(b) Please name and describe here: Wood Reuse and Recycling Centre

The Wood Reuse and Recycling Project is to set up a Centre, complete with its own workshop, to maximise the reuse and recycling of waste wood. The Council has a space available for the Centre with secured storage, but needs a covered woodworking area, improvements to waste wood segregation, equipment to both collect waste wood and deliver repaired/manufactured products, and the woodworking equipment to maximise re-use and minimise waste.

The funding would be utilised to erect a covered workshop area, a vehicle and trailer to collect waste wood/wood products and deliver finished products, woodworking equipment, a loading tractor, generator, and storage containers. Orders would be placed for all items, committing the funding by the 20 March 20 deadline, although some items would not be delivered until early in the new financial year.

Segregation, retrieval, and stockpiling of waste wood/wood products would commence on approval of the grant funding, in readiness for the Centre being up and running in the summer 2020.
