Integrated Impact Assessment Screening Form

Potentially yes, depending on any changes / innovations / expansions agreed and taken forward. If agreed, these will need to be shared both with internal staff and potential service users / members of the public.

Q8 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

The priorities of the Adult Services transformation programme are to keep people safe, develop models with communities and partner organisations which provide better early help and better preventative resources and promote and enable people to live independently for longer within their communities.
