The proposal at this point is to create a Capital Investment Programme to purchase two properties to be adapted into in-house residential provision for children and young people, so this is very early stages of the process.

If this proposal is accepted a Capital Scheme will be developed, which will include engagement and consultation with community members once a location has been identified.

Co-production with children and young people will be paramount to ensure the provision is developed and designed with them and they will be involved in the process.

At this point it is anticipated a full IAA will be needed.

  - Long-Term plans around short term delivery are made taking into consideration implications
  - Prevention through adopting a long term preventative approach to this type of investment leading to better outcomes for children
  - Integration through continual review to make sure we are engaging effectively and in a representative way. We will continue to target activity and make it accessible for people and families for whom Welsh is a first language.
  - Involvement working closely with children and young people to design delivery from inception, (co-production). Engaging with local communities and involving them in the process from the start
