Using the recent example of delivering a £1m play programme of works over 21-22, communities were involved in the scheme proposals, officers collaborated with the ward members to ensure value for money and that the play sufficiency was above adequate. The benefits from this scheme include, improved wellbeing and health, the use of green spaces, to provide free facilities during a time of economic struggle.

Further examples include:

Donations to schools and sports clubs ensure children have improved facilities.

The commitment to sowing wild flowers and daffodils has benefitted from community budget helping to enhance nature and biodiversity and improve wellbeing.

Monies have been donated to church groups and paid for local defribillators.

The scheme has supported several Food Banks & Meals for the elderly.

Outcome of Screening

Q8 Please describe the outcome of your screening below:

- **Summary of impacts identified and mitigation needed (Q2)**
- **Summary of involvement (Q3)**
- **WFG considerations (Q4)**
- **Any risks identified (Q5)**
- **Cumulative impact (Q7)**

The impacts of this additional budget to be spent within communities has very high benefits and presents low risk. The money can be allocated as appropriate, giving resident what they want and what's important to them, hitting many of the WBFGA ways of working and goals. The scheme has generated so many positive community projects to date, and no doubt going forward this will continue. This scheme also aligns perfectly with the corporate well-being objectives.

An Integrated Impact Assessment screening has been undertaken, the outcome being that a full IIA report is not required for the Community Budget itself. However single schemes above the value of £10,000 will be screened in their own right as per the corporate process and officers will also monitor and identify any projects below this threshold where IIAs screening may be required and review accordingly.

(NB: This summary paragraph should be used in the relevant section of corporate report)
