  - Summary of impacts identified and mitigation needed (Q2)
  - Summary of involvement (Q3)
  - WFG considerations (Q4)
  - Any risks identified (Q5)
  - Cumulative impact (Q7)
- **Summary of Impacts (Q2)** Impacts are positive and low on specific groups due to the nature and purpose of the report as explained above.
- Summary of involvement (Q3) Social Services work closely with other Swansea Council services, Swansea Bay University Health Board, Third Sector organisations, Social Care providers, West Glamorgan Regional Partnership Boards and works co-productively on services development and commissioning plans. This development work and the involvement of others has been involved in this report.
- WFG considerations (Q4) Well-being of Future Generation forms part of the overall approach, and as part of the transformation and improvement programmes within Council services, which are working towards a sustainable model of service. Health, social care and wellbeing is a significant part of the local and regional economy of Swansea, and the report focused on the range of services and other organisations which form part of this economy. A skilled, qualified workforce, who have a duty to report safeguarding concerns, is vital to improving wellbeing outcomes for Swansea citizens, and in achieving the corporate objective safeguarding people from harm.
- Any risks identified (Q5) The improvements and transformation programmes set out within this plan are risk managed closely. Any risks identified and agreed, are mitigated as routine within social services at service, directorate and corporate levels through monthly Social Services Performance and Financial Monitoring meeting and Corporate Safeguarding group escalated accordingly through to appropriate corporate and political structures. Some of the wider impacts for example those emerging during the Covid pandemic, and their associated risks have been, and will continue to be, managed through the regional partnership structures.
- Cumulative impact (Q7) There is a positive impact on the wellbeing of Swansea citizens though the continuous improvement of corporate safeguarding arrangements, and the benefits this brings to the social care economy and wider social care workforce.
