Councillor P Rees - agenda as a whole – Daughter-In-Law is a member of the Local Government Pension Scheme - personal.

Councillor W G Thomas - agenda as a whole – member of the Local Government Pension Scheme - personal.

Observer:

I Guy, Chair of Local Pension Board - agenda as a whole – member of the Local Government Pension Scheme - personal.

Officers:

K Cobb – Agenda as a whole – Member of Local Government Pension Scheme – personal.

J Dong – Agenda as a whole – Member of Local Government Pension Scheme – personal.

C Isaac – Agenda as a whole – Member of Local Government Pension Scheme – personal.

J Parkhouse – Agenda as a whole – Member of Local Government Pension Scheme – personal and Minute No. 51 – Triennial Valuation – Clerk to Llanrhidian Higher Community Council – personal.

48 Minutes.

Resolved that the Minutes of the Pension Fund Committee meeting held on 21 November 2019 be signed and approved as a correct record.

49 2020 Audit Plan - City and County of Swansea Pension Fund.

Jason Garcia, Wales Audit Office (WAO) presented the Wales Audit Office 2020 Audit Plan – City & County of Swansea Pension Fund.

It was outlined that the purpose of the plan was to set out the proposed work of the WAO, when it would be undertaken, how much it would cost and who would undertake it. The responsibilities of the WAO, along with those of management and those charged with governance, were set out at Appendix 1.

The audit approach, which is linked to the assessment of risk, consisted of three phases outlined in Exhibit 1. The risks of material misstatement, which the WAO considered significant and which therefore required special audit consideration, were set out at Exhibit 2, along with the work WAO would undertake to address them. Exhibit 2 also provided details of the financial audit risks and the proposed audit response.

Exhibit 3 provided the audit fee, Exhibit 4 provided details of the audit team and Exhibit 5 provided the timetable, Appendix 1 provided respective responsibilities and Appendix 2 outlined other future developments.

It was added that work on the Pension Fund would commence following the completion of the audit on the Statement of Accounts of the the Council.

The Chair thanked the WAO representative for attending the meeting and presenting the report.

Resolved that the contents of the report be noted.

50 Exclusion of the Public.

The Committee was requested to exclude the public from the meeting during consideration of the item(s) of business identified in the recommendation(s) to the report on the grounds that it / they involved the likely disclosure of exempt information as set out in the exclusion paragraph of Schedule 12A of the Local Government Act 1972, as amended by the Local Government (Access to Information) (Variation) (Wales) Order 2007 relevant to the item(s) of business set out in the report.

The Committee considered the Public Interest Test in deciding whether to exclude the public from the meeting for the items of business where the Public Interest Test was relevant as set out in the report.

Resolved that the public be excluded for the following items of business.

(Closed Session)

51 Triennial Valuation and Retirement of Chris Archer, Appointed Actuary.

Chris Archer, Aon, provided the Committee with the City & County of Swansea Pension Fund, Draft Triennial Valuation Rates and Adjustment Certificate 2019. This purpose of the report was to ensure compliance with Local Government Pension Scheme Regulations, which mandate the undertaking of a full triennial actuarial valuation.

The Committee discussed the information provided and highlighted that valuations were only presented on a three yearly cycle. It was added that management received valuations every six months.

The Chair expressed his thanks and best wishes on behalf of the Committee to Chris Archer for his valued contribution to the Pension Fund Committee and expressed best wishes for his forthcoming retirement.

Resolved that:

- 1) The draft triennial actuarial rates and adjustment certificates 2019 be noted and approved, subject to any material changes between this date and 31 March 2020 with any changes being approved by the Deputy Section 151 Officer in consultation with the Pension Fund Committee Chair or his nominated deputy and be reported back to the Committee;

- 2) The final actuarial report (if different), be presented to the next Pension Fund Committee;
- 3) Interim funding updates be provided regularly.

Noted: - The abstention of Councillor M B Lewis

52 Wales Pension Partnership Update.

The Deputy Chief Finance Officer / Deputy S151 Officer presented a 'for information' report which updated the Committee on the progress of the Wales Pension Partnership asset pooling.

Appendix 1 provided the progress and update report provided by the ACS Operator Link Asset Services.

Referenced within the update is the timeline for the launch of the tranche 3 fixed income fund, this has been rescheduled and will now take place in Q1 2020.

53 Investment Report.

Nick Jellema, Investment Consultant provided a 'for information' report, which presented the Quarter 4 2019 Investment Monitoring Report.

The content of the report was noted by the Committee and various questions were asked, which were responded to accordingly. The Investment Consultant was thanked for his report.

54 Investment Summary.

The Deputy Chief Finance Officer / Deputy S151 Officer provided a "For Information" report, which presented the investment performance for the quarter, year and 3 years ended 31 December 2019.

The quarterly investment summaries for the Pension Fund for the quarter, year and 3 years ended 31 December 2019 were attached at Appendix 1.

55 Fund Manager's Presentation(s):

A 'remote' presentation was made by Aidan Quinn and Yacine Zerizef of Russell Investments.

Noting the market volatility caused by Coronavirus concerns, it was reported that the Equity protection programme had provided £7m of protection to date.

Questions in relation to the content of the presentation were asked by the Committee and responses were provided accordingly.

The content of the presentation was noted and the Chair thanked the Fund Managers for remotely attending the meeting.

(Open Session)

56 City & County of Swansea Pension Fund - Draft Funding Strategy Statement.

The Deputy Chief Finance Officer / Deputy S151 Officer presented a report which sought approval of the Draft Funding Strategy Statement to ensure compliance with Local Government Pension Scheme Regulations, which required a funding strategy statement.

The main purpose of the Funding Strategy Statement was to set out the processes by which the Administering Authority:

- established a clear and transparent funding strategy, specific to the Fund, which would identify how employer's pension liabilities were best met going forward;
- supported the regulatory requirement in relation to the desirability of maintaining as nearly constant a primary rate of contributions as possible;
- ensured that the regulatory requirements to set contributions as to ensure the solvency and long-term cost efficiency of the Fund were met;
- took a prudent longer-term view of funding the Fund's liabilities.

It was added that whilst the funding strategy applicable to individual employers must be reflected in the Funding Strategy Statement / Investment Strategy Statement, its focus would at all times be on those actions which were in the best long term interests of the Fund.

57 Breaches Report.

The Deputy Chief Finance Officer / Deputy S151 Officer presented a 'for information' report which presented any breaches which had occurred in the period in accordance with the Reporting Breaches Policy.

Appendix A provided the details of breaches that had occurred since the previous Pension Fund Committee in November 2019. The details of the breaches and the actions taken by Management were highlighted. It was noted that GDPR breaches were now included for reporting purposes.

58 City & County of Swansea Pension Fund Business Plan 2020/21.

The Deputy Chief Finance Officer / Deputy S151 Officer presented a report which sought approval of the City & County of Swansea Pension Fund Business Plan 2020/21 in order to provide a working framework for the Pension Fund's programme of work 2020/21.

Resolved that: -

- 1) The Business Plan for the year 2020/21 is noted and approved, noting the timescale and responsibility for key action points throughout the year;
- 2) It be noted that the document is a dynamic document and would be revised and amended throughout the year as necessary.

59 Trustee Training - CIPFA Code of Practice, Public Sector Finance Knowledge and Skills - The Pension Regulator Knowledge and Understanding Duty Committee Members.

The Deputy Chief Finance Officer / Deputy S151 Officer presented a report which sought to approve an annual training programme for the Pension Fund Committee Members, Local Pension Board Members and officers of the Pension Fund.

Resolved that

- 1) the assessment and outline training plan in 3.7, 3.8 and 3.9 be approved;
- 2) further opportunities identified during the year be delegated to the Deputy S 151 Officer for approval;
- 3) Committee Members complete the National Knowledge Assessment (NKA) online by 17 April 2020.

The meeting ended at 3.43 pm

Chair

Agenda Item 4a

Report of the Section 151 Officer

Pension Fund Committee - 9 July 2020

City & County of Swansea Pension Fund Draft Statement of Accounts 2019/20

Purpose:	To approve the draft statement of accounts for the City & County of Swansea Pension Fund 2019/20.
Reason for Decision:	To comply with governance/reporting guidelines.
Consultation:	Legal, Finance and Access to Services.
Recommendation:	It is recommended that the City & County of Swansea Pension Fund Draft Statement of Accounts 2019/20 is approved, subject to audit.
Report Author:	J Dong
Finance Officer:	J Dong
Legal Officer:	S Williams
Access to Services Officer:	R Millar

City & County of Swansea Pension Fund Draft Statement of Accounts 2019/20

1 Background

- 1.1 The City & County of Swansea Pension Fund Statement of Accounts have always formed a distinct and separate component of the Statement of Accounts of the City & County of Swansea as a whole. It has been determined by Welsh Government in consultation with CIPFA, that they are no longer required to be presented as a whole document but shall now be presented separately. The Pension Fund Committee now has the delegated authority to approve the City & County of Swansea Pension Fund Statement of Accounts.

2 Audit

- 2.1 Officers presented a completed draft statement of accounts in line with the agreed timetable. Audit Wales have indicated that they shall not commence their audit of the Pension Fund Draft Statement of Accounts 2019/20 until Sep 2020 due to the

intervention of the Covid 19 crisis. This is not in line with their audit plan presented to Pension Fund Committee earlier in the year, however shall still be in line with statutory deadlines. Their report shall be presented to Pension Fund Committee at the conclusion of the audit later in the year.

3 Recommendation

- 3.1 The Pension Fund Committee is asked to approve the City & County of Swansea Pension Fund Draft Statement of Accounts 2019/20 as attached at Appendix 1 which are subject to audit.

4 Legal Implications

- 4.1 There are no legal implications arising from this report.

5 Financial Implications

- 5.1 There are no financial implications arising from this report.

6 Equality and Engagement Implications

- 6.1 There are no equality and engagement implications arising from this report.

Background Papers: None.

Appendices: Appendix 1 – Draft Statement of Accounts 2019/20.

CITY & COUNTY OF SWANSEA PENSION FUND

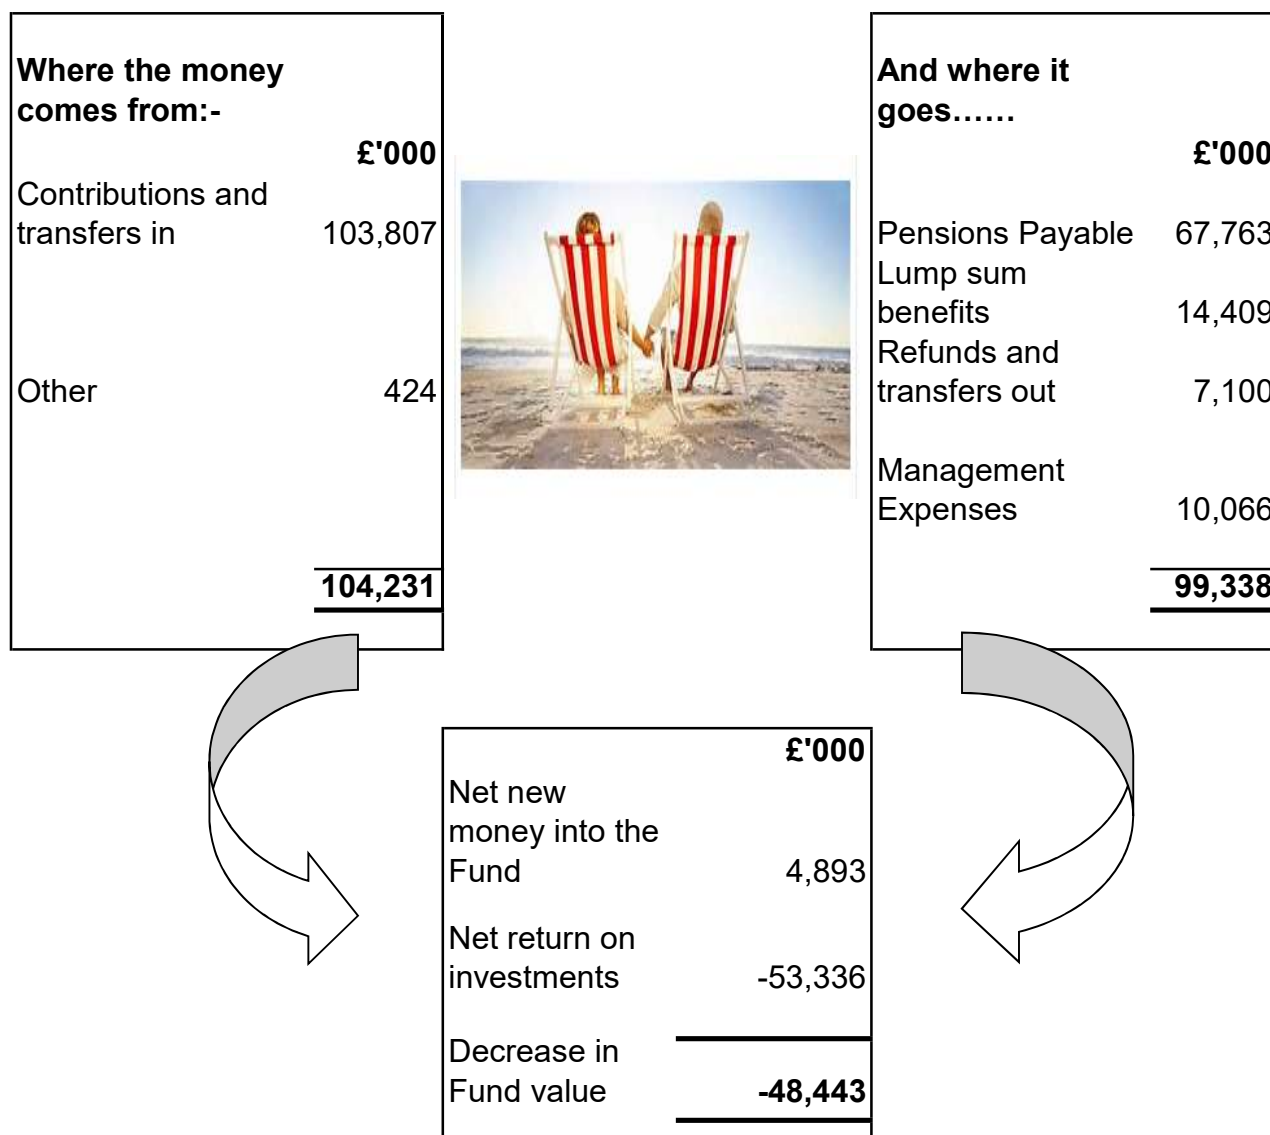

1. Introduction

The City & County of Swansea Pension Fund is administered by the City & County of Swansea. However it is a separate statutory fund and its assets and liabilities, income and expenditure are not consolidated into the accounts of the Authority. That is, the Pensions Fund's assets and liabilities are distinct.

The summarised accounts of the Pension Fund shown here comprise three main elements:-

- The Fund Account which shows income and expenditure of the fund during the year, split between payments to/contributions from members and transactions relating to fund investments.
- The Net Assets Statement which gives a snapshot of the financial position of the fund as at 31st March 2020.
- The Notes to The Financial Statements which are designed to provide further explanation of some of the figures in the statement and to give a further understanding of the nature of the fund.

2 Summary of transactions for the year

CITY & COUNTY OF SWANSEA PENSION FUND

Chief Financial Officers Certificate and Statement of Responsibilities for the Financial Statements of the City and County of Swansea Pension Fund.

I hereby certify that the Financial Statements presents a true and fair view of the financial position of the City and County of Swansea Pension Fund at the accounting date and its income and expenditure for the year ended 31st March 2020.

Ben Smith
Chief Finance Officer

The Authority's Responsibilities

The Authority is required to:

- Make arrangements for the proper administration of the City and County of Swansea Pension Fund and to secure that one of its officers has the responsibility for the administration of those affairs. In this Authority, that Officer is the Chief Financial Officer
- Manage the affairs of the City and County of Swansea Pension Fund to secure economic, efficient and effective use of resources and safeguard its assets; and
- Approve the Financial Statements.

The Chief Finance Officer's Responsibilities

The Chief Financial Officer is responsible for the preparation of the City and County of Swansea Pension Fund's financial statements in accordance with proper practices as set out in the CIPFA Code of Practice on Local Authority Accounting in the United Kingdom 2019/20 (the Code).

In preparing these financial statements, the Chief Finance Officer has:

- Selected suitable accounting policies and then applied them consistently;
- Made judgements and estimates that were reasonable and prudent
- Complied with the local authority code.

The Chief Financial Officer has also:

- Kept proper accounting records which were up to date; and
- taken reasonable steps for the prevention and detection of fraud and other irregularities.

Date of Authorisation for Issue

The 2019/20 Financial Statements were authorised for issue on **xxxxx** 2020 by Ben Smith, Chief Finance Officer who is the Section 151 Officer of the Council. This is the date up to which events after the Balance Sheet date have been considered.

The 2019/20 Financial Statements were formally approved by Pension Fund Committee on **xxxxxx** 2020.

Clive Lloyd
Chairman

The Report of the Auditor General for Wales to the members of the City and County of Swansea as administering authority for City and County of Swansea Pension Fund

Report on the audit of the financial statements

Opinion

I have audited the financial statements of City and County of Swansea Pension Fund for the year ended 31 March 2020 under the Public Audit (Wales) Act 2004. The City & County of Swansea Pension Fund's financial statements comprise the fund account, the net assets statement and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the Code of Practice on Local Authority Accounting in the United Kingdom 2019-20 based on International Financial Reporting Standards (IFRSs).

In my opinion the financial statements:

- give a true and fair view of the financial transactions of the pension fund during the year ended 31 March 2020, and of the amount and disposition at that date of its assets and liabilities;
- have been properly prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2019-20.

Basis for opinion

I conducted my audit in accordance with applicable law and International Standards on Auditing in the UK (ISAs (UK)). My responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of my report.

I am independent of the pension fund in accordance with the ethical requirements that are relevant to my audit of the financial statements in the UK including the Financial Reporting Council's Ethical Standard, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Conclusions relating to going concern

I have nothing to report in respect of the following matters in relation to which the ISAs (UK) require me to report to you where:

- the use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the responsible financial officer has not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the pension fund's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The responsible financial officer is responsible for the other information in the City & County of Swansea Pension Fund 2019-20 Financial Statements. The other information comprises the information included in the Introduction and Appendices 1 to 5 of the financial statements. My opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in my report, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies I consider the implications for my report.

Report on other requirements

Opinion on other matters

In my opinion, based on the work undertaken in the course of my audit :

- for information contained in the Introduction and Appendices 1-5 for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which I report by exception

I have nothing to report in respect of the following matters, which I report to you, if, in my opinion:

- adequate accounting records have not been kept;
- the financial statements are not in agreement with the accounting records and returns; or
- I have not received all the information and explanations I require for my audit.

Certificate of completion of audit

I certify that I have completed the audit of the accounts of the Pension Fund in accordance with the requirements of the Public Audit (Wales) Act 2004 and the Auditor General for Wales' Code of Audit Practice.

Responsibilities

Responsibilities of the responsible financial officer for the financial statements

As explained more fully in the Statement of Responsibilities for the financial statements, the responsible financial officer is responsible for the preparation of the financial statements, which give a true and fair view, and for such internal control as the responsible financial officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the responsible financial officer is responsible for assessing the pension fund's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless deemed inappropriate.

Auditor's responsibilities for the audit of the financial statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of the auditor's responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website www.frc.org.uk/auditorsresponsibilities. This description forms part of my auditor's report.

Anthony J Barrett
For and on behalf of the Auditor General for Wales

24 Cathedral Road
Cardiff
CF11 9LJ

The maintenance and integrity of Swansea Pension Fund's website is the responsibility of the Council. The work carried out by the auditors does not involve consideration of these matters and accordingly auditors accept no responsibility for any changes that may have occurred to the financial statements since they were initially presented on the website.

CITY & COUNTY OF SWANSEA PENSION FUND

Fund Account For The Year Ended 31st March

127,528	Net Decrease in the fund during the year			-48,443
1,916,510	Opening Net Assets of the Fund			2,044,038
2,044,038	Closing Net Assets of the Fund			1,995,595

CITY & COUNTY OF SWANSEA PENSION FUND

Net Assets Statement As At 31 March

31st March 2019		31st March 2020
£'000	Notes	£'000
Investments at market value:		
1,976,028	Investment Assets	1,949,220
767	Cash Funds	773
65,017	Cash Deposits	43,669
2,041,812	Sub Total	1,993,662
6,806	Current Assets	6,040
-4,580	Current Liabilities	-4,107
2,044,038	Net assets of the Scheme available to fund benefits at the period end	1,995,595

The financial statements on pages 6 to 50 summarise the transactions of the Fund and deal with the net assets at the disposal of the Pension Fund Committee. The financial statements do not take account of liabilities and other benefits which fall due after the period end. The actuarial position of the Fund, which does take account of such liabilities, is dealt with in the Statement of the Actuary in the Annual Report of the Pension Fund and a summary is included in Note 18 of this statement, and these accounts should be read in conjunction with this information.

Notes to the Financial Statements

1. Basis of preparation

The financial statements summarise the fund's transactions for the 2019/20 financial year and its position at year-end 31 March 2020. The financial statements have been prepared in accordance with the *Code of Practice on Local Authority Accounting in the United Kingdom 2019/20* which is based upon International Financial Reporting Standards (IFRS), as amended for the UK public sector.

The financial statements do not take account of liabilities and other benefits which fall due after the period end.

2. Accounting Policies

The following principal accounting policies, which have been applied consistently (except as noted below), have been adopted in the preparation of the financial statements:

(a) Contributions

Normal contributions, both from the employees and from the employer, are accounted for on an accruals basis in the month employee contributions are deducted from the payroll.

Early Access contributions from the employers are accounted for in accordance with the agreement under which they are paid, or in the absence of such an agreement, when received. Under current rules, employers can exercise discretion to give access to a person's pension rights early (other than for ill health). Where this is done, the additional pension costs arising are recharged to the relevant employer and do not fall as a cost to the fund. Under local agreements some Employers have exercised the right to make these repayments over three years incurring the relevant interest costs. As a result total income is recognised in the Fund Account with amounts outstanding from Employers within debtors.

Other Contributions relate to additional pension contributions paid in order to purchase additional pension benefits.

(b) Benefits

Where members can choose whether to take their benefits as a full pension or as a lump sum with reduced pension, retirement benefits are accounted for on an accruals basis on the later of the date of retirement and the date the option is exercised.

Other benefits are accounted for on an accruals basis on the date of retirement, death or leaving the fund as appropriate.

(c) Transfers to and from other Schemes

Transfer values represent the capital sums either receivable in respect of members from other pension schemes of previous employers or payable to the pension schemes of new employers for members who have left the fund. They are accounted for on a cash basis, or where Trustees have agreed to accept the liability in advance of receipt of funds, on an accruals basis from the date of the agreement.

A bulk transfer involves a group of employees changing to a new employer in a different Fund or moving along with their existing employer to a new Fund. It is usually triggered by a contract being transferred, a service being restructured or a merger or acquisition involving an LGPS employer. They are accounted for on a cash basis, or on an accrual basis where the liability hasn't been settled before the date of agreement.

CITY & COUNTY OF SWANSEA PENSION FUND

2. Accounting Policies (continued)

(d) Investments

i) The net assets statement includes all assets and liabilities of the fund at the 31st March.

ii) Listed investments are included at the quoted bid price as at 31st March.

iii) Investments held in pooled investment vehicles are valued at the closing bid price at 31st March if both bid and offer price are published; or, if single priced, at the closing single price. In the case of pooled investment vehicles that are accumulation funds, change in market value also includes income which is reinvested in the fund, net of applicable withholding tax.

iv) Unquoted securities are valued by the relevant investment managers based on the Fund's share of the net assets or a single price advised by the Fund Manager, in accordance with generally accepted guidelines.

v) Unit trusts are valued at the Managers' bid prices at 31st March.

vi) Accrued interest is excluded from the market value of fixed interest securities but is included in accrued investment income.

vii) Investment management fees are accounted for on an accrual basis.

viii) Transaction costs are disclosed in Note 8 - Administrative and Investment Management Expenses.

ix) Investments held in foreign currencies have been translated into sterling values at the relevant rate ruling as at 31st March.

x) Property Funds/Unit Trusts are valued at the bid market price, which is based upon regular independent valuation of the underlying property holdings of the Fund/Unit Trust.

e) Financial Instruments

Pension Fund assets have been assessed as fair value through profit and loss in line with IAS19.

f) Management Expenses

The fund discloses its pension fund management expenses in accordance with CIPFA guidance Accounting for Local Government Pension Scheme Management Expenses (2016). All items of expenditure are charged to the fund on an accrual basis.

CITY & COUNTY OF SWANSEA PENSION FUND

2. Accounting Policies (continued)

g) Cash and Cash Funds

Cash comprises cash in hand and cash deposits. Cash funds are highly liquid investments held with Investment Managers.

h) Investment Income

Investment income and interest received are accounted for on an accruals basis. When an investment is valued ex dividend, the dividend is included in the Fund account. Distributions from pooled investment vehicles are automatically reinvested in the relevant fund. Additional information regarding this is provided in Note 9.

i) Assumptions made about the future and other major sources of estimation uncertainty

The Statement of Accounts contains estimated figures that are based on assumptions made by the council about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates. The items in the net asset statement as 31 March 2020 for which there is significant risk of material adjustment in the forthcoming financial year are as follows:

- Actuarial present value of promised retirement benefits

j) Critical judgements in applying accounting policies

The funds liability is calculated every three years by the appointed actuary. The methodology used is in line with accepted guidelines and in accordance with IAS19. Assumptions underpinning the valuations are agreed with the actuary. The estimate is subject to significant variances based on changes to the underlying assumptions.

Unquoted private equity investments - these are inherently based on forward looking estimates and judgements valued by the investment managers using two main sets of valuation guidelines that apply to private equity; the Private Equity Valuation Guidelines (PEVG) in the US and the International Private Equity and Venture Capital Guidelines (IPEVCG) outside the US. The value of the unquoted private equities as at 31st March 2020 was £100.08 million (£86.62 million as at 31st March 2019).

k) Other

Other expenses, assets and liabilities are accounted for on an accruals basis.

CITY & COUNTY OF SWANSEA PENSION FUND

3. Analysis of Contributions (continued)

Total Employer/Employee contributions comprise of:

2018/19		2019/20

During 2018/19, a bulk transfer payment was made to the Principal Civil Service Pension Scheme (PCSPS) in respect of 7 members.

CITY & COUNTY OF SWANSEA PENSION FUND

8. Administrative and Investment Management Expenses

All administrative and investment management expenses are borne by the Fund:

2018/19 £'000		2019/20 £'000
	Administrative Expenses	
757	Support Services (SLA) & Employee Costs	761
15	Printing & Publications	7
625	Other	447
1,397		1,215
	Oversight & Governance	
36	Actuarial Fees	83
103	Advisors Fees	105
43	External Audit Fees	37
14	Performance Monitoring Service	14
6	Pension Fund Committee	6
0	Pension Board	2
118	Wales Pension Partnership	182
320		429
1,717		1,644
	Investment Management Expenses	
4,491	Management Fees	3,029
668	Performance Fees	1,572
167	Custody Fees	1,133
4,716	Transaction Costs	2,688
10,042		8,422
11,759	Total	10,066

Transaction costs were considerably higher in 2018/19 due to the transition of the segregated equity mandates to the Wales Partnership in January 2019.

The above represents direct fees payable to the appointed fund managers. However, the following investments are appointed via a fund of fund/manager of managers approach which have their own underlying manager fees.

CITY & COUNTY OF SWANSEA PENSION FUND

8. Administrative and Investment Management Expenses cont'd

The table below represents the underlying manager fees, these fees are not charged to the accounts but are disclosed here for transparency. The returns for these mandates are net of the underlying manager costs, this is reflected in Note 12 within the Change in Market Value.

2018/19 £'000		2019/20 £'000
96	Partners Group	116
331	Blackrock	505
671	Schroders Property Fund	655
1224	EnTrustPermal	1,405
943	HarbourVest	1,038
0	WPP Global Opportunities Fund	2,409
3,265		6,128

Included in Management Expenses is the cost of our involvement in the Wales Pension Partnership (WPP) collective Investment Pooling arrangement.

The Oversight and Governance costs are the annual running costs of the pool which includes the Host Authority costs and other External Advisor costs. These costs are funded equally by all eight of the local authority Pension Funds in Wales. The Investment Management Expenses are fees payable to Link Fund Solutions (the WPP operator) and include fund manager fees (which also includes the operator fee and other associated costs), transaction costs and custody fees. These costs are based on each Fund's percentage share of WPP pooled assets and are deducted from the Net Asset Value (NAV).

Further details on the WPP can be found in the Annual Report.

2018/19 £'000		2019/20 £'000
	WPP Oversight and Governance Costs	
126	Running Costs	70
	WPP Investment Management Expenses	
406	Fund Manager fees	946
4,396	Transaction costs	2,395
29	Custody fees	151
4,957	Total	3,562

In 2018/19 WPP fund manager fees and custody fees only covered the period January 2019 to March 2019.

CITY & COUNTY OF SWANSEA PENSION FUND

9. Investment Income

2018/19	2019/20
£'000	£'000
15,414 U.K. Equities	1,675
10,165 Overseas Equities	1,318
3,818 Managed Fund - Fixed Interest	3,406
1,845 Pooled Investment vehicles - Property Fund	2,074
-13 Interest and other Income	9
<u>31,229</u> Total	<u>8,482</u>

The three segregated mandates with JP Morgan, Aberdeen Standard and Schroders Investment Managers for UK and Overseas Equities were transitioned to Wales Pension Partnership in January 2019. The amounts detailed above for equities represents the residual income in the custody accounts after transition.

The equity assets under management by Blackrock and Wales Pension Partnership are managed wholly in a pooled investment vehicle. The pooled investment vehicles are a either equity, bond and money market unit funds which operate on an 'accumulation' basis, i.e. all dividends and investment income are automatically reinvested back into their relevant funds and not distributed as investment income. Therefore, the fund value and change in market value on these funds will reflect both capital appreciation / depreciation plus reinvested investment income.

10. Taxation

a) United Kingdom

The Fund is exempt from Income Tax on interest and dividends and from Capital Gains Tax but now has to bear the UK tax on other income. The fund is reimbursed V.A.T. by H.M. Revenue and Customs and the accounts are shown exclusive of V.A.T.

b) Overseas

The majority of investment income from overseas suffers a withholding tax in the country of origin.

CITY & COUNTY OF SWANSEA PENSION FUND

12. Reconciliation of movements in investments (continued)

Transaction costs are included in the cost of purchase and sales proceeds. Identifiable transaction costs incurred in the year relating to segregated investments amounted to £2,688k (2018/19 : £4,462k). Costs are also incurred by the Fund in relation to transactions in pooled investment vehicles. Such costs are taken into account in calculating the bid/offer spread of these investments and are not separately disclosed.

13. Concentration of Investments

The following investments represented 5% or more of the Fund's net assets at 31st March 2020

:

	Value as at the 31st March 2019 £'000	Proportion of Net Asset %	Value as at the 31st March 2020 £'000	Proportion of Net Asset %
Blackrock UK Equity Index	161,963	8.0	-	-
Blackrock North American Equity Index	175,447	8.6	-	-
Blackrock ACS Low Carbon Tracker	-	-	444,867	22.3%
Goldman Sachs Global Libor Plus II	118,199	5.8	114,910	5.8%
HarbourVest Private Equity Fund	-	-	100,080	5.0%
WPP Global Opportunities Fund	942,888	46.3	898,040	45.0%

The Blackrock Equity Index Fund was transitioned to the Blackrock Low Carbon Tracker Fund in July 2019. The value of the HarbourVest Private Equity Fund was below the 5% threshold in 2018/19.

14. Realised Profit on the Sale of Investments

2018/19 £'000	2019/20 £'000
26,385 U.K. Equities	0
17,343 Overseas Equities	0
1,047 Property Fund	2,131
<u>44,775</u> Net Profit	<u>2,131</u>

The realised profit was significantly lower in 2019/20 due to the transition of the segregated mandates to the Wales Pension Partnership in January 2019. Income from the WPP Global Opportunities Fund is reinvested and rolled up in the Net Asset Value, so is not identified as realised profit.

CITY & COUNTY OF SWANSEA PENSION FUND

17. Capital and Contractual Commitments

As at 31st March 2020 the Scheme was committed to providing funding to appointed managers investing in unquoted securities. These commitments amounted to £176.4m (2018/19 : £88.7m).

As part of the asset re-allocation strategy previously agreed by the Pension Committee, in 2019/20 new commitments were made to a number of yielding assets (CVC Credit Partners European Direct Credit Lending Feeder Fund £24.3m) and (Blackrock Global Renewable Power Fund 111 £25.8m), an additional commitment to First State EDIF 11 Infrastructure Fund of £35m.

CITY & COUNTY OF SWANSEA PENSION FUND

18. Statement of the Actuary for the year ended 31 March 2020

Introduction

The Scheme Regulations require that a full actuarial valuation is carried out every third year. The purpose of this is to establish that the City & County of Swansea Pension Fund (the Fund) is able to meet its liabilities to past and present contributors and to review employer contribution rates. The last full actuarial investigation into the financial position of the Fund was completed as at 31 March 2019 by Aon, in accordance with Regulation 62 of the Local Government Pension Scheme Regulations 2013.

Actuarial Position

1. The valuation as at 31 March 2019 showed that the funding level of the Fund had increased since the previous valuation with the market value of the Fund's assets as at 31 March 2019 (of £2,044.0M) covering 91.5% of the liabilities allowing, in the case of pre- 1 April 2014 membership for current contributors to the Fund, for future increases in pensionable pay, and for other membership for future pension revaluation and increases.

2. The valuation also showed that the aggregate level of contributions required to be paid by participating employers with effect from 1 April 2020 was:

- 20.2% p.a. of pensionable pay. This is the rate calculated as being sufficient, together with contributions paid by members, to meet the liabilities arising in respect of service after the valuation date (the primary rate),

Plus

- an allowance of 1.5% p.a. of pensionable pay for McCloud and cost management – see paragraph 9 below,

Plus

- Monetary amounts to restore the assets to 100% of the liabilities in respect of service prior to the valuation date over a recovery period of 19 years from 1 April 2020, equivalent to 3.3% p.a. of pensionable pay (or £10.3M in 2020/21, and increasing by 3.6% p.a. thereafter), which together with the allowance above comprises the secondary rate.

3. In practice, each individual employer's or group of employers' position is assessed separately taking into account other factors (see note 4 below) and contributions are set out in Aon's report dated 31 March 2020 (the "actuarial valuation report"). In addition to the contributions certified, payments to cover additional liabilities arising from early retirements (other than ill-health retirements) will be made to the Fund by the employers.

CITY & COUNTY OF SWANSEA PENSION FUND

18. Statement of the Actuary for the year ended 31 March 2020 (continued)

Total contributions payable by all employers over the three years to 31 March 2023 are estimated to be:

Year from 1 April	% of pensionable pay	Plus total contribution amount (£M)
2020	25.1	0.57
2021	25	0.58
2022	25	0.68

4. The funding plan adopted in assessing the contributions for each employer is in accordance with the Funding Strategy Statement. Different approaches were adopted in relation to the calculation of the primary contribution rate, stepping of contribution increases and individual employers' recovery periods as agreed with the Administering Authority and reflected in the Funding Strategy Statement, reflecting the employers' circumstances. This included an agreement that where employers are in surplus, this has only led to an adjustment in contributions to the extent that this surplus is in excess of 10% of the value of that employer's liabilities (i.e. to the extent that the employer's funding level is greater than 110%).

5. The valuation was carried out using the projected unit actuarial method for most employers and the main financial actuarial assumptions used for assessing the funding target and the contribution rates were as follows.

Discount rate for periods in service

Secure scheduled body employers *	4.25% p.a.
Ongoing orphan employers	4.25% p.a.

Discount rate for periods after leaving service

Secured scheduled body employers *	4.25% p.a.
Ongoing orphan body employers	1.6% p.a.

Rate of pay increases	3.6% p.a.
Rate of increase to pension accounts	2.1% p.a.
Rate of increases in pensions in payment (in excess of Guaranteed Minimum Pension)	2.1% p.a.

**The scheduled body discount rate was also used for employers whose liabilities will be subsumed after exit by a scheduled body.*

In addition the discount rate for already orphaned liabilities (i.e. where there is no scheme employer responsible for funding those liabilities and employer has exited the fund) was 1.3% p.a.

The assets were valued at market value.

Further details of the assumptions adopted for the valuation, including the demographic assumptions, are set out in the actuarial valuation report.

COUNTY OF SWANSEA PENSION FUND

18. Statement of the Actuary for the year ended 31 March 2020 (continued)

6. The key demographic assumption was the allowance made for longevity. The post retirement mortality assumption adopted for the actuarial valuation was in line with standard self-administered pension scheme (SAPS) S2N mortality tables with appropriate scaling factors applied based on an analysis of the Fund's pensioner mortality experience and a Fund membership postcode analysis using Aon's Demographic HorizonsTM longevity model, and included an allowance for improvements based on the 2018 Continuous Mortality Investigation (CMI) Core Projections Model (CMI2018), with a long term annual rate of improvement in mortality rates of 1.5% p.a. The resulting average future life expectancies at age 65 (for normal health retirements) were:

	Men	Women
Current pensioners aged 65 at the valuation date	22.1	24.1
Current active Members aged 45 at the valuation date	23.1	25.6

7. The valuation results summarised in paragraphs 1 and 2 above are based on the financial position and market levels at the valuation date, 31 March 2019. As such the results do not make allowance for changes which have occurred subsequent to the valuation date, although we comment on changes in market conditions to 31 March 2020 in paragraph 10 below.

8. The formal actuarial valuation report and the Rates and Adjustments Certificate setting out the employer contribution rates for the period from 1 April 2020 to 31 March 2023 were signed on 31 March 2020. Other than as agreed or otherwise permitted or required by the Regulations, employer contribution rates will be reviewed at the next actuarial valuation of the Fund as at 31 March 2022 in accordance with Regulation 62 of the Local Government Pension Scheme Regulations 2013.

9. There are a number of uncertainties regarding the Scheme benefits and hence liabilities:

▪ **Increases to GMPs:**

The 2019 valuation allows for the extension of the 'interim solution' for public service schemes to pay full inflationary increases on GMPs for those reaching State Pension Age (SPA) between 6 April 2016 and 5 April 2021. However, the Government is still exploring various options, including conversion of GMPs to Scheme benefits, in order to achieve equalisation for GMPs as required by the High Court judgement in the Lloyds Bank case.

The results of the 2019 valuation do not allow for the impact of potentially extending this interim solution indefinitely, providing full pension increases on GMPs for members reaching State Pension Age after 5 April 2021 nor for conversion of GMPs to Scheme benefits. Based on approximate calculations, at a whole of fund level, the impact of providing full pension increases on GMPs for those members reaching State Pension Age after 5 April 2021 is an increase in past service liabilities of between 0.1% to 0.2% across the Fund as a whole.

CITY & COUNTY OF SWANSEA PENSION FUND

18. Statement of the Actuary for the year ended 31 March 2020 (continued) Actuarial Present Value of Promised Retirement Benefits

▪ Cost Management Process and McCloud Judgement

Initial results from the Scheme Advisory Board cost management process indicated that benefit improvements / member contribution reductions equivalent to 0.9% of pay would be required. However, the cost management process was paused following the Court of Appeal ruling that the transitional arrangements in both the Judges' Pension Scheme (McCloud) and Firefighters' Pension Scheme (Sargeant) constituted illegal age discrimination. Government confirmed that the judgement would be treated as applying to all public service schemes including the LGPS (where the transitional arrangements were in the form of a final salary underpin) and a consultation on changes to the LGPS is expected in June 2020

The employer contributions certified from 1 April 2020 as part of the 2019 valuation include an allowance of 1.5% of pay in relation to the potential additional costs following the McCloud judgement / cost management process. This was a simplified approach which didn't take account of different employer membership profiles or funding targets and may be more or less than the assessed cost once the LGPS changes have been agreed depending upon the precise nature of the new final salary underpin, the members in scope, and how this affects the cost management process.

10. Since the valuation date, Fund asset returns have fallen short of the assumed return of 4.25% over the year to 31 March 2020, on its own leading to a reduction in the funding level. In addition, reduced expectations of future asset returns and falls in gilt yields have led to an decrease in the discount rates, and expected future inflation linked benefit increases have increased, further reducing funding levels and increasing the primary rate. The Actuary, in conjunction with the Administering Authority, will monitor the position on a regular basis and the Administering Authority will take action if it believes necessary.

11. This Statement has been prepared by the Actuary to the Fund, Aon, for inclusion in the accounts of the Fund. It provides a summary of the results of the actuarial valuation which was carried out as at 31 March 2019. The valuation provides a snapshot of the funding position at the valuation date and is used to assess the future level of contributions required.

This Statement must not be considered without reference to the formal actuarial valuation report which details fully the context and limitations of the actuarial valuation.

Aon does not accept any responsibility or liability to any party other than our client, City and County of Swansea Council, the Administering Authority of the Fund, in respect of this Statement.

12. The report on the actuarial valuation as at 31 March 2019 is available on the Fund's website at the following address:

<https://www.swanseapensionfund.org.uk/investment-and-fund/actuarial-valuations/>

Aon Hewitt Limited

May-20

18. Statement of the Actuary for the year ended 31 March 2020 (continued)
Actuarial Present Value of Promised Retirement Benefits

CIPFA's Code of Practice on Local Authority Accounting for 2019/20 sets out that the actuarial present value of promised retirement benefits based on projected salaries be disclosed, consistent with the requirements of IAS19.

The results as at 31st March 2019, together with the results at 31st March 2016 are shown in the table below. The corresponding fair value of Fund assets is also shown in order to show the level of surplus or deficit within the Fund when the liabilities are valued using IAS19 assumptions.

	Value as at 31st March 2019	Value as at 31st March 2016
	£M	£M
Fair Value of Net Assets	2,044.0	1,512.6
Actuarial present value of the defined benefit obligation (see Notes)	3,215.9	2,249.7
Surplus/(deficit) in the fund as measured for IAS26 purposes	(1,171.9)	(737.1)

Notes

McCloud/Sargeant Judgement

The actuarial present value of the defined benefit obligation at 31st March 2019 includes an estimated liability in relation to the McCloud/Sargeant judgment of £35.2m.

The McCloud/Sargeant judgement (December 2018) found that the transitional arrangements put in place when the Firefighters' and Judges' Pension Schemes were reformed constituted illegal discrimination. The Government has since committed to compensate all members of public service schemes who were illegally discriminated against. In relation to the LGPS in England and Wales all members joined the 2014 Scheme for membership after the 1st April 2014, but members within 10 years of normal retirement were given an underpin (or "better of both") promise, so their benefits earned after 1st April 2014 would be at least as valuable in terms of amount and when they could be drawn, as if they had remained in the 2008 Scheme.

The remedy for the LGPS is expected to be consulted upon in the summer. The additional liability included within this note assumes the underpin will be extended to cover all members who were actively participating in the Scheme on 1st April 2012 (and not just those within 10 years of retirement).

Equalisation and Indexation of Guaranteed Minimum Pensions

The actuarial present value of the defined benefit obligation includes an estimated liability in relation to the equalisation and indexation of Guaranteed Minimum Pensions (GMP's) beyond the arrangements already formally in place, which applies to members whose State Pension AGE (SPA) is between 6 April 2016 and 5 April 2021 inclusive. Those arrangements required the LGPS to pay pension increase on GMP's at the full rate of CPI for those members, whereas GMP legislation only requires limited price increases to be applied. The additional liability included in this note assumes those arrangements for fully indexing GMP's will be extended to members whose SPA is after 5 April 2021. This has increased the defined benefit obligation in the region of 0.1% to 0.3%.

Cost Management Process

The actuarial present value of the defined benefit obligation does not allow for any potential additional liability which may arise from the cost management valuations.

Legislation requires HM Treasury and the Scheme Advisory Board (SAB) to undertake periodic valuations to monitor the cost of the LGPS to ensure it remains sustainable and affordable.

HM Treasury and the SAB have paused their reviews following the "McCloud" judgement in the Court of Appeal. The cost cap process will not commence until the remedy as applies to the LGPS has been decided.

On 24 April 2020 a number of Trade Unions filed court proceedings to challenge the Government's decision to pause the cost management process. If successful this could lead to higher liabilities and employer costs although it is not yet known how such changes, and those required due to the McCloud case, will effect the cost management valuation due as at 31 March 2020 which is expected would lead to changes in benefits and/or member contributions in future.

18. Statement of the Actuary for the year ended 31 March 2020 (continued)

Actuarial Present Value of Promised Retirement Benefits

A full detailed report on the IAS26 figures can be found on the Pension Fund website at the following link :

<https://www.swanseapensionfund.org.uk/investment-and-fund/actuarial-valuations/>

Definitions

Admission Body

An employer admitted to the Fund under an admission agreement.

Orphan Body

This is an admission body or other employer whose participation in the Fund may cease at some

Scheduled Body

Employers which participate in the Fund under Schedule 2 of the Administration Regulations.

Subsumption and subsumption body

When an admission body or other employer ceases participation in the Fund, so that it has no employees contributing to the Fund and once any contribution on cessation as required by the regulations has been paid, the Fund will normally be unable to obtain further contributions from that employer (eg if future investment returns are less than assumed). It is however possible for another long term employer in the Fund (generally a scheduled body) to agree to be a source of future funding should any funding shortfalls emerge on the original employer's liabilities. The long term employer effectively subsumes the assets and liabilities of the ceasing employer into its own assets and liabilities. In this document this is known as subsumption. In this document the admission body or other employer being subsumed is referred to as a subsumption body and its liabilities are known as subsumed liabilities.

CITY & COUNTY OF SWANSEA PENSION FUND

18. Actuarial Present Value of Promised Retirement Benefits - Statement of the Actuary for the year ended 31 March 2020 (continued)

Rates & Adjustment Certificate

Actuarial certificate given for the purposes of Regulation 62 of the Local Government Pension Scheme Regulations 2013.

In accordance with Regulation 62 of the Local Government Pension Scheme Regulations 2013 ("the 2013 Regulations"), we certify that contributions should be paid by Employers at the following rates for the period 1st April 2017 to 31st March 2020.

i) An aggregate primary rate of 18.0% pa of Pensionable Pay.

ii) Individual adjustments (i.e. secondary contribution rates) which, when added to or subtracted from the primary rate, produce the following minimum Employer contribution rates.

CITY & COUNTY OF SWANSEA PENSION FUND

Total	18.0%	5.5% plus £653,600	6.3% plus £974,800	7.3% plus £1,287,600	23.5% plus £653,600	24.3% plus £974,800	25.3% plus £1,287,600

The contribution rates for the City & County of Swansea, Neath Port Talbot County Borough Council and Gower College have been set as a percentage of pay. However, minimum monetary contribution amounts for these employers have been agreed with the Administering Authority, and if the contributions actually received fall below this minimum level additional payments will be required. These minimums are such that the total contributions in aggregate must be no less than :

City & County of Swansea	17.9% of pensionable pay plus £8.18M in 2017/18, 17.9% of pensionable pay plus £9.53M in 2018/19, 17.9% of pensionable pay plus £11.37M in 2019/20.
Neath Port Talbot County Borough Council	17.8% of pensionable pay plus £6.18M in 2017/18, 17.8% of pensionable pay plus £6.82M in 2018/19, 17.8% of pensionable pay plus £7.47M in 2019/20
Gower College	17.9% of pensionable pay plus £250,000 in 2017/18, 17.9% of pensionable pay plus £259,000 in 2018/19, 17.9% of pensionable pay plus £268,000 in 2019/20

The contributions shown above represent the minimum contributions to be paid by each Employer. Employers may choose to pay additional contributions from time to time subject to the Administering Authority's agreement.

Where payments due from an Employer are expressed as monetary amounts, the amounts payable by that Employer may be adjusted to take account of any amounts payable, in respect of surplus or shortfall to which those monetary payments relate, by new employers created after the valuation date which have been credited with proportions of the assets and liabilities of the relevant Employer.

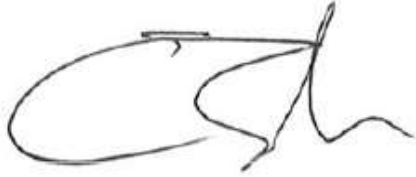

Additional contributions may be required in respect of any additional liabilities that arise under the provisions of Regulations 30, 31, 35 and 38 of the 2013 Regulations and Employers will be notified of such contributions separately by the Administering Authority.

Additional contributions may be payable by any Employers which have ceased to participate in the Fund since 31 March 2016 and these will be certified separately.

Contribution rates for Employers commencing participation in the Fund after 31 March 2016 will be advised separately.

This certificate should be read in conjunction with the notes overleaf.

19. Related party transactions

£761k (£757k 2018/19) was paid to the City & County of Swansea for the recharge of Administration, I.T., Finance and Directorate & Legal Services during the year.

Contributions received from admitted and scheduled bodies as detailed on page 8.

The City & County of Swansea acts as administering Authority for the City and County of Swansea Pension Fund (formerly the West Glamorgan Pension Fund).

Transactions between the Authority and the Pension Fund mainly comprise the payment to the Pension Fund of employee and employer payroll superannuation deductions, together with payments in respect of enhanced pensions granted by Former Authorities.

The Pension Fund currently has 38 scheduled and admitted bodies. Management of the Pension Scheme Investment Fund is undertaken by a panel. The panel is advised by an independent advisor and an investment consultancy service.

Key Management Personnel

The key management personnel of the Fund are the Chief Executive and the Chief Finance Officer (Section 151 Officer). As required by 3.9.4.2 of the CIPFA code of practice 2019/20, the figures below show the change in value of post-employment benefits provided to these individuals over the accounting year based on the percentage of time on matters relating to the Pension Fund. The value of the benefits has been calculated consistently with those of the whole Fund disclosure provided in Note 18, albeit the figures below have been calculated at different dates to those used for the whole fund disclosure.

	Increase/(decrease) in IAS19 liability to 31 March 2020		Increase/(decrease) in IAS19 liability to 31 March 2019	
	Amount £	Percentage (%) of year end liability	Amount £	Percentage (%) of year end liability
Chief Executive	65,000	3.6	77,000	4.3
Section 151 Officer & Chief Finance Officer	74,000	15.6	77,000	20.7

- (i) The Chief Executive returned to work following long term sickness on 2nd June 2019.
- (ii) The Interim Chief Executive post came to an end on 31st May 2019.

CITY & COUNTY OF SWANSEA PENSION FUND

19. Related Party Transactions Cont'd

There are 7 councillor members of the pension committee who are active members in the City & County of Swansea Pension Fund. The benefit entitlement for the Councillors is accrued under the same principles that apply to all other members of the Fund.

20. Additional Voluntary Contributions

Some members of the Fund pay voluntary contributions to the fund's AVC providers, The Prudential, to buy extra pension benefits when they retire. These contributions are invested in a wide range of assets to provide a return on the money invested. Some members also still invest and have funds invested with the legacy AVC providers, Equitable Life and Aegon.

The Pension Fund accounts do not include the assets held by The Prudential, Equitable Life or Aegon. AVCs are not included in the accounts in accordance with the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016 (SI 2016/946) but are disclosed as a note only.

AVC Provider	Value of Funds at 1st April 2019	Purchases at Cost (Contributions In/Out)	Sale Proceeds	Change in Market Value	Value of Funds at 31st March 2020
	£'000	£'000	£'000	£'000	£'000

Total	40,440	41,686	43,828	44,991	46,938

See Appendix 1 for current year analysis

22. Fair Value of Investments

Financial Instruments

The Fund invests through pooled vehicles. The managers of these pooled vehicles invest in a variety of financial instruments including bank deposits, quoted equity instruments, fixed interest securities, direct property holdings and unlisted equity and also monitor credit and counterparty risk, liquidity risk and market risk.

Financial Instruments - Gains & Losses

Gains and losses on financial instruments have been disclosed within note 9, 12 and 14 of the pension fund accounts.

IFRS9 introduced a new classifications under the code :

- recognition of expected loss allowances for financial assets at amortised cost, fair value through other comprehensive income (FVOCI) assets, lease receivables, contract assets, loan commitments and financial guarantees.

- the option of additional disclosures for hedge accounting.

As the assets and liabilities held by the Pension Fund are already classed as fair value through profit and loss (FVTPL) and this is expected to continue, consequently there are no changes to the measurement or classification of investment assets and liabilities.

CITY & COUNTY OF SWANSEA PENSION FUND

Fair Value – Hierarchy

The fair value hierarchy introduced as part of the new accounting Code under IFRS7 requires categorisation of assets based upon 3 levels of asset valuation inputs -

- Level 1 - where the fair values are derived from unadjusted quoted prices in active markets for identical assets or liabilities. Comprise quoted equities, quoted bonds and unit trusts.
- Level 2 - where quoted market prices are not available, or where valuation techniques are used to determine fair value based on observable data.
- Level 3 - where at least one input that could have a significant effect on the instrument's valuation is not based on observable market data.

The table on the following page shows the position of the Fund's assets at 31st March 2019 and 2020 based upon this hierarchy:

CITY & COUNTY OF SWANSEA PENSION FUND

23. INVESTMENT RISKS

As demonstrated above, the Fund maintains positions indirectly via its investment managers in a variety of financial instruments including bank deposits, quoted equity instruments, fixed interest securities, direct property holdings, unlisted equity products, commodity futures and other derivatives. This exposes the Fund to a variety of financial risks including credit and counterparty risk, liquidity risk, market risk and exchange rate risk.

Procedures for Managing Risk

The principal powers to invest are contained in the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016 and require an Administering Authority to invest any pension fund money that is not needed immediately to make payments from the Pension Fund. These regulations require the Pension Fund to formulate a policy for the investment of its fund money. The Administering Authority's overall risk management procedures focus on the unpredictability of financial markets and implementing restrictions to minimise these risks. The Pension Fund annually reviews its Investment Strategy Statement (ISS) and corresponding Funding Strategy Statement (FSS), which set out the Pension Fund's policy on matters such as the type of investments to be held, balance between types of investments, investment restrictions and the way risk is managed.

The Fund continues to review its structure. A key element in this review process is the consideration of risk and for many years now the Fund has pursued a policy of lowering risk by diversifying investments across asset classes, investment regions and fund managers. Furthermore, alternative assets are subject to their own diversification requirements and some examples are given below.

- Private equity - by stage, geography and vintage where funds of funds are not used
- Property - by type, risk profile, geography and vintage (on closed ended funds)
- Hedge funds – multi-strategy and or funds of funds

Manager Risk

The Fund is also well diversified by managers. On appointment, fund managers are delegated the power to make such purchases and sales as they deem appropriate under the mandate concerned. Each mandate has a benchmark or target to outperform or achieve, usually on the basis of 3-year rolling periods. An update, at least quarterly, is required from each manager and regular meetings are held with managers to discuss their mandates and their performance on them. There are slightly different arrangements for some of the alternative assets. Some private equity and property investment is fund, rather than manager-specific, with specific funds identified by the investment sub group after careful due diligence. These commitments tend to be smaller in nature than main asset class investments but again regular performance reports are received and such investments are reviewed with managers at least once a year.

23. INVESTMENT RISKS (continued)

Credit Risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Fund. As noted above almost all the Fund's investments are through pooled vehicles and a number of these are involved in derivative trades of various sorts including futures, swaps and options. Whilst the Fund is not a direct counterparty to such trades and so has no direct credit risk, clearly all derivative transactions incorporate a degree of risk and the value of the pooled vehicle, and hence the Fund's holding, could be impacted negatively by failure of one of the vehicle's counterparties. However, part of the operational due diligence carried out on potential manager appointees concerns itself with the quality of that manager's risk processes around counterparties and seeks to establish assurance that these are such as to minimise exposure to credit risk.

There has been no historical experience of default on the investments held by the Pension Fund.

Within the Fund, the areas of focus in terms of credit risk are bonds and some of the alternative asset categories.

- The Fund's active fixed-interest bond portfolio £114,910k is managed (by Goldman Sachs) on an unconstrained basis and has a significant exposure to credit, emerging market debt and loans. At 31st March 2020, the Fund's exposure to non-investment grade paper was 12.5% of the actively managed fixed income portfolio.
- On private equity the Fund's investments are almost entirely in the equity of the companies concerned. The Fund's private equity investments of £100,080k are managed by Harbourvest in a fund of funds portfolio.

On hedge fund of funds and multi-strategy vehicles, underlying managers have in place a broad range of derivatives. The Fund's exposure to hedge funds through its managers at 31st March 2020 is set out below with their relative exposure to credit risk.

	March 2020 £'000	Credit Exposure
EnTrustPermal	23,338	21.11%
Blackrock	26,633	19.00%

Liquidity Risk

The Pension Fund has its own bank accounts. At its simplest, liquidity risk is the risk that the Fund will not be able to meet its financial obligations when they fall due, especially pension payments to its members. At a strategic level the Administering Authority, together with its consulting actuary, reviews the position of the Fund triennially to ensure that all its obligations can be suitably covered.

CITY & COUNTY OF SWANSEA PENSION FUND

23. INVESTMENT RISKS (continued)

Ongoing cash flow planning in respect of contributions, benefit payments, investment income and capital calls/distributions is also essential. This is in place with the Fund's position updated regularly.

Specifically on investments, the Fund holds through its managers a mixture of liquid, semi-liquid and illiquid assets. Whilst the Fund's investment managers have substantial discretionary powers regarding their individual portfolios and the management of their cash positions, they hold within their pooled vehicles a large value of very liquid securities, such as equities and bonds quoted on major stock exchanges, which can easily be realised. Traditional equities and bonds now comprise 85% of the Fund's value and, whilst there will be some slightly less liquid elements within this figure (emerging market equities and debt for example), the funds investing in these securities offer monthly trading at least – often weekly or fortnightly.

On alternative assets the position is more mixed. Most are subject to their own liquidity terms or, in the case of property, redemption rules. Closed-ended funds such as most private equity vehicles and some property funds are effectively illiquid for the specific period (usually 10 years), although they can be sold on the secondary market, usually at a discount.

The table below analyses the value of the Fund's investments at 31st March 2020 by liquidity profile.

	Amounts at				
	31st March 2020 £000s	Within 1 month £000s	1-3 months £000s	4-12 months £000s	> 1 Year £000s

Total	1,993,662	1,698,559	0	101,259	193,844

23. INVESTMENT RISKS (continued)

It should be noted that different quoted investments are subject to different settlement rules but all payments/receipts are usually due within 7 days of the transaction (buy/sell) date. Because the Fund uses some pooled vehicles for quoted investments these are often subject to daily, weekly, 2-weekly or monthly trading dates. All such investments have been designated "within 1 month" for the purposes of liquidity analysis. Open-ended property funds are subject to redemption rules set by their management boards. Many have quarterly redemptions but these can be held back in difficult markets so as not to force sales and disadvantage continuing investors. For liquidity analysis purposes, a conservative approach has been applied and all such investments have been designated "within 4-12 months".

Closed-ended funds have been designated illiquid for the purposes of liquidity analysis. However, these closed-ended vehicles have a very different cash flow pattern to traditional investments since the monies committed are only drawn down as the underlying investments are made (usually over a period of 5 years) and distributions are returned as soon as underlying investments are exited (often as early as year 4). In terms of cash flow, therefore, the net cash flow for such a vehicle usually only reaches a maximum of about 60-70% of the amount committed and cumulative distributions usually exceed cumulative draw downs well before the end of the specified period, as these vehicles regularly return 1½ to 2½ times the money invested. At the same time, it has been the Fund's practice to invest monies on a regular annual basis so the vintage year of active vehicles ranges from 2000 to 2013.

This means that, whilst all these monies have been designated closed-ended and thereby illiquid on the basis of their usual "10-year life", many are closer to maturity than implied by this broad designation. As can be seen from the table, even using the conservative basis outlined above, around 85% of the portfolio is realisable within 1 month and 90% is realisable within 12 months.

Market Risk

Market risk is the risk that the fair value or future cash flows of a financial institution will fluctuate because of changes in market price. The Fund is exposed to the risk of financial loss from a change in the value of its investments and the consequential danger that its assets will fail to deliver returns in line with the anticipated returns underpinning the valuation of its liabilities over the long term.

Market risk is comprised of two elements :

- The risks associated with volatility in the performance of the asset class itself (beta);
- The risks associated with the ability of managers, where allowed, to move away from index weights and to generate alpha, thereby offsetting beta risks by exceeding market performance.

The table on the following page sets out an analysis of the Fund's market risk positions at 31 March 2020 by showing the percentage invested in each asset class and through each manager within each main asset class, the index used as a benchmark and the target set for managers against this benchmark.

CITY & COUNTY OF SWANSEA PENSION FUND

TOTAL	100%	30%	70%		

It is recognised that at balance sheet date the asset allocation was non-aligned with the above asset allocation post transition of assets to the Wales Pension Partnership, however the allocation was aligned for the majority of the financial year. The ISS shall be reviewed and updated at the September meeting of the Pension Fund Committee.

The risks associated with volatility in market values are managed mainly through a policy of broad asset diversification. The Fund sets restrictions on the type of investment it can hold through investment limits, in accordance with the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016. The Fund also adopts a specific strategic benchmark (details can be found in the Fund's ISS summarised above) and the weightings of the various asset classes within the benchmark form the basis for asset allocation within the Fund. Under normal conditions there is quarterly rebalancing to this strategic benchmark within fixed tolerances. This allocation, determined through the Fund's asset allocation, is designed to diversify and minimise risk through a broad spread of investments across both the main and alternative asset classes and geographic regions within each asset class.

Market risk is also managed through manager diversification – constructing a diversified portfolio across multiple investment managers. On a daily basis, managers will manage risk in line with the benchmarks, targets and risk parameters set for the mandate, as well as their own policies and processes. The Fund itself monitors managers on a regular basis (at least quarterly) on all these aspects.

CITY & COUNTY OF SWANSEA PENSION FUND

23. INVESTMENT RISKS (continued)

Price Risk

Price Risk represents the risk that the value of a financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or foreign exchange risk), whether those changes are caused by factors specific to the individual instrument or its issuer or factors affecting all such instruments in the market.

The fund is exposed to share and derivative price risk. This arises from investments held by the fund for which the future price is uncertain. All securities investments present a risk of loss of capital. Except for shares sold short, the maximum risk resulting from financial instruments is determined by the fair value of the financial instruments. Possible losses from shares sold short is unlimited.

Following analysis of historical data and expected investment return movement during the financial year, and in consultation with the fund's investment advisors, the council has determined that the following movements in market price risk are reasonably possible. Had the market price of the fund investments increased/decreased in line with the potential market movements, the change in the net assets available to pay benefits in the market price as at 31 March 2020 would have been as follows:

Price Risk				
Asset Type	Value (£'000)	% Change	Value on Increase	Value on Decrease
Overseas Equities	1,393,278	11.6747	1,555,938	1,230,618

CITY & COUNTY OF SWANSEA PENSION FUND

23. INVESTMENT RISKS (continued)

Currency Risk

Currency risk represents the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The fund is exposed to currency risk on financial instruments that are denominated in any currency other than the functional currency of the fund (£UK). The fund holds both monetary and non-monetary assets denominated in currencies other than £UK.

In consultation with the fund's investment advisors, the council has determined that the following movements in currencies are reasonably possible. The following represents a sensitivity analysis associated with foreign exchange movements as at 31 March 2020 :

Currency Risk (by currency)

Currency	Value (£'000)	% Change	Value on Increase	Value on Decrease

*The % change for Total Currency includes the impact of correlation across the underlying currencies

Interest Rate Risk

The Fund invests in financial assets for the primary purpose of obtaining a return on investments. These investments are subject to interest rate risks, which represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Actuary, as part of their triennial valuation and dictated by the Funding Strategy Statement, will only anticipate long-term return on a relatively prudent basis to reduce risk of under-performing. Progress is analysed at three yearly valuations for all employers.

24. Events After the Balance Sheet Date

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Two types of events can be identified :

- those that provide evidence of conditions that existed at the end of the reporting period - the Statement of Accounts is adjusted to reflect such events.
- those that are indicative of conditions that arose after the reporting period - the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of those events and their estimated financial effect.

Cost Management Process and McCloud Judgement

Legislation requires HM Treasury and the LGPS Advisory Board to undertake periodic valuations to monitor the cost of the LGPS to ensure it remains sustainable and affordable. Initial results from the Scheme Advisory Board process indicated that benefit improvements / member contribution reductions would be required. However, the cost management process has been paused following the Court of Appeal ruling that the transitional arrangements in both the Judges' Pension Scheme (McCloud) and Firefighters' Pension Scheme (Sergeant) were age discriminatory; these cases could have knock on implications for the LGPS (potentially increasing the liabilities) which also had transitional arrangements when the new scheme was introduced with effect from April 2014. The Government Actuary's Department (GAD) has estimated the total scheme liability at 1.5% .

25. Covid 19

As the Covid 19 pandemic started its global spread early in 2020, global financial markets reflected the impending risks, with resultant material falls in valuations of most asset classes in February and March of 2020.

LGPS defined benefit pensions are not linked to stock market performance and are set out in statute. Although short term investment values may vary, the LGPS as a long-term investor is securely managed to address any longer term impacts.

LGPS Scheme members can therefore be assured that both their contributions and their pension, whether in payment or built up to date, will be unaffected.

The lockdown imposed by HM Government on 23rd March 2020, presented operational hurdles for LGPS Administration Authorities, however with the implementation of contingency planning, leveraging the use of technology, flexible working and the professionalism and goodwill of staff, normal business has been maintained. The payment of members' pensions and the processing of pensioners/joiners has been prioritised and maintained throughout this period.

Employer/employee contributions have not been affected during this period, and the Administration Authority continues to liaise with employers to manage any cashflow issues which may arise.

Legislative Changes in the Local Government Pension Scheme (LGPS) during 2019/20

Statutory Instruments

12 March 2019 – The Pensions Increase Review Order 2019. In accordance with the Pension Increase (Review) Order 2019 - This Order came into force 8 April 2019 and makes provision for the annual increase of official pensions (as defined in the Pensions (Increase) Act 1971). The Order provides for an increase of 2.4 per cent from 8 April 2019 for all official pensions, except for those, which have been in payment for less than a year, which will receive a pro-rata increase.

April 2019 - THE PUBLIC SERVICE PENSIONS REVALUATION ORDER 2019 – prepared by HM Treasury and laid before the House of Commons by Command of Her Majesty. This Order specifies the annual percentage change in prices, and earnings, to be applied for the purposes of revaluation required by schemes under the Public Service Pensions Act 2013 (“the Act”) in relation to the period 1 April to 31 March and applies to Career Average Revalued Earnings Schemes. The prices metric that was used for revaluation from April 2018 to 31 March 2019 inclusive is the September 2018 CPI figure, which represents an increase of 2.4%. CPI is the Government’s preferred measure of change in prices for the indexation of public service pensions in payment and deferment.

1 April 2019 - LGPS Additional Pension purchase limit applicable for 2019/20 in England and Wales - Regulations 16(6) and 31(2) of the LGPS Regulations 2013 state that the additional pension limit is increased on the 1 April each year as if it were a pension beginning on 1 April 2013 to which the Pensions (Increase) Act 1971 applied. The pensions increase due at the 1 April 2019 is that from 09 April 2018 (since the 2019 PI date is the 8 April 2019) and so the current additional pension limit of £6,822 is increased by 1% to £7,026 from the 1 April 2019.

06 April 2019 - THE AUTOMATIC ENROLMENT (EARNINGS TRIGGER AND QUALIFYING EARNINGS BAND) ORDER 2019 prepared by the Department for Work and Pensions and laid before Parliament by Command of Her Majesty. This sets out revised amounts for the 2019/20 tax year for the upper and lower thresholds of the automatic enrolment qualifying earnings band, and rounded figures for the earnings trigger and qualifying earnings band. It has been concluded that the amounts for the qualifying earnings band should continue to be aligned with the National Insurance Contributions Lower and Upper Earnings Limits for the tax year 2019/20 and that the automatic enrolment earnings trigger should remain at £10,000.

CITY & COUNTY OF SWANSEA PENSION FUND

Legislative Changes in the Local Government Pension Scheme (LGPS) during 2019/20 Cont'd

06 April 2019 - THE SOCIAL SECURITY (CONTRIBUTIONS) (RATES, LIMITS AND THRESHOLDS AMENDMENTS AND NATIONAL INSURANCE FUNDS PAYMENTS) REGULATIONS 2019 prepared by HM Revenue and Customs and laid before Parliament by Command of Her Majesty. This instrument gives effect to the annual re-rating of various National Insurance contributions (NICs) rates, limits and thresholds for the purposes of calculating Class 1, Class 2, Class 3 and Class 4 NICs liability (or voluntary payment) for the tax year beginning 6 April 2019. It also allows for payments of a Treasury Grant not exceeding 5 per cent of the estimated benefit expenditure for the 2019-20 tax year to be paid into the National Insurance Fund.

6 April 2019 -The Guaranteed Minimum Pensions Increase Order 2019 - This Order specifies the percentage by which that part of any guaranteed minimum pension attributable to earnings factors for the tax years 1988-89 to 1996-97 and payable by contracted-out, defined benefit occupational pension schemes. This instrument specifies that the GMP is to be increased by 2.4 per cent from 06 April 2019 in accordance with Section 109(3) of the Pension Schemes Act 1993 (c. 48).

April 2019 - The Employment Rights (Increase of Limits) Order 2019 [SI 2019/324] - comes into force on **6 April 2019**. It increases the maximum 'week's pay' for calculating a statutory redundancy payment from £508 per week to £525 per week where the appropriate date falls on or after 6 April 2019. In the case of entitlement to a redundancy payment by virtue of section 135(1)(a) [dismissal by reason of redundancy] or section 135(1)(b) [lay-off or short time] of the Employment Rights Act 1996, the appropriate date means the relevant date as defined by, respectively, sections 145 or 153 of that Act.

6 April 2019 - Annual allowance and lifetime allowance limits applicable from 6 April 2019 - The Finance Act 2004 (Standard Lifetime Allowance) Regulations 2019 [SI 2019/29] amends the Lifetime Allowance limit to £1,055,000 with effect from the 6 April 2019. The Annual Allowance, as defined by the Finance Act 2004 (as amended), remains unchanged at £40,000 for 2019/20.

June 2019 - The Occupational Pension Schemes (Investment and Disclosure) (Amendment) Regulations 2019 – as prepared by the DWP and laid before Parliament by Command of Her Majesty. This instrument updates regulation 29A of the Disclosure Regulations to require schemes to make their policy on the arrangements with asset managers available free of charge on a website to the public.

CITY & COUNTY OF SWANSEA PENSION FUND

Legislative Changes in the Local Government Pension Scheme (LGPS) during 2019/20 Cont'd

June 2019 – The Pensions Administration Standards Association (PASA) publish cyber security guidance for pension schemes - On 6 June 2019 PASA announced the publication of its cyber security guidance for pension schemes. The guidance provides practical support for trustees in formulating a robust and effective review of how they safeguard their scheme from cyber security issues. It covers five main sections - Risk Assessment, Governance, Risk Management, Controls and Incident Management.

02 October 2019 – The Pension Regulator Initiative to improve data Quality - On 2 October 2019, the Pensions Regulator (TPR) announced a crackdown on poor record keeping. TPR is in the process of contacting 400 schemes that it believes have not reviewed their data in the past three years. TPR will ask those schemes to conduct a data review within six months. We understand that some LGPS administering authorities are included in that group and that TPR planned to contact those affected by 25 October. TPR will contact a further 1,200 schemes to remind them to carry out data reviews of common and scheme-specific data every year.

November 2019 - The Local Government Pension Scheme (Amendment) Regulations 2019 [SI 2019/1449] - The regulations were laid before Parliament on 5 November 2019 and are effective from 31 December 2019. They amend the LGPS (Transitional Provisions, Savings and Amendment) Regulations 2014 by introducing survivor benefits payable under the earlier regulations for opposite-sex civil partnerships. A person who is the surviving opposite-sex civil partner of a deceased member will be provided with a survivor pension calculated on the basis that the survivor is a widow or widower, depending on their gender.

November 2019 - The Civil Partnership (Opposite-sex Couples) Regulations 2019 [SI 2019/1458] - On 5 November 2019 the Government made the Civil Partnership (Opposite-sex Couples) Regulations 2019 [SI 2019/1458], which are effective from 2 December 2019. This means that an opposite-sex couple can give notice of a proposed civil partnership on 2 December 2019 after which the 28-day waiting period will commence (section 11 of The Civil Partnership Act 2004). This means an opposite sex civil partnership registration can take place from 31 December 2019.

November 2019 - Equitable Life transfers to Utmost Life and Pensions - Following the High Court hearings on 22 and 25 November 2019, court approval to transfer the business of Equitable Life to Utmost Life and Pensions was received on 4 December 2019. Scheme policyholders and 'eligible members' voted overwhelmingly in favour of the proposed changes.

CITY & COUNTY OF SWANSEA PENSION FUND

Legislative Changes in the Local Government Pension Scheme (LGPS) during 2019/20 Cont'd

December 2019 – Pension Schemes Bill - It was announced during the Queen's Speech on 19 December that the Pension Schemes Bill would be reintroduced. The Bill will create a legislative framework for the introduction of pension's dashboards, to strengthen the Pensions Regulator's powers to take action against employers and introduce regulations covering the right to a pension transfer

March 2020 – The Local Government Pension Scheme (Amendment) Regulations 2020 – Regulations came into force on 20 March 2020 but the effects are backdated to 14 May 2019 (the date that the Exit Credit Regulations were introduced). The Regulations give Administering Authorities the discretion to pay an exit credit after taking into account factors such as level of risk that the employer was exposed to during the participation of the fund and the value of the contributions paid to the fund.

The Wales Pension Partnership

In July 2015 the Chancellor announced the Governments' intention to work with Local Government Pension Scheme administering authorities to ensure that they pool investments to significantly reduce costs while maintaining overall investment performance.

The Wales Pension Partnership (WPP) comprises the 8 LGPS funds in Wales, namely Cardiff & Vale of Glamorgan Pension Fund, City & County of Swansea Pension Fund, Clwyd Pension Fund, Dyfed Pension Fund, Greater Gwent Pension Fund, Gwynedd Pension Fund, Powys Pension Fund and RCT Pension Fund.

The progress made over the past twelve months reflects the eight Welsh Constituent Authorities ability to work together to deliver their shared set of objectives. Some significant milestones have been achieved during the year, including work on Investments, Governance, Communications and Training.

The WPP aims to deliver investment solutions that allow each Constituent Authority to implement their own investment strategies with material cost savings, while continuing to deliver investment performance to their stakeholders. The WPP has made significant progress towards delivering on this objective by launching and facilitating three active equity sub-funds, which can be utilised by the Constituent Authorities, namely, Global Growth, Global Opportunities and UK Opportunities. All eight of the Constituent Authorities have made use of at least one of the sub-funds. The WPP will continue to develop sub-funds for the benefit of the Constituent Authorities, in collaboration with Link Fund Solutions Ltd and Russell Investments. The WPP is proud of its progress to date with regard to the pooling of assets and will continue to allocate resources to ensure that all suitable assets are pooled. To date the WPP has "pooled" 50% of its assets and by the end of March 2021 the WPP expects to have "pooled" more than 70%.

The WPP has also continued to develop a robust governance framework by identifying the need for a set of shared beliefs to guide the decision making process and policies. The WPP hosted a Beliefs workshop where all Constituent Authorities collectively formulated the Beliefs Statement, this can be found on the website. The Governance Matrix was also formulated and provides an overview of the WPP's governance structure and outlines the internal bodies that are responsible for key decisions and actions carried out by the partnership. In another progressive move Hymans Robertson LLP were appointed by WPP in January 2020 to provide oversight and advice on the governance arrangements, operator services and strategic investment strategy of the pool.

The WPP believes that Responsible Investment, alongside consideration and evidential management of Environmental, Social and Governance issues, should result in better outcomes for its stakeholders, hence it has been a key priority since the WPP was established in 2017.

Various activities have been carried out this year to work towards the ambition of the WPP becoming a leader in Responsible Investment. The initial focus was on formulating a Responsible Investment Policy. This Policy is representative of the broad range of investment beliefs within the Pool and all of the Constituent Authorities were involved in formulating the policy.

The Wales Pension Partnership cont'd

Over the next 12 months, the WPP will continue to deliver on the commitments made in the Policy. This will include the production of a Climate Risk Policy which is in development. The appointment of Robeco UK in March 2020, evidenced WPP's delivery of this commitment and also demonstrated the vow to exercise voting rights in line with the interests of stakeholders and engage with investee companies to enhance the long-term value of the Constituents Authorities' investments within WPP.

Improving the WPP's communication has been a key work stream during the last 12 months, the WPP website was launched in September 2019 and is an excellent tool to learn and understand about the Pool, to keep track of recent activities and to read about the policies, procedures and governance arrangements. The website can be found at :

<https://www.walespensionpartnership.org/>

In addition, WPP held a communication workshop during the year to study different communication methods and formulated its Communication Policy and subsequently launched a LinkedIn page for informal updates.

To improve levels of engagement with external and internal stakeholders, WPP hosted its first Manager Engagement day which focussed on the global equity managers, this led to a second Manager Engagement day with incumbent Fixed Income managers.

Also, in collaboration with the Constituent Authorities, the WPP was able to formulate its first Annual Training Plan and host its first training day in February 2020.

A work plan of the areas that the WPP will focus on during the 2020/2021 financial year is currently being developed as part of the Annual Business Plan. This includes the launch of the WPP Fixed Income and Emerging Markets sub funds and also the continuing development of the Private Market offerings to include real estate, infrastructure and social impact.

Investment Fund Management

The investment of the Fund is the responsibility of the Pension Fund Committee. The Committee as at 31st March 2020 comprised of :

- 7 Council Members (one member from Neath Port Talbot CBC representing other scheme members) advised by:
- Section 151 Officer
- Deputy Section 151 Officer
- 1 Independent Adviser (retired November 2019 and not replaced)
- Investment Consultancy Service

The Committee, after taking account of the views of the independent advisers and appointed actuary to the Fund, is responsible for determining broad investment strategy and policy, with appointed professional fund managers undertaking the operational management of the assets.

The fund has implemented a fully diversified investment approach with a view to reducing the volatility of investment returns, whilst maintaining above benchmark growth. The fund employs the services of specialist managers to outperform in each asset class invested in.

The investment managers currently are:

- Global Equities - Wales Pension Partnership, Aberdeen Standard & Blackrock
- Equity Protection Mandate - Russell Investments
- Global Bonds - Goldman Sachs Asset Management and Blackrock
- Fund of Hedge Funds - BlackRock and EnTrustPermal
- Fund of Private Equity Funds - Harbourvest
- European Property Fund - Invesco
- Fund of Property Funds - Partners Group and Schrodgers Investment Management
- Fund of Infrastructure Funds - First State Investments (UK) Ltd & Blackrock
- Fund of Private Debt - Alcentra & CVC Credit Partners

Other Fund Documents

The City & County of Swansea Pension Fund is required by regulation to formulate a number of regulatory documents outlining its policy. Copies of the :

- Investment Strategy Statement
- Governance Statement
- Funding Strategy Statement
- Communication Policy
- Administration Strategy Statement
- Environmental, Social, Governance Policy

are available on request from the City & County of Swansea Pension Fund website
<http://www.swanseapensionfund.org.uk/>

Agenda Item 4b

Report of the Section 151 Officer

Pension Fund Committee – 9 July 2020

Fraud and Related Parties Disclosure Assurance Statement 2019/20

Purpose:	To approve the Fraud and Related Parties Disclosure for the City & County of Swansea Pension Fund 2019/20.
Reason for Decision:	To comply with governance/reporting guidelines.
Consultation:	Legal, Finance and Access to Services.
Recommendation:	It is recommended that: - 1) the Fraud and Related Parties Disclosure Statement for the City & County of Swansea Pension Fund 2019/20 is approved.
Report Author:	J Dong
Finance Officer:	J Dong
Legal Officer:	S Williams
Access to Services Officer:	R Millar

City & County of Swansea Pension Fund Fraud and Related Party Disclosure Statement 2019/20

1 Background

- 1.1 As part of Audit Wales' statutory audit of the City & County of Swansea Pension Fund's statement of accounts, they are required to ascertain how senior management oversee and manage a series of related party, financial control and fraud control issues.

2 Fraud and Related Party Disclosure Statement 2019/20

- 2.1 Attached at Appendix 1, is senior management's Fraud and related party disclosure for the financial year 2019/20.

3 Recommendation

- 3.1 The Pension Fund Committee is asked to approve the Fraud and Related Party Disclosure Statement 2019/20 as attached at Appendix 1.

4 Legal Implications

- 4.1 There are no legal implications arising from this report

5 Financial Implications

- 5.1 There are no financial implications arising from this report

6 Equality and Engagement Implications

- 6.1 There are no equality and engagement implications arising from this report

Background Papers: None.

Dear Ben

City and County of Swansea Pension Fund 2019-20

Audit enquiries to those charged with governance and management

As you will be aware I am required to conduct my financial audit in accordance with the requirements set out in International Standards on Auditing (ISAs). As part of the requirements of the ISAs I am writing to you to formally seek your documented consideration and understanding on a number of governance areas that impact on my audit of your financial statements. These considerations are relevant to both management and 'those charged with governance'.

I have set out below the areas of governance on which I am seeking your views.

1. Management processes in relation to:
 - undertaking an assessment of the risk that the financial statements may be materially misstated due to fraud;
 - identifying and responding to risks of fraud in the organisation;
 - communication to employees of views on business practice and ethical behaviour; and
 - communication to those charged with governance of the processes for identifying and responding to fraud.
2. Management's awareness of any actual or alleged instances of fraud.
3. How management gain assurance that all relevant laws and regulations have been complied with.

4. Whether there is any potential litigation or claims that would affect the financial statements.
5. Management processes to identify, authorise, approve, account for and disclose related party transactions and relationships.

The information you provide will inform our understanding of the Pension Fund's arrangements and business processes and support our work in providing an audit opinion on their 2019-20 financial statements.

I have included your responses for 2018-19 in Appendix 1 and would be grateful if you could these to reflect your current arrangements. Could you please provide this information on behalf of both management and those charged with governance by 31st July 2020. In the meantime, if you have queries, please contact me on 07792 015416.

Yours sincerely

Jason Garcia
Audit Manager

Appendix A

International Standard for Auditing (UK and Ireland) 240 – The auditor’s responsibilities relating to fraud in an audit of financial statements

Background

Under the ISA, the primary responsibility for preventing and detecting fraud rests with both management and ‘those charged with governance’. This includes fraud that could impact on the accuracy of the annual accounts. The ISA requires us, as external auditors, to obtain an understanding of how the Pension Fund exercises oversight of management’s processes for identifying and responding to the risks of fraud and the internal controls established to mitigate them.

What is ‘fraud’ in the context of the ISA?

The ISA views fraud as either:

- the intentional misappropriation of assets (cash, property, etc); or
- the intentional manipulation or misstatement of the financial statements.

What are we required to do?

We have to obtain evidence of how management and those charged with governance are discharging their responsibilities if we are to properly discharge our responsibilities under ISA240. We are therefore making requests from both management and those charged with governance:

Enquiries of management		
Question	2018-19 Response	2019-20 Response
1) What is management's assessment of the risk that the financial statements may be materially misstated due to fraud and what are the principle reasons?	<p>The assessed risk is Low/Minimal due to the following mitigating factors</p> <ul style="list-style-type: none"> • Continuity of professionally qualified staff preparing the financial statements • Robust framework of internal control (CPRs, FPRs, AIs) • Appropriate segregation of duties for appropriate key roles. • Internal audit reviews of key systems in year. • Regular national fraud initiative (NFI) data matching • Review Interim Deputy S151 & S151 Officer 	<p>The assessed risk is Low/Minimal due to the following mitigating factors</p> <ul style="list-style-type: none"> • Continuity of professionally qualified staff preparing the financial statements • Quarterly Breaches Reporting • Robust framework of internal control (CPRs, FPRs, AIs) • Appropriate segregation of duties for appropriate key roles. • Internal audit reviews of key systems in year. • Regular national fraud initiative (NFI) data matching • Review by Deputy S151 & S151 Officer
2) How can management assure those charged with governance that it has not been inappropriately influenced by external pressures?	<ul style="list-style-type: none"> • Independence of Monitoring Officer and S151 officer • Direct reporting channels to Cabinet/Council Regulators • Direct reporting channels to CEO • The Council's and The Pension Regulators' whistleblowing Policy • Statutory Chief Officers are equal members of CMT. 	<ul style="list-style-type: none"> • Independence of Monitoring Officer and S151 officer • Direct reporting channels to Committee/Cabinet/Council Regulators • Direct reporting channels to CEO • The Council's and The Pension Regulators' whistleblowing Policy • Statutory Chief Officers are equal members of CMT.
3) Are management aware of any organisational	<ul style="list-style-type: none"> • Yes – the entire public sector in Wales is subject to significant constraint in terms of likely future real terms resource availability. International Standard for Auditing (UK and Ireland) 250 – Consideration of laws and regulations in an audit of financial statements

Background

Under the ISA, in the UK and Ireland, the primary responsibility for ensuring that the entity's operations are conducted in accordance with laws and regulations and the responsibility for the prevention and detection of non-compliance rests with both management and 'those charged with governance'. The ISA requires us, as external auditors, to obtain an understanding of how they gain assurance that all relevant laws and regulations have been complied with.

What are we required to do?

We have to obtain evidence of how management and those charged with governance are discharging their responsibilities, if we are to properly discharge our responsibilities under ISA 250. We are therefore making requests from both management those charged with governance.

Enquiries of management		
Question	2018-19 Response	2019-20 Response
1) How have you gained assurance that all relevant laws and regulations have been complied with?	<p>The Council Constitution specifies specific officer delegation in respect of proper officer arrangements for procurement, contracting and entering into legal agreements. There is legal and finance sign off and clearance for all pension fund committee reports. There is also a robust system of management internal control which requires adherence to</p> <ul style="list-style-type: none"> • Contract procedure rules • Financial procedure rules • Accounting Instructions 	<p>The Council Constitution specifies specific officer delegation in respect of proper officer arrangements for procurement, contracting and entering into legal agreements. There is legal and finance sign off and clearance for all pension fund committee reports. 	<ul style="list-style-type: none"> • The Pension Regulator • LGPS Regulations (Admin and Investment) • Accounting Code of Practice 2018/19 	<ul style="list-style-type: none"> • LGPS Regulations (Admin and Investment) • Accounting Code of Practice 2019/20
2) Are there any potential litigations or claims that would affect the financial statements?	Potentially yes - given the extent of the investment portfolio, there may be ongoing corporate actions involving stock holdings within the entire portfolio where we could be affected but not directly involved in the litigation as lead plaintiff.	Potentially yes - given the extent of the investment portfolio, there may be ongoing corporate actions involving current and historic stock holdings within the entire portfolio where we could be affected but not directly involved in the litigation as lead plaintiff on a contingent basis.
Enquiries of those charged with governance		
Question	2018-19 Response	2019-20 Response
1) How do those charged with governance, exercise oversight of management's processes to ensure that all relevant laws and regulations have been complied with?	All formal reports to Pension Fund Committee/Council require legal, access to services and finance sign off .	All formal reports to Pension Fund Committee/Council require legal, access to services and finance sign off .
2) Are those charged with governance aware of any non-compliance with relevant laws and regulations?	No (save for reporting of operational breaches to pension fund committee on a quarterly basis)	No (save for reporting of operational breaches to pension fund committee/local pension board on a quarterly basis)

3) If there have been instances of non-compliance what are they, and what oversight have those charged with governance had to ensure that action taken by management to address and gaps in control?	Not applicable	Not applicable
--	----------------	----------------

International Standard for Auditing (UK and Ireland) 550 – Related parties

Background

The nature of related party relationships and transactions may, in some circumstances, give rise to higher risks of material misstatement of the financial statements than transactions with unrelated parties. For example:

- Related parties may operate through an extensive and complex range of relationships and structures, with a corresponding increase in the complexity of related party transactions.
- Information systems may be ineffective at identifying or summarising transactions and outstanding balances between an entity and its related parties.
- Related party transactions may not be conducted under normal market terms and conditions; for example, some related party transactions may be conducted with no exchange of consideration.

Because related parties are not independent of each other, many financial reporting frameworks establish specific accounting and disclosure requirements for related party relationships, transactions and balances to enable users of the

financial statements to understand their nature and actual or potential effects on the financial statements. An understanding of the entity's related party relationships and transactions is relevant to the auditor's evaluation of whether one or more fraud risk factors are present as required by ISA (UK and Ireland) 240, because fraud may be more easily committed through related parties.

What are we required to do?

Where the applicable financial reporting framework establishes requirements for related parties, the auditor has a responsibility to perform audit procedures to identify, assess and respond to the risks of material misstatement arising from the entity's failure to appropriately account for or disclose related party relationships, transactions or balances in accordance with the requirements of the framework. We are therefore making requests from both management and those charged with governance:

Enquiries of management

Question	2018-19 Response	2019-20 Response
1) How do those charged with governance, exercise oversight of management's processes to identify, authorise, approve, account for and disclose related party transaction sand relationships?	This is delegated to the S151 officer through control processes. Necessary and appropriate disclosures are made in the statement of accounts which is reviewed and approved by The Pension Fund Committee.	This is delegated to the S151 officer through control processes. Necessary and appropriate disclosures are made in the statement of accounts which is reviewed and approved by The Pension Fund Committee.

Agenda Item 4c

Report of the Section 151 Officer

Pension Fund Committee - 9 July 2020

Breaches Report

Purpose:	The report presents any breaches which have occurred in the period in accordance with the Reporting Breaches Policy.
Report Author:	Claire Elliott, Pension Manager
Finance Officer:	Jeff Dong – Deputy S 151 Officer
Legal Officer:	Stephanie Williams – Principal Lawyer
Access to Services Officer:	N/A
For Information	

1. Introduction

- 1.1 The Reporting Breaches policy was adopted with effect from 9 March 2017.
- 1.2 The policy requires a report to be presented to the Pension Board and Pension Fund Committee on a quarterly basis, highlighting any new breaches which have arisen since the previous meeting and setting out:
 - all breaches, including those reported to The Pensions Regulator and those unreported, with the associated dates
 - in relation to each breach, details of what action was taken and the result of any action (where not confidential)
 - any future actions for the prevention of the breach in question being repeated
- 1.3 Following the introduction of GDPR requirements and the requirements to report any breaches to the Information Officer and ICO, if required, it has been determined good practice and transparent to also include GDPR breaches also within this report

2. Breaches

- 2.1 Under the policy, breaches of the law are required to be reported to the Pensions Regulator where there is reasonable cause to believe that:

- A legal duty which is relevant to the administration of the scheme has not been, or is not being, complied with
 - The failure to comply is likely to be of material significance to the regulator in the exercise of any of its functions
- 2.2 The Breaches Report is attached at Appendix A and the following further information is provided.
- 2.3 Under the LGPS regulations, interest is paid on retirement lump sum payments if the payment is made more than one month after retirement and calculated at one per cent above the base rate on a day to day basis from the due date of payment and compounded with three-monthly rests.
- 2.4 Since the last report in March 2020, 11.67% of retirement lumps sums have not been paid within the benchmark (it should be noted that 100% of payments were made within 1 month when all documentation was received). The % of non-payment of retirement lump sums within the specified benchmark was due to the members not returning completed pension election forms within a timely manner. Communication sent to members at time of retirement has been reviewed to ensure that the importance of timely return of required documents is highlighted and reminder triggers put in place.
- 2.5 The basic objective of the General Data Protection Regulation (GDPR) is to enforce stronger data security and privacy rules among organisations when it comes to protecting an individual's personal data. The UK legislation is the Data Protection Act 2018 and mirrors many key principles of the Data Protection Act 1998. Where a breach of a member's personal data happens (a breach of personal data means that a security breach has taken place leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to personal data, transmitted, stored or otherwise processed. [GDPR Article 4(12)]), the Pension Fund (who complies with Swansea Council GDPR Principles) has an obligation to undertake a full investigation within the initial 72-hours of acknowledging a data breach. When the Fund became aware of the breach, the appropriate investigation took place within the stipulated timeframe and the findings presented to the Data Breach Panel for review. The requirements presented for improved working practices by the Data Breach Panel the Fund has incorporated within the day-to-day working practices.
- 2.6 The Fund requires that employers pay employee and employer contributions to the Fund on a monthly basis and no later than the 19th of the month after which the contributions have been deducted. There have been a number of instances during the reporting period where breaches have occurred. In each case, Treasury Management staff have written to the employers to request payment and provide a reminder of the responsibilities to submit on time.
- 2.7 With regards to performance data in respect of processing refunds, in most cases, the sums are quite small and the problem is locating the member/former member to process the refund, quite often they may have moved address or even passed away.

2.8 The target asset allocation to global equities and UK equities has been superseded by the transition to WPP Opportunities; notwithstanding the same the existing specified limit has been breached. The Pension Fund Committee has previously approved a de-risking programme, which shall re-allocate those assets into real/yielding assets. Meanwhile an equity protection programme has been implemented in March 2019.

3. Equality and Engagement Implications

N/A

4 Legal Implications

4.1 Where breaches have occurred, the legal implications are outlined in Code of Practice no.14 and GDPR legislation

5. Financial Implications

5.1 Minimal loss of investment income and a possible penalty charge from TPR.

Agenda Item 4d

Report of the Section 151 Officer

Pension Fund Committee - 9 July 2020

Wales Pension Partnership (WPP) Business Plan 2020

Purpose:	To approve the Wales Pension Partnership (WPP) Business Plan 2020
Reason for Decision:	To comply with WPP governance requirements.
Consultation:	Legal, Finance and Access to Services.
Recommendation:	It is recommended that the Wales Pension Partnership (WPP) Business Plan 2020 is approved.
Report Author:	J Dong
Finance Officer:	J Dong
Legal Officer:	S Williams
Access to Services Officer:	R Millar

Wales Pension Partnership (WPP) Business Plan 2020

1 Background

1.1 Attached at Appendix 1 is the business plan for the Wales Pension Partnership ('WPP'), the business plan details the WPP's priorities and areas of focus for 2020/21, 2021/22 and 2022/2023. This business plan was approved by the WPP Joint Governance Committee on 12 March 2020. The business plan is constantly monitored and will be formally reviewed and agreed every year.

2 Purpose

2.1 The purpose of the business plan is to:

- Explain the background and governance structure of the WPP
- Outline the priorities and objectives of the WPP over the next three years

- Introduce the WPP's policies and plans
- Outline the financial budget for the relevant Business Plan period
- Summarise the WPP's Investments & Performance Objectives

3 Recommendation

- 3.1 The Pension Fund Committee is asked to approve the Wales Pension Partnership (WPP) Business Plan 2020

4 Legal Implications

- 4.1 There are no legal implications arising from this report

5 Financial Implications

- 5.1 There are no financial implications arising from this report

6 Equality and Engagement Implications

- 6.1 There are no equality and engagement implications arising from this report

Background Papers: None.

Appendices: Appendix 1 – Wales Pension Partnership (WPP) Business Plan 2020.

Introduction

This is the business plan for the Wales Pension Partnership ('WPP'), the business plan details the WPP's priorities and areas of focus for 2020/21, 2021/22 and 2022/2023. This business plan was approved by the WPP Joint Governance Committee on 12 March 2020. The business plan is constantly monitored and will be formally reviewed and agreed every year.

The purpose of the business plan is to:

- Explain the background and governance structure of the WPP
- Outline the priorities and objectives of the WPP over the next three years
- Introduce the WPP's policies and plans
- Outline the financial budget for the relevant Business Plan period
- Summarise the WPP's Investments & Performance Objectives

About the Wales Pension Partnership

Established in 2017, the WPP is a collaboration of the eight LGPS funds (Constituent Authorities) covering the whole of Wales and is one of eight national Local Government Pension pools.

We have a long, successful history of collaboration, including examples that pre-date the Government's pooling initiative. We are proud of our unique identity as a Pool – our Constituent Authorities represent and span the entirety of Wales. Being democratically accountable means, we provide the best of strong public sector governance and transparency.

Our operating model is designed to be flexible and deliver value for money. We appointed an external fund Operator and make use of external advisers to bring best of breed expertise to support the running of the Pool, this includes Hymans Robertson who have been appointed as the WPP's Oversight Advisor. The Operator is Link Fund Solutions and they have partnered with Russell Investments to deliver effective investment management solutions and provide strong net of fee performance for all the Constituent Authorities.

We have a clear vision and are in control of the pace we take to ensure we meet our goals. The eight Constituent Authorities of the Wales Pension Partnership are:

Governance

The WPP places a strong emphasis on governance and the diagram below illustrates the governance structure established by the WPP. In addition, the WPP Governance Matrix outlines the roles and responsibilities of the WPP's Joint Governance Committee, Officer Working Group, Host Authority, Operator, Oversight Advisor and Constituent Authorities (Pension Committees), this can be found on the WPP website.

Risk management is embedded into the governance of the WPP. The WPP has adopted a policy of seeking to identify and measuring key risks and to ensure that suitable controls and governance procedures are in place to manage these risks. The WPP's focus on risk management is evidenced by the fact that several of the WPP's work plan items relate to risk management.

During the course of this business plan the WPP will seek to develop mechanisms, frameworks and process for managing the following key risks:

- The service delivery and performance of its Operator
- Ongoing performance of investment managers
- The robustness of the WPP governance structure
- Risk associated with Climate change

The WPP believes in being open and transparent as well as regularly engaging with its key stakeholders. As such the WPP will ensure the meeting of the Joint Governance Committee are accessible to the public via a live webcast stream. Meeting papers will also be made publicly available. Local Pension Board engagement days will also be held regularly as a means of fostering stakeholder engagement.

The WPP recognises the importance of all of its stakeholders to reflect this the WPP has put in place an Engagement Protocol Framework, this is carried out via the following engagement mechanisms:

Engagement mechanisms	Frequency
• Strategic Relationship Review meeting	Bi-Annual
• JGC Engagement	Quarterly
• OWG Engagement	Every 2 Months
• Annual Shareholder Day	Annual
• Pension Fund Committees	Annual
• Manager Engagement Days	Bi-Annual
• Member Communications	Annual
• Engagement via the website & LinkedIn	Continuous

Objectives

The primary objectives for WPP are outlined below, these have been formulated following consultation with the Constituent Authorities on their requirements of the pool:

- To provide pooling arrangements which allow individual funds to implement their own investment strategies (where practical).
- To achieve material cost savings for participating funds while improving or maintaining investment performance after fees.
- To put in place robust governance arrangements to oversee the Pool's activities.
- To work closely with other pools in order to explore the benefits that all stakeholders in Wales might obtain from wider pooling solutions or potential direct investments
- To deliver an investment framework that achieves the best outcomes for its key stakeholders; the Constituent Authorities. The Constituent Authorities will be able to use this framework to deliver the best outcomes for their Scheme Members & Employers.

Beliefs

The WPP holds the following beliefs, these are used to guide the WPP's decision making, policies and business plans. These beliefs are reviewed annually.

- The WPP's role is to facilitate and provide an investment pooling platform through which the interests of the Constituent Authorities can be implemented.
- Good governance should lead to superior outcomes for the WPP's stakeholders.
- Internal collaboration between the Host and Constituent Authorities is critical to achieving the WPP's objectives. External collaboration may also be beneficial in delivering cost savings and better outcomes for stakeholders.
- Responsible Investment alongside consideration and evidential management of Environmental, Social and Governance issues should result in better outcomes for the WPP's stakeholders.
- Effective internal and external communication is vital to achieving the WPP's objectives.
- External suppliers can be a cost-effective means of enhancing the WPP's resources, capabilities and expertise.
- Fee and cost transparency will aid decision making and improve stakeholder outcomes.
- Continuous learning, innovation and development will help the WPP and its Constituent Authorities to evolve.
- A flexible approach to the WPP pool structure and implementation methods will enable the WPP pool to adapt in future and continue to meet the needs of its stakeholders.

Policies

The WPP's key policies, registers and plans are listed below and can be found on the WPP website at:

<https://www.walespensionpartnership.org/>

These documents are reviewed on at least an annual basis and the WPP will continually assess whether any additional policies, registers or plans are required.

- Responsible Investment Policy
- Training Plan
- Governance Matrix
- Communication Plan

The WPP workplan includes a number of additional governance documents that will be developed during the next three years, these will be made available on the WPP website.

Work Plan

The table below shows the key priorities and objectives that the WPP aims to complete over the next three years.

Governance

The WPP believes that good governance leads to better outcomes for its stakeholders, as such it will further develop its governance framework by developing additional policies, registers, plans and carrying out ongoing reviews of its existing governance documents and structure.

Work to be completed	2020 - 2021	2021 - 2022	2022 - 2023
• Development of Climate Risk Policy	✓		
• Development of Conflict of Interest Policy	✓		
• Development of a WPP Voting Policy	✓		
• Formulation of a WPP Governance Manual	✓		
• Formulation of a WPP Risk Register	✓		
• Review of Inter Authority Agreement		✓	✓
• Review of Joint Governance Committee Terms of Reference		✓	✓
• Review of Officer Working Group Terms of Reference		✓	✓
• Development of a WPP Business Continuity Plan		✓	✓
• Development of a WPP Complaints Policy			✓
• Development of a WPP Rebalancing Policy			✓
• Development of a WPP Breach and Errors Policy			✓
• Annual review and update of WPP Business Plan	✓	✓	✓
• Annual review of RI policy	✓	✓	✓

Ongoing Establishment

The WPP is proud of its progress to date in regard to the pooling of assets and will continue to allocate resources to ensure that all suitable assets are pooled. To date the WPP has pooled 50% of its assets and by the end of March 2021 the WPP plans to have pooled 70% of its assets.

Work to be completed	2020 - 2021	2021 - 2022	2022 - 2023
• Launch of Emerging Market equity tranche	✓		
• Launch of Fixed Income sub-funds	✓		
• Launch of Private Markets sub-funds	✓	✓	✓
• Review and develop a mechanism to pool any suitable non-pooled assets			✓

Operator Services

The Operator, alongside the third parties that it employs on behalf of the WPP, are critical to the ongoing activities of the WPP, therefore service delivery of the Operator and third-party suppliers pose a material risk to the WPP. The WPP will prioritise the development of a framework that will allow it to monitor and evaluate the Operator's service delivery, this framework will be imbedded into the WPP risk monitoring mechanisms.

Work to be completed	2020 - 2021	2021 - 2022	2022 - 2023
• Formulation of a WPP Operator Oversight Framework	✓		
• Review of Operator's contract	✓	✓	
• Review and development of Operator KPI reporting	✓	✓	
• Market Review of development with the Operator market		✓	
• Setting up and implementing a framework for monitoring the performance of Russell as investment advisors to Link		✓	✓
• WPP Operator re-tender			✓
• Formulation of new Operator contract			✓

Communication, Training and Reporting

The WPP's objective is to achieve material cost savings while improving or maintaining investment performance after fees, to track its progress towards this objective the WPP will continue to develop its investment performance mechanism. In particular the WPP will incorporate ESG metrics into its performance reporting to reflect the significance of ESG factors on investment performance.

The WPP wants to ensure that internal stakeholders and external parties are aware of the WPP's progress and will publish a WPP Annual Progress Update to proactively communicate its progress.

Work to be completed	2020 - 2021	2021 - 2022	2022 - 2023
<ul style="list-style-type: none"> Development of Investment Manager performance reporting, including ESG metrics and climate change risk 	✓	✓	
<ul style="list-style-type: none"> Formulation of the WPP's annual training plan 	✓	✓	✓
<ul style="list-style-type: none"> Formulation of the WPP's Annual Newsletter 	✓	✓	✓

Resources, budget and fees

The WPP recognises that insufficient resources poses a significant risk to its ability to deliver an investment framework that achieves the best outcomes for its key stakeholders, the WPP will carry out the following pieces of work to guarantee that it has suitable resources to deliver on this commitment.

Work to be completed	2020 - 2021	2021 - 2022	2022 - 2023
<ul style="list-style-type: none"> Appointment of legal advisor 	✓		
<ul style="list-style-type: none"> Annual review of resources and capacity 	✓	✓	✓
<ul style="list-style-type: none"> Formulation of Annual WPP Budget 	✓	✓	✓
<ul style="list-style-type: none"> Review and Monitoring of Fees (including Link & Russell) 	✓	✓	✓

Training Plan 2020-2021

The WPP must have appropriate knowledge and understanding of:

- the regulations and markets relating to the Local Government Pension Scheme (LGPS);
- the pooling of Local Government Pension Funds; and
- relevant investment opportunities.

The WPP's training plan is designed to supplement existing Constituent Authority training plans. Local level training needs will continue to be addressed by Constituent Authorities while the WPP training plan will offer training that is relevant to the WPP's pooling activities.

The list below outlines the training topics that the WPP plans to complete during the 2020-2021 financial year. The full WPP training plan can be found on the WPP website.

- Managing Conflict of interest
- Operator Monitoring
- Performance metric (including RI metrics)
- Progress of other LGPS Pools
- Collaboration Opportunities
- Climate Risk
- Asset Class – Alternatives (Private Markets)
- Decision Logging
- Identifying lessons to be learnt
- Transparency Requirements
- Enacting guidance and regulation

Budget 2020-2023

The table below outlines the WPP's budget for the next three years.

	2020-21	2021-22	2022-23
	£'000	£'000	£'000
Host Authority *	181	208	216
External Advisors *	580	580	580
TOTAL to be recharged	761	788	796
Operator Services **	27,557	32,033	35,136
TOTAL to be deducted from the NAV	27,557	32,033	35,136

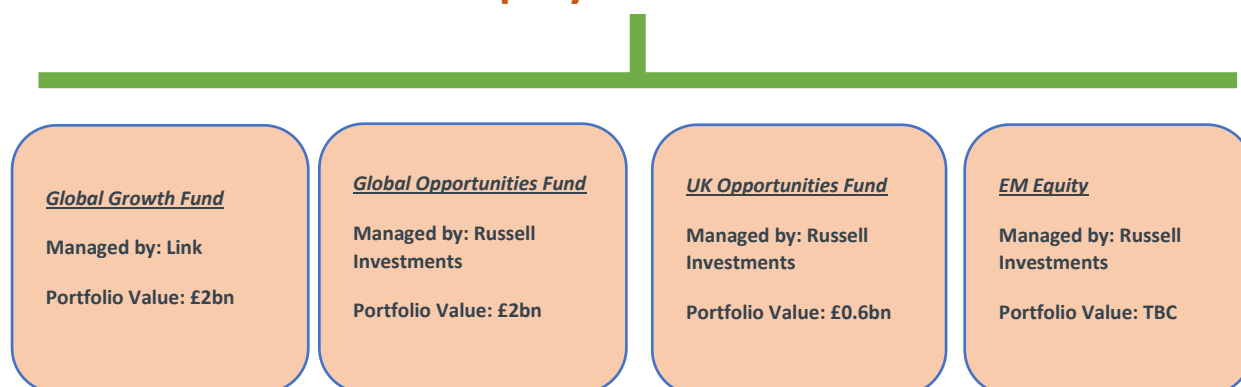

**Host Authority and External Advisor costs are to be funded equally by all eight of the WPP's Constituent Authorities and these will be recharged on an annual basis.*

***Operator Services costs are based on each Constituent Authority's percentage share of WPP assets (held with the Operator) and are deducted directly from the Net Asset Value (NAV) of the Constituent Authority's assets (held with the Operator).*

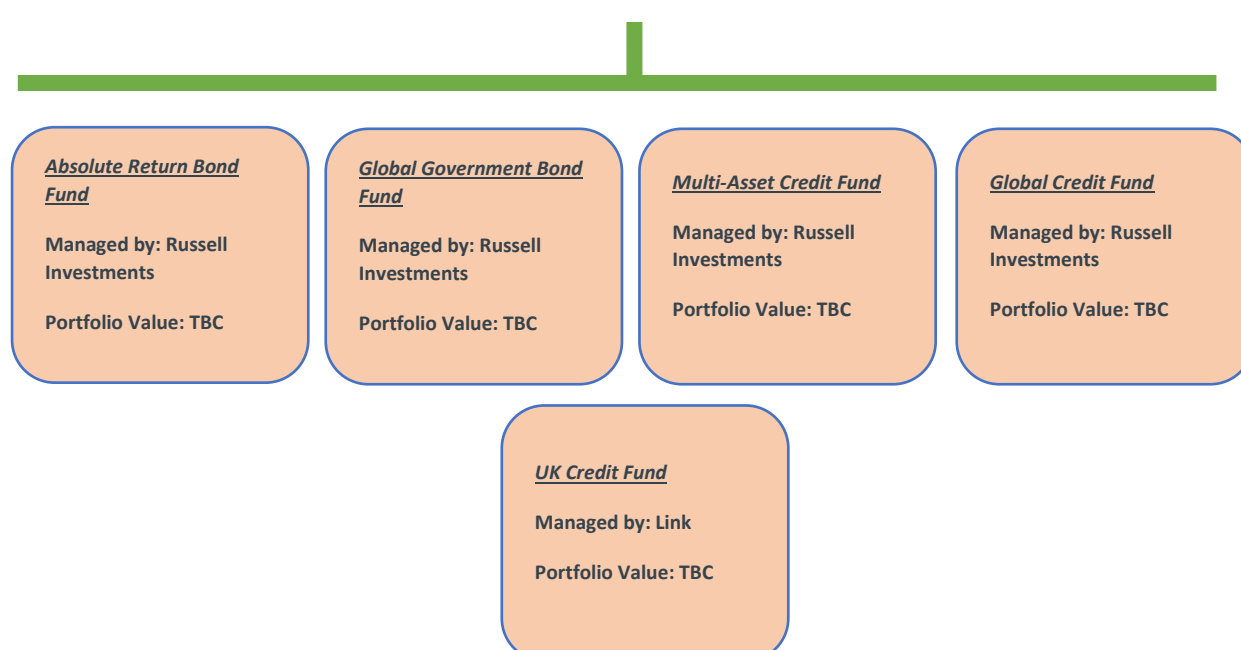

Investments & Performance

The WPP's Constituent Authorities have total assets of circa £17.5bn (as at 31 March 2019). The Constituent Authorities' passive investments are effectively within the Pool but are held by the respective WPP authorities in the form of insurance policies. The diagram below outlines the WPP's existing Sub-Funds:

Equity Sub-Funds

Fixed Income Sub-Funds

The Officer Working Group receives quarterly, six monthly and annual performance reports, the Group reviews and challenges the performance of Investment Managers on behalf of the WPP.

The WPP hosts regular manager engagement days, which are used to challenge managers and to facilitate engagement with Constituent Authority Pension Committee and Board Members and the WPP's Investment Managers. The Constituent Authorities also carry out their own analysis of WPP's investment performance at local level, this will include manager attendance at Pension Committees.

Sub Fund	Performance benchmark	Participating Funds	Managers	Launch Date

Agenda Item 4e

Report of the Section 151 Officer

Pension Fund Committee – 9 July 2020

Rathbone Training

Purpose:	To inform Pension Fund Committee of the status of one of its admitted body employers.
Consultation:	Legal, Finance and Access to Services.
Report Author:	J Dong
Finance Officer:	J Dong
Legal Officer:	S Williams
Access to Services Officer:	R Millar
For Information	

1 Background

- 1.1 The Pension Fund Committee approved the admission of Rathbone training in Sep 2015 and Dec 2015 as an admitted body employer in respect of 7 employees formerly employed by Gower College (4) and Swansea Council (3) (both scheduled employers of the City & County of Swansea Pension Fund).
- 1.2 As a requirement for admission Rathbone Training had to enter into a binding admission agreement, to which both Gower College and Swansea College were required to provide sponsoring employer guarantees in respect of any orphan or any other outstanding liabilities in the event of employer failure.

2 Rathbone Training

- 2.1 Notification was received in May 2020 that Rathbone Training had entered into creditors' voluntary liquidation.
- 2.2 At May 2020, of the 7 members identified in 1.1:
2 are pensioners

3 are deferred members

2 have transferred benefits

2.3 Therefore there are no current active members in respect of Rathbone Training.

2.4 There are outstanding invoices to Rathbone Training :

- £69,048 (early access costs in respect of former employees of Gower College & actuarial costs rechargeable to Gower College)
- £2,050 (actuarial costs rechargeable to Swansea Council)

These are being progressed with the appointed administrators, Begbies Traynor.

2.5 The appointed fund actuary, Aon has been notified and is undertaking the required statutory exit valuation in respect of the employer, Rathbone.

2.6 Any outstanding liability arising out of 2.4 and 2.5 which cannot be recovered from the administrators, Begbies Traynor shall be recovered from the sponsoring employers, Gower College and Swansea Council in line with the Admission agreement.

3 Legal Implications

3.1 The legal implications are identified within the Admission Agreement.

4 Financial Implications

4.1 There are no financial implications arising from this report.

5 Equality and Engagement Implications

5.1 There are no equality and engagement implications arising from this report.

Background Papers: None.

Appendices: None.

Agenda Item 4f

Report of the Section 151 Officer

Pension Fund Committee - 9 July 2020

Administering Authority - Resourcing

Purpose:	To approve the recommended resourcing amendments outlined within the report
Policy Framework:	LGPS Regulations (Administration) & LGPS Regulations (Investments)
Consultation:	Legal, Finance and Access to Services.
Recommendation(s):	It is recommended that: 1) the resourcing amendments outlined in 3.1 and the financial implications in 6.1 are approved.
Report Author:	Jeffrey Dong
Finance Officer:	Jeffrey Dong
Legal Officer:	Stephanie Williams
Access to Services Officer:	Rhian Millar

1 Introduction

- 1.1 The Administering Authority function comprises of largely two sides of the business in respect of the management of the assets (investments) of the pension fund and dealing with the liabilities (pension payments) of the pension fund each equally important but with separate and distinct skillsets. The Pension Administration Section is responsible for day to day dealings with members and employers and the accurate calculation and payment of members' benefits which involves the accurate maintenance and update of members' records, whereas the pension fund Investment team is responsible for the management and investment of the assets and the payment of pensions and lump sums and third party payments.

2 Finance Restructure

- 2.1 For line management and resourcing purposes within the Administrating Authority's (Swansea Council's) management structure, Pensions sits within the Finance Department within the Resources Directorate
- 2.2 In June 2020, the Chief Finance Officer implemented a senior staff restructure within the whole Finance Department to address job evaluation anomalies versus comparative roles across the Authority and to reflect the increased complexity, increased demand and statutory requirements required of the finance profession during the last 11 years since the job evaluation process. The inherent professionalism and commitment to deliver whatever has been required of it has been exemplified in the performance of the department as a whole during the recent Covid 19 Crisis. These changes were approved by CMT in March 2020.
- 2.3 As such the commensurate changes to the senior pensions staff are brought to Pension Fund Committee for approval.

3 Senior Staffing

- 3.1 The proposed restructure / regrading's:

Pension Administration

Strategic Pension Administration Manager grade 12

Deputy Strategic Pension Administration Manager grade 10

Pension Communication Officer grade 7

Pension Investments & Accounting

Pension Investment & Accounting Manager grade 11

- 3.2 The above roles are subject to job evaluation and appropriate HR advised recruitment and selection processes would be adopted to appoint to these roles.

4 Recommendation

- 4.1 It is recommended that the resourcing amendments outlined in 3.1 and the financial implications in 6.1 are approved.

5 Legal Implications

- 5.1 HR & OD shall be consulted and the most appropriate recruitment and selection process shall be adopted to fill these roles

6 Financial Implications

- 6.1 The financial implications arising from this report can be met from the pension fund resourcing budget. The projected total cost of the resourcing proposals in 3.1 would be approximately £32k at 19/20 pay rates when top of scales are reached.

7

Equality Impact Assessment Implications

7.1 There are no equality implications arising from this report

Background Papers: None.

Appendices: None.

Agenda Item 5

Report of the Chief Legal Officer

Pension Fund Committee – 9 July 2020

Exclusion of the Public

Purpose:	To consider whether the Public should be excluded from the following items of business.	
Policy Framework:	None.	
Consultation:	Legal.	
Recommendation(s):	It is recommended that:	
1)	The public be excluded from the meeting during consideration of the following item(s) of business on the grounds that it / they involve(s) the likely disclosure of exempt information as set out in the Paragraphs listed below of Schedule 12A of the Local Government Act 1972 as amended by the Local Government (Access to Information) (Variation) (Wales) Order 2007 subject to the Public Interest Test (where appropriate) being applied.	
	Item No's.	Relevant Paragraphs in Schedule 12A
	6-8	14
Report Author:	Democratic Services	
Finance Officer:	Not Applicable	
Legal Officer:	Tracey Meredith – Chief Legal Officer (Monitoring Officer)	

1. Introduction

- 1.1 Section 100A (4) of the Local Government Act 1972 as amended by the Local Government (Access to Information) (Variation) (Wales) Order 2007, allows a Principal Council to pass a resolution excluding the public from a meeting during an item of business.
- 1.2 Such a resolution is dependant on whether it is likely, in view of the nature of the business to be transacted or the nature of the proceedings that if members of the public were present during that item there would be disclosure to them of exempt information, as defined in section 100I of the Local Government Act 1972.

2. Exclusion of the Public / Public Interest Test

- 2.1 In order to comply with the above mentioned legislation, Cabinet will be requested to exclude the public from the meeting during consideration of the item(s) of business identified in the recommendation(s) to the report on the grounds that it / they involve(s) the likely disclosure of exempt information as set out in the Exclusion Paragraphs of Schedule 12A of the Local Government Act 1972 as amended by the Local Government (Access to Information) (Variation) (Wales) Order 2007.
- 2.2 Information which falls within paragraphs 12 to 15, 17 and 18 of Schedule 12A of the Local Government Act 1972 as amended is exempt information if and so long as in all the circumstances of the case, the public interest in maintaining the exemption outweighs the public interest in disclosing the information.
- 2.3 The specific Exclusion Paragraphs and the Public Interest Tests to be applied are listed in **Appendix A**.
- 2.4 Where paragraph 16 of the Schedule 12A applies there is no public interest test. Councillors are able to consider whether they wish to waive their legal privilege in the information, however, given that this may place the Council in a position of risk, it is not something that should be done as a matter of routine.

3. Financial Implications

- 3.1 There are no financial implications associated with this report.

4. Legal Implications

- 4.1 The legislative provisions are set out in the report.
- 4.2 Councillors must consider with regard to each item of business set out in paragraph 2 of this report the following matters:
 - 4.2.1 Whether in relation to that item of business the information is capable of being exempt information, because it falls into one of the paragraphs set out in Schedule 12A of the Local Government Act 1972 as amended and reproduced in Appendix A to this report.
 - 4.2.2 If the information does fall within one or more of paragraphs 12 to 15, 17 and 18 of Schedule 12A of the Local Government Act 1972 as amended, the public interest test as set out in paragraph 2.2 of this report.
 - 4.2.3 If the information falls within paragraph 16 of Schedule 12A of the Local Government Act 1972 in considering whether to exclude the public members are not required to apply the public interest test but must consider whether they wish to waive their privilege in relation to that item for any reason.

Background Papers: None.

Appendices: Appendix A – Public Interest Test.

Public Interest Test

No.	Relevant Paragraphs in Schedule 12A
12	Information relating to a particular individual.
	<p>The Proper Officer (Monitoring Officer) has determined in preparing this report that paragraph 12 should apply. Their view on the public interest test was that to make this information public would disclose personal data relating to an individual in contravention of the principles of the Data Protection Act. Because of this and since there did not appear to be an overwhelming public interest in requiring the disclosure of personal data they felt that the public interest in maintaining the exemption outweighs the public interest in disclosing the information. Members are asked to consider this factor when determining the public interest test, which they must decide when considering excluding the public from this part of the meeting.</p>
13	Information which is likely to reveal the identity of an individual.
	<p>The Proper Officer (Monitoring Officer) has determined in preparing this report that paragraph 13 should apply. Their view on the public interest test was that the individual involved was entitled to privacy and that there was no overriding public interest which required the disclosure of the individual's identity. On that basis they felt that the public interest in maintaining the exemption outweighs the public interest in disclosing the information. Members are asked to consider this factor when determining the public interest test, which they must decide when considering excluding the public from this part of the meeting.</p>
14	Information relating to the financial or business affairs of any particular person (including the authority holding that information).
	<p>The Proper Officer (Monitoring Officer) has determined in preparing this report that paragraph 14 should apply. Their view on the public interest test was that:</p> <ul style="list-style-type: none"> a) Whilst they were mindful of the need to ensure the transparency and accountability of public authority for decisions taken by them in relation to the spending of public money, the right of a third party to the privacy of their financial / business affairs outweighed the need for that information to be made public; or b) Disclosure of the information would give an unfair advantage to tenderers for commercial contracts. <p>This information is not affected by any other statutory provision which requires the information to be publicly registered.</p> <p>On that basis they felt that the public interest in maintaining the exemption outweighs the public interest in disclosing the information. Members are asked to consider this factor when determining the public interest test, which they must decide when considering excluding the public from this part of the meeting.</p>

No.	Relevant Paragraphs in Schedule 12A
15	<p>Information relating to any consultations or negotiations, or contemplated consultations or negotiations, in connection with any labour relations matter arising between the authority or a Minister of the Crown and employees of, or office holders under, the authority.</p>
	<p>The Proper Officer (Monitoring Officer) has determined in preparing this report that paragraph 15 should apply. Their view on the public interest test was that whilst they are mindful of the need to ensure that transparency and accountability of public authority for decisions taken by them they were satisfied that in this case disclosure of the information would prejudice the discussion in relation to labour relations to the disadvantage of the authority and inhabitants of its area. On that basis they felt that the public interest in maintaining the exemption outweighs the public interest in disclosing the information. Members are asked to consider this factor when determining the public interest test, which they must decide when considering excluding the public from this part of the meeting.</p>
16	<p>Information in respect of which a claim to legal professional privilege could be maintained in legal proceedings.</p>
	<p>No public interest test.</p>
17	<p>Information which reveals that the authority proposes: (a) To give under any enactment a notice under or by virtue of which requirements are imposed on a person; or (b) To make an order or direction under any enactment.</p>
	<p>The Proper Officer (Monitoring Officer) has determined in preparing this report that paragraph 17 should apply. Their view on the public interest test was that the authority's statutory powers could be rendered ineffective or less effective were there to be advanced knowledge of its intention/the proper exercise of the Council's statutory power could be prejudiced by the public discussion or speculation on the matter to the detriment of the authority and the inhabitants of its area. On that basis they felt that the public interest in maintaining the exemption outweighs the public interest in disclosing the information. Members are asked to consider this factor when determining the public interest test, which they must decide when considering excluding the public from this part of the meeting.</p>
18	<p>Information relating to any action taken or to be taken in connection with the prevention, investigation or prosecution of crime</p>
	<p>The Proper Officer (Monitoring Officer) has determined in preparing this report that paragraph 18 should apply. Their view on the public interest test was that the authority's statutory powers could be rendered ineffective or less effective were there to be advanced knowledge of its intention/the proper exercise of the Council's statutory power could be prejudiced by public discussion or speculation on the matter to the detriment of the authority and the inhabitants of its area. On that basis they felt that the public interest in maintaining the exemption outweighs the public interest in disclosing the information. Members are asked to consider this factor when determining the public interest test, which they must decide when considering excluding the public from this part of the meeting.</p>
