Role Profile Specific Behaviours

A Note on Behavioural Competencies

The Corporate Management and Leadership family role profiles have been designed to reflect the new Corporate Senior Management Structure for 2013. This is a generic competency framework designed to introduce the concept of behavioural competencies in a flexible format in the first instance. An example of the flexibility of the behaviours may be that some Corporate Services HOS will have more strategic involvement than others, depending on the remit of their role; whereas other Heads of Services will have more affinity with community and citizen engagement behaviours. The competency framework will be piloted for 12 months and then reviewed.
