- Mae larymau cymunedol yn gost niwtral. Bydd gwerthuso opsiynau'n nodi sut gellir ariannu technoleg gynorthwyol yn y dyfodol.
- Gall unrhyw un gael larwm cymunedol gan mai'r unigolyn sy'n talu amdano. Fodd bynnag, mae'r angen am dechnoleg gynorthwyol, a ddarperir gan yr awdurdod, yn cael ei asesu.
- Bydd gwerthuso opsiynau'n ystyried opsiynau o ran angen ac opsiynau ar gyfer ei ddarparu.
- Mae'r cytundeb cyfredol ar gyfer larymau cymunedol gyda Chaerfyrddin yn dod i ben ar ddiwedd 2020. Mae posibilrwydd y caiff gwasanaeth rhanbarthol ei sefydlu gyda Chastell-nedd Port Talbot yn y dyfodol.
- Mae angen i'r Gwasanaethau Cymdeithasol a Thai feddwl cydlynol am y ffordd ymlaen.
- Bydd llythyr y Cynullydd yn gofyn i'r Pennaeth Tai ymgysylltu â'r Gwasanaethau Cymdeithasol gan fod dau adolygiad comisiynu yn cael eu cynnal, sy'n effeithio ar y ddwy ardal.
- Mae angen i'r awdurdod ystyried sut y telir am dechnoleg gynorthwyol a larymau cymunedol.
- Teimla'r Panel y byddai technoleg gynorthwyol yn destun da ar gyfer y gronfa gofal integredig.

- Ychwanegir y canlynol at raglen waith Awst 2020 - 'Gwerthuso Opsiynau ar gyfer Technoleg Gynorthwyol a Larymau Cymunedol'.

- Deëllir efallai bydd Llywodraeth Cymru'n fodlon gwneud y gwaith gyda rhai awdurdodau i gael yr wybodaeth hon.

- Cadarnhaodd Aelod y Cabinet nad oed ganddo broblem gyda'r egwyddor, ond y byddai'n rhaid i'r ymchwil gael ei hariannu'n llawn, am ei fod yn ddarn mawr o waith.

- Cyfeiriodd y Panel hwn yn ffurfiol i Aelod y Cabinet, er mwyn iddo gael trafodaethau pellach â Chyfarwyddwr y Gwasanaethau Cymdeithasol a phenderfynu a ddylid gwneud cais am gyllid gan Lywodraeth Cymru ai peidio.

Summary: This is a letter from the Adult Services Scrutiny Performance Panel to the Cabinet Member for Care, Health and Ageing Well following the meeting of the Panel on 19 November 2019. It covers Assistive Technology, Workforce Development Plan and Improving Performance Data.

Dear Cllr Child

The Panel met on 19 November to discuss the Assistive Technology and Community Alarms mini commissioning review and the Workforce Development Plan and to discuss a paper on Improving Performance Data. We would like to thank you and Deborah Reed for attending to present the items and answer the Panel's questions. We appreciate your engagement and input.

We are writing to you to reflect on what we learnt from the discussion, share the views of the Panel, and, where necessary, raise any issues or recommendations for your consideration and response. The main issues discussed are summarised below:

Telecare and Community Alarms Mini Commissioning Review

Deborah Reed briefed the Panel on this project and the revised timescale and scope.

We were informed that Community alarms are cost neutral and that the options appraisal will identify how assistive technology will be funded in the future. We were pleased to hear that the options appraisal will look at options for need and well as the options for providing it.

We heard that anyone can have a community alarm as it is paid for by the individual. However need is assessed to have assistive technology provided by the Authority.

We were informed that the current contract with Carmarthen for community alarms finishes at the end of 2020 and that there is a possibility of a regional service with Neath Port Talbot in the future.

We heard that Housing and Social Services are both undertaking commissioning reviews which affect each area. We stated that there needs to be some joined up thinking between Social Services and Housing on the way forward. We will copying the Head of Housing into this letter so that he is aware of our request for him to engage with Social Services on this.

We expressed our view that the Authority needs to look at how assistive technology and community alarms are paid for. The Panel feels assistive technology would be a good subject for the integrated care fund and you confirmed that there is an increasing desire to work more closely with the Health Board and Neath Port Talbot on this.

We were informed that the options appraisal should be completed by the end of this financial year and will be brought to the Panel in the summer 2020.

Workforce Development Plan

The Panel was briefed on this issue including the structure of the Social Services Development and Training Unit, the purpose and function of the project group and a briefing on the plan. We asked a number of questions on this and were satisfied with the response.

Discussion paper on Improving Performance Data

Tony Beddow briefed you and Panel Members on this proposal for improving our understanding of the agreed range of adult care services and of the performance and budgeting data.

We told you that it is understood that Welsh Government may be willing to undertake work with some authorities to obtain this information.

You confirmed that you have no problem with the principle of it but the research would have to be fully funded, as it is a very large piece of work.

We referred this formally to you for you to have further discussions with the Director of Social Services and to decide whether to take this forward and apply for funding from Welsh Government.

Your Response

We hope you find this letter useful and informative. We would welcome your comments on any of the issues raised but please note that in this instance a formal response is not required.

Yours sincerely
