<p>An update to be provided regarding the progress of Procurement Team providing dedicated support to schools. Note that the updated catalogue for schools was scheduled to be reported to Committee in April.</p>	<p>As per Head of Commercial Services 06/03/19: The Procurement Service / Commercial Services have engaged with Schools to provide an enhanced procurement service for all Schools (which was requested). However, due to the nature of the funding system and 'delegated budgets' Schools would then have to pay for this service, but Schools have not decided to do so - discussions are on-going on this matter and it is hoped that it can be resolved, but funding is the key issue. The Director of Education, Nick Williams, noted some months ago that there may have been grant funding available to offset Schools' costs and help facilitate a way forward, but the Education Service's Head of Funding and Information Unit has since confirmed that the Welsh Government funding will be allocated toward a different priority.</p> <p>A list of contracts was provided to Schools last year for their review and to the Audit committee at its last request. The contract list provided for Schools is the corporate contract list – in order to use one or more of the contracts Schools would need to contact the procurement team as these are central contracts that affect many departments and so we would not allow different parts of the organisation to access them directly without overview and an assessment of appropriateness (this is normal practice that applies to all Council departments and Services).</p> <p>Schools are no longer waiting for an updated catalogue, discussions are now in relation to the provision and financing of a more intensive support function. -CLOSED</p>
<p>An update to be provided on the use of supply / agency staff by schools and establishing the spend against supply / agency costs.</p>	<p>Principal Finance Partner for Schools agreed to provide this information via the PSO's.
