Julie Thomas, Head of Child and Family Services then updated the Panel on the effects of the Pandemic including impacts, activities, challenges, and recovery.

Discussion Points:

- A Recovery/Modification Plan is in place.
- In performance, the headline figures are stable although there is a level of child protection activity and the front door is busy, but is diverting more cases.
- Focus is needed on assessment, signs of safety metrics and care and support plans.
- Unlikely the Service will return to pre-covid model. What has been learnt will be used to strengthen the Service going forward.
- Panel expressed appreciation to staff working in a very difficult situation and who have adapted the Service to meet demands so quickly.
- Panel feels success of the Service has been front line face-to-face and this cannot happen working from home. Therefore important to strike a balance.
- HOS is very proud of staff throughout the Service who have been exceptional.
- Point 2.6 of Modification Plan – Panel feels this is very important. Informed Service was concerned about producing signs of safety work but they have still been able to do this both virtually and face-to-face. They are three quarters of way through staff wellbeing programme, which demonstrates commitment to staff and the building has been opened to staff on voluntary basis. The Service is also working more closely with Health Board which is a positive coming out of this situation.
- Page 14 of Modification Plan – Face to face between staff and the public. Panel concerned number of areas have red status. Informed other than one area, things have moved on since this report was produced and the Service is dealing with all of these.
- Panel was referred to document on Child and Family Safe Looked After Children (LAC) Reduction Strategy. Looking at the detail it is very impressive. In Swansea vast majority of LAC are placed close to home

Actions:

- Presentation on Child and Family Safe LAC Reduction to be circulated to Panel for information.

The Chair stated that Julie Thomas would shortly be retiring from the Council. Panel expressed their thanks for all her hard work and for everything she has achieved and wished her a long and happy retirement. Julie Thomas thanked the Panel for all the support they have given her.

**Summary:** This is a letter from the Child & Family Services Scrutiny Performance Panel to the Cabinet Member for Children Services following the meeting of the Panel on 16 September 2020. It covers Service Specific Update on Covid-19 Pandemic.

Dear Cllr King,

The Panel met on 16 September 2020 to receive an update on the impact of the Covid-19 Pandemic on Child and Family Services.

We would like to thank you, Sam Pritchard and Julie Thomas for attending and answering questions. We appreciate your engagement and input.

We are writing to you to reflect on what we learnt from the discussion, share the views of the Panel, and, where necessary, raise any issues or recommendations for your consideration and response. The main issues discussed are summarised below:

### **Service Specific Update on Covid-19 Pandemic**

You introduced the item stating that it had been an unprecedented situation and that there had been a close working relationship with the Health Board and internally with Education. You stated that you are incredibly proud of what the Service has achieved and that this is due to the staff. Julie then updated us on the effects of the Pandemic including impacts, activities, challenges, and recovery.

We heard that a Recovery/Modification Plan is in place.

With regards performance, we heard that the headline figures are stable although there is a level of child protection activity and the front door is busy, but is diverting more cases. We also heard that a focus is needed on assessment, signs of safety metrics and care and support plans.

We were informed that it is unlikely the Service will return to the pre-covid model and that what has been learnt will be used to strengthen the Service going forward.

We expressed our appreciation to staff working in a very difficult situation and who have adapted the service to meet demands so quickly. We felt success of the Service had been due to front line face-to-face and that this could not happen working from home. You said you felt it was important to strike a balance. Julie told us she is proud of staff throughout the Service who have been exceptional.

We mentioned two points in the Modification Plan that we felt were very important and asked for your comments.

- Page 5, Point 2.6 – We were informed that the Service had been concerned about producing signs of safety work but that they have still been able to do this both virtually and face-to-face. We heard that the Service is three quarters of the way through the staff wellbeing programme, which demonstrates commitment to staff. We were pleased to hear that the building had been opened to staff on a voluntary basis. Also that the Service is working more closely with the Health Board which is a positive coming out of this situation.
- Page 14, Table – Face to face between staff and the public. We were concerned about the number of areas that had red status. We were informed that other than one area, things have moved on since this report was produced and the Service is dealing with all of these issues. We heard, for example, that children do not currently have drop-in opportunities, however, a meeting is taking place with unions to discuss opening up InfoNation. We also heard that EHH home visits are picking up.

We were asked to look at the document on Child and Family Safe Looked After Children (LAC) Reduction Strategy. Looking at the detail it is very impressive. We heard that in Swansea the vast majority of LAC are placed close to home. We were very pleased to hear this. Julie Thomas agreed to circulate this presentation to us for information.

We discussed the fact that Julie Thomas would shortly be retiring from the Council. We expressed our thanks for all her hard work, and for everything she has achieved, and wished her a long and happy retirement. Julie thanked us for all the support we have given her.

## **Your Response**

We hope you find this letter useful and informative. We would welcome your views and comments on any of the issues raised but, in this instance, a formal response is not required.

Yours sincerely

## 1. Background

- 1.1 In February 2020, the Welsh Audit Office (WAO), now called Audit Wales, published a report “Follow-up review of corporate arrangements for the safeguarding of children – City and County of Swansea”. The report was the product of a local review carried out in September 2019.
- 1.2 The main question for the study was: “Has the Council acted upon the recommendations and proposals for improvement contained in the national and local reports of the Auditor General published in 2014 and 2015? “. The review was carried out to seek assurance that the Council has effective corporate arrangements in place for safeguarding children
- 1.3 The review took into account the findings of the first review of the Council’s corporate arrangements to support safeguarding of children, which took place in 2013/14. It considered the Council’s progress in implementing the set of recommendations contained in the Auditor General’s report, ‘Review of Corporate Safeguarding Arrangements in Welsh Councils’ (July 2015).
- 1.4 The next section looks at how Swansea Council has taken on these recommendations, and the arrangements we currently have in place to effectively safeguarding our most vulnerable children and young people.

## 2. Context

- 2.1 **What is Corporate safeguarding?** Safeguarding used to be only associated with educational establishments or social care environments that care for children. However, every organisation or service has employees or business partners who may directly or indirectly engage with children or vulnerable adults or families either in their place of work , or within the community. Corporate Safeguarding provides a policy and operational framework to ensure all of the Council’s workforce and those people who work on our behalf are clear on their obligations to safeguard children and adults at risk.

### 2.2 **Safeguarding as Everyone’s Business.**

Our corporate safeguarding policy promotes “a “Safeguarding as everyone’s business” approach, and this applies to

- our employees
- elected members
- volunteers
- contractors (specific conditions may also apply within contracts)

- 2.3 **The Council’s Corporate Safeguarding policy** – the policy aims to ensure that all Council policies and practices are consistent, and in line with stated values, which must underpin all work with our most vulnerable children, young people and adults who are or may become at risk. The policy has to be supported by strong governance, and should reinforce best practice

across the whole Council. It aims to ensure all services are delivered so that children and young people at risk are safe from harm and are able to fulfil their potential and with regard to their own rights (as set out in UN Rights of the Child).

**2.4 Rights of a Child-** the Council is committed to the 1945 Declaration of Human Rights, and the UN Convention on the Rights of a Child. The Social Services and Well-being (Wales) Act (2014) has recently reviewed national guidance on safeguarding practice in Wales to ensure that children are safe and protected, and vulnerable people are able to live their lives fully, and to achieve their own wellbeing outcomes.. The Safeguarding Vulnerable Groups Act (2006) still applies in England and Wales. This Act aims to prevent those deemed unsuitable to work with children and vulnerable adults, from gaining access through work (whether paid or unpaid). The Act was established to try and solve the failures identified by the 2004 Bichard Inquiry.

**2.5 Safeguarding as a corporate priority-** Swansea Council's latest corporate safeguarding policy is our statement of shared values and corporate expectations. It acts as a record of our policy commitment to vulnerable children and this document gives detail on the arrangements in respect of future safeguarding actions to be taken. We have also placed safeguarding vulnerable people as a foremost corporate priority, with the Corporate Plan 2018-22.

**2.6 Governance** Since the first review, the Council has further strengthened governance and management arrangements to oversee the implementation of the revised Corporate Safeguarding policy. The Director of Social Services and lead Cabinet Member jointly chair the Council's Corporate Safeguarding group, to drive forward the group's work programme.

### **3. WAO Conclusions**

3.1 Audit Wales found that the Council has addressed most of the recommendations in our previous national and local safeguarding reports but should strengthen some aspects of its corporate safeguarding arrangements: [AuditWales FollowUpReview Swansea Feb2020](#)

3.2 A number of other Welsh Local Authorities have had similar follow up reviews this year.

3.3 The Audit Wales follow up review report (Feb. 2020) has set out a number of recommendations to Swansea Council of further improvements that could be made. There are no real surprises, as most of these are areas of development we are already working on, and the Audit Wales review team were made aware of this via our self assessment, and during interviews.

## 4. Audit Wales Recommendations

### 4.1 Full Table of Audit Wales Recommendations

In their report: Audit Wales identified the following proposals for improvement.

<b>Proposals for improvement</b>
<b>P1</b> The Council should review its Disclosure and Barring Service (DBS) Policy to remove obsolete references and ensure it is up to date.
<b>P2</b> The Council should strengthen its Recruitment and Selection Policy in the following ways:
– refer to safeguarding as a key commitment in the opening section of the Council’s recruitment policy;
– specify that job adverts for posts that require a DBS check will contain an explicit statement on safeguarding; and
– cross-refer to the Corporate Safeguarding Policy and the DBS Policy.
<b>P3</b> The Council should develop a central system for recording and monitoring volunteer information, including any training records and DBS checks for volunteers, and consider producing central guidance for the recruitment of volunteers.
<b>P4</b> The Council should consider whether its tender documentation could be strengthened with regard to safeguarding.
<b>P5</b> The Council should ensure appropriate monitoring of safeguarding contractual provisions across all Directorates.
<b>P6</b> The Council should consider producing corporate performance measures in respect of DBS check compliance and better performance measures in respect of corporate safeguarding training.

<b>P9</b> The Council needs to accelerate the rate of compliance with the completion of its mandatory safeguarding training.
