No

If yes, please provide details below

All key policies drivers that influence or emissions and nature recovery are now working as an established programme board, part of the governance structure to ensure priority is given to meeting targets.

Q7 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

Swansea Council recognises that it must lead by example and use its ‘Sphere of Influence’ to reach out to as many citizens and businesses as possible regarding climate change and the use of renewable energy.

Integrated Impact Assessment Screening Form – Appendix A

Involving partners and stakeholders will be paramount to success and is a key element of the LAEP process.

With support, the Council is well placed to work with others. We can make the most of Swansea's collective potential and create solutions together. There will need to be major investments. We will have to make changes to existing systems of how we use and interact with energy.

Above all, to meet this challenge, we need collective leadership and shared ambition.

To note the Well-being of Future Generations is a pivot part of our project governance structure.

Outcome of Screening

Q8 Please describe the outcome of your screening below:

- **Summary of impacts identified and mitigation needed (Q2)** – If we move in the right direction and bring stakeholders along with us then all benefits could and should be very positive,
- **Summary of involvement (Q3)** The mobilisation of the LAEP process, supported by appointed consultants will drive wider stakeholder engagement
- **WFG considerations (Q4)** To note the Well-being of Future Generations is a pivot part of our project governance structure.
- **Any risks identified (Q5)** – Risks are medium - financially we will need to continue to lobby WG to ensure funding available to make changes.
- **Cumulative impact (Q7)** – A brilliant and exciting opportunity to maximise the wellbeing of future generation and equality plan principles to make for a better Swansea by 2050.
