

Report of the Section 151 Officer

Local Pension Board – 19 April 2023

Breaches Report

Purpose: The report presents any breaches which have occurred in the period

in accordance with the Reporting Breaches Policy.

Report Author: Claire Elliott, Pension Manager

Finance Officer: Jeff Dong – Deputy S 151 Officer

Legal Officer: Stephanie Williams – Principal Lawyer

Access to Services Officer: N/A

For Information

1. Introduction

- 1.1 The Reporting Breaches policy was adopted with effect from 9 March 2017.
- 1.2 The policy requires a report to be presented to the Pension Board and Pension Fund Committee on a quarterly basis, highlighting any new breaches which have arisen since the previous meeting and setting out:
 - all breaches, including those reported to The Pensions Regulator and those unreported, with the associated dates
 - in relation to each breach, details of what action was taken and the result of any action (where not confidential)
 - any future actions for the prevention of the breach in question being repeated
- 1.3 Following the introduction of GDPR requirements and the requirements to report any breaches to the Information Officer and ICO, if required, it has been determined good practice and transparent to also include GDPR breaches also within this report

2. Breaches

2.1 Under the policy, breaches of the law are required to be reported to the Pensions Regulator where there is reasonable cause to believe that:

- A legal duty which is relevant to the administration of the scheme has not been, or is not being, complied with
- The failure to comply is likely to be of material significance to the regulator in the exercise of any of its functions
- 2.2 The Breaches Report is attached at Appendix A and the following further information is provided.
- 2.3 Under the LGPS regulations, interest is paid on retirement lump sum payments if the payment is made more than one month after retirement and calculated at one per cent above the base rate on a day to day basis from the due date of payment and compounded with three-monthly rests.
- 2.4 Since the last report in November 2022, 28.17% of retirement lumps sums have not been paid within the benchmark (it should be noted that 100% of payments were made within 1 month when all documentation was received). The % of non-payment of retirement lump sums within the specified benchmark was due to the members not returning completed pension election forms within a timely manner. Communication sent to members at time of retirement has been reviewed to ensure that the importance of timely return of required documents is highlighted and reminder triggers put in place.
 - 2.5 The basic objective of the General Data Protection Regulation (GDPR) is to enforce stronger data security and privacy rules among organisations when it comes to protecting an individual's personal data. The UK legislation is the Data Protection Act 2018 and mirrors many key principles of the Data Protection Act Where a breach of a member's personal data happens (a breach of personal data means that a security breach has taken place leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to personal data, transmitted, stored or otherwise processed. [GDPR Article 4(12)]), the Pension Fund (who complies with Swansea Council GDPR Principles) has an obligation to undertake a full investigation within the initial 72hours of acknowledging a data breach. When the Fund becomes aware of a breach, the appropriate investigation takes place within the stipulated timeframe and the findings presented to the Data Breach Panel for review. The requirements presented for improved working practices by the Data Breach Panel the Fund has incorporated within the day-to-day working practices. There has been no GDPR breach since last reporting date
- 2.6 The Fund requires that employers pay employee and employer contributions to the Fund on a monthly basis and no later than the 19th of the month after which the contributions have been deducted. There have been a single instance during the reporting period where breaches have occurred. In this case, Treasury Management staff have written to the employers to request payment and provide a reminder of the responsibilities to submit on time.
 - 2.7 With regards to performance data in respect of processing refunds, in most cases, the sums are quite small and the problem is locating the member/former member to process the refund, quite often they may have moved address or even passed away.

3. Equality and Engagement Implications

N/A

4 Legal Implications

4.1 Where breaches have occurred, the legal implications are outlined in Code of Practice no.14 and GDPR legislation

5. Financial Implications

5.1 Minimal loss of investment income and a possible penalty charge from TPR.

Background papers: None.
