Q6 Will this initiative have an impact (however minor) on any other Council service?

\square	Yes	
-----------	-----	--

If yes, please provide details below

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

There will be a significant improvement to the facilities for each project, improved heating, lighting, reducing future maintenance requirements and reducing the potential risk of business failure.

Outcome of Screening

Please describe the outcome of your screening below: **Q**8

- Summary of impacts identified and mitigation needed (Q2)
- Summary of involvement (Q3)
- WFG considerations (Q4)

- Any risks identified (Q5)
- Cumulative impact (Q7)

The summary of impacts has been categorised as low.

With regard to involvement this has taken place with Education and Building Services contributing, approval is also sought from the Director of Place and relevant Cabinet members.

Well-being and future generations and the five ways of working considerations include:

- The upgrade of Heating and lighting will more effectively support frontline services in the longer term
- The upgrade changes ways of working and provides a more resilient platform therefore reducing / preventing the risk of component failure
- All projects wherever possible must contribute to future net zero carbon emissions
- Collaboration is a key driver for project success. Many of the projects will be completed by local contractors utilising local suppliers

The report adheres to the transformation and future council development well-being objective in the Corporate Plan - so that we and the services that we provide are sustainable and fit for the future.

The risks surrounding the project are considered low as the programme of works has been delivered by Building Services for many years without issue and very little impact to service users.

With regard to the cumulative impact of the project, there will be a reduction in the backlog maintenance requirements, and an improvement to the authorities contribution to net zero.

The Capital maintenance investment within building assets and social services assets in Swansea will help to realise a more sustainable asset portfolio for Swansea Council. Where relevant, each specific project for which funding is agreed will undertake an IIA.

(NB: This summary paragraph should be used in the relevant section of corporate report)
