#### 2022 Play Sufficiency Assessment

The Child & Families (Wales) Measure 2010 places a duty on all Welsh local authorities to undertake a Play Sufficiency Assessment every 3 years and to 'secure sufficient play as far as is reasonably practicable'.

Following assessments in 2013, 2016 and 2019, the 2022 Assessment (PSA) has been undertaken from July 2021 until May 2022 ahead of submission by 30<sup>th</sup> June 2022.

The PSA features a range of matters which are assessed as fully met, partially met or unmet. This is based on discussion with key officers as well as extensive consultation with all stakeholder groups.

Where shortfalls are identified, an action plan for completion is developed and included within the report.

**Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches?**

**Please provide details below – either of your activities or your reasons for not undertaking involvement**

The PSA requires consultation with all stakeholders as well as carrying specific ‘matters’ that consider each of the protected characteristics and how they are impacted by play locally.

In Swansea we produced a range of surveys including for children & young people, parent/carers, professionals and the general public. We arranged workshops, stakeholder meetings and on-line discussions with a view to ensuring everyone has the opportunity to contribute. The findings of the consultation are included within the report and actions identified where required.

The individual matters featured consideration of access to play by those who are disabled, ethnic minorities including travellers, looked after children and the LGBTQ+ community and all were engaged either directly or via representative groups.

**Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:**

a) Overall does the initiative support our Corporate Plan’s Well-being Objectives when considered together?

Yes X      No

b) Does the initiative consider maximising contribution to each of the seven national well-being goals?

Yes X      No

c) Does the initiative apply each of the five ways of working?

Yes X      No

## Integrated Impact Assessment Screening Form

d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?

Yes  No

**Q5** What is the potential risk of the initiative? (*Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...*)

High risk

Medium risk

Low risk

**Q6** Will this initiative have an impact (however minor) on any other Council service?

Yes  No If yes, please provide details below

**Q7** What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

*(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)*

This proposal highlights how play in Swansea considers and responds to the needs of all children & young people and considers potential considerations relating to specific need to ensure that provision and policy is accessible and equitable.

Where more needs to be done, specific actions are identified to remove barriers – although Swansea has long valued inclusion in play so these are minimal.

As such, we are confident that the 2022 PSA is a positive document that considers and recognises individual need.
