This is an IIA Screening for a Briefing on Deprivation of Liberty Safeguards to the Adult Services Performance Scrutiny.

The report includes an overview of what the Deprivation of Liberty Safeguards (DoLS) are, the legal framework underpinning these and how these are based on Article 5 of the Human Rights Act. The report outlines our role as DoLS Supervisory Body and how we ensure decisions are made on behalf of a personal or actions taken are in their 'best interests' and that the person is not subjected to any unnecessary supervision, control or restrictions.

The report also summarises current performance detail of DoLS applications, when the Court of Protection and Deprivation of Liberty Orders are required, the role of Advocacy and the future of this area of work and potential new legislation.

The Adult Services Performance Scrutiny is being asked to consider the report and give its views and make any recommendations to the Cabinet Member for Care Services.

There is no impact for the report itself. Recommendations made by the committee to inform future activity or when new legislation is introduced may require further investigation through the full IIA process which would be actioned at the appropriate time.

Co-productive approaches in central with people impacted by DoLS and DoLO, carers and representatives, advocates and service providers. All Social Work assessments and care and support plans are co-produced with service users, applying a person-centred strength-based approach.

The report also illustrates the approach taken to ensure a person-centred rights-based approach when it is necessary to deprive a person (age 18 and above) of their liberty to keep them safe, when they lack mental decision-making capacity to consent to their care and treatment.

Q8 What is the cumulative impact of this proposal on people and/or communities when considering all the impacts identified within the screening and any other key decisions affecting similar groups/ service users made by the organisation?

(You may need to discuss this with your Service Head or Cabinet Member to consider more widely if this proposal will affect certain groups/ communities more adversely because of other decisions the organisation is making. Integrated Impact Assessment Screening Form

The principles and priorities underpinning the Deprivation of Liberty Safeguards are based on Article 5 of the Human Rights Act: "Everyone has the right to liberty and security of person. No one shall be deprived of his or her liberty (unless) in accordance with a procedure prescribed in law." The Deprivation of Liberty Safeguards is a procedure prescribed in law. The procedure involves having the arrangements independently assessed to ensure they are in the best interests of the individual concerned, the person being deprived should be provided with a representative and the person subject to a deprivation of liberty has the right to challenge a granted authorisation. Our team focus on strengths, enablement and keeping people safe. A positive co-productive approach and advocacy is embedded in the DoLS / DoLO processes.
