Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches? Please provide details below – either of your activities or your reasons for not undertaking involvement

Consultation will be carried out to all householders affected by the schemes proposed in the report via the Council’s Major Works Agreement, and any individual needs will be accounted for as part of the scheme. Statutory Consultation via the Planning Process will be carried out for any schemes requiring planning consent.

The Housing Service has ongoing working practices with other service areas within the Council and will be working closely with these to develop, design and deliver the capital investment programme over the next 4 years.

Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:

- a) Overall does the initiative support our Corporate Plan’s Well-being Objectives when considered together?
 Yes No
- b) Does the initiative consider maximising contribution to each of the seven national well-being goals?
 Yes No
- c) Does the initiative apply each of the five ways of working?
 Yes No
- d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?
 Yes No

Q5 What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...)

High risk

Medium risk

Low risk

Q6 Will this initiative have an impact (however minor) on any other Council service?

Yes No If yes, please provide details below

The programme of repairs and new build properties will have an impact on the following Council services: Building Services, Procurement, Legal, Finance, Highways and Drainage,

Corporate Property, Building Control, Social Services and Planning will all be involved in the schemes.

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

The planned investment and programme of repairs and maintenance to council housing and the creation of new housing set out in the report to Council will result in improved housing standards by increasing the number of homes with modern facilities, providing bespoke repairs and aids to those with medical or specific needs, increasing thermal efficiency to ensure homes are healthy, providing renewable technologies to individual homes to reduce carbon emission, and make homes cheaper to run (and protecting tenants from current pressures of fuel increases). The programmes are supported by the Beyond Bricks and Mortar Team with many contracts providing training and employment opportunities to those who are long term unemployed or hard to reach. The Beyond Bricks and Mortar team work with agencies who target those who may otherwise experience economic inactivity. Overall the programme will secure housing for future generations.

Outcome of Screening

Q8 Please describe the outcome of your screening below:

- **Summary of impacts identified and mitigation needed (Q2)**
- **Summary of involvement (Q3)**
- **WFG considerations (Q4)**
- **Any risks identified (Q5)**
- **Cumulative impact (Q7)**

Major investment into the Council's social housing stock and increasing its supply results in healthier, more thermally efficient and economical to run homes and supports and improves localities, communities and the wider environment. Investment and targeted employment contributes towards the local economy. The proposals set out in the report to Cabinet and Council will have a low impact with no mitigation required.

The schemes, when rolled out, will engage with those tenants who are affected as part of the major works agreement and ensure their needs are recognised and adjustments made where required. Public consultation will be undertaken to those schemes requiring planning permission via the planning process.

The proposal supports the Wellbeing of Future Generations (Wales) Act 2015 and will make a significant contribution to the 7 well-being goals. The decarbonisation element of the refurbishment programme will develop skills and employment opportunities, build local supply and safeguard current building industry related employment. Local communities with higher than average welsh speakers are scheduled for improved housing standards, the local environment and ensure these are affordable stable communities. Within the new build programme there will be collaborative working between the public and private sector in a sustainable way resulting in a long term partnership with the objectives of developing homes within the city for the benefit of future generations.

Overall, repairing the existing housing stock as well as increasing the supply of affordable housing will assist in the regeneration of areas, and stimulating economic growth, addressing issues such as poverty, inequality, jobs and skills which directly contributes to the council's obligations to act in a sustainable way pursuant to the WFGA. There are no risks to the Council as set out in the legal section of the report.
