Corporate Plan 2022/23.

The Corporate Plan is a high level and strategic document that sets out the Council's Well-being Objectives and how it will take steps to meet them whilst maximising the Council's contribution to the National Goals.

A full EIA was previously applied to the Corporate Plan. There is a close correlation between the Council's Corporate Plan and Well-being Objectives and the Council's Strategic Equality Plan and Equality Objectives. A new Strategic Equality Plan with new Strategic Equality Objectives was published during 2020/21 following extensive consultation and engagement with people, including people with protected characteristics. There is now closer alignment between many of the steps to deliver both the Council's Equality and Well-being Objectives as we pursue integration, seek to improve well-being and strive towards a more equal Swansea and a more equal Wales.

The Corporate Plan has been refreshed and updated for 2022/23. The main change has been the replacement of the 'Maintaining and enhancing Swansea's natural resources and biodiversity' Well-being Objective with one on 'Delivering Climate Change and Nature Recovery'. This new Objective is a development from the previous one and has been adopted to place particular emphasis on addressing the long-term challenges arising from climate change and the threat to biodiversity; following Welsh Government declarations for Wales, the Council has declared both a Climate Emergency and a Nature Emergency, which will be responded to through this Well-being Objective.

The previously completed EIA still applies to the Corporate Plan. There will be a further review of the Council's Corporate Plan during 2022/23 to span the next five years 2022/27; this new Plan will be subjected to a full IIA.

The review and refresh of our Corporate Plan and Well-being Objectives for 2022/23 has been done within the restrictions imposed by the Covid-19 pandemic, which limited face-to-face engagement in particular. The Council undertook a survey as a guide and 'temperature check' to help inform the refresh of the Corporate Plan and Well-being Objectives for 2022/23. The survey was widely publicised and, in addition to being aimed at the general public, was also targeted to specific stakeholders, including people with protected characteristics, and accompanied by supporting information. Respondents were asked their views about the Council's existing Well-being Objectives and performance delivering them and whether they were the right objectives to improve well-being in Swansea now and in the future; respondents were also asked about their views on the new and proposed Well-being Objective 'Delivering on Nature Recovery and Climate Change'.

Overall, the results of the survey show that respondents agreed that the Council's proposed Well-being Objectives for 2022/23 were the right objectives for Swansea Council to continue to improve well-being in Swansea. The largest proportion of respondents agreed that Transforming our Economy and Infrastructure was the right objective for Swansea Council in the future (81%), closely followed by agreement with Safeguarding People from Harm (77%) and Improving Education and Skills (77%). Just under three quarters of participants (73%) thought that Tackling Poverty was the right objective for Swansea Council in the future and almost two thirds (62%) agreed with the new objective Delivering on Nature Recovery and Climate Change and 54% agreed with Transformation and Future Council Development.

# Integrated Impact Assessment Screening Form Appendix B

The Corporate Plan is a high level and strategic document that describes the Council's Wellbeing Objectives. It sets out the Councils contribution to the National Goals and how the steps in the Plan maximises the Council's contribution to both the Well-being Objectives and National Goals through sustainable ways of working.
