management' for the purposes of the internal audit activity
 - Establish the organisational independence of internal audit
 - Establish the accountability, reporting lines and relationships between the chief audit executive (Chief Auditor) and
 - The board (Audit Committee)
 - Those to whom the Chief Auditor must report functionally

- Those to whom the Chief Auditor may report administratively
 - Set out the responsibility of the board and also the role of the statutory officers (such as the CFO, the monitoring officer and the head of the paid service) with regards to internal audit.
 - Define the role of internal audit in any fraud-related work
 - Set out the arrangements that exist within the organisation's anti-fraud and anti-corruption policies, requiring the Chief Auditor to be notified of all suspected or detected fraud, corruption or impropriety, to inform his or her annual internal audit opinion and the risk-based plan
 - Establish internal audit's right of access to all records, assets, personnel and premises, including those of partner organisations where appropriate, and its authority to obtain such information and explanations as it considers necessary to fulfil its responsibilities
 - Cover the arrangements for appropriate resourcing
 - Include arrangement for avoiding conflicts of interest if internal audit undertakes non-audit activities.
- 2.3 The Chief Auditor is required to review the Internal Audit Charter periodically and present it to the Corporate Management Team and Audit Committee for approval. The PSIAS state that final approval of the Internal Audit Charter resides with the Audit Committee.
- 2.4 The Internal Audit Charter for the City and County of Swansea's Internal Audit Section has been reviewed with the changes shown as tracked changes in Appendix 1
- 2.5 The Charter has been approved by the Executive Board on 8 March 2017 and is now reported to the Audit Committee for approval

3 Equality and Engagement Implications

- 3.1 There are no equality and engagement implications associated with this report

4. Financial Implications

- 4.1 There are no financial implications associated with this report.

5. Legal Implications

- 5.1 Provision of an adequate and effective internal audit function is a legal requirement under the Accounts and Audit (Wales) Regulations 2005 as amended. For local government in Wales, the PSIAS is mandatory for all principal local authorities. An effective internal audit service also ensures that the Well-being Goals within the Well-being of Future Generations Act Wales (2015) are being met.

INTERNAL AUDIT CHARTER

2017/18

1. Introduction

- 1.1 The Public Sector Internal Audit Standards (PSIAS) came into force on 1st April 2013 and replaced the CIPFA Code of Practice for Internal Audit in Local Government
- 1.2 The PSIAS were adopted by the Relevant Internal Audit Standard Setters which is made up of 7 organisations including CIPFA and the Welsh Government.
- 1.3 The PSIAS were developed by CIPFA and the Chartered Institute of Internal Auditors (CIIA) and are mandatory for all providers of internal audit services in the public sector.
- 1.4 The PSIAS consist of the following
- Definition of Internal Audit
 - Code of Ethics
 - International Standards for the Professional Practice of Internal Auditing
- 1.5 The PSIAS were further reviewed in 2015 and with effect from 1 April 2016, the following were added to the Standards
- Mission of Internal Audit
 - Core Principles for the Professional Practice of Internal Auditing
- 1.6 One of the requirements of the PSIAS is that each internal audit provider must have an Internal Audit Charter which is a formal document that
- Defines the purpose, authority and responsibility for internal audit
 - Establishes the internal audit activity's position within the organisation
 - Authorises access to records, personnel and physical assets
 - Defines the scope of internal audit activities
 - Defines the nature of assurance and consulting activities
- 1.7 The Internal Audit Charter must be reviewed periodically by the Chief Auditor and presented to the Corporate Management Team and Audit

Committee for approval. Responsibility for the final approval of the Internal Audit Charter lies with the Audit Committee

2. Definition of Internal Audit

2.1 The statutory nature of Internal Audit is established by the following legislation

- Section 151 of the Local Government Act 1972 which states that local authorities are required to make arrangements for the proper administration of its financial affairs and shall ensure that one of its officers has responsibility for the administration of those affairs. In Swansea, the Section 151 Officer is the Corporate Director (Resources).
- The Accounts and Audit (Wales) Regulations 2014 state that *‘a larger relevant body shall maintain an adequate and effective system of internal audit of its accounting records and of its system of internal control. The 2014 Regulations also say that ‘a larger relevant body must, at least once in each year, conduct a review of the effectiveness of its internal audit’.*

2.2 Against this statutory background, the PSIAS provides the following definition of internal audit

- *‘Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve and organisation’s operations*
- *It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes’*

2.3 The Mission of Internal Audit as outlined in the latest version of the Standards is as follows

‘To enhance and protect organisational value by providing risk-based and objective assurance, advice and insight’

2.4 The Core Principles of internal audit are shown below. The Standards state that failure to achieve any of the Principles would imply that an internal audit activity was not as effective as it could be in achieving internal audit’s mission

- Demonstrates integrity
- Demonstrates competence and due professional care
- Is objective and free from undue influence (independent)
- Aligns with the strategies, objectives and the risks of the organisation
- Is appropriately positioned and adequately resourced

- Demonstrates quality and continuous improvement
- Communicates effectively
- Provides risk-based assurance
- Is insightful, proactive and future-focused
- Promotes organisational improvement

2.5 The PSIAS also includes a Code of Ethics which all internal audit staff are required to comply with. The principles which underpin the Code of Ethics are integrity, objectivity, competency and confidentiality.

2.6 Internal auditors are also expected to adhere to the requirements of any professional body that they are members of as well as the Council's Officers' Code of Conduct.

2.7 A number of generic terms are used throughout the PSIAS which must be defined in the Internal Audit Charter. The terms and how they are interpreted in Swansea are shown in the following table

PSIAS	City & County Swansea
Chief Audit Executive	Chief Auditor
Senior Management	Corporate Management Team
Board	Audit Committee

3. Role and Function of Internal Audit

3.1 A professional, independent and objective Internal Audit service is one of the key elements of good governance in local government with the foundation of an effective Internal Audit service being compliance with standards and proper practices.

3.2 Internal Audit is an assurance function that primarily provides an independent and objective opinion to the Council on the control environment comprising risk management, internal control and governance by evaluating its effectiveness in achieving the Council's objectives

3.3 Internal Audit objectively examines, evaluates and reports on the adequacy of the control environment as a contribution to the proper, economic, efficient and effective use of resources.

3.4 It is management's responsibility to establish and maintain a sound control environment including risk management, internal control processes, accounting records and governance arrangements.

3.5 It is Internal Audit's role to review the established systems and advise management that suitable arrangements are in place and are operating properly. It is particularly important that the work of Internal Audit adds value to the services under review.

- 3.6 Internal Audit will work with management to improve the control environment and assist the Council in achieving its objectives.
- 3.7 The role undertaken by Internal Audit and the annual opinion on the control environment provided by the Chief Auditor which also informs the Council's Annual Governance Statement provides a vital assurance function over the Council's activities.

4. Scope of Internal Audit

- 4.1 The definition of Internal Audit established by the PSIAS covers the control environment of the Council as a whole
- 4.2 This means that the scope of Internal Audit similarly covers the Council's operations as a whole and is not limited to the review of financial systems.
- 4.3 Financial Procedure Rule 12 – Internal Audit states that the Chief Auditor will maintain an adequate and effective Internal Audit service and provides authority to:
- Enter at all reasonable times on any Council premises or land
 - Have access to, and removal if necessary into custody of, all records, documents and correspondence relating to any financial or other transaction of the Council
 - Require and receive such explanations as are necessary concerning any matter under examination
 - Require any employee of the Council to produce on demand cash, stores or any other Council property under his/her control

5 Independence of Internal Audit

- 5.1 It is essential that Internal Audit is independent of the services it reviews and reports upon. Internal Audit must be seen to be independent and all staff must be free of any restrictions which prevent them acting in an independent and objective manner.
- 5.2 The Internal Audit Section is part of the Corporate Services Directorate reporting to the the Chief Finance and Deputy Section 151 Officer.
- 5.3 The Chief Auditor has no other management responsibilities which restrict the independence of Internal Audit
- 5.4 The Chief Auditor also has unrestricted access to the Chief Executive, Directors, Chief Officers and Heads of Service and may report to any level of management if this is considered necessary. Regular meetings are also held with the Council's external auditor.

- 5.5 The Chief Auditor reports functionally to the Audit Committee in his own name and has unrestricted access to the Chair of the Audit Committee and elected members. The Chief Auditor attends all Audit Committee meetings and contributes to the agenda.
- 5.6 All Internal Audit staff are required to declare any conflicts of interest, of whatever kind, which may impair their ability to demonstrate an impartial, unbiased and objective approach to their work.

6 Consultancy Role of Internal Audit

- 6.1 In addition to the assurance function provided by Internal Audit, there are also occasions where it may also provide a consultancy or advisory role e.g. providing training or advice on controls for systems under development.
- 6.2 On such occasions, Internal Audit is providing advice and guidance and is not giving assurance. Where this occurs, Internal Audit always retains the right to review the service at a later date and make further recommendations.
- 6.3 Should a request be received for consultancy work of a significant nature which is not included in the annual plan, the work will not be accepted if it will restrict the ability to complete the required assurance work and deliver the annual internal audit opinion.

7 Fraud, Bribery and Corruption Role of Internal Audit

- 7.1 The establishment of systems and controls to prevent fraud, bribery and corruption is the responsibility of management.
- 7.2 Internal Audit will be aware of the risk of loss by fraud, bribery or corruption in all audit reviews undertaken and will report any exposure to the risk of loss.
- 7.3 Financial Procedure Rule 12 – Internal Audit requires any responsible officer who suspects financial irregularity to inform the Head of Finance and Delivery immediately and to provide facilities for investigation in accordance with the Council's Anti-Fraud and Corruption Policy.
- 7.4 The details of any suspected or detected frauds will be considered when preparing the risk based Internal Audit Plan and will also inform the Chief Auditor's annual internal audit opinion.
- 7.5 The Council established a Corporate Fraud Team with effect from 1st June 2015.
- 7.6 The Team will be responsible for raising the profile of fraud awareness and promoting an anti-fraud and corruption culture across the Council. Where appropriate the Corporate Fraud Team will undertake or assist

management in the investigation of suspected cases of fraud, corruption or bribery.

8 Internal Audit Resources

- 8.1 Internal Audit should be appropriately resourced to meet its objectives in terms of the number of staff, grades, qualifications, personal attributes and experience.
- 8.2 The PSIAS require the Chief Auditor to be professionally qualified and suitably experienced.
- 8.3 Risk assessment methodology is used to identify the level of audit coverage required to provide the annual internal audit opinion on the control environment.
- 8.4 A risk based annual Internal Audit plan is produced which matches the required audit coverage to the available resources. The plan is approved by the Audit Committee and the Chief Auditor is required to bring to the attention of the Committee the potential consequences of any shortfall in resources which may impact on the provision of the annual opinion.
- 8.5 The annual plan will be constantly reviewed during the year in response to any changes e.g. vacancies, new risks, frauds and special investigations.
- 8.6 Quarterly reports showing progress made against the annual plan and identifying any required changes to the plan will be presented to the Audit Committee.

9 Quality Assurance and Improvement Programme

- 9.1 To ensure compliance with the PSIAS, the Chief Auditor must put in place a Quality Assurance and Improvement Programme (QAIP).
- 9.2 The QAIP must include both internal and external assessments of Internal Audit.
- 9.3 The internal assessment includes the ongoing supervision and review of work produced by Internal Audit staff as well as performance against targets and client feedback for each audit completed.
- 9.4 A periodic, internal self-assessment must also be undertaken to confirm compliance with the PSIAS.
- 9.5 The PSIAS also require an external assessment at least once every 5 years. The external assessment may either be a full assessment by a suitably qualified external assessor or a self-assessment with independent external validation.

- 9.6 The results of the QAIP must be included in the Chief Auditor's annual report to the Audit Committee. The report must highlight any areas of non-conformance with any significant areas of non-conformance being included in the Annual Governance Statement.

Report of the Chief Auditor

Audit Committee – 14 March 2017

PUBLIC SECTOR INTERNAL AUDIT STANDARDS EXTERNAL ASSESSMENT

Purpose:	This report provides background to the required external assessment of compliance with the Public Sector Internal Audit Standards and the proposed method of securing the external assessment.
Policy Framework:	None
Reason for Decision:	To allow arrangements to be put in place for the external assessment prior to 31 March 2018
Consultation:	Legal, Finance, Access to Services.
Recommendation(s):	It is recommended that 1) Committee agree that the external assessment should be by way of a self-assessment with an independent external validation provided through the Welsh Chief Auditor's Peer Group 2) The Chair is nominated as the 'appropriate sponsor' who must agree the scope of the external assessment

1. Introduction

- 1.1 The Public Sector Internal Audit Standards (PSIAS) were introduced in the United Kingdom on 1 April 2013 and compliance with the Standards is mandatory for all providers of internal audit services in the public sector.

- 1.2 One of the requirements of the Standards is that an external assessment of each internal audit provider must be conducted at least once every 5 years.
- 1.3 The Standards also require that the form of the external assessment and the qualifications and independence of the external assessor is discussed with the Audit Committee
- 1.4 This report satisfies the requirements of the Standards in terms of the external assessment and recommends the way forward for securing the external assessment of the City and County of Swansea's Internal Audit Section.

2 External Assessment – Requirements

- 2.1 The PSIAS require an external assessment at least once every 5 years by a qualified, independent assessor or assessment team from outside the organisation.
- 2.2 The external assessment can be either a full external assessment or a self-assessment with an independent external validation. Where a self-assessment is adopted, it is recommended that the checklist published by CIPFA in its Local Government Application Note for the PSIAS is used.
- 2.3 An external assessor must demonstrate competence in the professional practice of internal auditing and the external assessment process. The external assessor must be appropriately qualified and have sufficient knowledge of the PSIAS.
- 2.4 The external assessor must have no real or apparent conflict of interest and not be part of or under the control of the organisation to which the internal audit activity belongs.
- 2.5 The PSIAS also state that the scope of the external assessment must be agreed with an 'appropriate sponsor' e.g. the Accounting / Accountable Officer or the Chair of the Audit Committee.
- 2.6 It is also a requirement that the format of the external assessment is discussed with the Audit Committee.

3. Proposed External Assessment

- 3.1 In recent years, the requirement for an external assessment of compliance with the PSIAS has been discussed at a number of Welsh Chief Auditors Group meetings.
- 3.2 As a result of the discussions, it was agreed that the Welsh Chief Auditors would establish a peer group to provide an external

assessment via a robust external validation of the self-assessment checklist provided by CIPFA.

- 3.3 Terms of reference for the peer group have been established by the Welsh Chief Auditors Group to fully meet the requirements of the PSIAS.
- 3.4 The peer review will be undertaken by the Chief Auditor of another Welsh authority and to ensure independence and objectivity, 2 authorities will not be allowed to undertake each other's external assessment.
- 3.5 The main advantage of the proposed approach is that it fully complies with the requirements of the PSIAS in terms of the assessor's qualifications, independence, objectivity and knowledge of the Standards and the external assessment process.
- 3.6 The peer review approach will also be delivered without the cost of employing an external assessor. Evidence has been gathered showing that a full external assessment is likely to cost around £15k while an external validation costs round £11k.
- 3.7 There will be no costs involved in the peer review approach apart from the Chief Auditor's time in completing an external validation of another authority. The peer review approach is also in keeping with the collaborative working agenda being promoted by the Welsh Government.
- 3.8 A proposed list of external reviews has been drawn up and it is proposed that the external validation of Swansea will be undertaken by the Chief Auditor of the City and County of Cardiff while the Chief Auditor of Swansea will undertake the external validation of Blaenau Gwent County Borough Council.
- 3.9 The Section 151 Officer supports the provision of the external assessment by self-assessment with an external validation by the peer group established by the Welsh Chief Auditors.
- 3.10 The intention of identifying an appropriate sponsor for the external review is to further safeguard the independence of the external assessment process. It is proposed that the Chair of the Audit Committee is appointed as the appropriate sponsor and is responsible for agreeing the scope of the external review with the Chief Auditor.
- 3.11 Following the external review a draft report will be produced which will be sent to the Chief Auditor and Sponsor to confirm factual accuracy. A final report will then be issued to the Chief Auditor and Sponsor including an action plan to address any issues identified during the assessment. The final report and action plan will also be presented to the Audit Committee.

4 Equality and Engagement Implications

4.1 There are no equality and engagement implications associated with this report

5. Financial Implications

5.1 There are no financial implications associated with this report.

6. Legal Implications

6.1 Provision of an adequate and effective internal audit function is a legal requirement under the Accounts and Audit (Wales) Regulations 2005 as amended. For local government in Wales, the PSIAS is mandatory for all principal local authorities. An effective internal audit service also ensures that the Well-being goals within the Well-being of Future Generations Act Wales (2015) are being met.
