21 **DISCLOSURES OF PERSONAL AND PREJUDICIAL INTERESTS.**

In accordance with the Code of Conduct adopted by the City and County of Swansea, no interests were declared.

22 **MINUTES.**

RESOLVED that the Minutes of the meeting held on 15 August 2016 be agreed as a correct record.

23 **UPDATES ON FOUR COMMISSIONING REVIEWS. (VERBAL)**

Councillor J E C Harris, Cabinet Member for Adults and Vulnerable People, updated the Committee regarding the ongoing Commissioning Reviews.

She added that the Residential Care and Day Centres Commissioning Reviews required further work. The Mental Health, Learning Disabilities and Physical Disabilities and Domiciliary Care Reviews were proceeding to Cabinet. Once agreed by Cabinet, the reviews would be circulated for public consultation.

She stated that she wanted robust comments regarding public expectations of the services.

RESOLVED that the contents of the date report be noted.

24 **CCTV.**

The terms of reference of the CCTV review were reported to the Committee.

RESOLVED that further discussions take place between the Chair and the Chair of the Development Cabinet Advisory Committee.

25 **INVESTIGATION INTO HEALTH AND DIET IN SWANSEA.**

The terms of reference of the investigation into Health and Diet in Swansea were reported to the Committee.

The Committee discussed the terms of reference, particularly the potential scope of the investigation and identifying the relevant officer expertise within the Authority.

RESOLVED that further discussions take place the next scheduled meeting.

26 **WORK PROGRAMME 2016-17.**

The work programme 2016 – 2017 was reported for information. It was stated that the visit to Monmouthshire County Council was scheduled for 13 October 2016.

RESOLVED that the contents of the report be noted.

The meeting ended at 2.26 pm

CHAIR

**Report of the Cabinet Member for Wellbeing and Healthy City
Prevention and Social Care Reform Cabinet Advisory Committee
– 17 October 2016**

INVESTIGATION INTO HEALTH AND DIET IN SWANSEA

Aim

To decide what can be done to develop a multi-agency approach the dietary causes of long term health problems in Swansea. A key element to this would be public support.

Why

The UK has amongst the poorest record of health conditions caused by diet in the world, poorer even than America. In the UK, Wales again has amongst the poorest record. Parts of Swansea have amongst the worst records in Wales. This has to be acknowledged as a serious problem, affecting the quality of many citizen's lives, their ability work and otherwise to contribute to their communities and Society, and causes a large preventable use of limited public resources, both in Health or in Social Services.

Prevention of the many damaging effects of poor diet and the consequent additional demands for limited resources and will enable more people to continue to work adding to a vibrant city economy. They will avoid poverty brought on by illness of disability and be able to participate more in sustainable communities. As the elected element within the Locals Service Board it is council's job to be promoting the Health and Wellbeing of its citizens.

To analyse

- how the various issues affect health, such as sugar, calories, fat, portion sizes, salt.
- the effects of these such as childhood obesity, obesity, diabetes, heart attacks
- determine who in Swansea would need to work together to address these, which angle to approach the issue from to have the most effect in the shortest time, what others may have tried elsewhere.
- What work is currently being undertaken in Swansea and who is doing it.

Outcome

- What issue to address
- How best to address the issue, particularly with the most at risk groups
- who to work with
- what outcomes might be expected
- when

Timescale

To Start in October 2016, and finish by April 2017.

Note

This is a very large subject, and a strategy is not expected, and certainly not a plan of action, but an understanding and explanation of the issue and proposed focus on how we can make a difference in Swansea is what is expected.

This is not to address levels of activity, although that is acknowledged as one factor.
