Summary: This is a letter from Equalities Scrutiny Inquiry Panel to the Cabinet Member for Better Communities following the meeting of the Panel on 28 January to look at impact and progress with the recommendations arising from the Equalities Scrutiny Inquiry.

Dear Cllr Gibbard,

Equalities Scrutiny Inquiry Panel – 28 January 2021

We would like to thank you, Lee Wenham the Head of Communications and Marketing and Rhian Millar the Consultation Co-ordinator, for attending our meeting. We are writing to you to reflect on what we learnt from the discussion and to share the views of the Panel.

You updated us on the current position and progress made with regard to the recommendations contained in the Equalities Scrutiny report including that:

- A new Strategic Equality Plan for 2020/24 was developed and published in April 2020. The plan was developed in line with Equality and Human Rights Commission guidance and that it incorporates the key recommendations from the Equalities Scrutiny Inquiry.
- A new Strategic Equality and Future Generation Board has been established in Swansea. The Board will have a key responsibility for the actions and recommendations within the Strategic Equality Plan and Equalities Scrutiny Inquiry. The Board will also have responsibility for the Future Generations (especially the seven areas of change identified by the Act). You told us that this a key change in the structure to the delivery of Equalities and Future Generations across the

Council. A post to support the Board has also been approved and an appointment will be made in the coming months.

- Covid has opened up avenues of new opportunity including the increased use of virtual contact, engaging and consulting the public. Many lessons have been learnt from these new ways of working.
- The Covid-19 pandemic has brought significant challenges to the Council. During the past 10 months officers have had to shift focus to ensure that Council services were maintained and those most vulnerable were supported during the crisis. This switch in focus has resulted in some areas of work being put on hold or suspended which has affected how some of the actions have been progressed to date.
- As a result there are a number of recommendations that have not been completed and some that will be ongoing.

The Panel agreed that there has been positive progress with the recommendations especially with the creation of the new Equality and Future Generations Board and associated support. This and the other work done so far should provide a good foundation for moving forward and in driving improvements in the medium and longer term. The Panel agreed to meet again in November 2021 to look in more detail at the progress made and impact of the inquiry.

Your Response

We look forward to hearing more about progress in November and would welcome any updates you may have by email along the way. We hope you find this letter useful and informative and welcome your comments on any of the issues raised but do not on this occasion require a formal written response.

Yours sincerely

4 Equalities Scrutiny Inquiry - Impact and Follow up report

Cllr Louise Gibbard the Cabinet Member for Better Communities, Lee Wenham the Head of Communications and Marketing and Rhian Millar the Consultation Co-ordinator attended the Panel meeting and presented a report outlining progress made against the recommendations arising from this scrutiny inquiry. The following was noted:

- A new Strategic Equality Plan for 2020/24 was developed and published in April 2020. The plan was developed in line with EHRC guidance and incorporates the key recommendations from the Scrutiny Inquiry

- A new Strategic Equality and Future Generation Board has been established. The board will have a key responsibility for the actions and recommendations within the Strategic Equality Plan and Scrutiny Inquiry. The board will also have responsibility for the Future Generations (especially the seven areas of change identified by the Act). This a key change in the structure to the delivery of Equalities and Future Generations across the Council. A post to support the board has also been approved and we are due to make an appointment in the coming months.
- The Covid-19 pandemic has brought significant challenges to the Council. During the past 10 months officers have had to shift focus to ensure that Council services were maintained and those most vulnerable were supported during the crisis. This switch in focus has resulted in some areas of work being put on hold or suspended which may affect how some of the actions have been progressed.
- Some examples of the work that has been done to support communities and vulnerable group in Swansea over this period includes for example:
 - 4,500 Council staff moved to work from home using digital technology
 - 221 redeployed and over 300 repurposed Council staff into essential / support services
 - Emergency child care hubs created in 60 school locations
 - Free school meals services established • Social care packages of care reviewed to limit unnecessary contact
 - Over 140 extra social care workers available
 - Two additional emergency care centres opened
 - PPE supply chains bolstered and new suppliers identified
 - PPE supply arrangements established to support all Swansea bay social care locations
 - Emergency homeless support established
 - Food supply and distribution networks established
 - Over 1,400 local volunteers recruited
 - Shielding support services established including dedicated helpline, food and medicine delivery, local area workers.
- There is a lot from the recommendations that is still to implement and many will never be fully complete as they require ongoing consideration and improvement.
- Covid has opened up avenues of new opportunity too including the increased use of virtual contact, engaging and consulting the public. Lots of lessons have been learnt from these new ways of working.
- The Strategic Plan is being put in place but some of the actions associated with this will never be 'done', it will be about continuous improvement.
- There is always changes and evolution in the equalities agenda so we need to continue to move with it.
- The panel agreed that there has been positive moves forward with the recommendations especially the creation of the new Equality and Future Generations Board and associated support. This and the other work done so far will provide a good foundation for moving forward out of Covid and to drive improvements in the medium and longer term.
- The Panel agreed to meet again in November 2021 to look in more detail at the progress made and impact of the inquiry.

The meeting ended at 2.30 pm

1. Introduction

- 1.1 The Equalities Scrutiny Inquiry Panel undertook an in-depth inquiry during 2018/19 and presented its final report with conclusions and recommendation to Cabinet on 19 September 2019. The inquiry looked at *How can the Council improve how it is meeting and embedding the requirements under the Equality Act 2010 (Public Sector Equality Duty for Wales 2011)*. This final report can be viewed using this [link](#).
- 1.2 Cabinet made a decision on the scrutiny recommendations at its meeting on 21 November 2019. The Cabinet Member response and action plan were agreed by Cabinet can be viewed using this [link](#).
- 1.4 The final stage of the scrutiny inquiry process is the follow up. It is at this point that usually the original Panel reconvenes in order to assess the impact of the work. A Scrutiny Performance Panel for Equalities has

therefore been reconvened by the Scrutiny Programme Committee and it has been tasked with following up on the impact of this inquiry.

1.5 The purpose of this report is to assist the Panel as it seeks to answer the following three questions, each of which will be dealt with as follows:

- What has changed since the report was presented to Cabinet?
- Have the agreed recommendations been implemented?
- What has been the impact of the scrutiny inquiry?

2. What has changed since the report was presented to Cabinet?

2.1 Since the inquiry concluded the following changes have taken place

- A new Strategic Equality Plan for 2020/24 was developed and published in April 2020. The plan was developed in line with EHRC guidance and incorporates the key recommendations from the Scrutiny Inquiry
- A new Strategic Equality and Future Generation Board has been established. The board has a key responsibility for the actions and recommendations within the Strategic Equality Plan and Scrutiny Inquiry. These elements have been included in the work plan for the board. The board also has responsibility for the Future Generations (especially the seven areas of change identified by the Act). This a key change in the structure to the delivery of Equalities and Future Generations across the Council. A post to support the board has been filled and the board meets once a month. Examples of areas the board have looked at to date include workforce data, consultation and engagement strategy and positive campaigns around equalities.
- The Council and PSB partners have committed to work towards becoming a Human Rights City. On the 10th December 2021 Swansea Council along with all members of the PSB signed their intention to become a Human Rights City. It is a vision that we want to share with local communities and citizens of the Swansea region. We need to ensure this takes place by engaging our communities and those we serve in the realisation of their Human Rights. In moving toward becoming a Human Rights City we want to build on work which is taking place across the City informed by a commitment to human rights and social justice. In order to meet our ambition to become a Human Rights City we will need to make human rights the foundation of our service planning and delivery. We have established a steering committee to drive this aim which includes local authority officers and representatives from the all of the PSB organisations.
- In response to our action to improve our workforce data CMT agreed to set up a new Workforce Equalities Group to support the delivery of equalities solutions, engage with the workforce to delivery those solutions, and support us in being an exemplar employer in equalities

related matters. Some of the initial activities identified for this Group include;

- Supporting the delivery of a data cleaning exercise to provide updated data on employee protected characteristics, including Welsh language understanding.
- Being part of the development of the Council's Recruitment and Selection policy and approach to create a more representative and inclusive workforce.
- Supporting the development of equalities and diversity training.
- Help us achieve accreditation as a Disability Confident Leader.
- Supporting delivery of the Welsh Government's Race Equality and LGBT+ Action Plans.

2.2 Covid-19

- The Covid-19 pandemic continues to bring significant challenges to the Council. Officers have had to shift focus to ensure that Council services were maintained and those most vulnerable were supported during the crisis.
- Here are some examples of the work that has been done to support communities and vulnerable group in Swansea:
 - 4,500 Council staff moved to work from home using digital technology
 - 221 redeployed and over 300 repurposed Council staff into essential / support services
 - Non-essential services hibernated
 - Emergency child care hubs created in 60 school locations
 - Free school meals services established
 - Social care packages of care reviewed to limit unnecessary contact
 - Over 140 extra social care workers available
 - Two additional emergency care centres opened
 - PPE supply chains bolstered and new suppliers identified
 - PPE supply arrangements established to support all Swansea bay social care locations
 - Risk assessments undertaken on essential roles
 - 1,000-bed surge hospital designed, approved and constructed at bay studios
 - Emergency homeless support established
 - Food supply and distribution networks established
 - Over 1,400 local volunteers recruited
 - Shielding support services established including dedicated helpline, food and medicine delivery, local area workers

3. Have the agreed recommendations been implemented?

- 3.1 In responding to the inquiry an action plan was drawn up showing what steps would be taken to implement all of the scrutiny recommendations agreed by Cabinet (see report [here](#)).

3.2 The table at **Appendix A** shows an updated action plan showing progress against each recommendation and specifically:

- the Cabinet decision in respect of each recommendation
- the action taken since the Cabinet response on 21 November 2019 together with any relevant explanatory statements
- the responsible officer(s)
- timescales involved

The table shows that a significant number of actions have been implemented although some have been delayed due to the ongoing pandemic and the need to switch resources and focus to other areas as set out in 2.2 above. However, those areas will be progressed as soon as is practical.

4. What has been the impact of the scrutiny inquiry?

4.1 As a result of the inquiry, the internal focus on how we deliver Equalities across the Council increased. The direct impact is the development of the Strategic Equality and Future Generation Board.

The board is a significant development and will help embed equalities across the organisation. It has provided us with the infrastructures to monitor, review and deliver on the Councils agreed objectives and actions around equalities.

5. Legal Implications

5.1 There are no specific legal implications raised by this report.

6. Financial Implications

6.1 There are no specific financial implications raised by this report.

7. Integrated Assessment Implications

7.1 There are no specific implications raised by this report.

1	Implement a high-level cross council Strategic Equality Group.	Equalities Policy Development Committee (PDC) established and work plan for the remainder of the year agreed.		Aug 2019	Head of Democratic Services
<p>COMPLETE</p> <p>Progress: Equalities Policy Development Committee (PDC) established and work plan for the remainder of the year agreed. Through the course of the year it become clear that an internal strategic group was also needed to support, monitor and champion Equalities across the Council. A paper outlining the scope and role of a new Strategic Equality and Future Generations Board was agreed by the Cabinet Member and CMT. It was identified that a resource was needed to help coordinate and deliver the action plan of the board. We are currently in the process of seeking to appoint a Strategic equality and human rights Co-ordinator to deliver the strategic Equality and human rights strategy and action plans working with departments across the council, as well as supporting the Equality & Future Generations Board by gathering, co-ordinating and monitoring information for the Board on the delivery of the council’s Strategic Equality Plan and, where relevant, Well-being of Future Generations Act. The focus of this post is to help embed equalities across the organisation by supporting the Board to enable the delivery of excellent and accessible services to all residents and contribute to the goal of Swansea becoming a Human Rights City. The Equalities and Future Generations Policy Development Committee has now changed to become the Recovery and Transformation PDC but will continue to work with the Strategic Equality and Future Generations Board where policy gaps are identified.</p>

Due to the timing of activity this year A full co-productive approach is not possible in order to meet the statutory deadline. However, this will form part of the plan from 2020 onwards. The Council will also proactively engage the EHRC on this and future equality plans.		
<p>COMPLETE</p> <p>Progress: A new Strategic Equality Plan for 2020/24 was developed and published in April 2020. The plan was developed in line with EHRC guidance and incorporates the key recommendations from the Scrutiny Inquiry and the key issues identified within the EHRC 'Is Wales Fairer' report. Although, as previously reported, the timing of the development of the plan meant that a fully co-productive approach to its development was not possible, significant consultation was undertaken before and after the development of the new Equality Objectives, which included face-to-face consultation as well as surveys; different languages and formats were also used where possible to help maximise involvement.</p>

<p>INCOMPLETE</p> <p>Progress: Leadership held a discussion about the Equality forums and were encouraged to engage with the forums more in the future. An initial list of proposed areas that would be subject to engagement with the forum was produced, however the Covid pandemic means that this list now needs to be reviewed. Covid has posed a significant challenge in the continuation of our equality forums, however we have adapted and our forums have begun meeting again over the last 6 months. Ensuring we have good engagement mechanisms in place for priority groups has been highlighted as a key priority for the new Strategic Board and going forward we can address this action with the support of the board.</p>

The Staff Representative group met on the 10th Jan to clarify their role, meetings have been scheduled for the remainder of the year. The creation of Strategic Board will mean that the role and work plan of the staff equality champions will have more clarity and it was agreed that a board member will attend each meeting as a direct link between the Staff Representative and the Board.</p>

<p>COMPLETE</p> <p>Progress: The Regional Carers Strategy has been co-produced and submitted for approval through the Carers Partnership Board and the Recovery Board. Carers have been fully involved in the Regional Strategy Development Group to develop the draft strategy, which should be in place by March 2021. This will inform the local strategy so we add value and not duplicate work.</p> <p>The new Regional Carers Forum is scheduled to start meeting from 21 January 2021 with a series of visioning workshops supported by Dynamix. Work is being planned to integrate the regional and local strategy development work as well as feed into a single regional Action Plan for Carers which will cover initiatives for 2021/22.</p> <p>The Co-production Strategy for Social Care was approved by Cabinet July 2021, this had been co-produced with many carers who are part of the Co-production Network and outlines a journey on how we work together to achieve the expectations of the Social Services and Wellbeing Act around how Local Authorities adheres to the principles of co-production when planning, designing and delivery care and support. This puts people who receive care and support on equal footing with those organising care and support, ensuring voice, choice and control, doing with rather than to, leading to better outcomes.</p> <p>Good progress has been made in this area, however the speed of progress has been impacted by the pandemic.</p>

<p>COMPLETE</p> <p>Progress: The Covid-19 pandemic has transformed the range of activity done by departments and the communications team to ensure the council's response to the pandemic is properly promoted to staff and to the wider public. Within the response it was recognised that many activities celebrating Swansea's diversity and zero tolerance for discrimination could not be commemorated as originally intended or would have to be cancelled.</p> <p>We are continuing to provide support to significant dates relating to equality and diversity issues, despite major events relating to some of them being cancelled – such as Swansea Pride - due to the Covid-19 pandemic. We provided active support for the online Holocaust Memorial Day event in January. We provided support and undertook a range of communication activity on the Human Rights City launch on the 10th Dec 2021.</p> <p>In addition to this we have provided communications support to those council initiatives which have taken place relating to promoting diversity and zero tolerance of discrimination. We have also provided support to on-going activity by the council to support those affected by domestic abuse during the pandemic.</p> <p>Our communications activity has also focussed on highlighting to staff new council services which have made a real difference in ensuring that the most vulnerable in our communities have access to the support they need during the pandemic.</p> <p>Over the next year we will undertake activity around the following (Covid restrictions allowing): We will create an external communication programme to promote significant dates relating to equality and diversity issues, e.g.</p>

These provided valuable learning alongside new community models which emerged as a result of the pandemic. • In light of this learning the Council is therefore revisiting its strategy for Community Hubs following the Welsh Government’s ambition (as a result of the pandemic) to move towards 30% of Welsh workers working from home or close to home. The Council is already working with other public sector partners and other businesses to deliver a new hub model. The model will have a ‘digital first’ approach at its heart so that staff and Councillors can work remotely from these hubs, whilst delivering joined-up public sector services to residents • The Council has been working with Welsh Government on the Workplace Hub initiative and have proposed Swansea Civic

<p>Progress: The new council website went live on 18 August 2021 with contributions and testing done by councillors including the Digital Inclusion Working Group, staff members, and other external groups including the Parent Carer Forum.</p> <p>Improvements include:</p> <ul style="list-style-type: none"> • Tables and important pdfs have been reformatted into webpages wherever possible, so that this content is easily accessible and can be found more easily via search engines. • All images on the sites have a descriptive label (whether that is displayed when the user is hovering over the image is up to the browser used rather than the website) • Emphasis has also been put onto the language used in the site, with many pages being rewritten to aim for a reading age of 11-12 years old • Save function on long forms, so that the user does not lose any information they have provided. <p>Further guidance on accessible content has been produced for staff and several more stories have been published on Staffnet during the year to highlight this issue.</p> <p>Once the website was live, the email address to report any issues with the site was displayed on every page of the sites for two weeks. This was then replaced with the link to the feedback form for a further week before moving this to the footer of every page. There have not been any reports of accessibility issues, but some of the feedback has been utilised to improve the site search. There weren't any negative comments about the site seen on social media.</p> <p>Although the Disability Liaison Group did not meet formally during the lead-up to the site going live, members' views were sought via email through Access to Services with an open invitation to contact the Web Manager with any feedback. The Web Manager will attend the group on a regular basis for feedback.</p> <p>Testing of the new site has been done via browser extensions, for example Axe which is used by Government Digital Services, and also Silktide, both showing a huge improvement on the previous site with most pages meeting AA standard using the W3C 2.1 guidance. Also, the council's website has jumped 218 places in the most recent Sitemorse report which ranks every English, Welsh and Scottish council's website on accessibility, content/links, code quality, performance and brand. The report was the first since the new Swansea and Abertawe sites went live and we are the second most-improved website behind Tewkesbury, moving up 218</p>

The selected tool will also be used to help the web editors as they add content to the site, because however well the templates and framework of the site works, it is often the content and formatting which makes the pages less accessible. We will also be running tests on the various portals and so that we can feed back to the third party providers on improving their accessibility.</p> <p>Further feedback on the site will be welcomed.</p>

<p>INCOMPLETE</p> <p>Progress: We have completed a Corporate Co-production Framework which was taken to the PDC and CMT. We have devised and delivered training to CMT and Cabinet on Co-production, delivered by a trainer from the University. The next step is to review the action plan within the framework with support of the Strategic Board. A further report has been taking To the PDC and a workshop on coproduction is being organised to agree the next steps. Corporate its recognised that the framework outlines key principles, aims and milestones, the lead has always maintained that the milestones were aspirational due to limited availability of resource with the skills and knowledge to deliver the programme. The Covid-19 Crisis posed significant and unprecedented challenges to the way we deliver our services, support partnership working and our way of life. As we transition from the pandemic, we realise that it has created an opportunity to rethink the way in which the Council operates, this has highlighted the need for a review and fresh approach to the coproduction framework and action plan.</p> <p>The Co-production Strategy for Social Care has been approved, this has been co-produced with many service users who are part of the Co-production Network and outlines a journey on how we work together to achieve the expectations of the Social Services and Wellbeing Act around how Local Authorities adheres to the principles of co-production when planning, designing and delivery care and support. All schools have a Strategic Equality Plan in place and must include equality objectives and explain how the school will achieve them. They must also demonstrate that the school collects relevant information and evidence on which to base its decisions. The plan is also required to outline processes for monitoring progress and assessing equality impacts.	The SEP template for schools will be reviewed in 2019/2020 and additional areas can be considered as part of this review.	Mar 2021	Head of Stakeholder Engagement Unit

	<p>Equality objectives should be linked to existing strategies and approaches to inclusion, bullying, behaviour management, improving attainment, pupil voice, wellbeing and pupil support. Schools should seek to build on their existing work and to ensure questions of equality and fairness are considered in the mainstream of activities.</p> <p>In addition to the above, some of the equality objectives included in schools' plans will emanate from issues identified as a result of consultation undertaken with pupils, parents, carers and governors. These combined objectives, together with issues arising from analysis of the school's data will form the basis of the equality objectives within the SEP for the next four years.</p>
