Integrated Impact Assessment Screening Form

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation? (You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

## **Integrated Impact Assessment Screening Form**

The overall impact will be a clearer reporting structure and a role focussed on corporate transformation, HR and community safety. This will result in greater focus and resource on community safety in response to increasing community concerns, particularly from vulnerable groups.

## **Outcome of Screening**

Q8 Please describe the outcome of your screening below:

- Summary of impacts identified and mitigation needed (Q2)
- Summary of involvement (Q3)
- WFG considerations (Q4)
- Any risks identified (Q5)
- Cumulative impact (Q7)

The IIA has identified a medium impact to sex as the post holder affected is a male. However, consultation has been undertaken with the individual. The reallocation of role will have no impact on salary. Formal consultation process with union involvement will follow Council approval. The purpose of reallocating the role is to provide clearer lines of accountability for transformation, human resource management and community safety.

Risks will be managed through strict observance of the Council's recruitment and equality policies.

(NB: This summary paragraph should be used in the relevant section of corporate report)
