**Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches?
Please provide details below – either of your activities or your reasons for not undertaking involvement**

The delivery plan sees the continuation and expansion of existing projects under the approved Welsh Government Children & Communities Grant and would not disproportionately effect any of the groups highlighted above, unless there was a major change in the projects commissioned. If that was the case full co-production and engagement would take place to redesign what a new project would look like and a full IIA opened on inception of this work

Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:

- a) Overall does the initiative support our Corporate Plan’s Well-being Objectives when considered together?
Yes No
- b) Does the initiative consider maximising contribution to each of the seven national well-being goals?
Yes No
- c) Does the initiative apply each of the five ways of working?
Yes No
- d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?
Yes No

Q5 What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...)

High risk <input type="checkbox"/>	Medium risk <input checked="" type="checkbox"/>	Low risk <input type="checkbox"/>
---------------------------------------	--	--------------------------------------

Q6 Will this initiative have an impact (however minor) on any other Council service?
 Yes No **If yes, please provide details below**

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

There would be a cumulative impact if funding for this delivery plan ceased, which is a risk noted on the risk register. To ratify the deliver plan for 21/22 there is no significant impact

Outcome of Screening**Q8 Please describe the outcome of your screening below:**

- **Summary of impacts identified and mitigation needed (Q2)**

As this is a screening for a WG delivery plan with no significant change or dis-investment there is a low impact.

- **Summary of involvement (Q3)**

As there is no significant change required as part of this delivery plan, no planned involvement outside of the normal contract monitoring arrangements which asks service providers to feedback on service provision. Any significant change of project would be coproduced from the start.

- **WFG considerations (Q4)**

During the last year we have delivered some of our CCG activities differently, however we have maintained a focus on the Well-being of Future Generations for Wales Act 2015, with actions reflecting the Five Ways of Working approach:

- Long-Term – Plans around short term delivery are made taking into account long term implications. CCG activity included ensuring people and families were able to access wellbeing support, financial inclusion/welfare benefits advice and employability related training to enable them to develop their own pathways from poverty. We adopt a long term preventative approach which considers long term implications.
- Integration – During the period all CCG programme activity has linked directly into the Well Being of Future Generations Act (2015) goals. We continue to review our deliver to make sure we are engaging effectively and in a representative way. We will continue to target activity and make it accessible for people and families for whom Welsh is a first language.
- Involvement – CCG activity during the period has worked closely with communities and service users to design delivery, (co-production). Local communities and existing service users have been consulted in different and non-traditional ways. We have sought to redesign project delivery through direct feedback relating to delivery (for example to address digital exclusion) whilst also finding out and asking about other well-being community and individual issues, (social isolation). We will continue this approach moving forward to enable CCG activity to help with a wider range of issues.
- Collaboration – CCG programmes have collaborated with internal/external partners to ensure more effective programme delivery. During the period key work with the Local Authority, the Third Sector and Poverty Truth Commission has continued to take place with a view to develop the programme further in Swansea. This work will continue next year and will help us shape our CCG delivery further.
- In Swansea the use of the Children & Communities Grant supports three of the six corporate priorities of Swansea Council:
 - Safeguarding people from harm
 - Improving education and skills
 - Tackling Poverty
- The vision for the grant; identifying and implementing new approaches to improve service delivery, achieving better outcomes for citizens and achieving administrative efficiencies reinforces our corporate values of; People Focused, Working Together and Innovation.
- **Any risks identified (Q5)**
The only associate risk would be with withdrawal of WG Grant funding, this risk is noted, tracked and monitored on the risk register
