2022/2023 funding and support strategy for Leisure and Cultural Partnerships following the Covid-19 pandemic. Support due to losses and the requirement of a financial recovery plan related to the Covid-19 pandemic.

Following the Covid-19 pandemic, when significant support was provided to our partnerships under previous Cabinet Reports, for continued sustainability and monitoring of these partnerships, the recovery partnership liaison has continued on a monthly basis or at relevant board meetings and working groups set up to specifically monitor current and future operations and costs.

Whilst good recovery has been made across a number of areas, and not all partnerships now require future support (Parkwood Leisure Ltd operation of Plantasia no longer requires relief). It is a reality that now that all Welsh Government Covid-19 loss of income claims and other support has diminished and it would be remiss to think that the legacy impact of Covid-19 from a financial and business planning perspective, plus other pressures and risks are gone.

Whilst some income lines across the portfolio have seen good growth, other elements have suffered greatly with continued nervousness in the sector. In addition, there has been a change of habit related to aging populations and 'working from home' blended approach continuing and become 'the norm'. As a result, income lines such as gym membership, car parking and indoor event/hires are taking longer to recover. This is compounded by the significant hikes in utilities and staffing costs/shortages which all have a significant and long term impact on financial performance of the venues. These culminating factors mean that partners are projecting that they will need support in the short/medium term to aid recovery.

What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation? (You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and

proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

The report is to inform a decision to sustain the current leisure and cultural services so that there is no negative impact on the users. Not acting or supporting our partners would impact on the service and facilities provided to the residents and visitors of Swansea.

The range of facilities operated by the partners contained within the report are extremely varied and provide a range of services to all groups of society and the general public which support their wellbeing, health and cultural experiences in a variety of ways.

The impact of the Council not supporting these partners will ultimately mean that the services are put at risk of failure or cessation. Intervention through funding support from the council now provide partners with greatest chance of fully recovering, and reduce the future financial impact on the Council longer term. Losing or significantly reducing such services provided could therefore have a significant impact on the groups of the communities that they serve. The types of groups that use these facilities vary greatly but include disabled people, older people, single parents (who are mainly women) children and young people and engagements with those most vulnerable and need supporting in our society by providing engaging and welcoming spaces and places to use and feel comfortable. This extends to religious groups and ceremonial activities in the Leisure Centres.

Outcome of Screening

- Q8 Please describe the outcome of your screening below:
 - Summary of impacts identified and mitigation needed (Q2)
 - Summary of involvement (Q3)
 - WFG considerations (Q4)
