High risk

Medium risk

Introducing Sunday Parking Charges in the City Centre Car Parks could will result in visitors to the LC and Waterfront Museum paying more to park than they currently do.

Q7 Will this initiative result in any changes needed to the external or internal website?

 Yes No

If yes, please provide details below

All our Car Park Charges can be found on the Councils website. Any changes would require these pages to be updated.

Parking Waivers can be applied for online and any agreed charges would need to set up so that payment can be made on completion of the application.

Q8 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

Outcome of Screening

Any increase in charges will affect customers that use this car park but more so those who park regularly or for long periods of time. Customers on lower incomes will be affected more than those on medium to high incomes. The impact on people on low incomes is mitigated by the reduced Park and Ride charges.

Q9 Please describe the outcome of your screening using the headings below:

- Summary of impacts identified and mitigation needed (Q2)
- Summary of involvement (Q3)
- WFG considerations (Q4)
- Any risks identified (Q5)
