6. CUMULATIVE IMPACT AND SPECIAL POLICY

- 6.1 Cumulative impact means, for the purposes of this policy, the potential impact on the promotion of the licensing objectives of a significant number of licensed premises concentrated in one area. ***Cumulative Impact Policies (CIP) may relate to premises licensed to carry on any licensable activity, including the sale of alcohol for consumption on or off the premises and the provision of late night refreshment. This includes late night fast food outlets which are not licensed to sell alcohol. (Changes to reflect current Guidance)***
- 6.2 There can be confusion about the difference between “need” and the “cumulative impact” of premises on the licensing objectives. The Council when acting as a Licensing Authority will not take into consideration “need”. This is a matter for the Council in its role as a Planning Authority and for the market.
- 6.3 When acting as a Licensing Authority the Council will consider representations from a “responsible authority” or “Other Persons” regarding cumulative impact. ***A list of Responsible Authorities can be found at paragraph 20 of this policy.***
- ~~6.3.1 A list of Responsible Authorities can be found at paragraph 20~~
- 6.4 A relevant representation from a “responsible authority” or “Other Person” regarding cumulative impact must provide clear evidence that there will be exceptional problems of disorder and nuisance over and above the impact of the individual premises itself.
- 6.5 The Licensing Authority will in such cases, take into account the issue of cumulative impact but this will be addressed in the context of the individual merits of any application. Where it is considered that a licence or certificate is unlikely to add to the cumulative impact on the licensing objectives the application will be granted.
- 6.6 The Licensing Authority after considering the available evidence will consult the individuals and organisations listed in 5.1 and 5.2 above. If it determines that attaching conditions to a licence is unlikely to address the problems identified, it will consider adopting a special policy of refusing new licences. This would apply whenever relevant representations are received about the cumulative impact on the licensing objectives from responsible authorities and ***other persons*** ~~interested parties~~, which the Licensing Authority consider after hearing those representations should lead to refusal. **(Change to reflect change in legislation)**

- 6.7 The steps detailed below will be followed in considering whether to adopt ~~and subsequent adoption of~~ a special policy within the licensing policy:
- ~~Identify~~ **Identify** ~~Identification of~~ concern about crime and disorder, **public safety, protection of children from harm** or public nuisance from a “responsible authority” or “Other Person”.
  - Consideration ~~of whether it can be demonstrated that crime and disorder and nuisance are arising~~ **occurring or whether there are activities which pose a threat to public safety or protection of children from harm**
  - **If such problems are occurring, identify whether they are being** caused by the customers of licensed premises and if so identifying ~~the area from which problems are arising and the boundaries of that area;~~ or that the risk factors are such that the area is reaching a point when a cumulative impact is imminent.
  - Consultation with those specified in paragraph 5 above.
  - Subject to the consultation, **include inclusion and publish details of the a special policy in the statement of licensing policy.** ~~about future premises licence or club premises certificate applications from that area.~~
  - Publication of the special policy as part of the statement of licensing policy.  
**(Changes to reflect current guidance)**
- 6.8 **Where a special policy is in place** applications for new premises licences, club premises certificates or material variations will normally be refused if relevant representations to that effect are received, unless it can be demonstrated that the operation of the premises involved will not add to the cumulative impact already being experienced. Applicants will need to address the special policy issues in the operating schedule submitted with their application to rebut the presumption of refusal of the application. If no relevant representations are received the application will be granted in accordance with the operating schedule submitted. **(Change to reflect current review of CIP)**
- 6.9 Any special policy adopted will be reviewed following a maximum period of five years to determine its effectiveness and whether or not its continued use is required.
- 6.10 The absence of a special policy will not prevent a responsible authority or other person making representations on a new application for the grant of a licence on the grounds that the premises will give rise to a negative cumulative impact on one or more of the licensing objectives.
- 6.11 The effect of all licensed premises in an area will be taken into account when considering a special policy.
- 6.12 A special policy will not be used to revoke a licence for a premises if representations are received regarding problems with an existing licence. Cumulative impact on the promotion of the licensing objectives will only be considered as a relevant representation when an application for the grant or variation of a licence or certificate is being considered.

- 6.13 Where it is evident that there is a problem in an area after a licence or certificate has been granted and it is clear that an individual premises is undermining the promotion of **one or more of the licensing objectives** ~~the prevention of crime and disorder objective~~ in that area, the licence will only be reviewed if representations are made about that objective by a responsible authority or other person. **(Change to provide clarification)**
- 6.14 A special policy will not be used to justify rejecting an application for variation of an existing licence or certificate except where the variation is directly relevant to the policy and is necessary for the promotion of the licensing objectives e.g. increase in capacity of a venue.
- 6.15 A special policy relating to cumulative impact will not include provisions for a terminal hour in an area.
- 6.16 A special policy will not impose quotas on the number or capacity of premises or in relation to any matter which would restrict the consideration of any application on its individual merits.
- 6.17 The Licensing Authority will have regard to the individual characteristics of each premises and the differing impact they will have on the promotion of the licensing objectives.
- 6.18 The Licensing Authority recognises that there are other mechanisms available for controlling cumulative impact once customers have left licensed premises. These include:
- Planning controls;
  - Positive measures to create a safe and clean city centre environment in partnership with local businesses, transport operators and other local authority departments;
  - Provision of CCTV, adequate taxi rank space, provision of late night public conveniences, street cleaning;
  - Powers of local authorities to designate and control areas where alcohol cannot be consumed;
  - Police enforcement in relation to disorder and anti-social behaviour;
  - Prosecution for alcohol related offences ;
  - Police powers of closure of a premises;
  - The provision to review a licence or certificate.
- 6.19 On 30<sup>th</sup> July 2013 the Council resolved to adopt a Cumulative Impact Special Saturation Policy for the following areas:
- i) Wind Street and the surrounding area as defined
  - ii) The Kingsway and the surrounding area as defined
  - iii) High Street and College Street as defined

- 6.20 The Special Policies for i) Wind Street and the surrounding area, ii) The Kingsway and the surrounding area and iii) High Street and College Street were introduced because the Authority was satisfied that it was appropriate and necessary to do so given the number of premises licensed to supply alcohol for consumption on and off the premises in these streets and the incidence of crime, disorder and public nuisance attributable to customers of such premises.
- 6.21 This action followed a report to the Cabinet of this Council on 1<sup>st</sup> November 2012. The report included crime and disorder statistics from South Wales Police, together with public nuisance statistics from the Environment Department of this Authority. The special policy was introduced following a comprehensive consultation process which was carried out between February and May 2013.
- 6.22 ***Following a review of the Special Policy in DATE TO BE ADDED it is now recognised that pubs, nightclubs, restaurants, hotels, theatres and other types of premises sell alcohol, serve food and provide entertainment but with different styles and characteristics and due to the nature of the premises will not add to existing cumulative impact. Having regard to those differences and the impact they are likely to have on the local area the following types of premises, providing certain licensable activities between the hours of 10.00am and 1.00am are exempt from the requirements of the special policy:***
- ***Non – alcohol led premises;***
  - ***Theatres, where the main purpose of the premises is the performance of plays;***
  - ***Cinemas, where the main purpose of the premises is the exhibition of films;***
  - ***Premises where the main purpose is the provision of substantial table meals;***
  - ***Premises where the sale/supply of alcohol is by waiter or waitress service only.***

**(Changes to reflect current review of CIP)**

- 6.23 The effect of the special policy is that ***applications for premises that are located within the special policy areas but fall within the exemptions detailed in paragraphs 6.22. of the policy, will generally be granted, subject to consideration of any relevant representations made.*** In respect of ***all other*** premises located in ~~this~~ ***the special policy*** areas, there is a presumption against granting that any application for a premises licence, club premises certificate or a variation that is likely to add to the existing cumulative impact ***will be refused***. This presumption is only relevant

to applications which trigger a relevant representation from a responsible authority or other person ~~referring~~ **which refers** to one or more of the licensing objectives ~~which~~ **that** gave rise to the **introduction of the** special policy ~~being introduced~~. If there are no such representations the Authority MUST grant the application in terms that are consistent with the operating schedule submitted. **(Changes to reflect current review of CIP)**

- 6.24 ~~If such~~ **Where relevant** representations are made, a Licensing Sub Committee of the Authority will hear those representations and **determine the application**. ~~conclude whether or not the presumption against granting should apply or if the application should be subject to certain limitations.~~ **For applications that fall within the requirements of the special policy, refusal will normally be the case UNLESS the applicant can demonstrate in their operating schedule that the application will not add to the existing cumulative impact on one or more of the licensing objectives and that the Authority would therefore be justified in departing from the special policy in the light of the individual circumstances of the case. (Changes to provide clarification)**
- 6.25 ~~The premises that are affected by these~~ special policy **areas** are those within the boundary defined on the plans attached at appendix A, B and C and **include premises that** have accessible entrances onto the streets within the boundary, including the streets listed in the following schedules – **(Changes to provide clarification)**
