Swansea’s Waste Strategy 2022-25

The Council’s current waste strategy requires an update due to changes in WG and UK legislation and policy. The proposed 2022-25 strategy takes into account currently known items of legislation up to 2025 which should result in few/very low impact changes for the public. No significant initiatives are proposed in this strategy up to 2025.

The strategy notes that the period from 2025-2050 is expected to result in noticeable service changes which are unquantifiable until further legislation is drafted and enacted. An updated strategy will be written for this period when the new legislation is available.

Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches?

Please provide details below – either of your activities or your reasons for not undertaking involvement

This strategy is only a short term proposal which maintains the current position until new legislation is in place. No engagement has been undertaken as the strategy proposes no significant new initiatives, therefore there will be no/very little impact on the public or other service areas.

Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:

- a) Overall does the initiative support our Corporate Plan’s Well-being Objectives when considered together?
 Yes No
- b) Does the initiative consider maximising contribution to each of the seven national well-being goals?
 Yes No
- c) Does the initiative apply each of the five ways of working?
 Yes No
- d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?
 Yes No

Q5 What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...)

High risk	Medium risk	Low risk
<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>

Note: Waste is a potentially emotive subject. Based on the experience of other Councils, there may be some criticism of Swansea regardless of how waste is handled. However, this strategy follows current WG legislation and highlights the potential impact of future legislation.

Q6 Will this initiative have an impact (however minor) on any other Council service?

Yes No If yes, please provide details below

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

This strategy will have little impact on the people of Swansea. It will ensure Swansea’s waste continues to be treated in line with WG’s current strategy.

Outcome of Screening

Q8 Please describe the outcome of your screening below:

- **Summary of impacts identified and mitigation needed (Q2)**
- **Summary of involvement (Q3)**
