d)	Does the initiative me generations to meet the Yes ⊠		e present witho	ut compromisin	g the ability o	f future			

Appendix D - Integrated Impact Assessment Screening Form

Q5	What is the potential risk of the initiative? (Consider the following impacts – equality, socio-economic, environmental, cultural, legal, financial, political, media, public perception etc)						
	High ris	sk	Medium risk	Low risk			
Q6	Will this initiative have an impact (however minor) on any other Council service ☐ Yes ☐ No If yes, please provide details below						
Q7	Will this initiative result in any changes needed to the external or internal website?						
	☐ Yes	⊠ No	If yes, please pr	ovide details below			
Q8	What is th	ne cumulativ	ve impact of this pro	posal on people and/or communities			

when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation? (You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the

proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. For example, financial impact/poverty, withdrawal of multiple services and whether this is disadvantaging the same groups, e.g., disabled people, older people, single parents (who are mainly women), etc.)

The result of approving this proposal, will be that the external project's financial transactions for the duration of the capital building project, will be appropriately managed, ensuring the success of the project for the community.

The cumulative impact of the whole project, in terms of the difference it will make to the local community of Morriston will be positive. The capital project will improve physical accessibility to the building and create more spaces that can be used for a wide range of community activities and events.

Outcome of Screening

Q9 Please describe the outcome of your screening using the headings below:

- Summary of impacts identified and mitigation needed (Q2)
- Summary of involvement (Q3)
- WFG considerations (Q4)
- Any risks identified (Q5)
- Cumulative impact (Q7)

There will be no impact on the council, as the proposal is to seek approval to assist in managing the financial transactions associated with the capital building project at Tabernacle Chapel. On completion of the physical works, the building will remain in Community ownership.

The capital project is required to help secure the future of the grade 1 listed building, by creating a more favourable set of facilities for hire and thus increased revenue possibilities. With the support of the council we can ensure that the financial processes associated with the capital project are managed professionally and appropriately. Our assistance will ensure the success of the capital building project.

Appendix D - Integrated Impact Assessment Screening Form

The cumulative impact of the enhanced facilities at the Tabernacle, as a result of the capital project, will be positive for the community of Morriston. The building will create a positive impact for the community at large, however the greatest benefits will be for people with disabilities and older people. It is envisaged that through maximising accessibility and increasing the number of activities available, the hub will contribute to alleviating social isolation for individuals in the community.
