70 Disclosures of Personal and Prejudicial Interests.

In accordance with the Code of Conduct adopted by the City and County of Swansea, the following interests were declared: -

Councillors P M Black and T M White declared personal interests in Minute No.73 – Internal Audit Plan 2020/21 – Monitoring Report for the Period 1 October to 31 December 2021 and Minute No.74 – Internal Audit Recommendation Follow-up Report – Quarter 3 2021/22.

71 Minutes.

Resolved that the Minutes of the previous meeting of the Audit Committee were approved as a correct record.

72 Service Centre – Accounts Receivable Update.

Ben Smith, Director of Finance / Section 151 Officer provided a verbal update regarding Accounts Receivable, particularly the escalating of invoice recovery as quickly and effectively as possible and the backlog of invoice recovery. He added that the report was verbal owing to the continued significant pressure upon staff resources as a result of UK and Welsh Government announcements.

It was added that the service area was back to the position it found itself in two years ago in respect of the wider context. Whilst the service area was important, staff resources had been utilised to support additional areas of work for the Authority, including business support grants, rate relief grants and winter fuel payment grants.

The actions undertaken within the Department / Service area were outlined including that the monthly Debt Recovery Team meetings, which continued to be undertaken. The levels of outstanding debt was also being monitored very closely and at the end of January 2022, £11m in debts were outstanding, with 80% short term debt and 20% long term debt. However, it was recognised that long term debt had remained at similar levels as previous years.

He referred to the Impact of the Corporate Insolvency and Governance Act 2020, in particular the measures introduced which fell into two sets: permanent measures to update the UK insolvency regime, and temporary measures to insolvency law and corporate governance to assist businesses during the pandemic. He also referred to 'Breathing Space' measures introduced in relation to debt recovery.

The Committee discussed the following: -

- Evidence showing that additional education of service departments regarding debts was working;
- Overall level of debts and comparisons with previous years;
- How Swansea at present had the strongest balance sheet of local authorities in Wales;
- Long-term outstanding debts.

The Chief Auditor stated that an annual audit was undertaken on Accounts Receivable and the results would be reported in the Quarter 4 Monitoring Report.

The Chair added that the pressures across all areas be noted and the Committee needed to keep a watchful eye on the position as it was likely to get worse not better. She added that a further update would be required.

Resolved that: -

- 1) The contents of the update be noted;
- 2) The Director of Finance / Section 151 Officer circulates the notes regarding the topics discussed to the Committee.

73 Internal Audit Annual Plan 2021/22 - Monitoring Report for the Period 1 October 2021 to 31 December 2021.

Simon Cockings, Chief Auditor presented a detailed 'for information' report which showed the audits finalised and any other work undertaken by the Internal Audit Section during the period 1 October to 31 December 2021.

A total of 20 audits were finalised during the quarter. The audits finalised were listed in Appendix 1, which also showed the level of assurance given at the end of the audit and the number of recommendations made and agreed. Appendix 2 provided a summary of the scope of the reviews finalised during the period.

An analysis of the assurance levels of the audits finalised was given and a total of 105 audit recommendations were made and management agreed to implement all of the recommendations. An analysis of the recommendations agreed during the quarter was also provided.

It was explained that due to the ongoing Covid-19 pandemic, access to the majority of Council sites had been restricted, which caused a significant impact to the Audit Team's ability to complete on-site testing. However, with the success of the Covid-19 vaccination programme and the easing of some restrictions over the quarter, the audit team had been able to successfully undertake a number of site visits to complete on site testing where this had been deemed essential to the completion of the audit. Ongoing conditions continued to impact on the team's ability to progress with business as usual in some instances and the team had continued to work hard to undertake audit work remotely in the first instance.

An analysis of the details provided at Appendix 3 showed that as at 31/12/21, 65 audit activities from the 2021/22 audit plan had been completed to at least draft report stage (50%), with an additional 25 audits in progress (19%). As a result approximately 69% of the Audit Plan had either been completed or was in progress.

It was explained that no moderate audit follow-ups were undertaken in the quarter. The follow-up of the Management of Absence audit had been scheduled to be completed in quarter two. However, following the update from the Head of Service Centre at the September Committee meeting and due to ongoing staffing pressures within the department, the follow-up had been rescheduled to be completed in quarter four.

The Committee discussed the following: -

- Employee Vetting (DBS) – It was confirmed that the audit review was underway and would be reported as part of the Quarter 4 Monitoring Report;
- Testing of safeguarding in respect of the Community Alarm Service / Community Equipment Service in order to provide assurance and be included in the Employee Vetting (DBS) audit;
- The separate Safeguarding audit included in the 2022-23 Audit Plan;
- Very little mention of risk management within the Summary of Scope of Audits Finalised in Quarter 3 2021/22, the confidence that all risks were being identified in the audits;

- How Internal Audit reviewed risk on an annual basis, looking at each directorate on a rotational basis and undertaking a 'deep dive' within each directorate;
- Internal Audit examining Corporate Risks annually and how Service Risks are escalated through departmental PFM's;
- How the current process is adequate, was operating effectively and the concentration upon the process as a whole and the reasons for escalations;
- The assurance of the Chief Auditor that work surrounding risk is adequate, the additional work investigating risks undertaken by Internal Audit and the improvements that had been made by the Authority in respect of risk management;
- The difficulty of Internal Audit looking at Service Level Risk due to the detail required;
- The possibility of undertaking a bottom up approach as opposed to a top down approach;
- Internal Audit concentrating upon the escalation process going forward;
- DBS being carried out in Waste, particularly in respect of agency workers;
- Taxi Framework Contract – particularly DBS checks in respect of contract providers and how contract renewals stipulate that providers must have DBS checks in place.

The Chief Auditor noted the additional actions to add the Community Alarm / Community Equipment DBS checks to the DBS audit, to look at DBS checks upon Waste drivers / agency workers if not already covered and to concentrate upon the escalation process in respect of risk management.

The Chair added that she also had concerns regarding the Taxi Framework Contract and had been assured after reading the full report. She added that the Committee would benefit from reading through the full audit reports on Partnerships and Achieving Better Together – Recovery and Refocus which contained some rich information regarding governance and risk and asked that these be circulated to the Committee. She added that she received all full audit reports and requested that Committee Members contact her directly if they wished to view any reports.

She also congratulated the Internal Audit Team on progressing the number of audits they had completed under very difficult circumstances.

74 Internal Audit Recommendation Follow-Up Report - Quarter 3 2021/22.

The Chief Auditor presented a 'for information' report which provided the Committee with the status of the recommendations made in those audits where the follow-up's has been undertaken in Quarter 3 2021/22, which allowed the Audit Committee to monitor the implementation of recommendations made by Internal Audit. Appendix 1 provided a summary of the recommendations accepted and implemented. Appendix 2 provided details of recommendations not implemented.

The Chair highlighted that a suitable solution in respect of External Audit Recommendation Tracking should be found as soon as possible in order for the Council to have a far better control of the situation.

75 Corporate Risk Overview – Quarter 3 2021/22.

Adam Hill, Deputy Chief Executive presented 'for information' the Quarter 3 2021/22 report which provided an overview of the status of Corporate Risk in the Council to provide assurance to the Committee that key risks were being managed in accordance with the Council's risk management policy and framework.

The following summarised the status of risks recorded in the Corporate Risk Register as at Quarter 3 2021/22: -

- There were 9 Red status risks in the Corporate Risk Register as at the end of Q3 2021/22;
- All of the Corporate risks were recorded as having been reviewed at least once during Q3;
- 2 new risks were added to the Corporate Risk Register:
 - Risk ID 306. WCCIS (Welsh Community Care Information System).
 - Risk ID 309. Oracle Fusion.
- 2 Corporate risks were deactivated:
 - Risk ID 223. Sustainable Swansea Transformation Programme Delivery.
 - Risk ID 296. Supply of Construction Materials.
- 1 risk was escalated from the Social Services Directorate Risk Register to the Corporate Risk register:
 - Risk ID 221. Availability of Domiciliary Care.
- 1 Corporate Risk was de-escalated to the Resources Directorate Risk Register:
 - Risk ID 155. Tax Evasion.

The report at Appendix A includes the risks as at 04/01/22 recorded within the Council's Corporate Risk Register. The reports for each risk included general explanatory information relating to their classification.

It was added that the need for responsible officers to review their Control Measures was discussed and reinforced at Corporate Management Team in August and was followed-up again in October 2021. Control Measures and changes to Control Measures in these Corporate Risks are being reviewed and feedback / advice on improving them was being provided to responsible officers.

The Committee discussed the following: -

- 4 Social Services Department risks being included in the 9 red status risks which reflected the pressure on the department;
- Problems faced by staff with WCCIS, the commitment shown to overcome the problems, recognising the difficulties faced when moving to a new system with a partner organisation and recognising the progress made.

The Chair added that teething problems were expected when introducing new systems. She also requested that Internal Audit include the new Corporate Risk of WCCIS and the Availability of Domiciliary Care be investigated early in the 2022/23 Audit Plan.

The Deputy Chief Executive added that the escalation of the Availability of Domiciliary Care from the Social Services Directorate Risk Register to the Corporate Risk register was a good example of the system working correctly.

76 Place: Internal Control Environment 2021/22.

Martin Nicholls, Director of Place presented a 'for information' report which provided the Place Directorate control environment, including risk management, in place to ensure: functions were exercised effectively; there was economic, efficient and effective use of resources, and; effective governance to secure these arrangements.

The report outlined the procedure within the Directorate relating to risk management and it was noted that there was an expectation that the Place Directorate was fully compliant with reviewing control measures, risk wording and risk level each month as part of a joined up approach. Appendix A outlined the (Directorate) Corporate and Directorate Risks on a page Report.

It was added that each service area also had a robust continuity plan, which had stood up to the test rigorously over the last 18 months during the Covid Pandemic, with service areas having to adapt and change to accommodate new requirements with minimal compromise to service delivery.

Details of risk management, business continuity, Performance management / KPI's, planning, decision making, budget and resources management, fraud and financial impropriety procedures, and compliance with policies, rules and regulatory requirements were provided.

It was also outlined that the directorate had developed a cross cutting project management team to develop and deliver a wide range of projects and examples were provided. The progress of projects was also reviewed on a monthly basis.

The report also highlighted key elements of internal controls, data security and partnership / collaboration governance.

The Committee asked a number of questions of the Officer, who responded accordingly. Discussions included the following: -

- Retention of technical staff and how the Department was progressing growing its own resource by providing training programmes / apprentice employment in order to try to prevent talent being employed by the private market. However, it was recognised that a significant salary gap existed;
- Partnership working through the South West Wales Corporate Joint Committee and Swansea Bay City Region Joint Committee, particularly attracting new talent and developing skills via the City Deal.

The Chair referred to Key Performance Indicators (KPI's) and requested additional information be provided in future reports surrounding both positive and negative results, particularly regarding high levels of sickness in Waste, Parks and Cleansing. She requested that assurance be provided regarding high sickness levels and the use of agency staff as cover.

The Chair thanked the Director for providing a detailed Place Directorate review.

77 Workforce Strategy.

Adrian Chard, Strategic Human Resources and Organisational Development Manager reported 'for information' on the process for the implementation of the Workforce Strategy for Swansea Council 2022 to 2025.

The Strategy would be developed to tie in with the priorities contained in the Corporate Plan.

He added that the strategic priorities contained four themes as follows: -

- Leadership and management
- A workforce fit for the future
- Being an employer of choice
- Workforce well-being and inclusion

He also provided feedback on the staff survey and highlighted that there had been a poor response, particularly from frontline staff, which would be addressed in order to obtain a fuller perspective. Workshops had also taken place involving staff and Trade Unions which discussed the four themes.

It was added that the Strategy was in the process of being finalised with the intention to achieve final agreement with CMT and Cabinet in February. In addition, subject to any final changes, it was intended that the Strategy be launched through appropriate communications and engagement channels in March 2022.

Discussions followed regarding the following: -

- The wide ranging workforce areas within the Council;
- Customer satisfaction with the Council;
- Development of a staff handbook / services via Staffnet;
- Focussing upon staff resources rather than obtaining service awards;
- The approach of the Council to equalities issues.

The Chair welcomed the introduction of the Strategy and requested that an annual update be provided to the Committee.

78 Governance & Audit Committee Action Tracker Report.

The Governance & Audit Committee Action Tracker Report was provided 'for information'.

79 Governance & Audit Committee Work Plan.

The Audit Committee Work Plan was reported 'for information'.

The Chair noted the Draft 2022/2023 Work Plan at Appendix 3, which included the additional responsibilities of the Committee.

She added that the process to appoint 3 additional Lay Members was ongoing with the shortlisting of candidates taking place at Appointments Committee on 9 February 2022.

She further noted that the Committee would continually review the work undertaken by the Scrutiny Programme Committee to avoid any duplication.

The meeting ended at 3.34 pm

Agenda Item 4

Report of the Chief Auditor

Governance & Audit Committee – 8 March 2022

Draft Internal Audit Annual Plan 2022/23

Purpose:	This report presents the Draft Internal Audit Annual Plan for 2022/23 to the Governance and Audit Committee for consideration to determine whether any amendments need to be made prior to the final plan being presented to the Committee in April for approval.
Policy Framework:	None
Consultation:	Legal, Finance, Access to Services.
Recommendation:	It is recommended that: - 1) The Committee reviews the draft Plan prior to the final Plan being presented on 12 April 2022.
Report Author:	Simon Cockings
Finance Officer:	Ben Smith
Legal Officer:	Tracey Meredith
Access to Services Officer:	Catherine Window

1. Introduction

- 1.1 The Public Sector Internal Audit Standards (PSIAS) requires a risk-based Internal Audit Plan to be prepared each year to determine the priorities of Internal Audit and ensure they are consistent with the Council's goals and objectives.
- 1.2 The Audit Plan must provide sufficient coverage across the whole of the Council's activities to allow the Chief Auditor to be able to give an opinion on the control environment including governance, risk

management and internal control. The annual Internal Audit opinion which is delivered to the Section 151 Officer and the Governance and Audit Committee is a key input into the Council's Annual Governance Statement.

- 1.3 The PSIAS also require the Audit Plan to be linked to a high-level Audit Strategy which shows how the internal audit service will be delivered, how it will be developed in accordance with the Internal Audit Charter and how it links to the Council's objectives and priorities
- 1.4 The methodology used to prepare the Audit Plan is also due to be reported to the Governance and Audit Committee at the meeting on 8th March 2022.
- 1.5 This report presents the Draft Internal Audit Annual Plan 2022/23 to the Governance and Audit Committee for consideration. The Corporate Management Team reviewed, discussed and approved the draft plan on the 23rd February. The final plan will return to the Audit Committee in April for final approval.

2. Internal Audit Strategy and Annual Plan 2022/23

- 2.1 A risk-based Internal Audit Annual Plan is produced each year which is used to guide the work of the Internal Audit Section and ensure sufficient coverage of the Council to allow the Chief Auditor to deliver the annual opinion on the internal control environment as well as providing assurance to management, the Section 151 Officer and the Governance and Audit Committee.
- 2.2 The Internal Audit Annual Plan must incorporate or be linked to a strategic or high-level statement of how the work of Internal Audit will be delivered and developed in accordance with the Internal Audit Charter and how it links to the Council's goals and objectives. The Internal Audit Strategy and the Internal Audit Charter for 2022/23 will accompany the final version of the Plan which due to be presented to Governance and Audit Committee in April.
- 2.3 For 2022/23, the Internal Audit Section is made up of 9.1 full time equivalents plus the Chief Auditor which is the same level of resources available in 2021/22. This gives a total number of available days of 2,366.
- 2.4 A summary of the Internal Audit Plan 2022/23 is shown in Appendix 1 and a list of audits planned for the year is shown in Appendix 2 along with the number of days planned for each audit as well as the perceived risk of each audit arising from the risk assessment process.
- 2.5 The Internal Audit Plan 2022/23 accommodates any audits which were deferred from the 2021/22 Plan where the risk justifies their inclusion.

- 2.6 The Plan includes time for all fundamental audits due in the year i.e. systems that are so significant to the achievement of the Council's objectives that they are audited annually or every 2 years e.g. Employee Services, Accounts Receivable, Pensions Administration.
- 2.7 The Audit Plan has been reconciled to the available resources of 2,366 days by deferring 130 days of audits due in 2022/23. The basis for deciding which audits to defer has been discussed with the Principal Auditor, Senior Auditors and the Section 151 Officer. In the majority of cases, those audits that have been deferred are those that were ordinarily due in the year (not deferred from 2021/22), and had received a high level of assurance when last reviewed and/or were classed as being low or medium risk.
- 2.8 Some low risk areas have been included to ensure adequate audit coverage across the organisation. The detailed discussions between the senior members of Audit Team have dictated which audit are included in the 2022/23 plan based on experience, knowledge of the areas concerned and consideration of any ad hoc issues or concerns that have arisen in the current year.
- 2.9 As detailed in the Audit Plan Methodology report, an assurance mapping exercise is undertaken to inform the internal audit plan. The corporate risk register is also reviewed as part of the planning process, with the control measures noted against each of the risks informing the assurance map. During the planning process last year, following a detailed review of corporate risks on the risk register it was noted that in a number of cases the control measures recorded against the risk couldn't be considered to be meaningful controls measures. This was raised with the Strategic Delivery & Performance Manager and the Director of Finance in the first instance, and later with the Corporate Management Team. As a result, a significant amount of work has taken place over the past year in order to improve the control measures across all corporate risks, as reflected in the updates to the risk register and the assurance map. However, at the time of compiling this report further advice had been provided to risk owners in an attempt to further strengthen and standardise the recording of control measures across the risk register. This work is ongoing, however it is pleasing to note that significant improvements have been made in this area.
- 2.10 The assurance map is also distributed to corporate risk owners in advance of the planning process to give them the opportunity to review the entries in the three tiers of the map to ensure they are up to date and that all sources of assurance have been captured.
- 2.11 As a result of the points above the updated control measures and assurance map have been considered as part of this year's planning process and internal audit has been able to place increased reliance

on some of the documented controls when compared to last year. However, as in previous years, internal audit's knowledge and experience has continued to be relied upon, in consultation with the Director of Finance and Section 151 Officer and senior staff within the Internal Audit Team, to ensure a suitably balanced and risk targeted audit plan is produced.

- 2.12 As in previous years, progress made by the Internal Audit Section in achieving the Audit Plan will be reported to the Governance and Audit Committee on a quarterly basis via the Chief Auditors Quarterly Monitoring Reports throughout 2022/23.
- 2.13 It is the view of the Chief Auditor that the proposed Internal Audit Plan 2022/23 will provide sufficient audit coverage for the annual opinion on the control environment to be delivered to Council via the Section 151 Officer and Governance and Audit Committee, subject to the extent of any further disruption that may arise due to the Covid-19 pandemic.

3 Integrated Assessment Implications

- 3.1 The Council is subject to the Equality Act (Public Sector Equality Duty and the socio-economic duty), the Well-being of Future Generations (Wales) Act 2015 and the Welsh Language (Wales) Measure, and must in the exercise of their functions, have due regard to the need to:
- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Acts.
 - Advance equality of opportunity between people who share a protected characteristic and those who do not.
 - Foster good relations between people who share a protected characteristic and those who do not.
 - Deliver better outcomes for those people who experience socio-economic disadvantage
 - Consider opportunities for people to use the Welsh language
 - Treat the Welsh language no less favourably than English.
 - Ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.
- 3.2 The Well-being of Future Generations (Wales) Act 2015 mandates that public bodies in Wales must carry out sustainable development. Sustainable development means the process of improving the economic, social, environmental and cultural well-being of Wales by taking action, in accordance with the sustainable development principle, aimed at achieving the 'well-being goals'.
- 3.3 Our Integrated Impact Assessment (IIA) process ensures we have paid due regard to the above. It also takes into account other key issues and priorities, such as poverty and social exclusion, community

cohesion, carers, the United Nations Convention on the Rights of the Child (UNCRC) and Welsh language.

3.4 The completion of the Integrated Impact Assessment Screening revealed that:

- The Draft Internal Audit Annual Plan Report has a low positive impact across all groups.
- It has been subject to consultation with the Director of Finance & S151 Officer, Legal and Access to Services.
- All Well-being of Future Generations Act considerations are positive and any risks identified are low.
- The overall impact of the Draft Internal Audit Annual Plan Report is positive as it will support the Authority in its requirement to protect public funds.

4. Financial Implications

4.1 There are no financial implications associated with this report.

5. Legal Implications

5.1 Provision of an adequate and effective internal audit function is a legal requirement under the Accounts and Audit (Wales) Regulations 2005 as amended. For local government in Wales, the PSIAS is mandatory for all principal local authorities. An effective internal audit service also ensures that the Well-being Goals within the Well-being of Future Generations Act (Wales) 2015 are being met.

Integrated Impact Assessment Screening Form

Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches?
Please provide details below – either of your activities or your reasons for not undertaking involvement

Consultation undertaken with the Director of Finance & S151 Officer, Legal, Access to Services and CMT.

Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:

- a) Overall does the initiative support our Corporate Plan's Well-being Objectives when considered together?
Yes No
- b) Does the initiative consider maximising contribution to each of the seven national well-being goals?
Yes No
- c) Does the initiative apply each of the five ways of working?
Yes No
- d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?
Yes No

Q5 What is the potential risk of the initiative? (*Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...*)

High risk

Medium risk

Low risk

Q6 Will this initiative have an impact (however minor) on any other Council service?

Yes No If yes, please provide details below

Council Services included within the Internal Audit planned programme of work for 2022/23 will be subject to internal audit reviews which may result in recommendations being made to improve compliance with Council policies and procedures and consequentially may result in changes to operations/processes within service areas if required.

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

To present the draft Internal Audit Annual Plan to the Governance and Audit Committee for 2022/23.

Integrated Impact Assessment Screening Form

Outcome of Screening

Q8 Please describe the outcome of your screening below:

The completion of the Integrated Impact Assessment Screening revealed that:

- The Draft Internal Audit Annual Plan Report has a potentially low positive impact across a number of identified groups.
- It has been subject to consultation with the Director of Finance & S151 Officer, Legal, Access to Services and CMT.
- All WFG considerations are positive and any risks identified are low.
- The overall impact of the Draft Internal Audit Annual Plan Report is positive as it will support the Authority in its requirement to protect public funds.

(NB: This summary paragraph should be used in the relevant section of corporate report)

1. Introduction

- 1.1 The Public Sector Internal Audit Standards (PSIAS) provide a framework for the delivery of a professional, independent and objective internal audit service and are mandatory for all internal audit providers in the public sector in the UK.
- 1.2 One of the requirements of the PSIAS is that an annual risk-based Internal Audit Plan must be prepared to determine the priorities of Internal Audit and to ensure they are consistent with the Council's goals. The Plan must allow sufficient audit coverage across the whole Council for the Chief Auditor to be able to provide an annual opinion to Council via the Section 151 Officer and the Governance and Audit Committee on

the control environment covering corporate governance, risk management and internal control.

- 1.3 The Audit Plan should ensure that resources are targeted at the areas of the Council's work where it can provide most benefit by providing assurance over key risks and controls.
- 1.4 The Standards state that the Internal Audit Annual Plan must be discussed with senior management which in the Internal Audit Charter is defined as the Corporate Management Team before being reported to the Governance and Audit Committee for approval.
- 1.5 The draft version of the annual plan for 2022/23 was reported to the Corporate Management Team on the 23rd February for consultation.
- 1.6 This report provides a briefing on the methodology used to prepare the Annual Plan in advance of the draft Plan for 2022/23 being reported to the Committee.
- 1.7 As reported in the Internal Audit Quarterly Monitoring reports that have been presented to the Audit Committee throughout 2021/22, the Covid-19 pandemic has had a significant impact on the Audit Team's ability to deliver the full audit plan for 2021/22. As a result, a number of audits that were originally planned to be completed in 2021/22 have been carried forward to the 2022/23 plan.

2. Internal Audit Plan Methodology

- 2.1 The requirement to produce an Internal Audit Annual Plan is included in the PSIAS which are mandatory for all internal audit providers in the UK public sector.
- 2.2 An extract of the PSIAS requirements regarding internal audit planning is attached in Appendix 1.
- 2.3 The starting point for a risk-based audit approach is gaining an understanding of the Council's objectives and goals as well as the current key risks faced by the Council as recorded in the Risk Registers.
- 2.4 Information is gathered from a number of sources prior to the preparation of the detailed Audit Plan including:
 - Corporate and Directorate Risk Registers.
 - Areas of concern or request for audit coverage from management or the Audit Committee.
 - The Assurance Map which details other sources of assurance available both from internal and external sources.
 - Any recent or proposed significant changes to the Council's systems or operations.

- Previous audit results and Internal Audit's cumulative knowledge of systems and procedures across the Council.
- 2.5 A diagram that illustrates the internal audit annual planning process can be found in Appendix 2.
- 2.6 A risk assessment is undertaken for each audit which is used to determine the expected frequency of the review as part of the standard audit rolling programme. The risk assessment takes account of a wide range of factors which are grouped into the following categories:
- Materiality e.g. income, expenditure.
 - Control Environment/Vulnerability e.g. previous frauds, staff turnover.
 - Management Concerns e.g. direct request for help, potential for embarrassment.
 - Sensitivity e.g. impact on service, effect on Council's welfare.
- 2.7 The outcome of the risk assessment is a risk index which is then used to determine the frequency of audit visits as shown in the following table:

Risk Index	Risk Factor	Frequency of Visit
0 – 19	Low	5 years
20 – 25	Medium/Low	4/5 years
26 – 40	Medium	3 years
41 – 49	Medium/High	2/3 years
50 +	High	1/2 years

- 2.8 In addition to the risk assessment process, a number of systems have traditionally been identified as fundamental e.g. Employee Services, Accounts Receivable, Main Accounting, Council Tax. All fundamental systems are audited either annually or every two years which recognises the significance of the system to the achievement of the Council's objectives. Fundamental audits that have received a high assurance rating for three consecutive years are moved to a two year audit cycle.
- 2.9 A number of audits are undertaken on an annual basis rather than by the determination of risk e.g. grant certification audits where the work is required under the terms and conditions of the grant, the review of debts due to be written off, services where significant amounts of cash are handled, etc.
- 2.10 The use of the risk assessment process provides every audit in the Council's audit universe with a rolling audit programme which is also considered when developing the Audit Plan.
- 2.11 Each year, a Consultation Exercise is held with all Heads of Service and the Corporate Management Team, giving them the opportunity to comment on the audit coverage in their areas and to ensure that all risks within their services have been identified. Heads of Service may also request specific reviews or pieces of work to be undertaken by the

Internal Audit Section which will add value to their service. All requests are considered in light of the total Internal Audit resources available.

- 2.12 The Consultation Exercise for the 2022/23 Audit Plan commenced in October 2021 and has seen a number of new audits being added to the audit plan.
- 2.13 In order to demonstrate the linkage between the annual plan for 2022/23 and the Council's Corporate Priorities, the Consultation Exercise also included discussions with Heads of Service to determine which of the Corporate Priorities they felt the services in their areas most closely mapped to. Whilst it is acknowledged that some service areas could map to a number of different Corporate Priorities.
- 2.14 As requested by Committee, the 2022/23 Audit Plan will reflect this mapping so that Members are able to identify the link between the Plan and the Objectives of the Council. The links between the Corporate Priorities, Service Areas, the Audit Plan and the Annual Governance Statement are demonstrated in the illustration in Appendix 3.
- 2.15 Whilst the 2022/23 audit plan is currently being considered, it is envisaged that as in previous years the planned audits will be grouped in the following broad categories:
- **Council Governance & Control Audits** – cross-cutting reviews.
 - **Fundamental Audits** – aimed at providing Section 151 Officer and Monitoring Officer Assurance.
 - **Service Specific Audits** – aimed at providing other assurance, linked to the Corporate Priorities and as a result of the audit planning and consultation process and in line with the usual audit rolling programme.
- 2.16 Historically, a review of the Corporate and Directorate Risk Registers has also taken place as part of the audit planning process to ensure that where necessary, Internal Audit resources are targeted at the areas considered to be the highest risk. This has also been the case for the 2022/23 Audit Plan.
- 2.17 In addition to this, it was recommended as part of the PSIAS peer review that an assurance mapping exercise should be carried out to inform the audit planning process. This exercise has been completed, with the Assurance Map being updated in consultation with the Corporate Management Team as the Risk Owners.
- 2.18 The updated Assurance Map can be found in Appendix 4, together with a brief narrative explaining the process. The results of this exercise have also be taken into consideration when compiling the 2022/23 Audit Plan.
- 2.19 The ongoing review of the current year's audit plan also informs the planning process e.g. by identifying any emerging risks, new systems, developments or special investigations which may have a wider impact.

- 2.20 The risk assessment process and rolling programme, consultation exercise and review of the risk registers will provide the total number of audit days required in the Audit Plan for 2022/23 which then has to be matched against the audit resources available.
- 2.21 The audit resources available in 2022/23 is 9.1 full time equivalents excluding the Chief Auditor, unchanged from 2021/22
- 2.22 The audit resources available have to allow for things such as annual leave, public holidays, training, administration, audit planning, sickness and a contingency to allow for unplanned or ad hoc work. This provides the productive audit days available to deliver the audit programme.
- 2.23 Inevitably, the required audit coverage will exceed the available audit resources leading to a further review of the required audit coverage. This review will again be risk based to ensure that the areas of greatest perceived risk are prioritised in consultation with the Director of Finance and the senior staff within the internal audit team.
- 2.24 The Internal Audit Annual Plan is reported to the Corporate Management Team and Governance and Audit Committee at the start of each year for approval. However, the Annual Plan must remain a flexible document that reacts to changing risks and priorities over the course of the year. Updates are provided to the Governance and Audit Committee throughout the year via the Chief Auditors Monitoring Reports.

3 Integrated Assessment Implications

- 3.1 The Council is subject to the Equality Act (Public Sector Equality Duty and the socio-economic duty), the Well-being of Future Generations (Wales) Act 2015 and the Welsh Language (Wales) Measure, and must in the exercise of their functions, have due regard to the need to:
- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Acts.
 - Advance equality of opportunity between people who share a protected characteristic and those who do not.
 - Foster good relations between people who share a protected characteristic and those who do not.
 - Deliver better outcomes for those people who experience socio-economic disadvantage
 - Consider opportunities for people to use the Welsh language
 - Treat the Welsh language no less favourably than English.
 - Ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

- 3.2 The Well-being of Future Generations (Wales) Act 2015 mandates that public bodies in Wales must carry out sustainable development. Sustainable development means the process of improving the economic, social, environmental and cultural well-being of Wales by taking action, in accordance with the sustainable development principle, aimed at achieving the 'well-being goals'.
- 3.3 Our Integrated Impact Assessment (IIA) process ensures we have paid due regard to the above. It also takes into account other key issues and priorities, such as poverty and social exclusion, community cohesion, carers, the United Nations Convention on the Rights of the Child (UNCRC) and Welsh language.
- 3.4 The completion of the Integrated Impact Assessment Screening revealed that:
- The Internal Audit Annual Plan Methodology Report has a low positive impact across all groups.
 - It has been subject to consultation with the Director of Finance & S151 Officer, Legal, Access to Services and the Corporate Management Team.
 - All Well-being of Future Generations Act considerations are positive and any risks identified are low.
 - The overall impact of the Internal Audit Annual Plan Methodology Report is positive as it will support the Authority in its requirement to protect public funds.

Extract from Public Sector Internal Audit Standards

2010 Planning

The chief audit executive must establish risk-based plans to determine the priorities of the internal audit activity, consistent with the organisation's goals.

Interpretation:

To develop the risk-based plan, the chief audit executive consults with senior management and the board and obtains an understanding of the organisation's strategies, key business objectives, associated risks and risk management processes. The chief audit executive must review and adjust the plan, as necessary, in response to changes in the organisation's business, risks, operations, programmes, systems, and controls.

Public sector requirement

The risk-based plan must take into account the requirement to produce an annual internal audit opinion and the assurance framework. It must incorporate or be linked to a strategic or high-level statement of how the internal audit service will be delivered and developed in accordance with the internal audit charter and how it links to the organisational objectives and priorities.

2010.A1

The internal audit activity's plan of engagements must be based on a documented risk assessment, undertaken at least annually. The input of senior management and the board must be considered in this process.

2010.A2

The chief audit executive must identify and consider the expectations of senior management, the board and other stakeholders for internal audit opinions and other conclusions.

2010.C1

The chief audit executive should consider accepting proposed consulting engagements based on the engagement's potential to improve management of risks, add value and improve the organisation's operations. Accepted engagements must be included in the plan.

2020 Communication and Approval

The chief audit executive must communicate the internal audit activity's plans and resource requirements, including significant interim changes, to senior management and the board for review and approval. The chief audit executive must also communicate the impact of resource limitations.

2030 Resource Management

The chief audit executive must ensure that internal audit resources are appropriate, sufficient and effectively deployed to achieve the approved plan.

Interpretation:

Appropriate refers to the mix of knowledge, skills and other competencies needed to perform the plan. Sufficient refers to the quantity of resources needed to accomplish the plan. Resources are effectively deployed when they are used in a way that optimises the achievement of the approved plan.

Public sector requirement

The risk-based plan must explain how internal audit's resource requirements have been assessed.

Where the chief audit executive believes that the level of agreed resources will impact adversely on the provision of the annual internal audit opinion, the consequences must be brought to the attention of the board.

Internal Audit Annual Planning Process

Assurance Map Guidance NoteSource & Level of Assurance - Three Lines of Defence

Assurance can come from many sources within an organisation. A concept for helping to identify and understand the different contributions the various sources can provide is the Three Lines of Defence model. By defining the sources of assurance in three broad categories, it helps to understand how each contributes to the overall level of assurance provided and how best they can be integrated and mutually supportive. For example, management assurances could be harnessed to provide coverage of routine operations, with internal audit activity targeted at riskier or more complex areas.

First Line of Defence – Level 1 – Management Assurance

Within the ‘front-line’ or business operational areas, there will be many arrangements established that can be used to derive assurance on how well objectives are being met and risks managed; for example, good policy and performance data, monitoring statistics, risk registers, reports on the routine system controls and other management information.

Nature of assurance: This comes direct from those responsible for delivering specific objectives or operation; it provides assurance that performance is monitored, risks are identified and addressed and objectives are being achieved. This type of assurance may lack independence and objectivity, but its value is that it comes from those who know the business, culture and day-to-day challenges.

Second Line of Defence – Level 2 – Other Internal Assurance

This work is associated with oversight of management activity. It is separate from those responsible for delivery, but not independent of the organisation’s management chain. This could typically include compliance assessments or reviews carried out to determine that policy or quality arrangements are being met in line with expectations for specific areas of risk across the organisation.

Nature of assurance: The assurance provides valuable management insight into how well work is being carried out in line with set expectations and policy or regulatory considerations. It will be distinct from and more objective than first line assurance.

Third Line of Defence – Level 3 – Other Independent Assurance & External Assurance

This relates to independent and more objective assurance and focuses on the role of internal audit, which carries out a programme of work specifically designed to provide the Section 151 Officer with an independent and objective opinion on the framework of governance, risk management and control. Internal audit will place reliance upon assurance mechanisms in the first and second lines of defence, where possible, to enable it to direct its resources most effectively, on areas of highest risk or where there are gaps or weaknesses in other assurance arrangements. It may also take assurance from other independent assurance providers operating in the third line, such as those provided by independent regulators, for example.

As an additional line of assurance, sitting outside of the internal assurance framework and the Three Lines of Defence model, are external auditors, who are external to the organisation with a statutory responsibility for certification audit of the financial statements.

Nature of assurance: Independent of the first and second lines of defence. Internal audit operates to professional and ethical standards in carrying out its work, independent of the management line and associated responsibilities. External audit operates similarly.

Please provide details below – either of your activities or your reasons for not undertaking involvement

Consultation undertaken with the Director of Finance & S151 Officer, Legal, Access to Services and CMT.

Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:

a) Overall does the initiative support our Corporate Plan's Well-being Objectives when considered together?

Yes No

b) Does the initiative consider maximising contribution to each of the seven national well-being goals?

Yes No

c) Does the initiative apply each of the five ways of working?

Yes No

d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?

Yes No

Q5 What is the potential risk of the initiative? (*Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...*)

High risk

Medium risk

Low risk

Q6 Will this initiative have an impact (however minor) on any other Council service?

Yes

No

If yes, please provide details below

Council Services included within the Internal Audit planned programme of work for 2022/23 will be subject to internal audit reviews which may result in recommendations being made to improve compliance with Council policies and procedures and consequentially may result in changes to operations/processes within service areas if required.

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

To update committee on the methodology used to compile the Internal Audit Annual Plan for 2022/23.

Integrated Impact Assessment Screening Form

Outcome of Screening

Q8 Please describe the outcome of your screening below:

The completion of the Integrated Impact Assessment Screening revealed that:

- The Internal Audit Annual Plan Methodology Report has a potentially low positive impact across a number of identified groups.
- It has been subject to consultation with the Director of Finance & S151 Officer, Legal, Access to Services and CMT.
- All WFG considerations are positive and any risks identified are low.
- The overall impact of the Internal Audit Annual Plan Methodology Report is positive as it will support the Authority in its requirement to protect public funds.

(NB: This summary paragraph should be used in the relevant section of corporate report)

Report of the Service Centre Manager & Strategic Human Resources and Organisational Development Manager

Governance & Audit Committee – 8 March 2022

Absence Management Audit Report 20/21

Purpose:	To provide an update on the Absence Management audit report for the above period
Report Authors:	Adrian Chard (Strategic HR&OD Manager) Sian Williams (Service Centre Manager)
Finance Officer:	Paul Roach
Legal Officer:	Debbie Smith
Access to Services Officer:	Rhian Millar
For Information	

Internal Audit on Absence Management – Update March 2022

1. Introduction

- 1.1 As a result of the first internal audit on Absence Management carried out in 2020, an assurance level of moderate was given.
- 1.2 An action plan was developed to address the issues identified and appropriate implementation steps put in place.
- 1.3 This action plan identified actions (High Risk) and MR actions (Medium Risk), as previously reported to the committee in September 2021 all recommendations have been implemented, with the exception of;

“Consideration should be given to having a discussion with the provider of the Interflex system to provide reports highlighting instances of ‘unauthorised absences’ – this was considered non-cost-effective.

- 1.4 There is a further “follow up” Audit scheduled for March 2022.

2 Further progress as at February 2022

2.1 As reported previously, in line with the Oracle Fusion project a Manager dashboard is in development and nearing readiness for User Acceptance testing, this will provide real time information for all Managers with absence management responsibility and provide them with information on the following:-

- Staff absent due to sickness (within their area only) and days lost
- Return to Work Interviews Outstanding
- Record of Action Meetings Outstanding

This information will also be available to the “Manager’s” Manager, providing additional data and information to improve Absence Management across the authority.

2.2 The monthly reminders to Managers has had a positive impact in terms of queries and requests for additional training.

2.3 Development of the Learning Module in Fusion is progressing and will provide an additional tool to further improve compliance in completing mandatory sickness management training.

2.4 There is continued improvement in terms of completing Return to Work and Record of Action meetings and these details can be provided to the Committee.

2.5 Management of Absence Advisors have been appointed in the Education, Place and Social Services Directorates to support Managers in ensuring compliance with our Sickness Absence Policy and to identify proactive ways in managing and reducing sickness.

This has included;

- Support to progress current Long Term Sickness cases of over 6 months and address cases which are progressing into 6 months and over.
- Early interventions in sickness cases to support managers and employees in progressing cases as appropriate.
- Strengthening links with Occupational Health by arranging review meetings with the OH Team to assist Managers by discussing next step plans at an earlier stage.
- Provision of additional dedicated clinics for Social Services staff, to minimise the waiting times between referrals and appointments.
- Manager training, guidance and upskilling.
- Support with Manager Compliance

- In partnership with Trade Unions, updated guidance has been developed in relation to the 'Dying to Work' Charter.
- Stress and Coronavirus related absences are being monitored and have started to decrease but this will be another key focus for the team going forward.

3. Integrated Assessment Implications

3.1 The Council is subject to the Equality Act (Public Sector Equality Duty and the socio-economic duty), the Well-being of Future Generations (Wales) Act 2015 and the Welsh Language (Wales) Measure, and must in the exercise of their functions, have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Acts.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.
- Deliver better outcomes for those people who experience socio-economic disadvantage
- Consider opportunities for people to use the Welsh language
- Treat the Welsh language no less favourably than English.
- Ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

3.2. The Well-being of Future Generations (Wales) Act 2005 mandates that public bodies in Wales must carry out sustainable development. Sustainable development means the process of improving the economic, social, environmental and cultural well-being of Wales by taking action, in accordance with the sustainable development principle, aimed at achieving the 'well-being goals'.

3.3. Our Integrated Impact Assessment (IIA) process ensures we have paid due regard to the above. It also takes into account other key issues and priorities, such as poverty and social exclusion, community cohesion, carers, the United Nations Convention on the Rights of the Child (UNCRC) and Welsh language.

4. Financial Implications

4.1 There are no financial implications other than those set out in the body of the report.

5. Legal Implications

- 5.1 There are no legal implications other than those set out in the body of the report.

- 1.6 The dates included for the meetings in 2021/22 were approved at the Council's Annual Meeting on 20 May 2021.

2. Integrated Assessment Implications

- 2.1 The Council is subject to the Public Sector Equality Duty (Wales) and must, in the exercise of their functions, have due regard to the need to:
- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
 - Advance equality of opportunity between people who share a protected characteristic and those who do not.
 - Foster good relations between people who share a protected characteristic and those who do not.
 - Deliver better outcomes for those people who experience socio-economic disadvantage
- 2.2 The Well-being of Future Generations (Wales) Act 2005 mandates that public bodies in Wales must carry out sustainable development. Sustainable development means the process of improving the economic, social, environmental and cultural well-being of Wales by taking action, in accordance with the sustainable development principle, aimed at achieving the 'well-being goals'. Our Integrated Impact Assessment process ensures that we have paid due regard to the above.

Governance & Audit Committee

Statement of Purpose

The Governance and Audit Committee is a key component of the City and County of Swansea's corporate governance. It provides an independent and high level focus on the audit, assurance and reporting arrangements that underpin good governance and financial standards.

The purpose of the Governance and Audit Committee is to provide independent assurance of the adequacy of the risk management framework, the internal control environment and the performance assessment of the Council. It provides an independent review of the governance, performance assessment, risk management and control frameworks and oversees the financial reporting and annual governance processes. It oversees internal audit and external audit, helping to ensure efficient and effective assurance arrangements are in place.

Membership

The Local Government (Wales) Measure 2011 provides that at least one member of the Committee must be a lay member.

Governance, Performance, Risk and Control

- a) To review the Council's corporate governance arrangements against the good governance framework and consider annual governance reports and assurances.
- b) To review the Council's draft annual Self-Assessment Report, and make any appropriate recommendations for changes to the conclusions or actions the Council intends to make.
- c) To review the Council's draft response to the Panel Performance Assessment Report, and make any appropriate recommendations for changes.
- d) To review the Council's draft response to any Auditor General's recommendations arising from a special inspection in respect of the Council's performance requirements and to make any appropriate recommendations for changes.
- e) To review and assess the authority's ability to handle complaints effectively and to make any associated reports and recommendations in relation to the authority's ability to handle complaints effectively.
- f) To review the Annual Governance Statement prior to approval and consider whether it properly reflects the risk environment and supporting assurances.
- g) To consider the Council's arrangements to secure value for money and review assurances and assessments on the effectiveness of these arrangements.
- h) To consider the Council's framework of assurance and ensure that it adequately addresses the risks and priorities of the council.
- i) To monitor the effective development and operation of risk management in the Council.
- j) To monitor progress in addressing risk related issues reported to the Committee.
- k) To consider reports on the effectiveness of internal controls and monitor the implementation of agreed actions.
- l) To review the assessment of fraud risks and potential harm to the Council from fraud and corruption.
- m) To monitor the counter fraud strategy, actions and resources.

- n) To review any proposals in relation to the appointment of external providers of internal audit services and to make recommendations.
- o) To review the governance and assurance arrangements for significant partnerships or collaborations.

Internal Audit

- p) To approve the internal audit charter and resources.
- q) To approve the risk-based internal audit plan, containing internal audit's resource requirements, the approach to using other sources of assurances and any work required to place reliance upon those other sources.
- r) To approve significant interim changes to the risk based internal audit plan and resource requirements.
- s) To make appropriate enquiries of both management and the Chief Internal Auditor to determine if there are any inappropriate scope or resource limitations.
- t) To consider the Chief Internal Auditor's annual report and opinion, and a summary of internal audit activity (actual and proposed) and the level of assurance it can give over the Council's corporate governance arrangements.
- u) To consider the Chief Internal Auditor's annual report including:
- v) To consider reports from the Chief Internal Auditor on Internal Audit's performance during the year including the performance of external providers of internal audit services. These will include:
- w) To consider a report on the effectiveness of internal audit to support the Annual Governance Statement, where required to do so by the Accounts and Audit Regulations.
- x) To consider any impairments to independence or objectivity arising from additional roles or responsibilities outside of internal auditing of the Chief Internal Auditor. To approve and periodically review safeguards to limit such impairments.
- y) To consider summaries of specific internal audit reports as requested.
- z) To receive reports outlining the action taken where the Chief Internal Auditor has concluded that management has accepted a level of risk that may be unacceptable to the authority or there are concerns about progress with the implementation of agreed actions.
- aa) To consider reports dealing with the management and performance of the providers of internal audit services.
- bb) To consider a report from internal audit on agreed recommendations not implemented within a reasonable timescale.
- cc) To consider the external auditor's annual letter, relevant reports, and the report to those charged with governance.
- dd) To contribute to the Quality Assurance and Improvement Programme and in particular the external quality assessment of internal audit that takes place at least once every five years.
- ee) To provide free and unfettered access to the Governance and Audit Committee Chair for the Chief Internal Auditor, including the opportunity for a private meeting with the Committee.

External Audit

- ff) To consider the external auditor's annual letter, relevant reports, and to those charged with governance.
- gg) To consider specific reports as agreed with the external auditor.
- hh) To comment on the scope and depth of external audit work and to ensure it gives value for money.
- ii) To commission work from external audit.
- jj) To advise and recommend on the effectiveness of relationships between external audit and other inspector agencies or relevant bodies

Financial Reporting

- kk) To review the annual statement of accounts. Specifically, to consider whether appropriate accounting policies have been followed and whether there are concerns arising from the financial statements or from the audit that need to be brought to the attention of the Council.
- ll) To consider the external auditor's report to those charged with governance on issues arising from the audit of the accounts.

Accountability Arrangements
