# Q4 WHAT ENGAGEMENT / CONSULTATION / CO-PRODUCTIVE APPROACHES WILL YOU UNDERTAKE?

Please provide details below – either of your planned activities or your reasons for not undertaking engagement

There has already been a public consultation about the changes to the existing policy (Nov 2019 – Feb 2020) following a report to Cabinet in September 2019. A subsequent report, including feedback on the public consultation, is now being taken to Council for adoption of the new policy. This will be available on the Council's website and notification will specifically be given to existing landlords, agents, landlords' groups, partner organisations including Police, Fire Service, universities, residents' groups and CAB in line with statutory requirements under Housing Act 2004.

Q5(a	a) HOW VISIBLE	IS THIS INITIATIVE	TO THE	GENERAL PUBLIC?	
High visibility ☐( <b>H)</b>		Medium vis X□	•	Low visibility

you must provide a full explanation here. Please ensure that you cover all of the relevant protected groups.

This policy follows a review of an existing policy and replaces the existing policy from 2016. There is no appetite group in terms of any characteristics, that will be

from 2016. There is no specific group, in terms of any characteristics, that will be impacted over any other. Existing knowledge of this type of shared housing is that there are a limited number of older people, children or people with disabilities living

in HMOs. One of the impacts is intended to be an increase in community cohesion with increased ability to apply legislation to improve housing conditions. The review was in part carried out as a result of calls from residents to improve conditions in their local areas and also to comply with a statutory timescale for review of the existing policy. Information is already available on our website, bilingually and updates and amendments will continue to be available this way. It is intended that, subject to ICT developments, in due course, applicants for HMO licences will be able to submit their applications online. There is a statutory process to follow for applications and the granting of licences. There is a cost involved for landlords as the Council levies a licence fee set on a cost-recovery basis as controlled by the legislation. In normal circumstances this is for a licence which is granted for five years. There is the possibility that landlords will pass this cost on to their tenants, but this is the same for any costs they incur in letting a property.
