1. Introduction

- 1.1 On the 4th November 2014, Council agreed to pass a resolution not to issue casino licences (A No Casino Resolution) and also agreed amendments to the Council's Gambling policy (the Policy) in respect of the resolution. The resolution came into effect on the 5th December 2014 as the resolution cannot take effect until 4 weeks after the date following the date of the Council decision. Council considered the matter again in 2017 and 2020 and passed further resolutions not to issue casino licences in October 2017 and November 2020. This resolution came into effect on the 6th December 2020.
- 1.2 The decision to pass the resolution was based on the Council's priorities and commitments to improving the wellbeing of people in Swansea. In particular, the decision was based on:
- addressing poverty and the impact of poverty on its communities,
 - research which suggests that casinos are associated with higher bankruptcy rates in their localities and the increased likelihood of a person becoming a problem gambler,
 - the links between problem gambling and the negative impact on communities and
 - the promotion of the licensing objective "*Protecting children and other vulnerable persons from being harmed or exploited by gambling*".
- 1.3 A resolution needs to be passed every 3 years to keep the Policy in place. The current resolution expires on 6th December 2023 and Council needs to pass a new resolution by the 9th November 2023 for the resolution to be in place on 7th December 2023.

2.0 A No Casino Resolution

- 2.1 The Gambling Act 2005 (the Act) allows a licensing authority to pass a No Casino Resolution and to specify the date on which the resolution takes effect. This decision must be taken by Council and must be published in the Policy.
- 2.2 The resolution must specify the date it comes into effect and it may also be revoked by passing a further resolution, subject to further consultation.
- 2.3 A No Casino Resolution will only affect new casinos. It will not have any effect on casino premises that were originally licensed under the Gaming Act 1968, casino premises licences issued before the resolution takes effect.
- 2.4 There are 3 casino licences in force in Swansea. These licences relate to premises that were previously licensed under the Gaming Act 1968. In practice only one premises, the Grosvenor, is currently operating as a casino but is covered by 2 licences.

- 2.5 The Authority was awarded the power to grant a new small casino premises licence on the 19th May 2008. Passing the resolution will affect the issue of this premises licence, as the Authority will not be able to grant the licence whilst the resolution is in force.

3.0 Considerations when passing a No Casino Resolution

- 3.1 In making the decision to pass a No Casino Resolution, the Authority may take into account any principle or matter and not just the licensing objectives. The licensing objectives in respect of the Gambling Act 2005 are:

- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder, or being used to support crime.
- Ensuring that gambling is conducted in a fair and open way.
- Protecting children and other vulnerable persons from being harmed or exploited by gambling.

4.0 Current Considerations

- 4.1 Tackling poverty remains one of the six key priorities for the City and County of Swansea.
- 4.2 Swansea continues to have an above average level of deprivation, with 17 (11.5%) of its 148 Lower Super Output Areas (LSOAs) now ranked in the top 10% most deprived in Wales, as measured by the Wales Index of Multiple Deprivation 2019. This has decreased slightly from 18 in 2014 to 17 in 2019, the most deprived LSOAs in Swansea are in Townhill, Penderry, Castle, Morriston, Bonymaen, and Mynyddbach.
- 4.3 Previous research has shown that disadvantaged social groups who experience poverty, unemployment, dependence on welfare, and low levels of education and household income are most likely to suffer the adverse consequences of increased gambling. Problem gambling can lead to debt, divorce, crime, depression and suicide, all of which can have a negative impact on communities, particularly those already experiencing the stresses of life on a low income.
- 4.4 It is also considered that licensing objective 3, “Protecting children and other vulnerable persons from being harmed or exploited by gambling” remains relevant in this case. The term “vulnerable persons” is not defined but the statutory guidance produced by the Gambling Commission states that for regulatory purposes it must be assumed that this group includes people who gamble more than they want to, people who gamble beyond their means and people who are unable to make informed or balanced decisions about gambling.

5.0 Proposal to Pass a New No Casino Resolution

- 5.1 On the 8th September 2023 a report was considered by the Director of Place, seeking agreement for the Council’s intention to pass a new resolution not to issue casino licences and minor amendments to the relevant dates contained with the Policy, to be issued for consultation.

5.2 The Director agreed that the Council's intention to pass a new resolution, and the associated amendments to the Policy, could be issued for consultation with the results being reported to Council for decision.

6.0 Consultation and Response

6.1 Consultation was undertaken involving existing licence holders, representatives of persons carrying on gambling businesses, statutory bodies, representatives of interested parties and City and County of Swansea Members.

6.2 The consultation period ended on the 1st October 2023 and no responses were received.

7.0 Proposed Changes to the Policy

7.1 The proposed changes to the Policy relate to the dates only and are identified in paragraph 18.1, in bold italic type in the extract of the policy relating to casinos, which is attached at Appendix A

8.0 Integrated Assessment Implications

8.1 The Council is subject to the Equality Act (Public Sector Equality Duty and the socio-economic duty), the Well-being of Future Generations (Wales) Act 2015 and the Welsh Language (Wales) Measure, and must in the exercise of their functions, have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Acts;
- Advance equality of opportunity between people who share a protected characteristic and those who do not;
- Foster good relations between people who share a protected characteristic and those who do not;
- Deliver better outcomes for those people who experience socio-economic disadvantage;
- Consider opportunities for people to use the Welsh language;
- Treat the Welsh language no less favourably than English; and
- Ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.

8.2 The Well-being of Future Generations (Wales) Act 2015 mandates that public bodies in Wales must carry out sustainable development. Sustainable development means the process of improving the economic, social, environmental and cultural well-being of Wales by taking action, in accordance with the sustainable development principle, aimed at achieving the 'well-being goals'.

8.3 Our Integrated Impact Assessment (IIA) process ensures we have paid due regard to the above. It also takes into account other key issues and priorities, such as poverty and social exclusion, community cohesion, carers, the United Nations Convention on the Rights of the Child (UNCRC) and Welsh language.

- 8.4 The screening identifies that the No Casino Resolution is permitted under the Gambling Act 2005 and allows local authorities to pass the resolution to ensure no further casino premises licences can be granted. Any resolution passed must be reviewed at least every 3 years if it is to remain in force. After 3 years the resolution will lapse.
- 8.5 The proposal to pass a No Casino Resolution was issued for consultation, where existing licence holders, representatives of persons carrying on gambling businesses, statutory bodies, representatives of interested parties and City and County of Swansea Members had the opportunity to respond, in line with the legislation.
- 8.6 All aspects of the WFG Act principles were considered and the potential risk is considered to be low. A copy of the completed IIA screening form is attached at Appendix B.

9.0 Financial Implications

- 9.1 Acceptance of the proposed amendment would mean the City foregoing the possibility of potential financial benefits from the development of a Casino for up to the next three years, although there appears to be a lack of interest from potential casino operators.

10.0 Legal Implications

- 10.1 The Authority's original submission of a bid to the Government's Casino Advisory Panel for the Licence was subject to a willingness to licence and the Authority made representations to demonstrate its commitment to licence if it was awarded the power to grant a large/small licence.
- 10.2 Authorities unable to demonstrate a willingness to commit to the grant of a licence were not considered.
- 10.3 At this time there is no deadline imposed for granting the Licence.
- 10.4 A no casino resolution is a non- executive function and cannot be delegated therefore it has to be passed by full Council. The resolution must be published in the Policy before being given effect.
