RE: PH 4250 -
Y493 DOY.

Dear Sir/Madame,

With reference to the above vehicle I wish to inform you that the vehicle is currently off the road, due to serious mechanical breakdown.

Due to the vehicle's age, ~~and~~ works required and current mileage, I now believe the vehicle to be uneconomical to repair, & tired looking.

I have therefore sourced another vehicle, ~~which~~ & would be grateful if you could report to your Licensing Committee in order for members to decide if I can continue to licence.

Should you require any further information, please contact me accordingly.

Regards.
