# The following are a list of definitions for fig.18 & fig.19

## **Current Pitch Requirement**

The figure for the current pitch requirement if a new site was developed immediately

# Additional Pitch Requirement

above table that will be aged 18+ in the next 5 years. Traditionally, children marry fairly young within the culture, hence the base age being set at 18. The figure for the potential future pitch requirement is if a site was developed in 5 years time. This incorporates the existing need and all children listed in the

### No. of Caravans/ Trailers

hence the current figure being higher. The most recent official Caravan Count was undertaken in January 2013 and the total figure was 29. However, new private sites have come to light since then,

#### Households

The number of separate households living on the respective sites/ and or other accommodation. Each household will require one pitch.
