(b) Please name and describe here:

Copperopolis Access and Infrastructure Project

The Copperopolis Access and Infrastructure project is the next major phase of regeneration of the Copperopolis zone on the banks of the River Tawe near the Liberty Stadium. Significant momentum has been generated meaning the ongoing programme has reached a stage where access and infrastructure works are necessary to open the door to investment in the remaining major buildings and structures. As a major visible landmark, the wider Copperworks site is both a litmus test for, and a catalyst of the regeneration of Swansea as a whole as a place to live, work and play.

Works will include:

1. Access and Connectivity to include interpretation on both sides of the Tawe to realise the vision of a vibrant heritage park through comprehensive footpath (and where appropriate vehicular access), including stunning working features such as the Bascule Bridge and Smiths Canal
2. Commercial and Community floor space to bring forward key buildings and orientation points
3. Essential Enabling Infrastructure to activate all development sites to enable them for investment.
