- 1.2 The average interest rate on outstanding Council borrowing was 4.11% in 2019/20 down from 4.22% 2018/19.

- 1.4 The Council has operated within all of the determined treasury and prudential limits outlined in Appendix 1.

2. Introduction and Background

- 2.1 Treasury Management in local government is regulated by the CIPFA Code of Practice on Treasury Management in Public Services (the Code). The City and County of Swansea has adopted the Code and complies with its requirements. A glossary of terms used throughout this report is included at Appendix 2.
- 2.2 The primary requirements of the Code are the:
 - Creation and maintenance of a Treasury Management Policy Statement which sets out the policies and objectives of the Council's Treasury Management activities
 - Creation and maintenance of Treasury Management Practices which set out the manner in which the Council will seek to achieve those policies and objectives
 - Receipt by the Council of an annual Treasury Management strategy report for the year ahead , a mid term update report and an annual review report of the previous year
 - Delegation by the Council of responsibilities for implementing and monitoring Treasury Management policies and practices and for the execution and administration of Treasury Management decisions
 - Treasury Management, in this context, is defined as:

“The management of the local authority’s cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of the optimum performance or return consistent with those risks.”
- 2.3 The Council has previously received in February 2019 and updated in February 2020 the Treasury Strategy Statement and Investment Strategy and MRP Strategy for 2019/20 and The Revised MRP Policy approved by Council in Dec 2018.
- 2.4 The Prudential Code for Capital Finance in Local Authorities has been developed as a professional code of practice to support local authorities in determining their programmes for capital investment. The Code was

updated in 2017. Local authorities are required by Regulation under Part 1 of the Local Government Act 2003 to comply with the Prudential Code.

2.5 The objective of the Code is to provide a framework for local authority capital finance that will ensure for individual local authorities that:

- Capital expenditure plans are affordable
- All borrowing and long term liabilities are within prudent and sustainable levels
- Treasury Management decisions are taken in accordance with professional good practice

2.6 The Code includes a set of Prudential Indicators, which are designed to support and inform local decision-making. The 2019/20 Prudential & Treasury Management Indicators are detailed in Appendix 1.

3. Debt Portfolio

3.1 The Council's external borrowing position at the beginning and end of the year was as follows:

	1 April 2019		31 March 2020	
	Principal £'000	Interest Rate %	Principal £'000	Interest Rate %
Long Term Debt				
PWLB - fixed rate	444,084	4.42	444,082	4.22
Money Market (LOBO)	98,000	4.10	98,000	4.10
Welsh Gov	10,970	-	10,970	-
Short Term Debt				
Market	-	-	40	0.77
External Bodies	969	0.56	2,475	0.9
Total Debt	554,023	4.22	555,567	4.11

3.2 The average external debt portfolio interest rate was 4.11%. (2018/19 4.22%)

4. Treasury Strategy & Economic Background 2019/20

- 4.1 PWLB rates are based on, and are determined by, gilt (UK Government bonds) yields through H.M.Treasury determining a specified margin to add to gilt yields. There was much speculation during the second half of 2019 that bond markets were in a bubble which was driving bond prices up and yields down to historically very low levels. The context for that was heightened expectations that the US could have been heading for a recession in 2020, and a general background of a downturn in world economic growth, especially due to fears around the impact of the trade war between the US and China, together with inflation generally at low levels in most countries and expected to remain subdued; these conditions were conducive to very low bond yields. While inflation targeting by the major central banks has been successful over the last 30 years in lowering inflation expectations, the real equilibrium rate for central rates has fallen considerably due to the high level of borrowing by consumers: this means that central banks do not need to raise rates as much now to have a major impact on consumer spending, inflation, etc. This has pulled down the overall level of interest rates and bond yields in financial markets over the last 30 years. We have therefore seen, over the last year, many bond yields up to 10 years in the Eurozone turn negative. In addition, there has, at times, been an inversion of bond yields in the US whereby 10 year yields have fallen below shorter term yields. In the past, this has been a precursor of a recession. The other side of this coin is that bond prices are elevated as investors would be expected to be moving out of riskier assets i.e. shares, in anticipation of a downturn in corporate earnings and so selling out of equities.
- 4.2 Gilt yields were on a generally falling trend during the last year up until the coronavirus crisis hit western economies. Since then, gilt yields have fallen sharply to unprecedented lows as investors have panicked in selling shares in anticipation of impending recessions in western economies, and moved cash into safe haven assets i.e. government bonds. However, major western central banks also started quantitative easing purchases of government bonds which will act to maintain downward pressure on government bond yields at a time when there is going to be a huge and quick expansion of government expenditure financed by issuing government bonds; (this would normally cause bond yields to rise). At the close of the day on 31 March, all gilt yields from 1 to 5 years were between 0.12 – 0.20% while even 25-year yields were at only 0.83%.
- 4.3 However, HM Treasury has imposed **two changes in the margins over gilt yields for PWLB rates** in 2019-20 without any prior warning; the first on 9 October 2019, added an additional 1% margin over gilts to all PWLB rates. That increase was then partially reversed for some forms of borrowing on 11 March 2020, at the same time as the Government announced in the Budget a programme of increased spending on infrastructure expenditure. It also announced that there would be a consultation with local authorities on possibly further amending these margins; this ended on 4 June. It is clear that the Treasury intends to put a stop to local authorities borrowing money from the PWLB to purchase commercial property if the aim is solely to generate an income stream.
- 4.4 There is likely to be little upward movement in PWLB rates over the next two years as it will take national economies a prolonged period to recover all the momentum they will lose in the sharp recession that will be caused during the coronavirus shut down period. Inflation is also likely to be very low during this period and could even turn negative in some major western economies during 2020-21.

- 4.5 The policy of avoiding new borrowing by running down spare cash balances has served the Council well over the last few years (eliminating the ‘cost of carry’ where the interest rates of borrowing are greater than available investment rates). During 2018-19, in light of the planned capital spend in subsequent years, it was determined prudent to materially fund its outstanding capital financing requirement during the year, fixing in some historically low interest PWLB financing for the portfolio during the course of 2018/19, therefore having substantially fulfilled the CFR, no new borrowing was undertaken in 2019/20.
- 4.6 Against this background and the risks within the economic forecast, caution was adopted with the treasury operations. The Section 151 Officer therefore monitored interest rates in financial markets and adopted a pragmatic strategy to manage interest rate risks, evaluating opportunities to average in the capital financing requirement as opportunities arose during the year during periods of market volatility/ market sentiment caused by Brexit uncertainty and US Trade war rhetoric, however no action was taken to take any new borrowing, noting the material funding undertaken in 2018/19.
- 4.7 As depicted in the graph below, PWLB 5,10, 25 and 50 year rates have been volatile during the year with little consistent trend. The graphs and tables for PWLB rates show, for a selection of maturity periods, the average borrowing rates, the high and low points in rates, spreads and individual rates at the start and the end of the financial year

5. Actual Borrowing 2019/20

- 5.1 The Treasury Management strategy 2019/20 agreed by the Council in February 2019 projected an unfunded capital financing requirement of £127m as at end of 2019/20. Page 13

- 5.2 As identified in 4.5 above, the general overall strategy is to mitigate the ‘cost of carry’ in the current economic environment, however during 2018/19 it was determined prudent to fully fund the capital financing requirement ahead of planned capital spend in subsequent years, locking in some historically low PWLB long term interest rates which offered long term value. As such, having largely fulfilled its CFR requirement in 2018/19, no new borrowing was undertaken in 2019/20.

6. Compliance with Treasury Limits

- 6.1 During the year, the Council operated within the limits set out in the Council’s Treasury Management Strategy 2019/20 under the Prudential Code. The outturn for the prudential indicators are shown in Appendix 1.

7. Capital Financing Charges 2019/20

- 7.1 The capital financing charges made to the Council’s accounts for 2019/20 including capital repayments net of discounts/premiums and interest receivable are detailed below.

	Actual 2018/19	Actual 2019/20
	£’000	£’000
Housing Revenue A/c	9,689	9,930
General Fund	24,756	24,933

- 7.2 The net capital financing interest rates charged differ from the average rate of interest for external debt due to the fact that part of the Council’s borrowing for capital purposes is funded by the investment of internal reserves and the use of internal balances and the amortisation of historical discounts/premia applied. The General Fund capital financing charges 2019/20 take into account implementation of the revised Minimum Revenue Provision (MRP) Policy adopted by Council in Dec 2018.

8. Investment Strategy for 2019/20

- 8.1 Investment returns remained low during 2019/20. The expectation for interest rates within the treasury management strategy for 2019/20 was that Bank Rate would stay at 0.75% during 2019/20 as it was not expected that the MPC would be able to deliver on an increase in Bank Rate until the Brexit issue was finally settled. However, there was an expectation that Bank Rate would rise after that issue was settled, but would only rise to 1.0% during 2020.
- 8.2 Rising concerns over the possibility that the UK could leave the EU at the end of October 2019 caused longer term investment rates to be on a falling trend for most of April to September. They then rose after the end of October deadline was rejected by the Commons but fell back again in January before recovering again after the 31 January departure of the UK from the EU. When the coronavirus outbreak hit the UK in February/March, rates initially plunged but then rose sharply back up again due to a shortage of liquidity in financial markets. As longer term rates were significantly higher than shorter term rates during the year,

value was therefore sought by placing longer term investments where cash balances were sufficient to allow this.

- 8.3 While the Council has taken a cautious approach to investing, it is also fully appreciative of changes to regulatory requirements for financial institutions in terms of additional capital and liquidity that came about in the aftermath of the financial crisis. These requirements have provided a far stronger basis for financial institutions, with annual stress tests by regulators evidencing how institutions are now far more able to cope with extreme stressed market and economic conditions. Investment balances have been kept to a minimum through the agreed strategy of using reserves and balances to support internal borrowing, rather than borrowing externally from the financial markets. External borrowing would have incurred an additional cost, due to the differential between borrowing and investment rates as illustrated in the charts shown above and below. Such an approach has also provided benefits in terms of reducing the counterparty risk exposure, by having fewer investments placed in the financial markets.
- 8.4 The Council's investment policy is also governed by WAG guidance, which was implemented in the annual investment strategy 2019/20 approved by the Council on February 2019. This policy sets out the approach for choosing investment counterparties, and is based on our Treasury Advisors' investment colour matrix based on credit ratings provided by the three main credit rating agencies supplemented by additional market data such as rating outlooks, credit default swaps information, bank share prices etc. New investments were restricted to UK based institutions only, which satisfied these criteria.

9. Actual Investments 2019/20

- 9.1 The Council manages its cashflow and core balance investments internally, having realised its cash balances held with its external cash fund managers previously. These balances were invested on the Money Market via brokers or directly with banks and building societies, other local authorities and the Debt Management Office (DMO) within the criteria set out in 8.4 above. The balances held during the year were as follows:

Balance 1 April 2019	Balance 31 March 2020	Average Value 2019/20	Interest	Rate of Return	Benchmark 7 day LIBID
£'000	£'000	£'000	£'000	%	%
147,288	93,529	151,430	1,151	0.76	0.32

- 9.2 The interest achieved on internally managed investments was £1.151m or 0.76%. This return outperformed the benchmark seven-day rate of 0.32% by +0.44%.
- 9.3 As a further measure to mitigate and control risk following the financial crisis, the Authority determined to restrict investments to UK domiciled only banks and financial institutions in October 2008 resulting in an even smaller number of available counterparties to invest with. This policy was maintained in light

of continued sovereign debt crises throughout Europe. The list of investments as at 31st March 2020 is attached at Appendix 3.

10. Debt Repayment/Rescheduling

- 10.1 Market conditions are constantly monitored for opportunities to repay or reschedule debt in line with good Treasury Management practice. Appraising the current portfolio, no such opportunities arose in 2019/20 which would be economically beneficial to the Authority.

- Upper limit for variable interest rate exposure
- Upper limit for total principal sums invested for over 364 days

Treasury Management – Glossary of Terms

Annualised Rate of Return	Represents the average return which would have been achieved each year.
Authorised Limit <i>(can also be considered as the affordable borrowing limit)</i>	The authorised limit must be set to establish the outer boundary of the local authority's borrowing based on a realistic assessment of the risks. The authorised limit is certainly not a limit that an authority will expect to borrow up to on a regular basis. It is crucial that it is not treated as an upper limit for borrowing for capital expenditure alone since it must also encompass borrowing for temporary purposes. It is the expected maximum borrowing need, with some headroom for unexpected movement.
Bank Rate	The Official Bank rate paid on commercial bank reserves i.e. reserves placed by commercial banks with the Bank of England as part of the Bank's operations to reduce volatility in short term interest rates in the money markets.
Base Rate	Minimum lending rate of a bank or financial institution in the UK.
Basis Points (bp)	A basis point is 0.01 of 1% (100 bp = 1%)
Borrowing	In the Code, borrowing refers to external borrowing. Borrowing is defined as both:- <ul style="list-style-type: none"> • Borrowing repayable with a period in excess of 12months • Borrowing repayable on demand or within 12months
Capital Expenditure	The definition of capital expenditure starts with all those items which can be capitalised in accordance with the Statement of Recommended Practice (SORP). To this must be added any items that have/will be capitalised in accordance with legislation that otherwise would not be capitalised. Prudential indicators for current and future years are calculated in a manner consistent with this definition.

Capital Financing Charges (see financing costs also)	These are the net costs of financing capital i.e. interest and principal, premium less interest received and discounts received.
Capital Financing Requirement	The Capital Financing Requirement is simply the total outstanding capital expenditure, which has not yet been paid for from either revenue or capital resources. It is essentially a measure of the Council's underlying borrowing need.
CIPFA	The Chartered Institute of Public Finance and Accountancy. One of the leading professional accountancy bodies in the UK and the only one which specialises in the public services.
Counterparty	The organisations responsible for repaying the Council's investment upon maturity and for making interest payments.
Credit Rating	<p>This is a scoring system that lenders issue people with to determine how credit worthy they are.</p> <p>The Credit Rating components are as follows:</p> <ol style="list-style-type: none"> 1. The AAA ratings through to C/D are long-term rating definitions and generally cover maturities of up to five years, with the emphasis on the ongoing stability of the institution's prospective financial condition. AAA are the most highly rated, C/D are the lowest. This Council does not invest with institutions lower than AA- for investments over 364 days 2. F1/A1/P1 are short-term rating definitions used by Moody's, S&P and Fitch Ratings for banks and building societies based on their individual opinion on an institution's capacity to repay punctually its short-term debt obligations (which do not exceed one year). This Council does not invest with institutions lower than F1/A1/P1 for investments under 364 days.

Debt	For the purposes of the Code, debt refers to the sum of borrowing (see above) and other long-term liabilities (see below). It should be noted that the term borrowing used with the Act includes both borrowing as defined for the balance sheet and other long terms liabilities defined as credit arrangements through legislation.
Discounts	Where the prevailing interest rate is higher than the fixed rate of a long-term loan, which is being repaid early, the lender can refund the borrower a discount. This is calculated on the difference between the two interest rates over the remaining years of the loan, discounted back to present value. The lender is able to offer the discount, as their investment will now earn more than when the original loan was taken out.
Financing Costs	<p>The financing costs are an estimate of the aggregate of the following:-</p> <ul style="list-style-type: none"> • Interest payable with respect to borrowing • Interest payable under other long-term liabilities • Gains and losses on the repurchase or early settlement of borrowing credited or charged to the amount to be met from government grants and local taxpayers (premiums and discounts) • Interest earned and investment income • Amounts required in respect of the minimum revenue provision plus any additional voluntary contributions plus any other amounts for depreciation/impairment that are charged to the amount to be met from government grants and local taxpayers
Financial Reporting Standards (FRSs)	These are standards set by governing bodies on how the financial statements should look and be presented.
Investments	<p>Investments are the aggregate of:-</p> <ul style="list-style-type: none"> • Long term investments • Short term investments (within current assets)

	<ul style="list-style-type: none"> • Cash and bank balances including overdrawn balances <p>From this should be subtracted any investments that are held clearly and explicitly in the course of the provision of, and for the purposes of, operational services.</p>
IMF	International Monetary Fund
LOBO (Lender's Option/ Borrower's Option)	Money Market instruments that have a fixed initial term (typically one to ten year) and then move to an arrangement whereby the lender can decide at pre-determined intervals to adjust the rate on the loan. At this stage the borrower has the option to repay the loan.
London Inter-Bank Bid Rate (LIBID)	The interest rate at which major banks in London are willing to borrow (bid for) funds from each other.
Managed Funds	<p><u>In-House Fund Management</u> Surplus cash arising from unused capital receipts can be managed either by external fund managers or by the Council's staff in-house. The in-house funds are invested in fixed deposits through the money markets for periods up to one year.</p> <p><u>Externally Management Funds</u> Fund managers appointed by the Council invest surplus cash arising from unused capital receipts in liquid instruments such as bank certificates of deposit and government stocks. The fund managers' specialist knowledge should ensure a higher rate of earnings on the managed funds than would be otherwise obtained.</p>
Maturity	The date when an investment is repaid or the period covered by a fixed term investment.
Minimum Revenue Provision (MRP)	The amount required by statute to be principal repayment each year.
Monetary Policy Committee (MPC)	This is a body set up by the Government in 1997 to set the repo rate (commonly referred to as being base rate). Their primary target (as set by the Government) is to keep

	inflation within plus or minus 1% of a central target of 2% in two year time from the date of the monthly meeting of the Committee. Their secondary target is to support the Government in maintaining high and stable levels of growth and employment.
Money Market	<p>Consists of financial institutions and deals in money and credit.</p> <p>The term applied to the institutions willing to trade in financial instruments. It is not a physical creation, but an electronic/telephone one.</p>
Net Borrowing	For the purposes of the Code, net borrowing refers to borrowing (see above) net of investments (see above).
Net Revenue Stream	Estimates for net revenue stream for current and future years are the local authority's estimates of the amounts to be met from government grants and local taxpayers.
Operational Boundary	This is based on expectations of the maximum external debt of the authority according to probable not simply possible – events and being consistent with the maximum level of external debt projected by the estimates. It is not a limit and actual borrowing could vary around this boundary for short periods.
Other Long Term Liabilities	The definition of other long term liabilities is the sum of the amounts in the Council's accounts that are classified as liabilities that are for periods in excess of 12months, other than borrowing (see definition above).
Premature Repayment of Loans (debt restructuring/rescheduling)	A facility for loans where the Council can repay loans prior to the original maturity date. If the loan repaid has a lower interest rate than the current rate for a loan of the same maturity period the Council can secure a cash discount on the repayment of the original loan. If the loan replaced has a higher rate of interest than the current rate for

	a loan of the same maturity period, a cash penalty is payable to the lender.
Premia	Where the prevailing current interest rate is lower than the fixed rate of a long term loan, which is being repaid early, the lender can charge the borrower a premium. This is calculated on the difference between the two interest rates over the remaining years of the loan, discounted back to present value. The lender may charge the premium, as their investment will now earn less than when the original loan was taken out.
Prudential Code	The Prudential Code is the largely self regulatory framework outlined by CIPFA for managing/monitoring capital investment in local government.
Public Works Loan Board (PWLB)	A Government agency which provides loans to local authorities. Each year, it issues a circular setting out the basis on which loans will be made available. Loans can be either at a fixed rate or on a variable rate basis. They can be repaid on either an annuity, equal instalment of principal or maturity basis. The interest rate charged is linked to the cost at which the Government itself borrows.
Range Trade Accrual	A Callable Range Accrual is so called because it is callable or cancellable by the bank after the initial period, as above. However, where it differs, is that interest accrues only as long as Libor (London Interbank Offer Rate, or another independently derived and published benchmark rate) stays within a pre-agreed range. The lender can choose the range, the non-call period, the Libor they wish to use, the call periods and the potential return they wish to receive.. The bank has the right to cancel this trade after the first 3 months, and every 3 months thereafter. With a range trade, the lender is backing his judgement on interest rate movements and in exchange for that can achieve a significantly enhanced return. This is done as part of portfolio management. The risk of rates going above Libor on a small part of the portfolio (and therefore none, or little payment on a

	<p>range accrual) will be offset by the fact that the rest of the portfolio will be returning more than expected. The key risk to a callable range accrual is obviously that the contractual Libor rate goes outside the specified range. It is possible to mitigate this risk by analysing the historical behaviour of any specified Libor relative to base rate. By taking a view on expected base rate (which is done on all deposits), a lender can minimise exposure, and choose a range to match his risk appetite.</p>
Risk	<p><u>Counterparty Credit Risk</u> The risk that a counterparty defaults on its obligations.</p> <p><u>Inflation Risk</u> The risk that growth in the Authority's investment income does not keep pace with the effects of inflation on its expenditure.</p> <p><u>Interest Rate Risk</u> The risk that changes in rates of interest creates an unexpected or unbudgeted burden on the Council's finances.</p> <p><u>Liquidity Risk</u> The risk that cash will not be available when it is needed.</p> <p><u>Operational Risk</u> The risk of loss through fraud, error, corruption, system failure or other eventualities in Treasury Management dealings, and failure to maintain effective contingency management arrangements.</p> <p><u>Refinancing Risk</u> The risk that the Authority is unable to replace its maturing funding arrangements on appropriate terms.</p>
Set Aside Capital Receipts	<p>A proportion of money received by the Council for the sale of fixed assets must be set aside to repay debt.</p>
SORP	<p>Statement of Recommended Practice, published by CIPFA (Local Authority</p>

	Accounting Body). This sets out guidelines regarding the Council's financial matters.
Specified/Non Specified investments	Specified investments are sterling denominated investments for less than 364 days in line with statutory investment regulations. Non- specified investments are all other investments identified in line with statutory investment regulations.
Supranational Bonds	These are bonds issued by institutions such as the European Investment Bank and World Bank. As with Government bonds (Gilts) they are regarded as the safest bond investments with a high credit rating.
Temporary Borrowing and Investment	Loans which are capable of being repaid within one year. The term of the loans will be negotiated from overnight to 364 days.
Treasury Management	<p>Treasury Management has the same definition as in CIPFA's code of Practice of Treasury Management in the Public Services.</p> <p>"The management of the organisation's cash flows its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks."</p>
Yield Curve	The line resulting from portraying interest rate graphically for a series of periods, e.g. 7days, 1month, 3, 6, 9, and 12months. When longer-term interest rates are higher than short-term rates the yield curve slopes upwards and is described as positive. When the opposite prevails the yield curve is referred to as inverse.

1. Introduction

The Pay Policy Statement for 2020/21 was approved for publication under delegated powers in March 2020 due to COVID 9. The purpose of this updated statement is to reflect pay awards agreed since March and the current position with regard to Exit Cap and Recovery Provisions (Section 4.10).

- 1.1 Under Section 112 of the Local Government Act 1972 the Council has 'the power to appoint officers on such reasonable terms and conditions as the Authority thinks fit'. This Pay Policy statement sets out the Council's approach to Pay Policy in accordance with the requirements of 38 (1) of the Localism Act 2011 which requires English and Welsh Local Authorities to produce and publish a Pay Policy Statement for each financial year, detailing:
- The Authority's policies towards all aspects and elements of the remuneration of Chief Officers;
 - Their approach to the publication of and access to information relating to all aspects of the remuneration of Chief Officers;

- The Authority's policies towards the remuneration of its lowest paid employees (including the definition adopted and reasons for it);
- The relationship between the remuneration of its Chief Officers and other employees.

1.2 The updated annual Pay Policy is attached at **Appendix A**.

2. Content of the Pay Policy Statement

4. Legal Implications

4.1 Under s 38(1) Localism Act 2011, the Council is required to approve its Pay Policy Statement by 31 March each year. Section 39 provides that an Authority may by resolution amend its pay policy statement and thereafter must publish the Pay Policy Statement.

5. Equality and Engagement Implications

5.1 The Council is subject to the Public Sector Equality Duty (Wales) and must, in the exercise of their functions, have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.

Our Equality Impact Assessment process ensures that we have paid due regard to the above.

- 5.2 The Pay Policy Statement for 2020/21 has taken all necessary steps to assure the Council that we meet the required standard.
- 5.3 An EIA screening has been undertaken and the assessment indicated that there was a low impact on the workforce (**Appendix B**).

1. Policy Statement

- 1.1 Under Section 112 of the Local Government Act 1972 the Council has ‘the power to appoint officers on such reasonable terms and conditions as the Authority thinks fit’. This Pay Policy statement sets out the Council’s approach to Pay Policy in accordance with the requirements of 38 (1) of the Localism Act 2011 which requires English and Welsh Local Authorities to produce and publish a Pay Policy Statement for each financial year, detailing:
- a) The Authority’s Policies towards all aspects and elements of the remuneration of Chief Officers
 - b) Their approach to the publication of and access to information relating to all aspects of the remuneration of Chief Officers
 - c) The Authority’s Policies towards the remuneration of its lowest paid employees (including the definition adopted and reasons for it)
 - d) The relationship between the remuneration of its Chief Officers and other employees.
- 1.2 Local Authorities are large complex organisations with multi-million pound budgets. They have a very wide range of functions and provide and/or commission a wide range of essential services. The general approach to remuneration levels may therefore differ from one group of employees to another to reflect specific circumstances at a local, Welsh or UK national level. It will also need to be flexible when required to address a variety of changing circumstances whether foreseeable or not.
- 1.3 The global economic crisis and the reduction in budgets during the current Comprehensive Spending Review (CSR) period has necessitated councils going through unprecedented and painful cuts in jobs and services in response. This process has avoided some of the potential financial difficulties for councils but has been essentially reactive, and will require ongoing strategic review going forward.
- 1.4 As required by legislation, full Council approved the Pay Policy in 2012 and this policy statement came into immediate effect. The Policy is subject to review on a minimum of an annual basis in accordance with the relevant legislation.

2. Legislative Framework

- 2.1 In determining the pay and remuneration of all of its employees, the Council will comply with all relevant employment legislation. This includes the
- a) Equality Act 2010
 - b) Part Time Employment (Prevention of Less Favourable Treatment) Regulations 2000
 - c) Agency Workers Regulations 2010 and where relevant, the
 - d) Transfer of Undertakings (Protection of Earnings) Regulations

3. Policy Scope

- 3.1 The Localism Act 2011 required Authorities to develop and make public their Pay Policy on all aspects of Chief Officer Remuneration (including on ceasing to hold office), and that pertaining to the 'lowest paid' in the Authority, explaining their Policy on the relationship between remuneration for Chief Officers and other groups. However, in the interests of transparency and accountability the Council has chosen to take a broader approach and produce a Policy covering all employee groups with the exception of School Teachers (as the remuneration for this latter group is set by the Secretary of State and therefore not in Local Authority control).
- 3.2 Nothing within the provisions of the Localism Act 2011 detract from the Council's autonomy in making decisions on pay that are appropriate to local circumstances and which deliver value for money for local tax payers. However, this Policy will be complied with in setting remuneration levels for all groups within its scope.

4. Principles of the Pay Strategy

4.1 Transparency, accountability and value for money

- 4.1.1 The Council is committed to an open and transparent approach to pay policy which will enable the tax payer to access, understand and assess information on remuneration levels across all groups of council employees. To this end the following are provided as Appendices to this policy:-
- i) Swansea Council's Employee Pay Scales, Local Government Services Employees (Annex A)
 - ii) Swansea Council's Chief Officer Pay Scales (Annex B)
 - iii) National Pay Grades - Soulbury (Annex C)
 - iv) JNC Chief Officer Terms and Conditions (available upon request from Human Resources)
 - v) JNC Chief Officer Employment Rules (as per Council Constitution) (<http://democracy.swansea.gov.uk/documents/s31874/CouncilConstitutionNovember2016.pdf>)
 - iii) Policy on Redundancy and Severance Payments (<http://www.swansea.gov.uk/redundancyandredployment>)

4.2 Development of Pay and Reward Strategy

- 4.2.1 The primary aim of a reward strategy is to attract, retain and motivate suitably skilled staff so that the Authority can perform at its best. The biggest challenge for the Council in the current circumstances is to maximise productivity and efficiency within current resources. Pay Policy then is a matter of striking a sometimes difficult balance between setting remuneration levels at appropriate levels to facilitate a sufficient supply of appropriately skilled individuals to fill the Authority's very wide range of posts, and ensuring that the burden on the taxpayer does not become greater than can be fully and objectively justified.

- 4.2.2 In this context it does need to be recognised that at the more senior grades in particular remuneration levels need to enable the attraction of a suitably wide pool of talent (which will ideally include people from the private as well as public sector and from outside as well as within Wales), and the retention of suitably skilled and qualified individuals once in post. It must be recognised that the Council will often be seeking to recruit in competition with other good public and private sector employers.
- 4.2.3 In addition, the Council is the major employer in the area. As such we must have regard to our role in improving the economic well-being of the people of the City & County. The availability of good quality employment on reasonable terms and conditions and fair rates of pay has a beneficial impact on the quality of life in the community as well as on the local economy. The Council also has a role in setting a benchmark example on pay and conditions to other employers in the area for the same reasons.
- 4.2.4 In designing, developing and reviewing its Pay and Reward Strategy, the Council will seek to balance these factors appropriately to maximise outcomes for the organisation and the community it serves, while managing pay costs appropriately and maintaining sufficient flexibility to meet future needs. This Pay Policy will be reviewed on an annual basis in line with our strategy for pay and approved annually by the Full Council.

4.3 NJC Pay Structure

- 4.3.1 The Council uses the nationally negotiated pay spine as the basis for its grading structure. This determines the salaries of the larger majority of the non-teaching workforce, together with the use of other nationally defined rates where relevant.
- 4.3.2 Pay rates for the period 1st April 2020 to March 31st 2021 have been agreed and are available in Annex A.
- 4.3.3 All other pay related allowances are the subject of either nationally or locally negotiated rates, having been determined from time to time in accordance with collective bargaining machinery and/or as determined by Council Policy.
- 4.3.4 New appointments will normally be made at the minimum of the relevant grade, although this can be varied where necessary to secure the best candidate.
- 4.3.5 All future pay nationally negotiated pay increases for NJC staff will follow the same process as for Chief Officers; see Paragraph 5.5.1 below. The Authority will therefore pay future pay rises as and when determined in accordance with contractual requirements.

4.4 National Pay Grades - Soulbury Committee

- 4.4.1 The Soulbury Committee has its own pay scales and includes the following groups of staff:-
- i) Educational Inspectors and Advisers
 - ii) Educational Psychologists
 - iii) Youth and Community Service Officers

4.4.2 In addition to the annual pay increase, the Soulbury Committee determines the national salary framework. On other conditions of service issues, the Soulbury agreement ensures that Soulbury officers have conditions which are not less favourable than other local government staff employed in the authority they work in.

4.4.3 All future pay nationally negotiated pay increases for Soulbury staff will follow the same process as for Chief Officers; see Paragraph 5.5.1 below. The Authority will therefore pay future pay rises as and when determined in accordance with contractual requirements.

4.4.4 The current pay rates for this group of staff are attached at **Annex C**.

4.5 Job Evaluation

4.5.1. Job evaluation is a systematic way of determining the value/worth of a job in relation to other jobs within an organisation. It aims to make a systematic comparison between jobs to assess their relative worth for the purpose of establishing a rational pay structure and pay equity between jobs.

4.5.2. The Council implemented Single Status for all staff in terms of Pay & Grading and Terms & Conditions on 1st April 2014. The concept of equality was central to this work and our Equality Impact Assessment (EIA) process has been utilised throughout. It has already informed the Council's negotiating position in relation to a number of Terms and Conditions. The Council engaged Northgate to assist us to carry out an EIA in respect of our new pay model.

4.6 National Minimum Wage/National Living Wage/Living Wage

4.6.1 As part of the NJC National Pay Negotiations for 2018/2019 and 2019/2020, there was agreement to completely revise the NJC National Pay Spine to take account of the National Living Wage.

4.6.2 The revised Living Wage rates will be included for consideration and implementation in line with the nationally agreed pay award.

4.6.3 The current NJC pay scales and how they are implemented to the current Swansea Council Pay Structure is included in ANNEX A.

4.7 Market Supplements

4.7.1 Job evaluation has enabled the Council to set appropriate remuneration levels based on internal job size relativities within the council. However, from time to time it may be necessary to take account of the external pay market in order to attract and retain employees with particular experience, skills and capacity.

4.7.2 It is the Council's policy that any such additional payments be kept to a minimum and be reviewed on a regular basis so that they can be withdrawn where no longer considered necessary, as set out in the Market Supplement Procedure.

4.7.3 Where there are specialist technical roles required within a service, and the recruitment process has failed to deliver appropriately qualified suitable

candidates for the role on offer, the Head of Service will submit a full business case for the additional market supplement payment, based on current labour market research for these required skills, to Corporate Management Team.

- 4.7.4 2019/20 budget proposals identified savings of 50% of market supplement payments. The review of the Market Supplement Policy deemed that the information was duplicated within the Pay Policy Statement, and therefore was replaced with Procedure and Guidance.

4.8 Honorarium Payments

- 4.8.1 The Council recognises that it may be necessary from time to time to apply an additional payment when an employee is requested to 'act up' into a higher graded post or temporarily undertake additional duties associated with a higher graded post.

- 4.8.2 In these circumstances, honoraria payments may be made and the Honoraria Procedure seeks to ensure that honoraria payments are transparent, properly considered, subject to proper review and implemented on a consistent basis.

- 4.8.3 2019/20 budget proposals identified savings of 50% of honoraria payments and resulted in a review of the policy. The review deemed that the information was duplicated in the Pay Policy Statement, and therefore was replaced with Procedure and Guidance.

4.9 Pay and Performance

- 4.9.1 The Council expects high levels of performance from all employees and has a performance review process in place to monitor, evaluate and manage performance on an ongoing basis.

- 4.9.2 For Chief Officers, the annual increment (if not already at top of scale) is only awarded once the Performance Review has been deemed to be satisfactory.

4.10 Exit Cap and Recovery Provisions

- 4.10.1 In 2017, the UK Government intended to introduce Regulations that will impose a cap of £95,000 on exit payments for public sector workers. It also intends to develop regulations to enable the recovery of exit payments made to employees who leave the public sector and return within 12 months; although the timetable for these regulations is not as clear.

- 4.10.2 Consultations have commenced and are ongoing in relation to these proposals. Council Policies will be updated at the appropriate time to take account of any changes.

- 4.10.3 The Strategic HR&OD Manager will ensure that if there is a decision made regarding this matter, the appropriate actions will be taken to ensure compliance.

5.1 Definitions of Chief Officer & Pay Levels

5.1.1 For the purposes of this statement, 'Chief Officers' are as defined within S43 of the Localism Act. The posts falling within the statutory definition of S43 of the Localism Act are set out below: (details of the salary of each are included at Annex C).

- a) Chief Executive
- b) Deputy Chief Executive/Director of Resources
- c) Corporate Directors
- d) Chief Officers
- e) Heads of Service

5.1.2 No bonus or performance related pay mechanism is applicable to Chief Officers' pay; although the annual increment (if not already at top of scale) is only awarded once the Annual Performance Review has been deemed as satisfactory. The Chief Executive is on a spot salary, with no incremental progression.

5.1.3 In respect of the nationally agreed JNC Pay Award for the Chief Executive's salary, half is afforded automatically with the other half subject to the performance rating at the Annual Performance Review. The current Chief Executive is on a spot salary with no incremental progression.

5.2 Chief Officer Job Evaluation

5.2.1 Director and Head of Service level posts were job evaluated in 2009 using the GLPC Job Evaluation Scheme for Chief Officers in Local Government (1993). The Scheme was revised in 2016 and is the one currently in use.

5.3 Recruitment of Chief Officers

5.3.1 The Council's Policy and Procedures with regard to recruitment of Chief Officers is contained within the Officer Employment Procedure Rules as set out in Part 4 of the Constitution. The determination of the remuneration to be offered to any newly appointed Chief Officer will be in accordance with the pay structure and relevant policies in place at the time of recruitment.

5.3.2 There is a requirement under the Welsh Government Regulations that all vacant posts with a salary of over £100,000 are publicly advertised. The only exception to this new rule is where the appointment is for 12 months or less. It is also possible to divide up the duties from one deleted Chief Officer posts between other existing post holders.

5.3.3 Where the Council remains unable to recruit Chief Officers under a contract of service, or there is a need for interim support to provide cover for a vacant substantive Chief Officer post, the Council will, where necessary, consider and utilise engaging individuals under 'contracts for service'. These will be sourced through a relevant procurement process ensuring the Council is able to demonstrate the maximum value for money benefits from competition in securing the relevant service. The Council does not currently have any Chief

Officers engaged under such arrangements.

5.4 Additions to salary of Chief Officers

- 5.4.1. The Council does not apply any bonuses or performance related pay to its Chief Officers. However, the annual increment (if not already at top of scale) is only awarded once the annual Review has been deemed as satisfactory.
- 5.4.2 The Council does pay all reasonable travel and subsistence expenses on production of receipts and in accordance with JNC conditions and other local conditions.
- 5.4.3. The cost of membership of one half of a professional body is met by the Authority if it is deemed an essential requirement of the post.
- 5.4.4. The Chief Executive's salary and Job Description include his role as Returning Officer for Local Government Elections. All other Elections and referenda are not included and are covered by the JNC Terms and Conditions of Employment.

5.5 Pay Increases - Chief Officers

- 5.5.1 The Council employs Chief Officers under JNC terms and conditions which are incorporated in their contracts. The JNC for Chief Officers negotiates on national (UK) annual cost of living pay increases for this group, and any award of same is determined on this basis. Chief Officers employed under JNC terms and conditions are contractually entitled to any national JNC determined pay rises and this Council will therefore pay these as and when determined in accordance with current contractual requirements.
- 5.5.2 Pay rates for the period 1st April 2020 to March 31st 2021 is attached at **Annex B**.

5.6 Payments on Termination

- 5.6.1 The Council's approach to statutory and discretionary payments on termination of employment of Chief Officers (and all other employees), prior to reaching normal retirement age, is set out within its Early Retirement & Redundancy Policy in accordance with Regulations 5 and 6 of the Local Government (Early Termination of Employment) (Discretionary Compensation) Regulations 2006. This is in respect of a redundancy payment being based on actual weekly earnings (Regulation 5) and when an enhanced redundancy payment of up to 45 weeks' pay would be granted (Regulation 6). Regulations 12 and 13 of the Local Government Pension Scheme (Benefits, Membership and Contribution) Regulations 2007 do not apply as the Authority does not increase the total membership of active members (Regulation 12) or award additional pension (Regulation 13).
- 5.6.2 Any other payments falling outside the provisions or the relevant periods of contractual notice shall be subject to a formal decision made by the Chief Executive and Leader of the Council or relevant Elected Members, Committee or Panel of Elected Members with delegated authority to approve such payments.

- 5.6.3 The Authority will comply with the Welsh Government's guidance that full Council should be given the opportunity to vote before large severance packages beyond a particular threshold are approved for staff leaving the organisation. The guidance states *that "as with salaries on appointment, the Welsh Ministers consider £100,000 is the right level for that threshold to be set. Members must be made aware of any statutory or contractual entitlements due to the employee and the consequences of a non-approval by Council, in which failure to fulfil the statutory or contractual obligations may enable the employee to claim damages for breach of contract"*.
- 5.6.4 When calculating the value of a severance package, the following payments should include the following items:-
- a) salary paid in lieu
 - b) lump sum redundancy/severance payment
 - c) cost to the Authority of the strain on the pension fund arising from providing early access to an unreduced pension

6. Teachers Pay

- 6.1 The Teachers Pay Policy provides a framework for making decisions on Teachers' pay. It has been developed to comply with the requirements of the School Teachers' Pay and Conditions Document (STPCD) and has been the subject of consultation with ASCL, ATL, NAHT, NASUWT, NUT AND UCAC.
- 6.2 A Policy is provided to all schools each year within the Authority with a recommendation that the Governing Body adopt it. A copy of the Policy is available on request.

7. Publication

- 7.1 Upon approval by the full Council, this statement will be published on the Council's Website. In addition, for posts where the full time equivalent salary is at least £60,000, as required under the Accounts and Audit (Wales) (Amendment) Regulations 2010, the Councils Annual Statement of Accounts will include a note setting out the total amount of:
- salary, fees or allowances paid to or receivable by the person in the current and previous year;
 - any bonuses so paid or receivable by the person in the current and previous year;
 - any sums payable by way of expenses allowance that are chargeable to UK income tax;
 - any compensation for loss of employment and any other payments connected with termination;
 - any benefits received that do not fall within the above

8. Pay relativities across the authority

- 8.1 The lowest paid persons employed under a Contract of Employment with the Council are employed on full time [37 hours] equivalent salaries in accordance with the minimum spinal column point currently in use within the Council's grading structure. The Council employs Apprentices [and other such Trainees] who are not included within the definition of 'lowest paid employees' as they are not employed under Contracts of Employment.
- 8.2 The relationship between the rate of pay for the lowest paid and Chief Officers is determined by the processes used for determining pay and grading structures as set out earlier in this Policy Statement.
- 8.3 The statutory guidance under the Localism Act recommends the use of pay multiples as a means of measuring the relationship between pay rates across the workforce and that of senior managers, as included within the Hutton 'Review of Fair Pay in the Public Sector' (2010). The Hutton Report was asked by Government to explore the case for a fixed limit on dispersion of pay through a requirement that no public sector manager can earn more than 20 times the lowest paid person in the organisation. The report concluded that the relationship to median earnings was a more relevant measure and the Government's Code of Recommended Practice on Data Transparency recommends the publication of the ratio between highest paid salary and the median average salary of the whole of the Authority's workforce.
- 8.4 The current pay levels within the Council define the multiple between the lowest paid (full time equivalent) employee and the Chief Executive as 1.10 and between the lowest paid employee and average Chief Officer as 1:5.
- 8.5 The multiple between the median (average) full time equivalent earnings and the Chief Executive is 1:5 and between the median (average) full time equivalent earnings and average Chief Officer is 1:3.
- 8.6 As part of its overall and ongoing monitoring of alignment with external pay markets, both within and outside the sector, the Council will use available benchmark information as appropriate.

9. Independent Remuneration Panel for Wales

- 9.1 This is in respect of the salary of the Head of Paid Service/Chief Executive and Chief Officers whereby Authorities will pay due regard to any recommendation received from the Independent Remuneration Panel (IRP) when performing its functions under Section 38 of the Localism Act 2011.
- 9.2 A referral was made to the IRP in 2018 due the senior management restructure. It was determined by the panel that the panel approved the proposal to increase the salary of the Chief Legal Officer and determined that the other proposals for new posts were outside of their remit.
- 9.3 A further referral was made in February 2019 due to the interim appointment of Head of Paid Service/Chief Executive and it was determined by the panel to approve the proposal.

10. Accountability and decision making

- 10.1 In accordance with the Constitution of the Council, the Cabinet is responsible for decision making in relation to the recruitment, pay, terms and conditions and severance arrangements in relation to employees of the Council.

11. Re-employment procedures

- 10.1 No Chief Officer who was previously made redundant or granted early retirement from the Council will be later re-employed or re-engaged either as an employee (Contract of Service), as a Consultant (Contract for Service) or through an external contractor commissioned to work on behalf of the Council save for in exceptional circumstances when a meeting of Council may waive this requirement.”
- 10.2 The Authority will inform Chief Officers on appointment who are in receipt of a pension under the LGPS from a previous employer that they must inform their Pension Fund Provider of their re-employment in Local Government. The appropriate abatement rules can then be applied.

11. Monitoring and review

- 11.1 The Policy outlines the current position in respect of pay and reward across the Council and it will continue to be monitored over the next year to ensure that it meets the principles of fairness, equality, accountability and value for money for citizens of Swansea.
- 11.2 The Policy will be reviewed annually and reported to Council.

1. Background

- 1.1 The response to the Covid 19 pandemic has seen a substantial change to all operations of the Council implemented at pace, including the whole finance function, which has seen budgets flexed by over 25%, or well over £100 million in revenue alone and by over £20 million in capital.
- 1.2 The priority has been to deliver rapid financial response and relief to as many people, businesses and as many sectors as possible at pace whilst safely maintaining the Council's own cash flow and financial security throughout, including paying all our own staff and pensioners, housing benefit recipients and suppliers. It has also involved collecting sensitively and pragmatically, in light of all circumstances, council tax, non domestic rates due.

- 1.3 The Section 151 Officer has had necessarily to rely heavily on substantial numbers of finance staff to assist him in delivering this and is instigating a number of restructures and re-gradings to strengthen the finance function, relying on the Constitution to provide, within reason, whatever offices and officers are and where needed to keep services running. The majority can be done by officer delegation. However the s 151 Officer considers that the provision of tangible and personal support in both the revenue and benefits department and service centre is crucial to allow him to be able to respond to the most challenging of financial times and to be able to react to the likely wider economic issues to come.
- 1.4 The overall additional costs will be modest, up to £250,000 in the context of an operating budget of around £30m million net for the finance function, a council budget of around £470 million and the flexing of budgets by over £100 million.
- 1.5 Both Head of Service posts will manage very substantial areas of activity on behalf of the Section 151 Officer. The service centre handles over £400m of payroll, payments and receivables. The revenue and benefits operation handles over £200 million of tax receipts and over £100m of benefits payments.

2. Proposed change

- 2.1 The section 151 officer has drawn up new job descriptions and job evaluation questionnaires for the existing posts of Revenues and Benefits Manager and Service Centre Manager. These job descriptions reflect the work that the managers have been doing and will be expected to do going forward.
- 2.2 Both posts have since been evaluated under the Council's JE scheme for Chief Officer/Head of Service Posts
- 2.3 Both posts are capable of being placed in the lowest Band 3 Head of Service range following job evaluation.
- 2.4 Staff and Trade Unions have been consulted on the proposal and are content for the Section 151 officer to proceed on an interim basis.
- 2.5 The proposed change will strengthen management capacity and resilience and appropriately recognise the work that is now needed within both departments. It also reflects the additional work that has been necessitated by Covid 19 and is anticipated to be long term. As indicated wider change will be done through officer delegation within an overall funding envelope of £250,000, affecting 20-30 posts in total.

3. Future Structure

- 3.1 Council will need to continue to respond and evolve as a whole, as it always does. Covid 19 has exacerbated and accelerated the need for immediate action in the finance function and it is likely that the strengthened arrangements will need to continue in some form for the future.

- 3.2 Nevertheless that should be as part of wider more permanent arrangements across the whole senior management structure when and if Council and the Chief Executive determine the time is right and appropriate to do so. This seeks a pragmatic interim solution for the functions the Section 151 Officer discharges. Accordingly any permanent change to the finance senior management structure will be subject to a future report and any appointments will follow the normal council recruitment and appointment procedure rules for permanent roles.

4. Equality and Engagement Implications

- 4.1 The Council is subject to the Public Sector Equality Duty (Wales) and must, in the exercise of their functions, have due regard to the need to:
- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
 - Advance equality of opportunity between people who share a protected characteristic and those who do not.
 - Foster good relations between people who share a protected characteristic and those who do not.

The recruitment process followed within the Council ensures that we have paid due regard to the above.

- 4.2 An EIA screening has been undertaken and all equality implications including the recruitment to the interim positions have been considered in proposing this change, an EIA screening has been undertaken and all equality implications including the recruitment to the interim positions have been considered in proposing this change.
- 4.3 No identified potential for any adverse impact or missed opportunity to promote equality with regard to any groups. The integrated post will also still be accountable to the Council's EIA process and reporting structures.

5. Legal Implications

- 5.1 Any permanent appointment to the Head of Service post/s if confirmed in the longer term will follow the Appointment Procedure Rules as set out in the Constitution of the Council.

6. Financial Implications

- 6.1 The costs of the two regrades at top of scale including oncosts in a full year would be £36,000, with 4 year spay progression. Both posts will be proposed appointed in normal fashion to the bottom of the new pay scale and thus the costs for a full year are under £7,000 including oncosts, half that again for a start date of 1 October.
- 6.2 Total costs for all finance restructuring is to be kept within the £250,000 envelope. The first quarter report to cabinet in October will seek approval from Cabinet, on the advice of the Section 151 Officer, to release that sum from contingency. Ongoing and future costs will be built into the base budget proposals due to come through Council for 2021-22 in March 2021.

1. Introduction

- 1.1 The Council operates within a legal framework established by the Local Government Act 1972, the Local Government and Housing Act 1989, the Local Government Act 2000, the Local Authorities (Executive Arrangements) (Functions and Responsibilities) (Wales) Regulations 2007, the Local Government (Wales) Measure 2011 and other relevant legislation (“the legislation”). Additionally, the Independent Remuneration Panel for Wales (IRPW) determines the remuneration available to Councillors and Co-opted Members.
- 1.2 This report seeks to address the requirements of the legislation and the Council Constitution.

2. Independent Remuneration Panel for Wales (IRPW)

- 2.1 The IRPW Annual Report 2020-2021 sets out the new framework for Councillor and Co-opted Member remuneration. Nineteen (19) of the 72 City and County of Swansea Councillors are eligible to receive a Senior Salary payment. The Civic Salary and Senior Salary includes the Basic Salary.
- 2.2 The IRPW have prescribed payment levels for Basic Salary, Civic Salary, Senior Salary and the Fees for Co-opted Member (with Voting Rights) of Local Authorities (**Appendix A**).

3. Senior Salaries

- 3.2 A Council **must** pay a Senior Salary to the **Leader of the Largest Opposition Political Group** subject to them having 10% or more of the total number of Council seats in their Political Group.

3.3 A Council can consider whether to pay a Senior Salary to **Leaders of the Other Political Groups** if they have 10% or more of the total number of Council seats in their Political Group. However, if Council resolve to make such a payment, it would be taken from the nineteen Senior Salaries permitted within the Authority.

These payments do not count towards the 19 permitted Senior Salaries. A Councillor may not be in receipt of both a Senior Salary and Civic Salary payment.

4.2 Council must decide whether to remunerate the Civic Head and the Deputy Civic Head. Prior to deciding whether or not and / or at what level the Civic Heads should be remunerated, the question 'Who should Chair Council?' needs to be addressed. 5.3 If a Presiding Member is appointed, and if Council resolves to remunerate the post then the position would be paid in accordance with the amount outlined by the IRPW (**Appendix A**). If remunerated, this would count towards the maximum allowed of 19 Senior Salaries.
