The system of internal controls, risk management and governance within the Education Directorate is subject to continual review and improvement. Directorate plans pay due regard to the Wellbeing of Future Generations Act 2015. The impact of not having tight controls on Directorate finances, poor risk management and proper well-understood governance are not insignificant. However, the control measures described within the report indicate suitable mitigations to prevent poor resource and risk management.

Outcome of Screening

Q9 Please describe the outcome of your screening using the headings below:

The screening indicates that there are low direct impacts on the population. However, the impacts on resource management are medium risk. The likelihood of the risk is mitigated by the contents of the report and appendices which should provide assurance to the committee.
