This Council believes that leaving the European Union, without reasonable arrangements having first been put in place, will cause serious long-term harm to the people of Swansea, Wales and the UK.

We note recent Government impact reports, which confirm that leaving the European Union will harm growth and prosperity, and reduce GDP by between 1.5% and 9.5%. These negative impacts will damage people's jobs, incomes, pensions and opportunities. In addition, leaving the EU will put at risk many environmental protections, which require close international cooperation in order to be effective.

The overall level of impact will, of course, depend upon the arrangements put in place for our future relationship with the EU. However, all scenarios make it clear that the UK, Wales and Swansea will be poorer outside the EU.

This Council, therefore, calls upon the UK Government to ensure that the most important decision faced by this country in generations is subject to a meaningful vote.

This vote should be in the form of a free Parliamentary vote on the post Brexit deal that has been negotiated.

We call upon the Leader to write on behalf of the Council, to the UK Government and Welsh Government, to relay our views on this matter.

Huw Evans
Head of Democratic Services
Guildhall,
Swansea.
