Q3 What involvement has taken place/will you undertake e.g. engagement/consultation/co-productive approaches? Please provide details below – either of your activities or your reasons for not undertaking involvement

Following initial discussions, the following approach was developed. It is based upon a dialogue approach to gathering information. It is also informed by Appreciative Enquiry and Most Significant Change methods. The key component of the work is Active Listening Trios.

The Trios lasted no more than 45 minutes and involved two people from the Council and one person from the Audit Wales Good Practice Exchange Team. The conversations were carried out online (over Teams), limited to 45 minutes.

Q4 Have you considered the Well-being of Future Generations Act (Wales) 2015 in the development of this initiative:

- a) Overall does the initiative support our Corporate Plan’s Well-being Objectives when considered together?
 Yes No
- b) Does the initiative consider maximising contribution to each of the seven national well-being goals?
 Yes No
- c) Does the initiative apply each of the five ways of working?
 Yes No
- d) Does the initiative meet the needs of the present without compromising the ability of future generations to meet their own needs?
 Yes No

Q5 What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc...)

High risk

Medium risk

Low risk

Q6 Will this initiative have an impact (however minor) on any other Council service?

Yes No If yes, please provide details below

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

Integrated Impact Assessment Screening Form

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

The work specifically focus on how people have worked largely work from home during the pandemic, and how this might be reflected in a 'hybrid working' future.

The focus was on how people connect to do their jobs. This was around areas that include communication between colleagues, information sharing, social connection, supporting wellbeing, building relationships, establishing trust and maintaining connection and networks. This is a deliberately wide scope to allow the most important aspects of a complex situation to emerge during the work.

This update focus is on internal business therefore the impact on external people and communities is low, however each project/system/service touched on within the project will have an independent IIA completed as part of the development process recognising the impact on people and/or communities.

Training and learning needs, analysis are completed when necessary.

Outcome of Screening

Q8 Please describe the outcome of your screening below:

- **Summary of impacts identified and mitigation needed (Q2)**
- **Summary of involvement (Q3)**
- **WFG considerations (Q4)**
- **Any risks identified (Q5)**
- **Cumulative impact (Q7)**

The report adheres to the transformation and future council development well-being objective in the Corporate Plan - so that we and the services that we provide are sustainable and fit for the future.

The summary of impacts has been categorised as low. Whilst this is a joint update on recovery the impact on specific groups remains low.

Key stakeholder (internal & external) were involved in the programme. Stakeholders were identified from across the organisation to contribute. Any impact will be positive as we are working towards providing efficient, effective and sustainable services.

The Achieving Better Together Programme as a whole is contributing towards the achievement of the national well-being goals:

The aim of this project was to take a co-productive approach in the development and delivery of this work. Through this approach the Council gained insight into how to effectively engage staff in hybrid working following covid. Audit Wales obtained assurance that the Council is making most effective use of its most important resource, the staff.

(NB: This summary paragraph should be used in the relevant section of corporate report)
