Mr and Mrs Jones

Sent from my iPad Mini. I am still very concerned that no effort has been made to add the correct building plan for our home, 4 pen y Bryn close . You stated various measurements on your previous email, but the correct plans were not shown , so how do the measurements apply for distances from the proposed building to our home when the correct foot plan is not shown accurately. The absence of our 45 year old room seems to either be an oversight, or a manipulation by a large builder to make their plan look viable and considerate ! We do not consider that our complaint is being acted upon or considered and await your reply .
