Dylan Thomas House scheme

The proposed scheme seeks to regenerate and bring back into full commercial use Dylan Thomas House, one of Swansea’s most historic buildings. Given the age and historic nature of Dylan Thomas House, priority is essentially to conserve and then transform the building into a vibrant and commercially focused creative hub.

The scheme will improve and support the growth of the Welsh Digital Economy and Creative Industries by creating much needed flexible commercial recording studios as well as new SME office space to accommodate new and expanding businesses. The studios will be an International Centre of Excellence for contemporary performance and acoustics unmatched in Wales to allow indigenous creative SMEs to expand without relocating out of the region.

The £1.3m project will deliver 1016m2 of renovated commercially accessible space in Dylan Thomas House. Upgrades and enhancements to the internal and external fabric of the building will result in its return to full economic and sustainable use. The scheme will provide facilities for private sector SMEs in music production and associated supply chains and will accommodate 23 jobs and 6 SMEs. UWTSO will ensure that all areas of the refurbished building, including the office accommodation and the recording studios, will be marketed in a fair, open and transparent way so as not to provide an advantage to any one organisation.

The EIA screening form (Appendix B) has been completed and reviewed, it was determined a full EIA was not necessary at this time as the project is still only at its initial phase. Following the appointment of the design team and once the impact of the project is understood further consultation will be developed with stakeholders, both internal and external.

Throughout the detailed design stage, the project will ensure equalities implications will be considered in all aspects of the design. The scheme will be the responsibility of UWTSD in terms of its operation therefore the EIA responsibility sits with them, however the EIA screening will be revisited if the grant application is successful.
