Introducing a shared cost AVC arrangement to LGPS members as part of the employee benefits offer will enhance the Council's reputation as an employer of choice as highlighted in the Workforce Strategy 2022-2027.

This report seeks approval to implement a salary sacrifice Shared Cost Additional Voluntary Contribution (Shared Cost AVC) pension arrangement for Local Government Pension Scheme (LGPS) members. Shared Cost AVC schemes have been widely adopted across the LGPS in the UK with over 100 councils already delivering this key staff benefit.

LGPS members are currently permitted to contribute to a standard Additional Voluntary Contribution scheme (AVC) and receive income tax relief on their contributions through their payslip. AVCs are a long-term pension savings plan that runs alongside the main LGPS scheme that allows a member to build up a capital sum. On retirement, they can access the benefits through a range of options including the ability to receive the capital sum 100% tax free in most cases.

AVC contributions are paid across to a partnering responsible financial organisation who manage the plan and investments. The LGPS Administering Authority (Swansea Pension Fund) is responsible for selecting the external provider (currently Prudential), and this arrangement would not change with the introduction of a salary sacrifice Shared Cost AVC scheme.

The LGPS and HMRC regulations provide the necessary authority for employers to introduce a Shared Cost AVC scheme. The advantages of implementing this new Shared Cost AVC arrangement over the current standard AVC scheme is that in addition to the income tax relief that staff currently received, they will in addition receive national insurance contribution relief too. The Council will also make savings, through a reduction in the employer national insurance contributions and the apprenticeship levy.

Appendix B - Integrated Impact Assessment Screening Form

To ensure that the Shared Cost AVC arrangement is compliant with the LGPS/HMRC regulations, the scheme must be set up as a 'shared cost' scheme which requires both the employee and employer to contribute to the Shared Cost AVC. Although this suggests that the Council will pay a financial contribution towards the Shared Cost AVC plan, this is not the case. How it works in practice is that the employee accepts a contractual reduction in remuneration (a salary sacrifice), equivalent to the amount they would like to pay into the scheme, and the employer pays this amount into the Shared Cost AVC plan on their behalf. To meet the 'shared cost' arrangement the employee is then required to pay a nominal £1 each month into the Shared Cost AVC through a payslip deduction

Outcome of Screening

Q9 Please describe the outcome of your screening using the headings below:

- Summary of impacts identified and mitigation needed (Q2)
- Summary of involvement (Q3)
- WFG considerations (Q4)
- Any risks identified (Q5)
- Cumulative impact (Q7)

The initiative will generate positive impact upon most age groups and those at risk of poverty in retirement by encouraging long term financial savings through the LGPS pension scheme. Trade unions are supportive of the introduction of the offer as it will benefit both their members and the wider workforce who elect to contribute to a shared cost AVC arrangement. This is a voluntary election and as such will not impact or cause risk to those employees who do not opt to contribute to the arrangement. The impact will be felt upon retirement by those aged 55 and

over who access a greater total pension benefit than had they not contributed to a shared cost AVC arrangement.
