Q8 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

The system of internal controls, risk management and governance within the Social Services Directorate is subject to continual review and improvement. Directorate plans pay due regard to the Wellbeing of Future Generations Act 2015. The impact of not having tight controls on Directorate finances, poor risk management and proper well-understood governance are not insignificant. However, the control measures described within the report indicate suitable mitigations to prevent poor resource and risk management, and these are reviewed regularly.

Outcome of Screening

Q9 Please describe the outcome of your screening using the headings below:

The likelihood of risk is deemed as generally low, as risks are actively mitigated by risk management as set out in the contents of the report, and within the appendices which should provide assurance to the committee.
