- Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches?
Please provide details below – either of your activities or your reasons for not undertaking involvement**

The delivery plan sees the continuation and expansion of existing projects under the approved Welsh Government HSG Grant and would not disproportionately or negatively affect any of the groups highlighted above. Future re-procurement of these services will require co-production and engagement and IIA impacts will be considered as this work progresses. Full IAA assessments will be undertaken where required.

- Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:**

- a) Overall does the initiative support our Corporate Plan's Well-being Objectives when considered together?
Yes No
- b) Does the initiative consider maximising contribution to each of the seven national well-being goals?
Yes No
- c) Does the initiative apply each of the five ways of working?
Yes No
- d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?
Yes No

- Q5 What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...)**

High risk

Medium risk

Low risk

- Q6 Will this initiative have an impact (however minor) on any other Council service?**
 Yes No **If yes, please provide details below**

Potential impact on Housing services since proposals may lead to reduced homelessness and improved tenancy sustainment and reduced negative community impacts associated with tenancy problems and failures.

- Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?**

There would be a cumulative negative impact if funding for this delivery plan ceased, which is a risk noted on the risk register. To ratify the deliver plan for 21/22 there is no foreseen negative impact.

The significant uplift to the programme adds additional support capacity to people who may have protected characteristics including disability and mental health, services for older persons and for younger persons aged 16 to 25, services to LGBTQ and older people who require VAWDASV support. The programme also provides support for vulnerable families which includes individuals who are pregnant and may be single parenting.

Outcome of Screening

Q8 Please describe the outcome of your screening below:

- **Summary of impacts identified and mitigation needed (Q2)**

As this is a screening for a WG delivery plan with no significant change or dis-investment there is a low impact.

- **Summary of involvement (Q3)**

As there is no significant change required as part of this delivery plan, no planned involvement outside of the normal contract monitoring arrangements which asks service providers to feedback on service provision. Any significant change of project would require engagement with stakeholders and a full IAA undertaken if required.

- **WFG considerations (Q4)**

Redesigning HSG activities will require maintaining a focus on the Well-being of Future Generations for Wales Act 2015, to reflect the Five Ways of Working approach to ensure:

- Long-Term – Plans around short term delivery are made taking into account long term implications.
- Integration – All HSG programme activity will link directly into the Well Being of Future Generations Act (2015) goals and we'll continue to review our delivery plans to make sure we are engaging effectively and in a representative way, and to make it accessible for people and families for whom Welsh is a first language.
- Involvement – HSG commissioning will work closely with stakeholders and service users to design delivery, (co-production). This may involve consulting in different and non-traditional ways.
- Collaboration – HSG programmes have traditionally collaborated with a range of internal/external partners to ensure more effective programme delivery. This work will continue to help shape HSG delivery as described in the delivery plan.
- In Swansea the use of the Housing Support Grant supports three of the six corporate priorities of Swansea Council:
 - Safeguarding people from harm
 - Improving education and skills
 - Tackling Poverty
- The vision for the grant; identifying and implementing new approaches to improve service delivery, achieving better outcomes for citizens and achieving administrative efficiencies reinforces our corporate values of; People Focused, Working Together and Innovation.
- **Any risks identified (Q5)**
The only associate risk would be with withdrawal of WG Grant funding, this risk is noted, tracked and monitored on the risk register
