We need to publish links to the CIW reports on our website. The recommendations and any resulting actions from any Area for Improvements identified will be communicated to staff and where relevant updated in our practice processes on the intranet.

Q8 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

This is not a proposal, but an IAA for CIW reports for Scrutiny.

The implementation of the recommendations will positively impact on the users of services, which are all individuals with care and support needs, along with their carers / family members.

Inspections are a part of the quality control measures to ensure we are providing safe services to those with care and support needs, providing opportunities for service users to exercise, voice, choice and control and meet their personal outcomes. CIW inspect the services and how they are meet the regulations in relation to Well-being, Care and Support, Environment and, Leadership and Management. As the reports identify, CIW found no non-compliance of the regulations, no priority action notices were issued, but they made one area for improvement recommendation.

Outcome of Screening

- **Summary of impacts identified and mitigation needed (Q2)**
- **Summary of involvement (Q3)**
- **WFG considerations (Q4)**

There are positive impacts of service users accessing quality services, inspected by CIW.
