Pregnancy and maternity

Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches? Please provide details below – either of your activities or your reasons for not undertaking involvement

The bids and proposed work do not require public consultations and are carried out within the legal framework of the HRA manual and the Section 122(1) of the Local Government Act 1972. Any resultant planning application on the sites being cleared for development will be subject to public consultation.

Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:

Delivery of affordable homes is a good example of the 5 Ways of Working promoted by the Wellbeing of Future Generations (Wales) Act 2015 and will make a significant contribution to the 7 well-being goals. It is an example of collaborative working between the public and private sector in a sustainable way resulting in a long term partnership with the objectives of developing homes within the city for the benefit of future generations.

Increasing the supply of affordable housing will assist in the regeneration of areas, and stimulating economic growth, addressing issues such as poverty, inequality, jobs and skills which directly contributes to the council's obligations to act in a sustainable way pursuant to the WFGA.

The installation of the sprinkler systems will contribute to the safety of future tenants over many decades and not just the current residents.

- a) Overall does the initiative support our Corporate Plan's Well-being Objectives when considered together?
Yes No
- b) Does the initiative consider maximising contribution to each of the seven national well-being goals?
Yes No
- c) Does the initiative apply each of the five ways of working?
Yes No
- d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?
Yes No

Q5 What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...)

High risk

Medium risk

Low risk

Q6 Will this initiative have an impact (however minor) on any other Council service?

Yes

No

If yes, please provide details below

Appendix 1 - Integrated Impact Assessment Screening Form

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

Increase the supply of good quality affordable housing in Swansea. The affordable homes will be allocated according to the Housing Allocations policy, which was subject to a full EIA. The sprinkler systems will dramatically increase the safety of tenants living in the Griffith John St Tower blocks in the event of a fire.

Outcome of Screening

Q8 Please describe the outcome of your screening below:

- **Summary of impacts identified and mitigation needed (Q2)**
- **Summary of involvement (Q3)**
- **WFG considerations (Q4)**
- **Any risks identified (Q5)**
- **Cumulative impact (Q7)**

This proposal will have a low impact with no mitigation required. Any subsequent planning application require public consultation through the planning process. The proposal supports the Wellbeing of Future Generations (Wales) Act 2015 and will make a significant contribution to the 7 well-being goals. Several of the bids are an example of collaborative working between the public and private sector in a sustainable way resulting in a long term partnership with the objectives of developing homes within the city and making existing homes more fuel efficient for the benefit of future generations.

Increasing the supply of affordable housing will assist in the regeneration of areas, and stimulating economic growth, addressing issues such as poverty, inequality, jobs and skills which directly contributes to the council's obligations to act in a sustainable way pursuant to the WFGA.

There are no risks to the Council as set out in the legal section of the report.

The proposals will increase the supply of good quality affordable housing in Swansea. The affordable homes will be allocated according to the Housing Allocations policy, which was subject to a full EIA. Likewise any of the properties benefiting from decarbonisation measures which become void in future, will be allocated according to the Housing Allocation policy.

The sprinkler systems will substantially improve the safety of all tenants living in the Griffith John St tower blocks in the event of there being a fire in the blocks.
