The new South West Wales Regional Economic Delivery Plan (REDP) will replace the current Swansea Bay City Region Economic Regeneration Strategy as the strategic framework for economic regeneration at the regional and local level. The REDP has been produced by the four local authorities in South West Wales in partnership with the Welsh Government. It sets out how we will build on our distinctive strengths and opportunities over the next ten years to develop a more prosperous and resilient South West Wales economy.

Preparation of the REDP included a thorough analysis of the evidence base on the region's economy, labour market and infrastructure to determine its strengths, weaknesses, opportunities and threats. Extensive consultation was undertaken with stakeholders across the region. Development of the plan also included consideration of national, regional and local policy context including the Wellbeing of Future Generations Act, decarbonisation and the achievement of net zero by 2050, technological and demographic change and Brexit.

To help plan for the future, the REDP sets out three 'Ambitions' which set out the nature of the South West Wales economy that we want to work towards. These are:

- Resilient and sustainable
- Enterprising and ambitious
- Balanced and inclusive

The ambitions are supported by three complementary Missions, which will guide activity over the next ten years:

- Mission 1 – Establishing South West Wales as a UK leader in renewable energy and the development of a net zero economy
- Mission 2 – Building a strong, resilient and embedded business base
- Mission 3 – Growing and sustaining the 'experience' offer

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)
