SCHEDULE 1

The Purposes

The purpose of the Housing Support Grant (HSG) funding is to provide housing-related support services which prevent homelessness and support people to have the capability, independence, skills and confidence to access and/or maintain a stable and suitable home. This includes delivery of activities related to Rent Smart Wales, including promotional and enforcement activities.

Housing-related support services should;

- Help prevent homelessness.
- Provide early interventions to help people secure a home and stop people becoming homeless, this could include pre-tenancy work.
- Help vulnerable people live independently, support should create independence.
- Prevent problems in the first place or provide help as early as possible in order to reduce demand on other services such as health and social services.
- Complement personal or medical care which people already receive.
- Put those who need support at the heart of the programme by ensuring service users are involved in developing, commissioning, monitoring and evaluating services, and gather evidence on the difference they make to services.
- Ensure quality services are delivered as efficiently and effectively as possible through joint working between organisations that plan and fund services, those which provide services and people who use them. This must include local authority Homelessness operational leads, provider and landlord representatives on local planning and commissioning groups.
- Link or signpost people accessing support to services which will enable them to engage in education, employment and training opportunities, to help maintain longer term independence.
- Fund support based on need, not tenure or age.
- Promote equality and reduce inequalities by ensuring all funding decisions consider the equality impacts on people with protected characteristics.

- Ensure Outcomes data is collected in the prescribed format and use outcomes data to inform commissioning decisions.
- Ensure all providers have appropriate disclaimers in place to enable service user's information to be available for research and evaluation purposes.
- Work with the local authority homelessness department in order to identify support needs, where appropriate, early on to prevent homelessness and help mitigate the impact of welfare reform.
- Ensure that all support providers who receive HSG funding have domestic abuse policies for their staff and service users.
- Ensure that all support providers who receive HSG funding refer individuals they support to Local Authorities Homelessness Teams where someone is homeless or at threat of homelessness, so they can benefit from the support available as a result of the Housing (Wales) Act 2014 and are also recorded within the statistics.
- Work with other Welsh Government programmes. In particular Children and Communities Grant funded services.
- Ensure all services funded are registered on DEWIS Cymru <https://www.dewis.wales/>.
- Services must be provided in such a way as to not treat the Welsh language less favourably than English, in line with the Welsh Language Measure (Wales) 2011 and also in line with Local Authority duties under the Welsh Language Standards.

Any activities funded must be able to demonstrate that they accord with the purpose of the grant as set out in the HSG Practice Guidance.

The funding must not be used to fund Local Authority Commissioning Teams, including commissioning activity or grant administration, contract specific monitoring and evaluation, and any associated IT costs.

However for 2021-22 only, Local Authorities can use a small and capped amount of HSG money to fund short term project management and/or strategic planning resource, providing authorities with the additional capacity necessary for them to commence effective delivery of the transformation agenda in 2021-22 and ensuring best use of their increased grant allocation. The parameters for this resource are set out in the HSG Supplementary Guidance note issued separately.

The resource may only be funded using HSG monies for the period April 2021 - March 2022. If a local authority wishes to continue the resource beyond this

period, after March 2022, it will need to be funded from an alternative funding source, such as the authority's RSG/Core budget.

Gateway services can be funded, together with associated IT licence costs, which facilitate access for service users to appropriate service responses. This excludes the delivery of statutory duties under homelessness and social care legislation.

The funding must not be used to fund care services, or to fund domestic assistance services. It must not be used to fund services that are a statutory duty which Social Services are required to fund under community care legislation, or housing management tasks. These should be funded by rents or service charge such as setting, collecting and accounting for rent and service charges, or establishing, issuing and enforcing licence or tenancy agreements, reporting and issuing repairs.

Alarms can be funded, through HSG, where local authorities take the strategic decision to do so. Funding can be used for the provision of alarms and monitoring services where the provision improves the ability of the recipient to maintain their ability to remain in their home.

The provision of housing-related support services can be provided via a grant or through procurement. The stream of funding must be provided in a competitive and sustainable way so the provision demonstrates that best value has been achieved in the use of public funds.

Providing low and medium level support for people experiencing domestic abuse, which needn't be strictly housing related support for example, but not limited to, fitting target hardening equipment. Support provided should aim to prevent the need for future crisis intervention such as refuge or homelessness hostel. It is expected that projects commissioned would provide specific information and data evidencing the benefits to the individual supported of this preventative approach.

Management Charges

If management charges are applied to the Purposes they must not total more than 10% of the total grant awarded. If the management charges do exceed 10%, we will require further explanation and detailed breakdown of these charges.

Data Linkage

All Local Authorities and support providers must use appropriate disclaimers on documents such as Support Plans which ensure that individuals are aware their information may be used to help with planning of services, but also research and statistical purposes. This aim of this is to enable greater data linkage.

You will have a data sharing agreement in place which will enable you to share data between other internal local authority teams and external local authorities and/or Welsh Government or their agents for planning, research and statistical purposes.

You will ensure administrative data is held at an appropriate level by the Authority for the purposes of better data linkage. Where the information is not held by the Authority you must ensure it is being held, and is accessible from the appropriate provider. This must include recording the full address and postcode of a person receiving a service; however the postcode must be recorded in its own data box or column on a spreadsheet. The data of birth must be completed in the format dd/mm/yy and gender must also be recorded accurately. Where use of an address or postcode could disproportionality increase the risk to an individual, for example in the case of Domestic Abuse refuge services, an appropriate alternative should be used.

All Local Authorities are expected to work with data linkage researchers for the purposes of the SAIL data linkage project, and should ensure all data is made available to the project annually.

Contract Management

- All housing related support contracts should be regularly monitored using a risk based approach. Monitoring should happen at least annually.
- All housing related support contracts should be strategically reviewed every 4 years.
- All housing related support providers should be subject to (as a minimum) annual due diligence checks.

Co-operation between providers and local authorities

It is the Welsh Government's intention to ensure that everyone who is entitled to support under Part 2 of Housing (Wales) Act 2014, is given the opportunity to benefit from the services and protections provided by legislation.

Therefore, where support is being provided to someone who is likely to be owed a duty, you must work with providers to ensure that applicants are given the opportunity to make an application to the homelessness service for support.

We do not, however, propose that all support is also deferred to the local authority. Support should be undertaken by the most appropriate agency, with the stipulation that the local authority homelessness service is aware of the activity and the individual has had the opportunity to enter the legislative system via a s.62 assessment if they are homeless or threatened with homelessness within 56 days.
