3.4 The Legal Officer has commented as follows:

4.0 Main Issues

4.1 On an application for modification by agreement pursuant to Section 106A(1)(a) of the 1990 Act, the Courts have considered the matters that a Council must have regard to (see R(Bachelor Enterprises Ltd) V North Dorset District Council [2003] EWCH 3006 and in R(Millgate Development Ltd) v Wokingham DC [2011] EWCA Civ 1062).

The Council has to ask itself:

- a. Does the existing planning obligation still serve a useful planning purpose?;
- b. If it does and modification is proposed, then the question is whether that planning purpose could be equally served by the proposed modification?
- c. If it would, then the Council should agree the modification;
- d. If it would not, then the Council should refuse the application to modify.

4.2 Any decision by the Council to agree to a modification of the S106 agreement could be the subject of a challenge via judicial review. However the decision cannot be appealed.

4.3 The 2016/1478 Outline Permission granted consent for the development of the site with a residential-led mixed use development, to be developed in phases, including: preparatory works as necessary including earthworks/regrading of site levels; up to 750 residential units (use Class C3, including affordable homes); provision of 1 no. 4.7 All the existing S106 obligations listed above will remain as approved.

4.8 In terms of the tests in para 4.1 above,

- a) Yes – the existing planning obligation still serves a useful planning purpose;
