51 Disclosures of Personal and Prejudicial Interests.

In accordance with the Code of Conduct adopted by the City and County of Swansea, the following interests were declared: -

Councillor T J Hennegan – Minute No.58 – Revenue & Capital Budget Monitoring – I am a secure Council house tenant – Personal.

52 Minutes.

Resolved that the Minutes of the previous meeting of the Audit Committee were approved as a correct record.

53 Presentation - Update on Internal Control Environment (Including Risk Management) – Director of Social Services.

Dave Howes, Director of Social Services, provided the Audit Committee with a detailed and informative presentation on Governance and Assurance within the Social Services Directorate. Details provided included: -

- Overview;
- Assurance Framework;
- Financial Control;
- Performance Management;
- Scrutiny & Assurance;
- Business and Improvement Planning;
- Evidence of What's Working.

The Committee asked a number of questions of the Director, which were responded to accordingly. The following were discussed: -

- Staff costs, including care and support staff not directly managed by the Council;
- The most cost effective way of managing staff;
- Inflationary pressures, particularly in the last few years which were at approximately 5%;
- Social care inflation, e.g. cost of the living wage and the bulk of Social Services staff being at the bottom of the pay scale;
- Recovery savings plan to counter any projected overspends and balancing the Social Services budget at the end of the financial year;
- Main areas of risk within the department, including the recruitment / retention of staff;
- Work of the internal Community Hub Team in obtaining grant funding / organising the department to comply with Welsh Assembly Government (WAG) requirements;
- System of WAG funding, the potential impact of Brexit and the need to have the money up front instead of via grant funding;
- Essential link between NHS and Social Services;
- The provision of recovery plans by the Director to the Section 151 Officer and confirmation that the officers continued working together to balance the Social Services budget.

The Chair thanked the Director of Social Services for his presentation and stated that it had provided the Committee with a thorough understanding of procedures within the Social Services Directorate. She added that the presentation had also provided assurance in relation to management controls that are operating within Social Services and the risks around financial pressures that were being worked through, in conjunction with the Section 151 Officer.

Resolved that the content of the presentation be noted.

54 Fundamental Audits 2018/19 - Recommendation Tracker.

Simon Cockings, Chief Auditor presented a report which provided a summary of the recommendations made following the fundamental audits in 2018/19 and identified whether the agreed recommendations had been implemented.

Appendix 1 showed, for each fundamental audit, the number of recommendations made following the 2018/19 audits and whether they had been implemented, partly implemented, not implemented or were not yet due. A summary of the latest position on the 46 recommendations made was provided and the percentage of recommendations implemented by 30 September 2019 was 76%.

An analysis of the 11 recommendations, which had been partly or not implemented over the classification of audit recommendations used by the Internal Audit Section, was provided at Appendix 2. The Appendix showed that of the five recommendations that had been partly implemented, one was classed as high risk, two were medium risk, one was low risk and one was a good practice recommendation and were in relation to the Accounts Receivable audit. The Accounts Receivable audit continued to be completed on an annual basis and as a result, the implementation of the outstanding recommendations would be reviewed as part of the 2019/20 audit. The remaining six recommendations that had not been implemented were classed either low risk or good practice and were in relation to the Accounts Payable audit. The recommendations which had been partly or not implemented were provided at Appendix 3.

The Accounts Receivable Audit was issued with a moderate level of assurance in March 2019, with a summary of the key issues that resulted in the assurance rating being reported to Audit Committee in June 2019 as part of the Internal Audit Quarterly Monitoring Report.

The Audit Committee also received an update report from the Service Centre Manager and Cash Management & Accounts Receivable Manager, which detailed the progress that had been made in implementing the recommendations made as at May 2019. The Chair of the Audit Committee queried whether the 'decentralisation' of debt recovery was prolonging the recovery process and assurances were sought in relation to the effectiveness of the debt recovery process via the follow up exercise.

The results of the follow up exercise revealed that the actual recovery of debt had not been 'decentralised' as such, as the Accounts Receivable (AR) Team, in collaboration with the Legal Department, still retained overarching responsibility for the debt recovery process. This process and the associated time limits, had not changed. However, it was confirmed that the Accounts Receivable Team relied on Service Department (SD) involvement at various stages during the process. The steps involved in the invoicing and debt recovery process were summarised at Appendix 4.

The Committee were updated on the progress made. It was noted that that due to Oracle Cloud testing that commenced in November 2019, three of the six existing AR staff had been seconded to this project for a year. It was envisaged that the

three vacancies in the AR team would be filled and the remaining staff would be required to provide training. This would have a further immediate impact on the department's capacity to undertake recovery activities.

Sian Williams, Service Centre Manager and Michelle Davies, Cash Management & Accounts Receivable Manager informed the Committee regarding the positive progress made.

The Committee discussed the following: -

- Procedure for dealing with disputed invoices and how they were the responsibility of the Service Department;
- Debt recovery procedure involving Accounts Receivable / Legal;
- Reasons why staff were transferred to assist with Oracle Cloud testing;
- Timelines of the debt recovery process;
- Complexities of Social Services debt;
- Reliance of AR upon Service Department;
- Responsibility of Heads of Service' regarding outstanding disputes;
- Debt write off procedure;
- Escalating issues to Corporate Management Team;
- Reduction in resources of AR Team and the impact upon the service.

The Chair expressed concern over staffing in the AR Team and the risks associated with the further delays in debt collection processes.

It was concluded that overall the results of the Recommendations Tracker exercise to the end of September 2019 were positive with 35 (75%) of agreed recommendations due for implementation being implemented. A small number of recommendations still required work to implement or were due for implementation prior to the end of the financial year. Progress on the implementation of these recommendations would be reviewed during the fundamental audits for 2018/19.

Resolved that: -

- 1) The contents of the report be noted;
- 2) Lists of disputes of over 60 days old be forwarded to Corporate Management Team;
- 3) The Service Centre Manager provides details of written off debt from the last 3 years to the Committee.

55 Wales Audit Office Proposals for Improvement: Six-month Status Update - December 2018 to June 2019.

Richard Rowlands, Strategic Delivery & Performance Manager presented a 'for information' report on the overview of the status of Swansea Council's response to earlier proposals for improvement made by Wales Audit Office, to provide assurance to the Committee on progress.

He added that a further update would be reported to the Committee early in the New Year.

The Chair expressed concern with the timeliness in completing actions as several remained outstanding / incomplete.

56 Overview of the Overall Status of Risk - Quarter 2 2019/20.

Strategic Delivery & Performance Manager presented a 'for information' report which presented an overview of the status of risk in the Council during Quarter 2, 2019/20 to provide assurance to the Committee on the operation of the risk management policy and framework within the Council.

Appendix A provided the Quarter 2, 2019/20 period and compared an overview of the position to Quarter 1, 2019/20. The Corporate Risk Register was provided at Appendix B and the Directorate Risk Register at Appendix C.

The Committee discussed the following: -

- CR 88 – Health and safety / CR101 – Regional working being the responsibility of the officer with responsibility for the risk and how many Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013 (RIDDOR) cases were reported to Health & Safety Executive in 2018 and 2019;
- CR 90 / 102 – Decision to leave the European Union (Brexit) – uncertainty regarding the Shared Prosperity Fund and work of the Brexit Steering Group which had looked at new controls required – particularly the uncertainty surrounding the shared prosperity fund;
- CR89 – New legislative and statutory requirements – Section 6 of the Environment Act 2016;
- CR101 – Regional working – particularly partnership governance;
- PE85 – Workforce planning – what systems failures had occurred;
- PE98 – availability of domiciliary care – what systems failures had occurred;
- Summary – Changes to Risk Registers – changes not being recorded / risks not being reviewed / procedures not being adhered to / providing feedback to risk owners / lack of resources to follow-up effectively;
- Risk owners being asked to explain to the Committee why they had not complied with procedures;
- New risk app requiring further development in order to produce reports that can provide the committee with assurance on the management of risks;
- All risks being the responsibility of risk owners, particularly high-level risks and being provided with assurances regarding those risks.

The Wales Audit Office representative offered advice on exception reporting and would liaise with officers going forward.

The Chair stated that the risks should be closely monitored to ensure progress is made. She also expressed ongoing concern with the format and content of the Risk Report but noted the efforts of the Strategic Delivery & Performance Manager to develop a report that would enable the Committee to fulfil its terms of reference.

57 Treasury Management - Interim Year Review Report 2019/20.

The Section 151 Officer provided 'for information' the Treasury Management – Interim Year Review Report that was presented to Council on 27 November 2019.

He confirmed that no additional borrowing had been undertaken in 2019/20 and that the total external debt is £554m at an average interest rate of 4.22%.

Reference was also made to the decision of HM Treasury to make Public Works Loans Board (PWLB) loans subject to an additional 1% premium over and above existing margins above prevailing Gilt yields. It was added that representations were being made via Welsh Local Government Association (WLGA) and Welsh Government about the negative impact this change will have upon capital programmes in progress throughout local authorities in Wales.

58 Revenue and Capital Budget Monitoring - 2nd Quarter 2019/20.

The Section 151 Officer, supported by the Cabinet Member for Economy & Strategy provided 'for information' the Revenue and Capital Budget Monitoring Report that was presented to Cabinet on 21 November 2019.

The forecast overspend was highlighted and it was noted that it was less than in previous years. Savings of £45m in respect of interest charges were also noted. The Cabinet Member emphasised that robust savings plans were in place and he was confident that the targets would be achieved.

The Committee discussed the following: -

- Comments of Directors, the little appetite for exploring new ways of working and challenging their positions;
- Directors looking deeper into services which were under pressure;
- Obligation of Directors to end the financial year with balanced budgets;
- Transfer and review of the Welsh Translation Unit, including cost and charges;
- Staff resource and how this would affect front-line services if reductions were made;
- How the settlement received from Welsh Government would ultimately influence the position of the Authority;
- Directorates not achieving their identified savings in previous years.

Resolved that: -

- 1) The contents of the report be noted;
- 2) Figures regarding the Welsh Translation Service be circulated to the Committee.

59 Review of Revenue Reserves.

The Section 151 Officer presented the Review of Revenue Reserves report 'for information'.

60 Appointment of Additional Lay Member to Audit Committee.

The Chief Auditor presented a report, which requested the Committee to consider the appointment of an additional Lay Member to the Audit Committee.

It was added that the Local Government (Wales) Measure 2011 required that each council should appoint an Audit Committee in line with the recommendation made by CIPFA in 2005. The Welsh Government had provided statutory guidance covering the functions and membership of the Audit Committee and a copy of the guidance was provided at Appendix 1.

Furthermore, following the completion of a benchmarking exercise comparing the number of Lay Members appointed to other Local Authority Audit Committees across Wales, it was proposed that the Council appointed one additional Lay Member to the City and County of Swansea's Audit Committee. Members were advised that adding an additional lay member would help ensure the Committee was better equipped to meet possible proposed legislative changes to the committee structure by Welsh Government that were currently out for consultation, which initially suggested that the Committee would require a third of its members to be lay members.

Resolved that the appointment be deferred subject to the proposed legislative changes being finalised.

61 Audit Committee Action Tracker Report.

The Audit Committee Tracker Report was provided 'for information'.

It was noted that substantial progress had been made in respect of the Young People's Service Moderate Rating Follow-up update. Progress would be provided in the Quarter 3 Monitoring Report.

62 Audit Committee Work Plan.

The Audit Committee Work Plan was reported 'for information'.

It was noted that the Mid-Term Budget Statement 2019/20 would be deleted from the Plan, as it would not be reported to Council.

The meeting ended at 4.05 pm

Report of the Chair of the Scrutiny Programme Committee

Audit Committee – 11 February 2020

For Information: Scrutiny Work Programme 2019-20

Purpose:	<p>This report supports the developing relationship between scrutiny and the Audit Committee and sharing of information. It explains the background and purpose of the scrutiny work programme, which is developed, managed and monitored by the Scrutiny Programme Committee.</p> <p>The report shows:</p> <ul style="list-style-type: none">• the overall agreed Scrutiny Work Programme, including work being carried out through various Scrutiny Panels and Working Groups established by the Committee;• the work plan of the Scrutiny Programme Committee itself;• the work plan of the Service Improvement & Finance Scrutiny Performance Panel and• the Scrutiny Annual Report for 2018-19 which was reported to Council on 24 October 2019.
Policy Framework:	Council Constitution
Consultation:	Legal, Finance and Access to Services
Recommendation:	The Committee is invited to make comments as necessary in support of the relationship between scrutiny and the Audit Committee.
Lead Councillor:	Councillor Mary Jones, Chair of the Scrutiny Programme Committee

Access to Services Officer:	Catherine Window

1. Developing the Relationship between Scrutiny and the Audit Committee.

1.1 It has been previously identified and agreed that there is a need for:

- Mutual awareness and understanding of the work of scrutiny and audit committee
- Respective work plans to be coordinated and avoid duplication / gaps
- Clear mechanism for referral of issues, if necessary

1.2 In support of this the following actions were agreed in 2015-16:

- i) Chair of Scrutiny Programme Committee / Convener of Service Improvement & Finance Scrutiny Performance Panel copied into Audit Committee agenda and vice versa
- ii) Scrutiny Work Programme / Service Improvement & Finance Panel Work Plan published in Audit Committee agenda for information and vice versa
- iii) At least once a year chair of Scrutiny Programme Committee appears at Audit Committee to share work plan and for a 'health-check' and vice-versa
- iv) Audit Committee chair invited to Annual Scrutiny Work Planning Conference
- v) Chairs raise any issues re. coordination / duplication on ongoing basis
- vi) Where matters to be referred from Audit Committee chair writes letter to chair of Scrutiny Programme Committee

1.3. In terms of strengthening links between scrutiny and audit / inspectors / regulators, the Scrutiny Programme Committee and/or relevant Scrutiny Performance Panels routinely consider any such external reports published (e.g. from Wales Audit Office; Estyn; Care Inspectorate Wales) and the Council's response to recommendations and action plans, with follow up as necessary. Recommendations will be tracked and monitored by scrutiny, and the degree of involvement will of course depend on the level of concern and importance around the issues raised by external audit / inspectors / regulators, given limited time and resources.

2. The Scrutiny Work Programme

2.1 The Scrutiny Programme Committee is responsible for developing the Council's scrutiny work programme, and managing the overall work of scrutiny to ensure that it is as effective as possible.

2.2 The broad aim of the scrutiny function is:

To carry out a significant and constructive programme of activities that will:

- help improve services;
- provide an effective challenge to the executive;
- engage members in the development of policies, strategies and plans; and
- engage the public.

2.3 At the same time the committee must ensure that the work of scrutiny is:

- manageable, realistic and achievable given resources available
- relevant to corporate priorities
- adding value and having maximum impact
- coordinated and avoids duplication

2.4 The Scrutiny Work Programme is guided by the overriding principle that the work of scrutiny should be strategic and significant, focussed on issues of concern, and represent a good use of scrutiny time and resources. A Work Planning Conference takes place each year, at which all non-executive councillors are invited, to guide the focus of the scrutiny work programme, and is taken into account by the Scrutiny Programme Committee in agreeing the work programme.

3. **Methods of Working**

3.1 The work of scrutiny is undertaken primarily in three ways – through the committee itself and by establishing informal panels (for in-depth activities) or one-off working groups:

- a) **Formal committee meetings** – as well as developing and managing the overall work programme and keeping an oversight on all scrutiny activities, the committee will focus on holding Cabinet Members to account by holding formal questioning sessions, and provide challenge on a broad range of policy and service issues over the course of the year. Matters considered at committee meetings will typically be ‘one-off’ opportunities for questions, which will result in the committee communicating findings, views and recommendations for improvement through chairs letters to Cabinet Members, and where appropriate by producing reports.
- **Informal panels** – Scrutiny panels are established, with conveners and members appointed by the committee, to carry out in-depth inquiries or undertake in-depth monitoring of particular services. The use of panels helps to ensure that scrutiny can be flexible and responsive to issues of concern:

i) Inquiry Panels: to undertake discrete in-depth inquiries into specific and significant areas of concern on a task and finish basis. These would be significant topics where scrutiny can make a real difference. Inquiry panels are expected to take no longer than six months to complete and will produce a final report at the end of the inquiry with conclusions and recommendations for Cabinet (and other decision-makers), informed by the evidence gathered.

Inquiry Panels will reconvene to follow up on implementation of agreed recommendations and cabinet action plans, and the impact of their work – usually 6-12 months following cabinet decision, with a further follow up arranged if required.

ii) Performance Panels: to provide in-depth monitoring and challenge for clearly defined service areas. Performance panels are expected to have on-going correspondence with relevant cabinet members in order to share views and recommendations, arising from monitoring activities, about services.

b) ***Informal working groups*** – although the majority of scrutiny work is carried out through the Committee and Panels, the Committee can also establish informal Working Groups of councillors. This supports flexible working and this method of working is intended to be light-touch – effectively a one-off meeting to consider a specific report or information, resulting in a letter to relevant Cabinet Member(s) with views and recommendations, or report to Cabinet as deemed necessary.

3.2 These arrangements help to achieve more focused scrutiny activity and provide flexibility to deal with things in different ways, depending on the issue, and improve impact.

3.3 Non executive councillors who are not members of the committee have the opportunity to participate in panels and other informal task and finish groups. New panel / working group topics, once agreed, are advertised to all non executive councillors and expressions of interest sought. The membership of panels and working groups is then determined by the committee. More than one political group should be represented on each panel / working groups. These bodies also need to be of a manageable size in terms of team working and effective questioning. A minimum of 3 members should be present at all meetings.

3.4 Although much of the work of scrutiny is carried out by informal Panels and Working Groups these meetings are accessible to the public. Agendas, reports, letters relating to all such scrutiny activities will be published, in the same manner as the committee, on the Council's modern.gov online platform:

<https://democracy.swansea.gov.uk/ieDocHome.aspx?bcr=1&LLL=0>

3.5 The following information is appended:

- the overall agreed Scrutiny Work Programme, including work being carried out through various Scrutiny Panels and Working Groups established by the Committee (**Appendix 1**)
- the work plan of the Scrutiny Programme Committee itself (**Appendix 2**)
- the work plan of the Service Improvement & Finance Scrutiny Performance Panel (**Appendix 3**)
- Scrutiny Annual Report 2018-19 (**Appendix 4**)

4. Monitoring the Work Programme

4.1 The Scrutiny Programme Committee maintain an overview of all scrutiny activities to ensure that the work programme is co-ordinated and effective. In particular the committee monitors progress of work undertaken by the informal Panels and Working Groups and findings to ensure that this work is effective and has the required visibility. Performance Panel conveners provide regular updates on their work which enables discussion on key activities and impact.

5. Scrutiny Annual Report 2018-19

5.1 Every year Council requires that an annual report is produced for the work of scrutiny for the previous municipal year.

5.2 The Scrutiny Annual Report is used to:

- Highlight the work carried out by scrutiny
- Show how scrutiny has made a difference
- Support continuous improvement for the scrutiny function

5.3 The Annual Report looking back at 2018-19 was presented to Council on 24 October 2019 for discussion. This report can be found as **Appendix 4**

5.4 The report takes a 'results based' approach, to show:

- How much scrutiny we did
- How well we did
- How much scrutiny affected the business of the Council
- The outcomes of scrutiny

6. Financial Implications

6.1 Any costs that arise out of work plan activities, for example expenses for witnesses or transport costs, are not envisaged to be significant and will be contained within the existing Scrutiny Budget.

7. Legal Implications

7.1 There are no specific legal implications raised by this report.

8. Equality & Engagement Implications

8.1 There are no specific equality and engagement implications raised by this report.

1. Chair's Foreword

Councillor Mary Jones, Chair of the Scrutiny Programme Committee

I am proud to present our second annual report of this Council term, as Chair of the Scrutiny Programme Committee.

Scrutiny is a vital part of local democracy and good governance. This report reflects on the range of different activities carried out by scrutiny councillors over the past year to make sure the work of the Council is accountable and transparent, effective and efficient, and helps the Council to achieve its objectives and drive improvement, by questioning and providing challenge to decision-makers.

Our report focuses on how scrutiny has made a difference for a better Swansea, and our efforts to support the continuous improvement of scrutiny practice here, building on the positive review of our scrutiny arrangements last year by the Wales Audit Office.

Measuring the performance of scrutiny in a meaningful way is not particularly easy, however we have tried to take a 'results based' approach to tell you about:

- How much scrutiny we did
- How well we did it
- How much scrutiny affected the business of the Council
- What the outcomes of scrutiny were

We hope that this report provides you with assurance and confidence that councillors involved in scrutiny are contributing to better services, policies and decisions, and a better Swansea.

Finally, I must give my thanks to all of the councillors who have led or participated in scrutiny over the past year. I look forward to reporting again on achievements in 12 months!

A handwritten signature in black ink that reads "Mary Jones".

3. About the Indicators

In the past few years, we have reported on key results from our annual councillor and stakeholder survey. We did not carry out this survey during 2018-2019 due to resources. The survey includes asking whether people feel that:

- they have a good understanding of the work of scrutiny
- scrutiny arrangements are working well
- the scrutiny work programme balances community concerns against issues of strategic risk and importance
- scrutiny activities are well-planned
- non-executive members have good opportunities to participate in scrutiny
- scrutiny provides regular challenge to decision-makers
- scrutiny has a positive impact on the business of the Council; and,
- the level of support provided by the Scrutiny Team is either excellent or very good.

Last year's results were very positive and we hope that we will be able to carry out the survey during 2019/20 for the next annual report, to reflect on these important questions. However, we think that the evidence in this annual report reflects well on these aims.

A number of new measures have been included this year, which we feel improves the suite of indicators and provides a better picture of scrutiny work, achievements and impact. This includes showing the response from Cabinet Members to the various scrutiny letters, and the level of press and public engagement.

A. How much scrutiny did we do?

3.1 Number of Committee meetings = 14

The Council has a single overarching Scrutiny Committee, called the Scrutiny Programme Committee, which met 14 times during the 2018-19 municipal year.

The Committee is responsible for developing and managing the overall Scrutiny Work Programme. Overarching priorities were shaped by the annual work planning conference, which took place in June 2018 (open to all non-executive councillors), that heard a

range of perspectives on what should be included. All councillors can suggest particular topics of concern for possible scrutiny. The councillor-led Scrutiny Work Programme is guided by the overriding principle that the work of scrutiny should be strategic and significant, focussed on issues of concern, and represent a good use of scrutiny time and resources.

Specific scrutiny activities included in the work programme are carried out either by the Committee or by establishing informal Panels and Working Groups. All meetings are held in public.

Formal committee meetings for scrutiny give councillors the opportunity to hold cabinet members to account and provide challenge on a range of policy and service issues.

This included holding structured Question & Answer sessions with cabinet members to explore their work, looking at priorities, actions, achievements and impact.

The following topics were also examined by the Committee:

- Scrutiny Improvement & Development Objectives
- Swansea Bay City Deal Joint Scrutiny Committee
- Wales Audit Office Report – Overview & Scrutiny: Fit for the Future?
- Consultation on Draft Homelessness Strategy and Action Plan 2018-2022
- Annual Corporate Safeguarding Report
- Children & Young People’s Rights Scheme – Compliance & Progress
- Wales Audit Office Reports to Scrutiny
- Sustainable Swansea Programme - Commissioning Reviews: Service Areas Post Implementation Updates
- Scrutiny Improvement Action Plan (Wales Audit Office Report – Overview & Scrutiny: Fit for the Future? & Improvement Objectives)

The Committee is also the Council’s designated committee for Crime & Disorder Scrutiny and a meeting to discuss the performance of the local Community Safety Partnership, the Safer Swansea Partnership, took place in April 2019.

Comparison with previous years:

3.2 Number of Panel & Working Group meetings = 95

It is important that the Scrutiny Work Programme strikes a balance between community concerns and strategic issues. The Committee will consider what specific topics should feature in the programme so that it focusses on the right things.

Most of the work of scrutiny is delegated to informal topic based Panels and Working Groups. Scrutiny Panels and Working Groups are established by the Scrutiny Programme Committee, with an appointed convener (chair), to carry out specific scrutiny activities. There are two types of panels:

Inquiry Panels - these undertake in-depth inquiries into specific and significant areas of concern on a task and finish basis.

Topics examined during 2018-19:	Convener
<ul style="list-style-type: none"> Natural Environment Key Question: What should Swansea Council be doing to maintain, enhance and promote its natural environment and biodiversity, and in doing so promote the resilience of eco-systems? 	Cllr. Peter Jones
<ul style="list-style-type: none"> Equalities Key Question: How effectively is the Council meeting and embedding the requirements under the Equality Act 2010 (Public Sector Duty for Wales)? 	Cllr Louise Gibbard

Performance Panels - these provide in-depth performance / financial monitoring and challenge for clearly defined service areas.

Performance Panels 2018-19:	Convener
<ul style="list-style-type: none"> • Service Improvement & Finance (monthly) • Adult Services (monthly) • Schools* (monthly) • Child & Family Services (every two months) • Development & Regeneration (every two months) • Public Services Board (quarterly) 	Cllr. Chris Holley Cllr. Peter Black Cllr. Mo Sykes Cllr. Paxton Hood-Williams Cllr. Jeff Jones Cllr. Mary Jones

* since May 2019 the Panel is now known as the Education Performance Panel and Cllr Lyndon Jones is the new convener after Cllr Mo Sykes stood down

Working Groups are one-off meetings established to enable a 'light-touch' approach to specific topics of concern.

Working Groups 2018-19:	Convener
<ul style="list-style-type: none"> • Homelessness (carried over from 2017/18) • Community Cohesion & Hate Crime (carried over from 2017/18) • Air & Noise Pollution • Welfare Reform • Environmental Enforcement • Local Flood Risk Management (meets annually) • Anti-Social Behaviour • Tourism 	Cllr Peter Black Cllr Louise Gibbard Cllr Joe Hale Cllr Louise Gibbard Cllr Jeff Jones Cllr Peter Jones Cllr Terry Hennegan Cllr Peter Jones

3.3 Number of in-depth inquiries completed = 1

Work on the following in-depth inquiry was completed during 2018-19:

- Natural Environment: *What should Swansea Council be doing to maintain, enhance and promote its natural environment and biodiversity, and in doing so promote the resilience of eco-systems?*

3.4 Number of Working Group topics completed = 8

Work on the following topics was completed during 2018-19 through meetings of Working Groups:

- Homelessness (carried over from 2017/18)
- Community Cohesion & Hate Crime (carried over from 2017/18)
- Air & Noise Pollution
- Welfare Reform
- Environmental Enforcement
- Local Flood Risk Management (meets annually)
- Anti-Social Behaviour
- Tourism

B. How well did we do?

3.5 Average councillor attendance at scrutiny meetings = 69%

The rate of councillor attendance measures an important aspect of effectiveness as it reflects the engagement of councillors in the scrutiny process.

The membership of the Scrutiny Programme Committee is determined by Council. However, membership of the various informal Panels and Working Groups is based on interest shown by councillors in the topics under scrutiny. Based on expressions of interest the membership of panels and working groups is determined by the Committee.

Attendance figures for councillors are collected by the Council's Democratic Services Team and published on the Council's website. 2018/19's figure is an overall attendance figure that includes the Scrutiny Programme Committee, Panel meetings and the Working Groups.

Comparison with previous years:

3.6 Backbench councillors actively involved in scrutiny = 71%

All backbench councillors have the opportunity to participate in scrutiny work regardless of committee membership. New scrutiny topics, once agreed, were advertised to all non-executive councillors and expressions of interest sought to lead and/or participate in these activities. It enables councillors to participate based on interest, and enables them to build up specialist expertise.

The large majority of backbench councillors were involved in scrutiny either through the Scrutiny Programme Committee, Panels or Working Groups.

Comparison with previous years:

3.7 Meetings with public observers = 49%

Scrutiny is important as a mechanism for community engagement. All scrutiny meetings, whether the Committee or Panels and Working Group, are conducted in public, subject to specific item of business which contain exempt information. Of the 109 scrutiny meetings held during 2018/9, almost half of these were observed by persons in the public gallery, which indicates there is a significant focus of scrutiny on matters of public interest. Amongst those with the highest percentage of meetings observed were the Equalities Inquiry, Adult Services Performance Panel, Public Services Board Performance Panel, Natural Environment Inquiry, and Development & Regeneration Performance Panel.

Comparison with previous years:

3.8 Meetings with public input = 27%

As well as attracting interest and observers to listen to what is being discussed, councillors are keen to increase active public involvement in the work of scrutiny. 27% of all scrutiny meetings had some form of such engagement and public input. This input can take various forms, including submission of questions for scrutiny sessions with cabinet members, making suggestions for the scrutiny work programme, contributing evidence to specific items under scrutiny - whether in person or reflected in the meeting agenda. The Equalities Inquiry benefitted from a high level of engagement with a range of groups / networks who represent people with protected characteristics. Other meetings which saw good levels of public input include the Scrutiny Programme Committee, Schools Performance Panel, and Adult Services Panel.

Comparison with previous years:

3.9 Meetings attracting media coverage = 31%

As well as attracting interest from individuals and getting members of the public to engage directly, a measure of whether scrutiny is focussed on the right things and is making an impact is the amount of media coverage that scrutiny is attracting. We found that 32% of scrutiny meetings made the news. The work of the Adult Services Performance Panel, Scrutiny Programme Committee, Natural Environment Inquiry Panel, and Development & Regeneration Performance attracted the most media interest. Across all activities there were at least 35 scrutiny discussions reported in the local press (print and on-line). Issues, which generated coverage, included: the Natural Environment, Council Housing & Housebuilding, Future of Leisure Services, Charges for Council

Services, Homelessness, Green Energy & Transport, Costs of Adult Social Care, Waste Disposal & Recycling, Care Homes, School Funding, City Centre Regeneration, Adoption, School Closures, HMOs / Student Accommodation, Fly Tipping, Community Safety, and Care Homes for Looked After Children.

Comparison with previous years:

C. How much did scrutiny affect the business of the Council?

3.10 Number of chairs letters sent to cabinet members = 64

Chairs letters are an established part of the scrutiny process in Swansea. They allow the Committee and Panel meetings / Working Groups to communicate quickly and efficiently directly with relevant cabinet members. They will send letters to raise concerns, recognise good practice, ask for further information and make recommendations for improvement, reflecting the discussion at Committee / Panel / Working Group meetings. Letters are effectively 'mini-reports' with conclusions and proposals from scrutiny – and where necessary require a response. 64 letters were sent to Cabinet Members during 2018-19.

Comparison with previous years:

3.11 Average time for Cabinet Member response letter = 20 days

When scrutiny letters are sent to Cabinet Members and require a response Cabinet Members are required to respond within 21 calendar days. The average response time for letters sent during 2018-19 was 20 days, which indicates that scrutiny is generally getting a timely response to views, concerns, and any suggested action for Cabinet Members.

Comparison with previous years:

3.12 Letters responded to within 21 day target = 63%

Whilst the response to scrutiny letters was on average 20 days, some letters did take longer. The number of letters responded to within the 21 day target was 63% (22 out of 35 letters).

Comparison with previous years:

3.13 Number of Scrutiny reports to Cabinet = 2

In-depth inquiries are reported to Cabinet for a response to the recommendations agreed by scrutiny and action plan on how the recommendations will be implemented. The following in-depth reviews were reported to Cabinet from scrutiny with the number of recommendations from each shown:

Inquiry	Convener	Report to Cabinet	No. of Recommendations
Regional Working	Cllr Lyndon Jones	June 2018	11
Natural Environment	Cllr Peter Jones	March 2019	20

Comparison with previous years:

3.14 Cabinet action plans agreed = 1

Once recommendations and an action plan have been agreed by cabinet, scrutiny will follow up on progress with implementation and impact. The following action plans were agreed following in-depth inquiries that were originally carried out during 2017-18:

- Regional Working (Cabinet meeting August 2018) – all 11 recommendations were accepted.

Comparison with previous years:

3.15 Follow ups undertaken = 2

Inquiry Panels reconvene to follow up on the implementation of agreed recommendations and cabinet action plans, and assess the impact of their work. A meeting will usually be held 6-12 months following cabinet decision, with a further follow up arranged if required.

In order to check whether the agreed action plans have been carried out, scrutiny will ask for follow up reports from cabinet members. If councillors are satisfied they can then conclude the work for that inquiry. Both previous scrutiny inquiries that required a follow up during 2018-19 were followed up:

Inquiry	Convener	Monitoring Status
Child & Adolescent Mental Health Services	Cllr. Mary Jones	Complete
Tackling Poverty	Cllr Sybil Crouch	Complete

Comparison with previous years:

3.16 Number of Cabinet reports subject to pre-decision scrutiny = 8

Pre-decision scrutiny involves scrutiny councillors considering cabinet reports before cabinet makes a final decision. Taking into account strategic impact, public interest, and financial implications, the following 8 cabinet reports were subject to pre-decision scrutiny (carried out by the Committee or relevant Performance Panels), with views reported to Cabinet before decisions were taken:

Report	Cabinet Member	Cabinet Meeting	Undertaken by
More Homes Parc Yr Helyg Site Options Appraisal	Homes & Energy	21 Jun 2018	Committee
Cultural Services Commissioning Review	Investment, Regeneration & Tourism	21 Jun 2018	Service Improvement & Finance Panel
The Future Structure and Delivery of the Ethnic Minority Achievement Unit	Education Improvement, Learning & Skills	19 Jul 2018	Schools Panel
Outcome of Residential Care & Day Services for Older People Consultation	Care, Health & Ageing Well	20 Sep 2018	Adult Services Panel
Homelessness Strategy and Action Plan 2018-2022	Homes & Energy	15 Nov 2018	Committee
Swansea Central Phase 1 Project Update and FPR7	Economy & Strategy (Leader)	29 Nov 2018	Service Improvement & Finance Panel
Small School Review & School Organisation Linked to the Welsh Education Strategic Plan	Education Improvement, Learning & Skills	20 Dec 2018	Schools Panel

Budget	Economy & Strategy (Leader)	14 Feb 2019	Service Improvement & Finance Panel
--------	-----------------------------	-------------	-------------------------------------

Comparison with previous years:

3.17 Number of Cabinet reports subject to Call-in = 1

During 2018-19 the Council agreed new call-in arrangements with scrutiny at the centre of the process. Any valid call-in of cabinet decisions leads to the calling of a special meeting of the Scrutiny Programme Committee. A call-in can be made by the Chair or Vice-Chair of the Scrutiny Programme Committee or by any four councillors by giving notice in writing to the Head of Democratic Services within a specific call-in period. With the increase in pre-decision scrutiny seen over the last few years a large number of call-ins are not anticipated. However, one cabinet report was subject to call-in over the past year, concerning cabinet decision on 21st Century Schools Programme - New Build For Gorseinon Primary School.

3.18 Cabinet members who attended at least one question and answer session at the Scrutiny Programme Committee – 100%

Cabinet members attend scrutiny meetings to answer questions and provide information. Cabinet attendance at scrutiny meetings is a good indicator that the 'holding to account' role of scrutiny is functioning well. In 2018/19 every Cabinet Member attended at least one question and answer session at the Scrutiny Programme Committee, enabling the committee to explore their work, looking at priorities, actions, achievements and impact. It ensures that scrutiny provides regular challenge to decision-makers.

Comparison with previous years:

D. What were the outcomes of scrutiny?

3.19 Scrutiny recommendations accepted or partly accepted by Cabinet = 100%

The rate that cabinet accept scrutiny recommendations is a good indicator of whether scrutiny is making strong recommendations based on robust evidence. Cabinet responded to 11 scrutiny inquiry recommendations in 2018-19 which were all accepted.

Comparison with previous years:

3.20 Recommendations signed off by scrutiny as completed = 56%

When follow up reports are presented to scrutiny (usually within 12 months following original cabinet decision) they detail which of the recommendations from the in depth inquiry (or other scrutiny report) have been completed in line with the cabinet member's action plan and which have not. In the case of in-depth inquiries scrutiny councillors consider whether they agree with the assessment about implementation of recommendations, taking into account the evidence they are presented with about the changes that have happened following scrutiny and its impact. This indicator represents the percentage of recommendations accepted by scrutiny as being completed for the year, and relates to the follow up of recommendation made by the Tackling Poverty Inquiry and Child & Adolescent Mental Health Services Inquiry (27 recommendations were considered of which 15 were considered as complete). In respect of the Child & Adolescent Mental Health Services although pleased with progress the Panel recognised that there is some way to go to implement all of the recommendations and achieving significant improvement. The Panel agreed to conclude formal monitoring however it was agreed that the Child & Family Services Scrutiny Performance Panel was best placed for continued monitoring of CAMHS.

Comparison with previous years:

4. Impact

4.1 How Scrutiny Councillors have made a difference

4.1.1 Scrutiny Councillors make a difference by:

- Ensuring that Cabinet Members (and other decision-makers) are held to account through public question and answer sessions
- Making evidence based proposals on topics of concern through task and finish Scrutiny Inquiry Panels that report to Cabinet
- Monitoring and challenging service performance and improvement through standing Scrutiny Performance Panels
- Addressing issues of concern through one off working groups
- Acting as a 'check' on the key decisions through pre-decision scrutiny and call-in
- Communicating concerns and proposals for improvement through regular publication of scrutiny letters and reports

4.1.2 The Scrutiny Programme Committee produced a quarterly summary of the headlines from the work of scrutiny for council and the public, which focussed on impact and how scrutiny is making a difference. The Chair of the Scrutiny Programme Committee reports the summary, known as Scrutiny Dispatches, to Council.

4.1.3 It is important to know that the work and the efforts of scrutiny councillors are having a positive impact and are delivering effective scrutiny. We make sure that the recommendations we make, in whatever scrutiny forum, are followed up to check on implementation and assess the impact of this work.

4.1.4 The difference made and impact of the overall work of scrutiny is also communicated via:

- press releases to the local media;
- regular posts to our Swansea Scrutiny blog;
- an email monthly subscription newsletter; and
- use of social media, including Twitter.

4.1.5 A selection of stories from the past year of scrutiny from Scrutiny Dispatches, which demonstrate the impact made, are **appended**. This includes reference to:

- **Developing Regional Working** (*Regional Working Inquiry*)
- **Promoting Community Cohesion** (*Community Cohesion Working Group*)
- **Tackling Poverty** (*Tackling Poverty Inquiry*)
- **Improving Scrutiny** (*Scrutiny Programme Committee*)
- **Helping to shape the Council's new Homelessness Strategy** (*Homelessness Working Group / Scrutiny Programme Committee*)
- **Reducing Air & Noise Pollution** (*Air & Noise Pollution Working Group*)
- **Improving Child & Adolescent Mental Health Services** (*Child & Adolescent Mental Health Services Inquiry*)
- **Maintaining & Enhancing Our Natural Environment** (*Natural Environment Scrutiny Inquiry*)
- **Improving Community Safety** (*Scrutiny Programme Committee*)
- **Dealing with Welfare Reform** (*Welfare Reform Working Group*)
- **Managing Environmental Enforcement** (*Environmental Enforcement Working Group*)

5. Feedback and Improvement

5.1 Improving Scrutiny

5.1.1 It is good practice for those involved in the scrutiny function to undertake regular self-evaluation of this work. Taking into account characteristics of effective scrutiny and experiences it is important for the continuous improvement of the function that any issues identified about current scrutiny practice are discussed and addressed. Annual review discussions are held within the Scrutiny Programme Committee and Scrutiny Performance Panels.

5.1.2 The Scrutiny Programme Committee attended an 'Improvement & Development' workshop in May 2018 as part of the process to identify improvement objectives for scrutiny for the year ahead. They reviewed findings from the Scrutiny Annual Survey carried out in early 2018 and in particular shared views on where things could be better, as well as reflecting on their own experience, and other feedback received throughout the year.

5.1.3 Members reflected positively on:

- Inquiry Panels – felt to be well supported and work well, allowing a lot of ground to be covered, with a high level of external / public engagement (leading to more vibrant scrutiny), and produces results
- Performance Panels – recognised as the bedrock of the scrutiny work programme, allowing time and space to explore performance in some detail
- The support provided by officers in the Scrutiny Team.

The Committee also agreed:

- Adjustment to the work programme to improve alignment with Council priorities / Corporate Plan and enable monitoring of the delivery of the Council's commitments around natural environment & biodiversity
- The Committee's Cabinet Member Q & A Sessions could be improved by focussing on a small number of key issues, rather than an overall look at portfolio responsibilities.

- Standing Performance Panels should be asked to appoint the convener, rather than be determined by the Scrutiny Programme Committee.
- Budget scrutiny remains an area for development

5.1.4 From the self-evaluation and reflection emerged a clear sense about what priorities for improving scrutiny should be. This related to: Councillor involvement in scrutiny; reports to cabinet and reporting arrangements, Cabinet engagement in scrutiny / tracking their response to scrutiny, visibility of impact, and public engagement.

5.2 Scrutiny Improvement Objectives

5.2.1 The following Improvement Objectives were subsequently agreed by the Scrutiny Programme Committee:

1. We need more of our work to be reported to Cabinet so that there is more formal consideration of scrutiny conclusions and recommendations.
2. We need to be involved at an earlier stage in proposed Cabinet decisions so that our input can be more meaningful.
3. We need to increase opportunities for participation so that more councillors can get involved in the work of scrutiny.
4. We need to strengthen follow up of all scrutiny recommendations so that the response and difference made can be assessed.
5. We need more coverage in the media so that people are more aware of our work

5.2.2 In order to address both Wales Audit Office Proposals for Improvement (issued in July 2018 following their review of our scrutiny arrangements), and specific issues identified by the scrutiny councillors, the Scrutiny Programme Committee reflected on priorities and agreed an action plan in January 2019 to help deliver the clear set of Scrutiny Improvement Objectives. This means having a co-ordinated and comprehensive single improvement plan for scrutiny, for the issues that matter most.

5.2.3 This has already resulted in improvements to the scrutiny process and its effectiveness, and efforts are being made in a number of areas to support councillors, take practice forward and improve the quality of scrutiny, for example:

1. Councillor Participation

Whilst there is a healthy level of engagement we want to ensure all scrutiny councillors have opportunity to participate so we are trying to understand whether there are any barriers to councillor participation in scrutiny and see what can be done to facilitate the engagement of those not actively involved. We recognise that councillors have a range of demands on their time and it may not be possible for all to be actively engaged, but it is important to remove any barriers that might exist.

2. Training & Development

We are considering what needs doing to develop scrutiny councillors in their role. We have already asked councillors to identify the areas where skills could be improved. The following areas could be usefully explored: Chairing Skills; Questioning Skills; Public Participation; Ad-hoc briefings to improve knowledge of Council services / working, as well as refresher session(s) on the Scrutiny Process. There may be other areas that need to be developed, such as understanding around the Well-being of Future Generations Act and how scrutiny can support its impact on local services, policies and decision-making. We will look at how best to develop and deliver a training & development programme for scrutiny councillors and it is work in progress for 2019/20.

3. Reporting to Cabinet

There are now more opportunities for scrutiny councillors to report their findings and recommendations directly to Cabinet. Whilst we have a well-established practice of writing letters to Cabinet Members, sometimes this work may merit formal reporting to Cabinet because of the issues that have been raised following scrutiny and / or implications across cabinet portfolios. This means that Scrutiny Working Groups and Scrutiny Performance Panels can consider whether reporting to Cabinet is necessary, for formal response.

4. Pre-decision Scrutiny

We have been calling for more time to consider proposed cabinet reports to enable the more meaningful involvement of scrutiny members in the decision-making process, as a 'critical friend'. Early sight to such reports will also enable more time for Cabinet to think about any issues and concerns that may be flagged up by scrutiny. When it sees each Cabinet Member, the Scrutiny Programme Committee encourages them to share information about future key

decisions that the Committee may want to discuss to challenge and inform decision-making. Cabinet Members are also encouraged to build in time for a 'scrutiny stage' as a sounding board for significant decisions at an early stage in the process. Scrutiny engagement with the Council's new Homelessness Strategy was a good example of early influence.

5. *Scrutiny Impact*

We have been increasing visibility of the impact of scrutiny through regular stories published via our Scrutiny Blog, Newsletter, and Dispatches, as well as in reports to the Scrutiny Programme Committee. We have also improved the Scrutiny Annual Report to reflect more about scrutiny activity and impact. Scrutiny Working Group recommendations are being monitored by the Scrutiny Programme Committee to assess impact / outcomes, with input from respective conveners, who themselves can act as rapporteurs and liaise informally with cabinet members and relevant officers to keep abreast of progress. However, we will try to do more to strengthen the evaluation of impact and outcomes of scrutiny activity. We will identify performance indicators and measureable outcomes relevant to topics for scrutiny that could help evidence change / difference following scrutiny. We will also develop mechanisms for feedback from Cabinet Members, Officers, and other stakeholders about impact e.g. post-meeting evaluation; via Annual Survey etc.

6. *Roles & Responsibilities*

We are mindful to ensure there are no issues of duplication between scrutiny and Policy Development Committee activity or negative impact on the role and work of scrutiny. There were no issues of overlap or adverse effect on scrutiny, and should any issues arise in the future these will be addressed through dialogue between the Chair of the Scrutiny Programme Committee and relevant Policy Development Committee Chair(s). We have made sure that the Chair of Scrutiny Programme Committee and Scrutiny Performance Panel Conveners are aware of Policy Development Committee agendas and work plans. The Committee already has a well-established relationship with the Audit Committee to ensure respective work plans are coordinated to avoid duplication or gaps.

7. Public Engagement

We are working more closely with the Council's Communications Team to identify opportunities to raise awareness and promote public engagement in scrutiny, and generate more media coverage of scrutiny activities. There is now more dialogue between teams about the work programme and upcoming meetings. Communications staff are signposted to scrutiny agendas / information to facilitate more about scrutiny being reported in the media and increase awareness / public engagement. Media coverage of scrutiny has increased significantly over the past year due to active local government press reporting, leading to stories in print and on-line media (South Wales Evening Post, Wales Online, and Western Mail). The Scrutiny Team continue to develop a social media presence including Swansea Scrutiny blog, Twitter, and there are plans to develop a Facebook page which may provide an effective way to promoting the role, activities, impact of scrutiny and enable interaction.

5.2.4 We will reflect on the delivery of the action plan and achievements against agreed improvement issues and objectives in next year's annual report.

5.3 Feedback from Scrutiny Performance Panels

5.3.1 Performance Panels each reflected on the year and amongst notable observations were the following:

a) Schools:

- Panel's work means being able to keep abreast of changes and challenges in relation to education matters.
- Pleased with scrutiny of individual schools and visiting some schools to see the work happening on the ground and speaking to headteachers, staff, governors and pupils.
- Officers have told us that performance scrutiny has been challenging but constructive, especially the searching questions that have been asked around vulnerable learners, and it benefits the education department. Topics discussed have helped develop these services, particularly work in relation to Education Other Than at School and the Small Schools Review.
- Some learning points identified:
 - Co-ordination around planning for future school visits and timing

- More context around some subjects being discussed would be helpful.

b) Adult Services

- Good level of quality in the debate and commitment from Panel Members. The Panel has been persistent and brought things out into the open.
- Good level of support from staff.
- There has been real challenge to Cabinet Members and officers from the Council and Local Health Board. The engagement of health officials with the Panel has managed to unblock some of the issues.
- There has been some progress in respect of changing thinking on budget
- Panel is developing a better understanding of performance data, which is now more focused and detailed.
- Some learning points identified:
 - Visiting social services establishments and engaging directly with service users / user groups about their experience will provide Panel with a better perspective on performance.
 - Need to review how best to examine performance of the West Glamorgan Regional Partnership Health & Social Care Programme.

c) Child & Family Services

- Good level of detail in performance reports.
- Panel is able to drill down into the detail and the officer contribution is very informative. Relationship with service officers good and very open.
- Debate has been good and happy with response Panel is getting from officers
- Pleased with officer support.

d) Development & Regeneration

- Pleased at the range of projects looked at by the Panel – will continue to have this variation in the coming year.
- The detail behind some projects is still opaque – Panel will continue to explore more throughout the coming year
- Some learning points identified:
 - More focus on the 'health' of the City Centre.

e) **Service Improvement & Finance**

- Panel happy with the mix of work this year, annual reports and one-off topics, with performance & financial monitoring the major role.
- Planning process is a topic of interest for the coming year

f) **Public Services Board**

- Good meetings particularly meeting with Future Generations Commissioner. Interactions with Future Generations Commissioner going very well.
- Some learning points identified:
 - More focus on direction of travel from each of the PSB objective areas needed, actions plans / delivery and clarity about outcomes

‘How scrutiny councillors are making a difference’

Developing regional working

(Lead: Councillor Lyndon Jones)

Work carried out by scrutiny councillors will help develop and improve the way the Council and partners work with each other across the region for the benefit of citizens.

An in-depth Scrutiny Inquiry into Regional Working published findings that were presented to Council in June. The report includes a view on the current picture, the national reform agenda, challenges to collaborative working, and arrangements for the accountability of regional working. Scrutiny Councillors held a number of evidence gathering sessions including discussion with different council departments and partners to discuss the experience of regional working activities that are taking place.

All 11 recommendations made by the cross-party Scrutiny Panel were agreed by Cabinet in August. This means action on the following:

- A review of governance arrangements of the three main regional partnerships (Education, through Regional Working, Western Bay Health & Social Care Programme; and Swansea Bay City Region) to ensure they are fit for purpose.
- The authority undertaking a lessons learnt exercise across the three main regional collaborations and develop an action plan/s with resource implications to address any specific and remaining barriers.
- An assessment of the value to the Council from being involved in existing or new partnerships, including an analysis of costs and benefits.
- Greater use of technology e.g. on-line meetings, amongst partners to reduce travelling and Councillor / officer time and further encourage participation in partnership working.
- More engagement of the third sector in existing partnerships.
- Pressure on Welsh Government for a more streamlined grant process to support regional working
- An annual report to Council on the progress made across main regional collaborations.

The Panel had particular concerns about the accountability to local councillors of some regional collaborations. They stressed the need for the big three partnerships to have clear accountability and scrutiny process built into their governance arrangements.

Councillor Lyndon Jones, convener of the Panel said:

‘We felt it was important to look at this issue because there was some concern about the transparency of current regional working and the extent to which the public understood such activities. We found regional working in Wales to be a complex and confusing picture. Regional working must have a real benefit for the people of Swansea and therefore needs to add value and not be seen as another layer of bureaucracy, and be accountable. We hope that this piece of scrutiny will go some way in helping Swansea map the way forward for its regional working activities.’

The Inquiry Panel will reconvene during 2019 in order to follow up on the implementation of recommendations and assess the impact of their work.

Promoting Community Cohesion

(Lead: Councillor Louise Gibbard)

Scrutiny has been myth busting whilst looking at what the Council is doing to support and promote community cohesion.

Having already looked at efforts to tackle hate crime in the area last year a Scrutiny Working Group met in June to focus on this issue, and spoke with representatives from the Councils Poverty and Prevention Team, South Wales Police and the Regional Community Cohesion Coordinator.

The Working Group considered progress and wrote to the Cabinet Member for Better Communities (People), Councillor Mary Sherwood, highlighting a number of issues and suggested areas for improvement. One of these was around myth busting. Councillors found that there is good [myth busting information](#) available but felt that it needed to be shared/used more widely.

Having now received a response from the Cabinet Member this piece of scrutiny is leading to action on:

- Developing a stronger role for Councillors and Local Area Co-ordinators in mainstreaming community cohesion.
- Myth busting information being made available online and shared via social media.
- Better links with and information to Governing Bodies, so they can have a direct impact on community cohesion in Swansea schools.
- Making more use of local media including using corporate communications to get more good news stories and myth busting out into local community.

Tackling Poverty

(Lead: Councillor Sybil Crouch)

Scrutiny heard about the impact it has made in tackling poverty, following an in-depth inquiry carried out in 2017.

The Panel of Councillors which carried out the scrutiny met in October to follow up on the implementation of inquiry recommendations and assess the difference made. The inquiry had focused on ways in which the Council could improve its Tackling Poverty Strategy. Their main conclusion was that, when developing and delivering a strategy it is vital that those people experiencing poverty were not only involved, but involved in a powerful and meaningful way.

The Panel recently heard that the inquiry and its recommendations:

- has supported raising the profile of the tackling poverty agenda as everyone's business, and improved understanding and awareness
- has provided the role of a critical friend, supporting and reaffirming the direction of travel that the development of the revised Tackling Poverty Strategy took
- engaged a number of partners and organisations including The Bevan Foundation, Joseph Rowntree Foundation and Leeds Truth Commission, whose input has proved useful in the development of the revised plan

The Panel Convener, Councillor Sybil Crouch, said about the original inquiry that: 'Tackling Poverty is key to delivering the health and well-being of our citizens and of our city. We heard powerful testimony from people experiencing poverty and I am especially grateful to them for taking time to tell us what they face on a daily basis. I was moved by their testimony and by their courage in the face of complex problems. The Tackling Poverty Strategy lays considerable emphasis on the need to involve people experiencing poverty, without whom there is no delivery'.

Scrutiny – fit for the future?

(Lead: Councillor Mary Jones)

Our scrutiny arrangements have received positive feedback from Wales Audit Office (WAO).

Following an external audit to assess whether scrutiny was fit for the future the review praised a number of aspects of scrutiny practice in Swansea. The WAO report recognised that scrutiny is well-placed to respond to future challenges, regularly challenges decision-makers, and has arrangements to review its own effectiveness. Whilst there is much to be pleased about the report also makes a number of proposals for improvement to develop scrutiny further. This challenges us to think about development needs for scrutiny councillors, the relationship between scrutiny and the Council's Policy Development Committees, and how we can better demonstrate the impact and outcomes of scrutiny.

Councillor Mary Jones, Chair of the Scrutiny Programme Committee said: 'We welcome the auditor's assessment of scrutiny in Swansea. Overall it is a positive report and this is down to the hard work everyone in Swansea has put into developing scrutiny over many years. But it is also a reminder that we must keep on pushing and continue to develop. We will be preparing an action plan to address the proposal for improvement.'

The Wales Audit Office published its findings having conducted a review of scrutiny in all Welsh Councils, looking at the environment scrutiny is operating in, practice, and its effectiveness. As well as desktop research, the WAO held a number of focus groups with Councillors here, interviewed key officers, and observed meetings.

Chair's Roundup:

This is my first quarterly roundup of the work of scrutiny for 2018/19, as Chair of the Scrutiny Programme Committee.

Priorities for 2018/19

The Scrutiny Work Programme was agreed by the Committee in July, following a Work Planning Conference in June. Every year we invite all scrutiny councillors to participate in an informal discussion on priorities for scrutiny, and invite suggestions. The Conference reflected on last year's programme, and heard about council priorities and challenges, and views gathered from surveys, including issues raised by the public. The Work Programme contains a varied selection of topics that show the focus for scrutiny over the coming year. It represents strategic issues balanced with community concerns to ensure that scrutiny is always looking at the right things, and making good use of limited time and resources. A significant feature of the Work Programme is regular in-depth monitoring and challenge of performance in key areas, including Education and Social Services, through a number of Performance Panels. However we also identify topics either for in-depth Inquiry or light-touch Working Groups. The first inquiry will look at Equality issues and a 'call for evidence' has just been issued by the Inquiry Panel. This invites interested people to submit views that will help the Panel to explore how effectively the Council is meeting and embedding requirements under the law. This inquiry will go on until March 2019. The already in progress inquiry on the Natural Environment is coming to a conclusion and will report before the end of 2018. In terms of one-off Working Groups, this will include a look at Air & Noise Pollution, Residents Parking, Welfare Reform, Environmental Enforcement, Tourism, Anti-Social Behaviour, Digital Inclusion and the Archive Service.

Annual Report published

Looking back at 2017/18 the Scrutiny Annual Report was presented to Council (Oct). It highlights the work carried out, shows how scrutiny has made a difference, and supports continuous improvement for the scrutiny function. It gives examples of specific activities to demonstrate impact, and show our contribution to better services, policies and decisions. I think it gives good indication about the 'health' of scrutiny – using facts and opinions – and there is much to be pleased about.

Improving scrutiny

One of the hallmarks of an effective scrutiny function is one that reflects on and learns from experience. Following a process of self-evaluation the Committee has identified five scrutiny improvement objectives. This was informed by annual councillor, staff, and public scrutiny survey findings as well as Committee members' reflection on scrutiny process and practice, taking into account characteristics of effective scrutiny. An action plan to address the WAO proposals and deliver the Committee's own improvement objectives is being developed.

Questioning Cabinet Members

The Committee continues to focus on holding cabinet members to account, through monthly Q & A sessions to discuss their work. As I write we are due to meet with the Cabinet Member for Care, Health & Ageing Well in December. Acting as a 'critical friend' we question and challenge them on their priorities, actions, achievements and impact. We invite the public and all scrutiny councillors to contribute ideas to ensure the Committee asks the right questions. A summary of each session and views of the Committee are published in a letter to relevant Cabinet Members. We have recently put questions to the Cabinet Members for Children Services, Education Improvement, Learning & Skills, Business Transformation & Performance, and Homes & Energy.

Challenging proposed decisions

Pre-decision scrutiny enables us to question Cabinet Members on proposals and present views and any concerns to Cabinet ahead of decisions. Since May scrutiny has looked at reports on: More Homes Parc Yr Helyg Site Options Appraisal (Jun); The Future Structure and Delivery of the Ethnic Minority Achievement Unit (Jul); and the future of Residential Care & Day Services for Older People (Sep). The Committee has also given views on the draft Homelessness Strategy 2018-2022 ahead of formal pre-decision scrutiny that will take place in November.

Calling-in decisions

Scrutiny has the power to call-in Cabinet decisions following the agreement of new arrangements by Council in July. Any valid call-in of cabinet decisions will now lead to the calling of a special meeting of the Scrutiny Programme Committee. A call-in can be made by the Chair or Vice-Chair of the Scrutiny Programme or by any four councillors by giving notice in writing to the Head of Democratic Services within a specific call-in period.

Scrutinizing the City Deal

A new Joint Scrutiny Committee has been established to provide accountability and challenge to the agreed Swansea Bay City Deal. Swansea councillors will work with councillors from Pembrokeshire, Carmarthenshire and Neath Port Talbot Councils, also involved in the City Deal, who together will scrutinise the work and decisions of the Joint Committee responsible for delivering the regional City Deal Programme. Scrutiny of local City Deal projects remain a matter for each authority so our Development & Regeneration Performance Panel will be keeping a close eye on work happening in Swansea.

Making the work of scrutiny transparent and accessible

All scrutiny agenda packs are available on the Council's '[agenda and minutes](#)' webpage. There you can also find all scrutiny letters sent to cabinet members following meetings and responses. ‘How scrutiny councillors are making a difference’

Helping to Shape the Council’s new Homelessness Strategy

(Lead: Councillors Peter Black / Mary Jones)

Scrutiny Councillors have contributed to the Council’s new Homelessness Strategy.

Homelessness has been a topic of significant interest and concern over the last year for scrutiny. Scrutiny councillors were able to influence the Homelessness Strategy and Action Plan for 2018-2022 through a series of meetings to discuss the issues, challenges, and plans. The Strategy, approved by Cabinet in November, took on board issues and suggestions made by scrutiny councillors. Scrutiny contributed initially through a cross-party Working Group, chaired by Councillor Peter Black, mid-2018 to look at the Council’s activities to manage homelessness, the current position, performance of relevant services and the challenges faced. This work benefitted from the involvement of a number of interested parties including: Swansea Homeless Sanctuary, Shelter Cymru, Crisis, Wallich Dinas Fechan, Caer Las, Zac’s Place, Matthew’s House, Abertawe Bro Morgannwg University Health Board and the relevant Cabinet Member and officers from Swansea Council. This led to a number of issues being raised with Councillor Andrea Lewis, Cabinet Member for Homes & Energy.

The Scrutiny Programme Committee, chaired by Councillor Mary Jones, which oversees the Scrutiny Work Programme, then met early October to review a consultation draft of the Strategy and Action Plan to ensure that its views can be fully considered in drawing up the final document. This led to a detailed consultation response being submitted to the Cabinet Member including views including around:

- Service user involvement and co-production
- The development of pre-eviction protocols
- Use of the private rented sector / loss of rented accommodation
- Working with Registered Social Landlords to alleviate homelessness
- Barriers to accessing temporary accommodation
- Proposals / timescales for increased support for people with mental health / complex needs
- Plans for a holistic “solutions centre” for services for rough sleepers
- Support to children affected by parental homelessness
- Monitoring, evaluation and review of success / impact of the Strategy

The Committee also carried out ‘pre-decision scrutiny’ in November which enabled it to review the contents of the final Strategy and Action Plan ahead of Cabinet decision. Councillor Mary Jones said ‘I am pleased to see our impact on the final document, and shows the value of the early engagement of scrutiny in such important decisions. We particularly welcomed:

- Recognition of the United Nations Convention on the Rights of the Child and children’s voice, and plan to develop a separate Homelessness Charter for children and young people
- The revision of timescales for the development of a holistic ‘solutions centre’ and clarity about what will be achieved e.g. the feasibility study will be carried out within a period of six months
- That there will be an annual progress report on the delivery of the Strategy and Action Plan.’

The contribution made by scrutiny to improve the Strategy and Action Plan, which saw amendments being made to the consultation draft, was praised by the Cabinet Member for Homes & Energy, ahead of its approval by Cabinet on 15 November.

Reducing Air & Noise Pollution

(Lead: Councillor Joe Hale)

Scrutiny councillors have had their say about air and noise pollution in Swansea.

A Working Group has looked at the situation in Swansea and the effects, how pollution is measured and monitored, and efforts to tackle problems and reduce pollution. As a result of their views and issues raised with Councillor Mark Thomas, Cabinet Member for Environment and Infrastructure Management, action will include:

- Working with academic and health colleagues to complete specific air quality research projects aimed at engaging members of the public and achieving compliance with objective concentrations and reducing exposure to pollutants.
- Continued assessment of The Out of Hours Noise Control Service to seek efficiencies during times of austerity to enable continued delivery of this service.
- Looking at ways to reinvigorate the presentation of data on the Council's air pollution webpages and working with ICT service to redesign the site in order to engage the public in its content, including integrating the Nowcaster System within the site.
- The Air Quality Action Plan investigating pollution around schools and behaviour of parents when bringing their children to school to enable behavioural change and the reduction in pollutant concentrations.
- Working with colleagues in the School of Management and Life Science in Swansea University to investigate several themes around air quality and public health.

The views of the Working Group, which met in November 2018, and Cabinet Member response can be read in full here:

Improving Child & Adolescent Mental Health Services

(Lead: Councillor Mary Jones)

Scrutiny councillors have made a positive impact in efforts to improve Child & Adolescent Mental Health Services (CAMHS).

Following an in-depth inquiry carried out in 2017, councillors involved in this work met in November 2018 to follow up on the implementation of inquiry recommendations and assess the difference made. The Inquiry Panel was pleased to hear about a greater focus on prevention, better joint working between local authorities and the ABMU Health Board and improved response to urgent cases. They also welcomed changes to some of ABMU's commissioning arrangements, simplified processes to access the service, and the greater involvement of parents and Third Sector representatives.

A number of people addressed the Panel on progress, including the Cabinet Member for Children Services (Early Years), Director of Social Services, Head of Child & Family Services, and representatives from the Local Health Board.

The Cabinet Member for Early Years has recognised the contribution made by the scrutiny inquiry in highlighting the issues and in the progress made to improve services.

Although pleased with progress the Panel recognised that there is a long way to go to implement all of the recommendations and achieving significant improvement. The Panel agreed that the Child & Family Services Scrutiny Performance Panel was best placed for continued monitoring of CAMHS. Read more here:

Supporting the Natural Environment & Biodiversity

(Lead: Councillor Peter Jones)

The call from scrutiny councillors for the Council to give priority to the Natural Environment & Biodiversity has been answered.

The Council has recently adopted a sixth, and new, priority: Maintaining and enhancing Swansea's natural resources and biodiversity - so that we maintain and enhance biodiversity, reduce our carbon footprint, improve our knowledge and understanding of our natural environment and benefit health and well-being. Over the past year a Scrutiny Inquiry has been looking at what the Council should be doing to maintain, enhance and promote its natural environment and biodiversity, and in doing so promote the resilience of eco-systems. The Inquiry Panel will be publishing its final report shortly - more on that in the next edition. Both before and during this piece of in-depth scrutiny, which has shone a light on this topic, repeated calls (in different forums) were made for the Council to recognise the growing importance of the natural environment and biodiversity on well-being and future generations, something already recognised by the Public Services Board in its Well-being Plan and 'Working with Nature' objective. Councillor Peter Jones, convener of the Natural Environment Inquiry Panel, said: 'This is a scrutiny success - something we raised over a year ago. The decision by the Council is not only welcome but overdue, and supports our findings. Indeed the action taken pre-empts one of the recommendations that the Panel would certainly have made. I look forward to presenting the Panel's final report to Cabinet in the knowledge that the natural environment and biodiversity is now looked upon as a key priority, and our scrutiny report will offer our thoughts about how this priority can be delivered.'

Chair's Roundup:

This is my second roundup of the work of [scrutiny](#) for 2018/19, as Chair of the Scrutiny Programme Committee.

Progressing our priorities for 2018/19

We have made good progress over the year so far. The work programme is dominated by our six Performance Panels, which meet on an ongoing and regular basis. This has ensured continued focus on in-depth monitoring performance and challenge concerning Adult Services, Child & Family Services, Schools, the Public Services Board, and Development & Regeneration. The Service Improvement & Finance Panel keeps an eye on performance & spending across the Council. We have two in-depth inquiries in progress. Our examination of the Natural Environment is almost complete and a final report, with conclusions and recommendations for Cabinet, will be presented soon. The inquiry into Equalities is currently evidence gathering, looking at how effectively the Council is meeting and embedding requirements under the law. Both of these inquiries have generated public interest, and it is pleasing that a number of people have responded to the 'call for evidence' and taken the opportunity to submit their views. Each Panel has also been proactive in seeking evidence from a wide range of sources, including people and groups involved or affected. We have arrangements in place to check on implementation of previous inquiry recommendations and assess the impact of our work. Because of good progress Councillors were able to conclude monitoring of the inquiries on Tackling Poverty and Child & Adolescent Mental Health Services. We also arrange Working Groups for a 'light-touch' look at issues and this has enabled scrutiny to look at, and make improvement recommendations, on the following: Hate Crime, Homelessness, Local Flood Risk Management, Air & Noise Pollution, Welfare Reform, and Environmental Enforcement.

Getting praise from inspectors

Recent reports by the Care Inspectorate Wales (CIW) have praised the work of scrutiny. The Council's Child & Family Services and Foster Swansea Service were the subject of external inspections, which have identified good practice with positive outcomes for children and young people. As well as positive findings about the service provided, the inspectors commented that there are robust scrutiny arrangements in place for accountability and challenge in these areas.

Improving scrutiny

I wrote previously about the process of improvement and development, with challenge provided by the Wales Audit Office (WAO) and the Committee identifying five scrutiny improvement objectives. I am happy to say that we have now agreed a Scrutiny Improvement Action Plan to address the WAO proposals for improvement and deliver our own objectives. This means action on: meeting development needs for scrutiny councillors; the relationship between scrutiny and the Council's Policy Development Committees; and better demonstrating the impact and outcomes of scrutiny. It also means a focus on getting more of our work formally reported to cabinet, earlier involvement in cabinet decision-making, improving councillor participation in scrutiny, strengthening the follow-up of recommendations, and getting more of our work in the media to raise awareness and public engagement in scrutiny. The Committee has previously identified the need to develop closer links with regulators and inspectors so that we can provide a more coordinated and effective challenge. The Scrutiny Work Programme will also now include consideration of relevant WAO reports. Scrutiny will expect assurance from Council leads about their response to WAO reports and provide challenge to monitor and ensure improvement.

Questioning Cabinet Members

The Committee continues to focus on holding cabinet members to account, through monthly Q & A sessions to discuss their work. Acting as a 'critical friend' we question and challenge them on their priorities, actions, achievements and impact. As I write we are due to meet with the Cabinet Member for Investment, Regeneration & Tourism in March. We invite the public and all scrutiny councillors to contribute ideas to ensure the Committee asks the right questions. A summary of each session and views of the Committee are published in a letter to relevant Cabinet Members. We have recently put questions to the Cabinet Members for Care, Health & Ageing Well, Economy & Strategy (Leader), and Environment & Infrastructure Management.

Challenging proposed decisions

Pre-decision scrutiny enables us to question Cabinet Members on proposals and present views and any concerns to Cabinet ahead of decisions. Since September scrutiny has looked at reports on: Homelessness Strategy & Action Plan 2018-2022 (Nov); Swansea Central Phase 1 (Nov); proposed closure of Craigcefnparc School - report on Small School Review (Dec); and YGG Felindre - report on School Organisation Linked to the Welsh Education Strategic Plan (Dec).

Developing regional scrutiny

The regional Scrutiny Councillor Group continues to meet to consider progress with school improvement across the ERW (Education Through Regional Working) region. In January the Group met with the Chair of the ERW Joint Committee, Lead Chief Executive, and Lead Officer for ERW concerning the ERW Review and Reform Programme. Also, the new Joint Scrutiny Committee looking at the Swansea Bay City Deal Programme met for the first time on 20 November. The Chair and Vice-Chair of the Committee were confirmed as: Councillor Arwyn Woolcock (Neath Port Talbot) and Councillor Rob James (Carmarthenshire) respectively, for a two year period. The Committee held an extra meeting on 31 January for update on internal and external reviews of the City Deal Programme, and recent developments.

‘How scrutiny councillors are making a difference’

Maintaining & Enhancing Our Natural Environment

(Lead: Councillor Peter Jones)

Scrutiny councillors have told the Council what it should be doing to maintain, enhance and promote its natural environment and biodiversity, and in doing so promote the resilience of eco-systems.

An in-depth Scrutiny Inquiry into the Natural Environment published findings in a report that was presented to the Cabinet meeting on 21 March. The Inquiry Panel, led by Councillor Peter Jones, spent much of the last year looking at this topic. It took in a range of perspectives, from both within the Council, from partners and the public, and the report makes twenty recommendations for Cabinet to respond to, on an issue that is now a matter of priority for the Council.

The report includes a view on how this priority can be delivered effectively. It recognises that the Council is one of the leading public authorities in Wales in thinking through and exploring how best to deliver on the Welsh Government environmental and sustainability legislation. However, the task is to meet expectations and to deliver on and embed requirements, and the inquiry report serves as a contribution to that effort.

Some of the recommendations have been identified by the cross-party Inquiry Panel as ‘quick wins’, other as more medium and long-term actions, touching upon all areas of the Council’s work. This includes calling for action on:

- Raising the profile of the Natural Environment and Biodiversity internally and externally.
- Maintaining and increasing the specialist and high quality work currently delivered by the Council.
- Recognising the benefits of ‘nature based’ prevention projects, such as to limit air pollution and for flood risk management etc.
- Cost sharing across the Council in providing additional resources to maintain and enhance the natural environment, and more cross-departmental working
- The authority working co-productively with external partners, including voluntary groups, Community Councils and the public in maintaining and enhancing the Council’s green spaces.
- Making a commitment to natural environment education in schools.

Councillor Peter Jones, convener of the Panel said:

‘This work has been an extensive undertaking. We found that a lot of positive action was evident but it is clear that there was much to be done. This report concentrates on biodiversity loss and how we, as a Council, can and must set about halting and reversing this process, not least to meet the 2020 target set by the Welsh Government which aims to halt the loss of biodiversity and take steps toward recovery. However, the Panel is clear that delivery will be difficult without financial support to meet, in particular, additional staffing requirements.’

The final report can be found [here](#).

A decision on the inquiry recommendations is expected within the next two months – more on that in the next edition.

Improving Community Safety

(Lead: Councillor Mary Jones)

Scrutiny councillors have shone a light on the community safety issues facing Swansea and actions to tackle these.

The performance of the local Community Safety Partnership is looked at each year as part of the scrutiny work programme – in Swansea this is known as the Safer Swansea Partnership. In April, the Scrutiny Programme Committee met with representative(s) from South Wales Police and the Council who are involved in the joint-chairing arrangement for the Safer Swansea Partnership Steering Group.

The vision of the Safer Swansea Partnership is ‘a place where all members of society can feel safe at all times’, and its key purpose being ‘to create a safe and welcoming environment in which to live, work, visit, trade, study, relax and retire’. A discussion about the performance of the Safer Swansea Partnership, looking at partnership priorities, actions, and impact, highlighted the achievements against objectives and crime and disorder challenges, covering the following:

- Safe, Confident and Resilient Communities
- County Lines and Substance Misuse
- Violence against Women, Domestic Abuse and Sexual Violence
- Hate Crime and Community Tension Monitoring
- Evening and Night Time Economy

The scrutiny session generated much media interest, with a number of stories in the local press, in particular around tackling issues relating to High Street and its regeneration. The session also has contributed to a public conversation about crime recorded in Swansea, with performance and crime statistics from the past two years being revealed – showing challenges around drug trafficking and substance misuse, organised crime, robberies, and sexual offences. Councillors also raised some concerns around the visibility of policing, limited powers of PCSOs, the 101 telephone reporting system, and the effectiveness of existing approaches to community engagement, and the level of engagement and information sharing with local Councillors.

Dealing with Welfare Reform

(Lead: Councillor Louise Gibbard)

Scrutiny councillors have made recommendations to help manage the impact of welfare reform on people in Swansea.

A cross-party Scrutiny Working Group met in January to look at the impacts of Welfare Reform in Swansea and works / measures in place to support citizens and mitigate problems. The one-off focused meeting also received evidence from Citizen’s Advice Swansea Neath Port Talbot, in respect of queries handled by them during the 12 months since the roll out of Universal Credit (UC) in Swansea.

As a result of this scrutiny action is expected, including:

- talking to local Department for Work & Pensions partners about UC processes
- rolling out quick reference resources which councillors could use when supporting someone with money worries
- developing an online benefits awareness course, mandatory for all staff in the Council

Further scrutiny may result from this work, looking into how well welfare rights support and advice, and commitment to tackling poverty is being delivered across the Council e.g. by staff working in Social Services, Housing and by others in direct contact with vulnerable people.

Managing Environmental Enforcement

(Lead: Councillor Jeff Jones)

Scrutiny Councillors have asked questions about what is being done in relation to the enforcement and prevention of a range of environmental issues, concerns about which are regularly raised by the public.

A one-off Working Group took place in February to discuss the work of the Council and issues such as fly tipping, dog fouling, litter, pavement parking, overhanging branches and undergrowth, public footpaths and highways etc. Councillors met with the Cabinet Member for Environment & Infrastructure Management and relevant officers, who provided the Working Group with a briefing on this topic on activities to improve the local environment. It was recognised that this was a challenging area for the Council, with enforcement action being the final step.

Following this scrutiny activity, the Cabinet Member confirms actions will be taken, including around:

- raising public awareness about the cost of fly tipping to the Council, publicising fly tipping prosecutions and highlighting successes
- improving public information about disposal of dog waste
- developing a policy for the enforcement of verge and pavement parking
- providing information around the enforcement contract with 3GS and its focus, for possible review

More details about the discussion, and correspondence between the Working Group and Cabinet Member following the meeting, can be found [here](#).

Chair's Roundup:

This is my third roundup of the work of scrutiny for 2018/19, as Chair of the Scrutiny Programme Committee.

Delivering the priorities for 2018/19

We have approached the end of another year of scrutiny and again delivered a range of scrutiny activities targeted at the things that matter most, through the work of the Committee, in-depth inquiry, ongoing detailed performance and financial monitoring, and one-off Working Groups.

The Natural Environment Inquiry came to an end in March, as reported in the main feature of this paper. With evidence gathering complete, the Inquiry into Equalities is about to conclude. The Inquiry Panel is reflecting on the findings, and will draw conclusions and recommendations. This piece of scrutiny has been looking at how effectively the Council is meeting and embedding equality requirements under the law. It has included councillors undertaking a number of informal evidence gathering activities including engagement with a range of groups / networks who represent people with protected characteristics.

Each of the Performance Panels played a part in scrutinizing the draft Council budget in February. Their examination of service specific proposals and implications supported the work of the Service Improvement & Finance Performance Panel, which plays the lead role in financial monitoring. Feedback was provided to Cabinet ahead of Cabinet decision-making and scrutiny helped to prepare councillors for the budget debate at Council.

Since I wrote to Council previously we have also been able, through Working Groups, to look at, and make improvement recommendations, on the Council's work regarding Local Flood Risk Management, Anti-Social Behaviour, and Tourism.

Questioning Cabinet Members

The Committee continues to focus on holding all cabinet members to account, through monthly Q & A sessions to discuss their work. Acting as a 'critical friend' we question and challenge them on their priorities, actions, achievements and impact. As I write we are due to meet with the Cabinet Members for Delivery, and Investment, Regeneration & Tourism in May. We invite the public and all scrutiny councillors to contribute ideas to ensure the Committee asks the right questions. We have recently put questions to the Cabinet Members for Better Communities, Councillors June Burtonshaw and Mary Sherwood. A summary of each session and views of the Committee are published in a letter to relevant Cabinet Members.

Challenging decisions

Following the agreement of new arrangements by Council the first scrutiny call-in of a Cabinet decision took place in March. Any valid call-in of cabinet decisions leads to the calling of a meeting of the Committee. The Cabinet report on the New Build for Gorseinon Primary School was called in and the Committee was able to question the Cabinet Member for Education Improvement, Learning & Skills and lead officers who responded to satisfy the concerns raised.

Supporting Joint Scrutiny

With scrutiny of the City Region City Deal and regional Education Improvement body (ERW) already in place, and the possible development of further regional scrutiny arrangements, we welcome the launch of a new Joint Scrutiny Handbook in June. I will be attending the national launch that will be led by the Welsh Government Minister for Housing and Local Government, on 17 June in mid-Wales. We look forward to the advice and guidance that the handbook will provide to support and strengthen the development of collaborative scrutiny in Wales.

End of Year Review

At the end of each year it is good practice to look back on the year's work and achievements, and consider its effectiveness. All councillors were invited to give their views and along with feedback from an informal workshop in early May to help members to reflect and discuss issues, the Committee reviewed the year's work at its meeting on 13 May. Alongside this reflection and self-evaluation by scrutiny councillors, Scrutiny Procedure Rules are being reviewed by the Head of Service to ensure they are not only up-to-date, but provide the best reflection of scrutiny practice / process, and take into account any issues raised by councillors.

Developing a new work programme

A Work Planning Conference will take place on 10 June (in place of the scheduled Committee meeting) that will help the Committee to consider and identify priorities for scrutiny for the coming year. All scrutiny councillors will be invited to participate in this. As well as new topics the Committee will need to consider the continuation of current activities in the Work Programme for 2019/20 because of their importance or because work may be incomplete. Following the Work Planning Conference, the Scrutiny Programme Committee will meet on 8 July to reflect on feedback from the Conference, and other relevant considerations, and agree the work programme for 2019/20. We look forward to a new year of scrutiny, and making an even bigger difference!

Agenda Item 6

Report of the Chief Auditor

Audit Committee – 11 February 2020

Internal Audit Annual Plan Methodology Report 2020/21

Purpose:	This report provides a briefing to the Audit Committee on the methodology used to prepare the Internal Audit Annual Plan in advance of the Annual Plan 2020/21 being reported to the Committee for approval on 14 April 2020.
Policy Framework:	None
Consultation:	Legal, Finance, Access to Services
Recommendation(s):	It is recommended that: 1) the Committee note the methodology for preparing the Internal Audit Annual Plan 2020/21.
Report Author:	Simon Cockings
Finance Officer:	Simon Cockings
Legal Officer:	Debbie Smith
Access to Services Officer:	Rhian Millar

1. Introduction

- 1.1 The Public Sector Internal Audit Standards (PSIAS) provide a framework for the delivery of a professional, independent and objective internal audit service and are mandatory for all internal audit providers in the public sector in the UK.
- 1.2 One of the requirements of the PSIAS is that an annual risk-based Internal Audit Plan must be prepared to determine the priorities of Internal Audit and to ensure they are consistent with the Council's goals. The Plan must allow sufficient audit coverage across the whole Council

for the Chief Auditor to be able to provide an annual opinion to Council via the Section 151 Officer and Audit Committee on the control environment covering corporate governance, risk management and internal control.

- 1.3 The Audit Plan should ensure that resources are targeted at the areas of the Council's work where it can provide most benefit by providing assurance over key risks and controls.
- 1.4 The Standards state that the Internal Audit Annual Plan must be discussed with senior management which in the Internal Audit Charter is defined as the Corporate Management Team before being reported to the Audit Committee for approval.
- 1.5 This report provides a briefing on the methodology used to prepare the Annual Plan in advance of the Plan for 2020/21 being reported to the Committee for approval at the next meeting.

2. Internal Audit Plan Methodology

- 2.1 The requirement to produce an Internal Audit Annual Plan is included in the PSIAS which are mandatory for all internal audit providers in the UK public sector.
- 2.2 An extract of the PSIAS requirements regarding internal audit planning is attached in Appendix 1.
- 2.3 The starting point for a risk-based audit approach is gaining an understanding of the Council's objectives and goals as well as the current key risks faced by the Council as recorded in the Risk Registers.
- 2.4 Information is gathered from a number of sources prior to the preparation of the detailed Audit Plan including:
 - The Corporate Plan, One Swansea Plan and the Well-Being Statement.
 - Risk Registers.
 - Areas of concern or request for audit coverage from management or the Audit Committee.
 - The Assurance Map which details other sources of assurance available both from internal and external sources.
 - Any recent or proposed significant changes to the Council's systems or operations.
 - Previous audit results and Internal Audit's cumulative knowledge of systems and procedures across the Council.
- 2.5 A diagram that illustrates the internal audit annual planning process can be found in Appendix 2.

2.6 Following the gathering of relevant information, an Audit Needs Assessment is completed utilising the risk assessment undertaken for each audit. The risk assessment takes account of a wide range of factors which are grouped into the following categories:

- Materiality e.g. income, expenditure.
- Control Environment/Vulnerability e.g. previous frauds, staff turnover.
- Management Concerns e.g. direct request for help, potential for embarrassment.
- Sensitivity e.g. impact on service, effect on Council's welfare.

2.7 A copy of the Risk Assessment form used is attached in Appendix 3.

2.8 The outcome of the risk assessment is a risk index which is then used to determine the frequency of audit visits as shown in the following table. The frequency of audit visit for medium/low and low risk audits was decreased in 2015/16 as one of the changes reported to the Audit Committee at the time which were designed to free up audit resources which could then be used on higher risk audits and added value work.

Risk Index	Risk Factor	Frequency of Visit
0 – 19	Low	5 years
20 – 25	Medium/Low	4/5 years
26 – 40	Medium	3 years
41 – 49	Medium/High	2/3 years
50 +	High	1/2 years

2.9 In addition to the risk assessment process, a number of systems have traditionally been identified, in consultation with our external auditors as fundamental e.g. Employee Services, Accounts Receivable, Main Accounting, Council Tax. All fundamental systems are audited either annually or every 2 years which recognises the significance of the system to the achievement of the Council's objectives.

2.10 A number of audits are undertaken on an annual basis rather than by the determination of risk e.g. grant certification audits where the work is required under the terms and conditions of the grant, the review of debts written off prior to authorisation, services where significant amounts of cash are handled, etc.

2.11 The use of the risk assessment process provides every audit in the Council's audit universe with a year when the next audit is due which is also considered when developing the Audit Plan.

2.12 Each year, a Consultation Exercise is held with all Heads of Service and the Corporate Management Team, giving them the opportunity to comment on the audit coverage in their areas and to ensure that all risks within their services have been identified. Heads of Service may also request specific reviews or pieces of work by the Internal Audit Section

which will add value to their service. All requests are considered in light of the total Internal Audit resources available.

- 2.13 The Consultation Exercise for the 2020/21 Audit Plan commenced in November 2019.
- 2.14 In order to demonstrate the linkage between the annual plan for 2020/21 and the Council's Corporate Priorities, the Consultation Exercise also included discussions with Heads of Service to determine which of the Corporate Priorities they felt the services in their areas most closely mapped to. Whilst it is acknowledged that some service areas could map to a number of different Corporate Priorities, for simplicity, we have attempted to map each Service Area to the most relevant Corporate Priority.
- 2.15 As requested by Committee, the 2020/21 Audit Plan will reflect this mapping so that Members are able to recognise the clear link between the Plan and the Objectives of the Council. The links between the Corporate Priorities, Service Areas, the Audit Plan, the Governance Framework and the Annual Governance Statement are demonstrated in the illustration in Appendix 4.
- 2.16 Whilst the 2020/21 audit plan is currently being considered, it is envisaged that the planned audits will be grouped in the following broad categories:
- **Council Governance & Control Audits** – cross-cutting reviews.
 - **Fundamental Audits** – aimed at providing Section 151 Officer Assurance.
 - **Service Specific Audits** – aimed at providing other assurance, linked to the Corporate Priorities and as a result of the audit planning and consultation process.
- 2.17 Historically, a review of the Corporate and Directorate Risk Registers has also taken place as part of the audit planning process to ensure that where necessary, Internal Audit resources are targeted at the areas considered to be the highest risk. This has also been the case for the 2020/21 Audit Plan.
- 2.18 In addition to this, it was recommended as part of the PSIAS Peer Review that an Assurance Mapping Exercise should be carried out to inform the audit planning process and identify other sources of assurance. This exercise has been completed, with the Assurance Map being updated in consultation with the Corporate Management Team as the Risk Owners.
- 2.19 The updated Assurance Mapping can be found in Appendix 5, together with a brief narrative explaining the process. The results of this exercise will also be taken into consideration when compiling the 2020/21 Audit Plan.

- 2.20 The ongoing review of the current year's Annual Plan also informs the planning process e.g. by identifying any emerging risks, new systems, developments or special investigations which may have a wider impact.
- 2.21 The Audit Needs Assessment i.e. the risk assessment process, consultation exercise and review of the risk registers will provide the total number of audit days required in the Audit Plan for 2020/21 which then has to be matched against the audit resources available.
- 2.22 The audit resources available in 2020/21 is 9.1 full time equivalents excluding the Chief Auditor.
- 2.23 The audit resources available have to allow for things such as annual leave, public holidays, training, administration, planning, sickness and a contingency to allow for unplanned work. This provides the productive audit days available to deliver the required audit coverage obtained from the Audit Needs Assessment.
- 2.24 Inevitably, the required audit coverage will exceed the available audit resources leading to a further review of the required audit coverage. This review will again be risk based to ensure that the areas of greatest perceived risk are prioritised. The audits which are deferred to reconcile the audit days required to the available audit resources will be low risk or medium/low risk or will have received a high level of assurance at the last audit which indicates good systems and controls are in place.
- 2.25 The Internal Audit Annual Plan is reported to the Corporate Management Team and Audit Committee at the start of each year for approval. However, the Annual Plan must remain a flexible document that reacts to changing risks and priorities over the course of the year.

3 Equality and Engagement Implications

- 3.1 The Council is subject to the Public Sector Equality Duty (Wales) and must, in the exercise of their functions, have due regard to the need to:
- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
 - Advance equality of opportunity between people who share a protected characteristic and those who do not.
 - Foster good relations between people who share a protected characteristic and those who do not.
- Our Equality Impact Assessment process ensures that we have paid due regard to the above.
- 3.2 There are no equality and engagement implications associated with this report.

4. Financial Implications

4.1 There are no financial implications associated with this report.

5. Legal Implications

5.1 There are no legal implications associated with this report

Appendix 3 – Risk Assessment Sheet

Appendix 4 – Audit Plan Against Corporate Priorities

Appendix 5 – City & County of Swansea Assurance Map

Extract from Public Sector Internal Audit Standards

2010 Planning

The chief audit executive must establish risk-based plans to determine the priorities of the internal audit activity, consistent with the organisation's goals.

Interpretation:

To develop the risk-based plan, the chief audit executive consults with senior management and the board and obtains an understanding of the organisation's strategies, key business objectives, associated risks and risk management processes. The chief audit executive must review and adjust the plan, as necessary, in response to changes in the organisation's business, risks, operations, programmes, systems, and controls.

Public sector requirement

The risk-based plan must take into account the requirement to produce an annual internal audit opinion and the assurance framework. It must incorporate or be linked to a strategic or high-level statement of how the internal audit service will be delivered and developed in accordance with the internal audit charter and how it links to the organisational objectives and priorities.

2010.A1

The internal audit activity's plan of engagements must be based on a documented risk assessment, undertaken at least annually. The input of senior management and the board must be considered in this process.

2010.A2

The chief audit executive must identify and consider the expectations of senior management, the board and other stakeholders for internal audit opinions and other conclusions.

2010.C1

The chief audit executive should consider accepting proposed consulting engagements based on the engagement's potential to improve management of risks, add value and improve the organisation's operations. Accepted engagements must be included in the plan.

2020 Communication and Approval

The chief audit executive must communicate the internal audit activity's plans and resource requirements, including significant interim changes, to senior management and the board for review and approval. The chief audit executive must also communicate the impact of resource limitations.

2030 Resource Management

The chief audit executive must ensure that internal audit resources are appropriate, sufficient and effectively deployed to achieve the approved plan.

Interpretation:

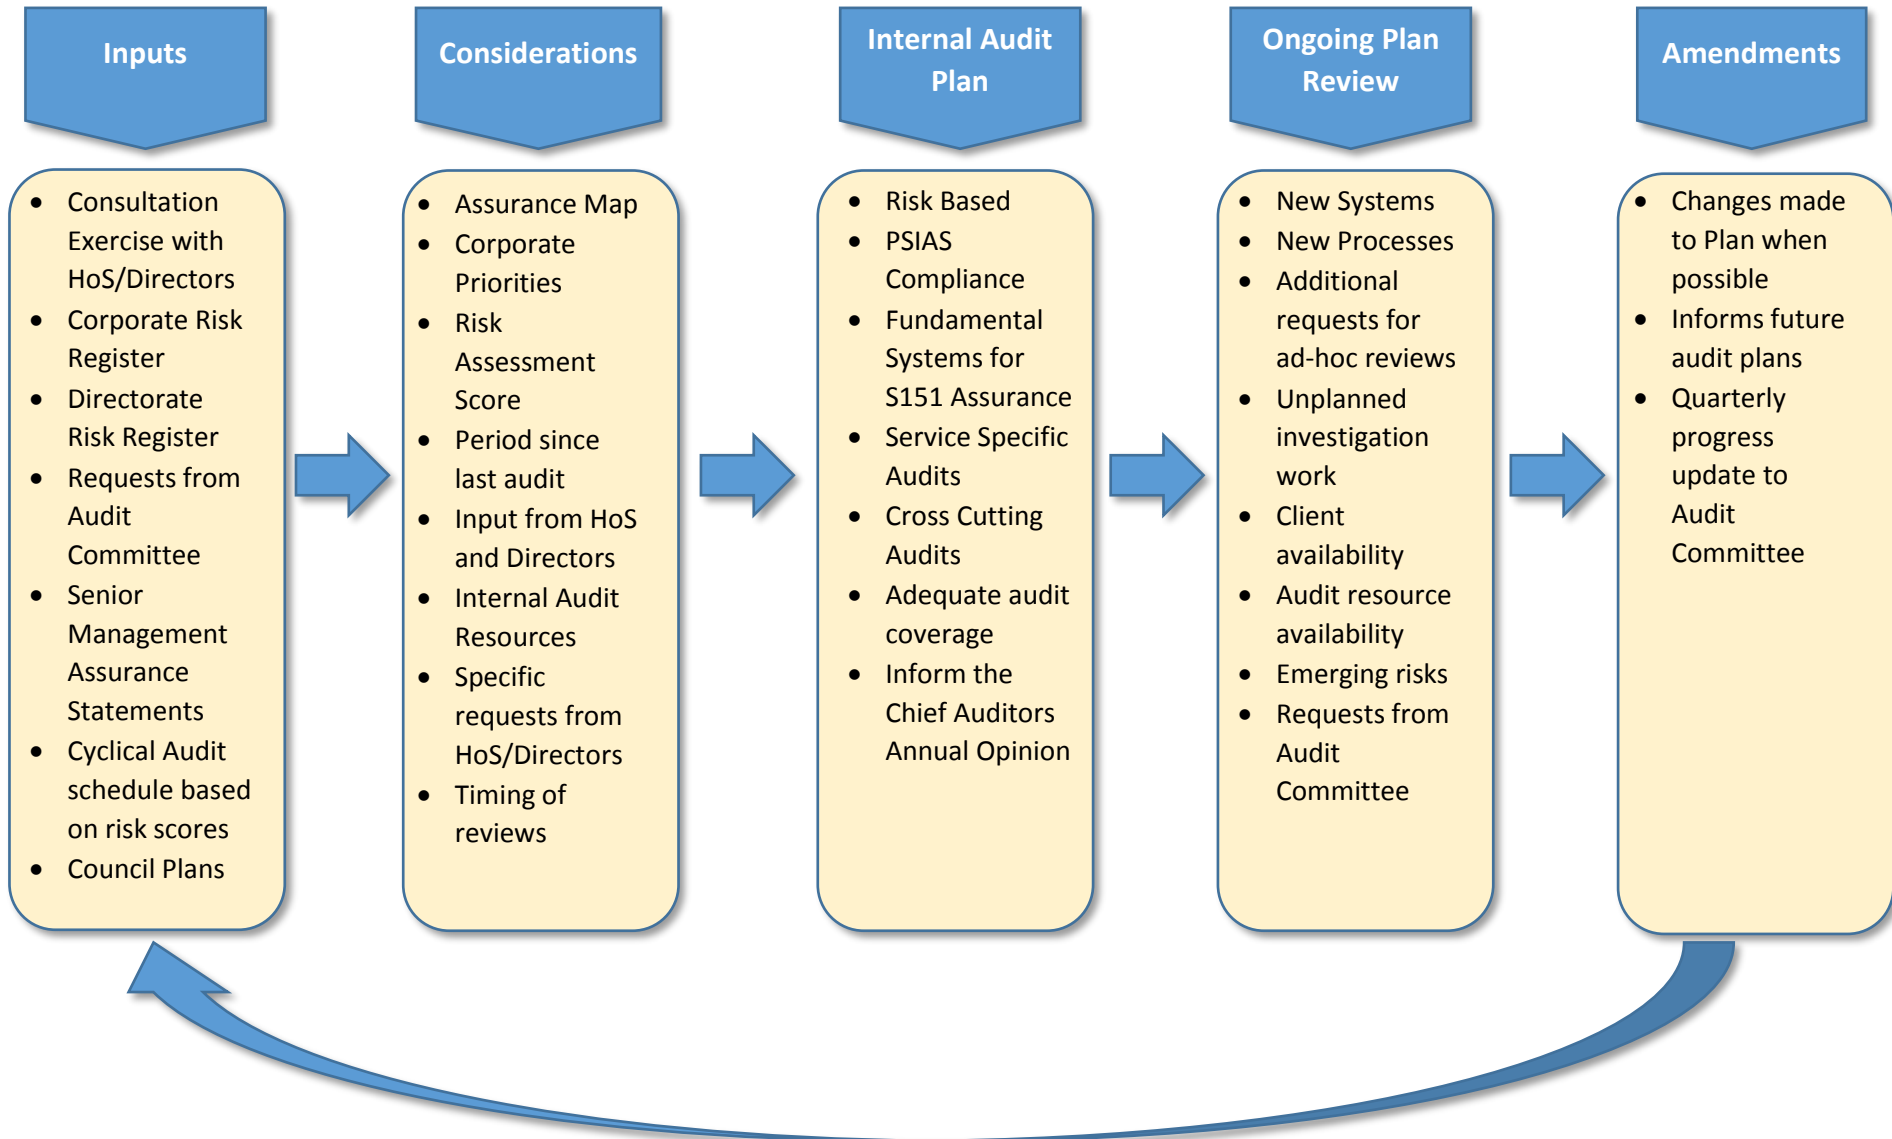

Appropriate refers to the mix of knowledge, skills and other competencies needed to perform the plan. Sufficient refers to the quantity of resources needed to accomplish the plan. Resources are effectively deployed when they are used in a way that optimises the achievement of the approved plan.

Public sector requirement

The risk-based plan must explain how internal audit's resource requirements have been assessed.

Where the chief audit executive believes that the level of agreed resources will impact adversely on the provision of the annual internal audit opinion, the consequences must be brought to the attention of the board.

Source & Level of Assurance - Three Lines of Defence

Assurance can come from many sources within an organisation. A concept for helping to identify and understand the different contributions the various sources can provide is the Three Lines of Defence model. By defining the sources of assurance in three broad categories, it helps to understand how each contributes to the overall level of assurance provided and how best they can be integrated and mutually supportive. For example, management assurances could be harnessed to provide coverage of routine operations, with internal audit activity targeted at riskier or more complex areas.

First Line of Defence – Level 1 – Management Assurance

Within the ‘front-line’ or business operational areas, there will be many arrangements established that can be used to derive assurance on how well objectives are being met and risks managed; for example, good policy and performance data, monitoring statistics, risk registers, reports on the routine system controls and other management information.

Nature of assurance: This comes direct from those responsible for delivering specific objectives or operation; it provides assurance that performance is monitored, risks are identified and addressed and objectives are being achieved. This type of assurance may lack independence and objectivity, but its value is that it comes from those who know the business, culture and day-to-day challenges.

Second Line of Defence – Level 2 – Other Internal Assurance

This work is associated with oversight of management activity. It is separate from those responsible for delivery, but not independent of the organisation’s management chain. This could typically include compliance assessments or reviews carried out to determine that policy or quality arrangements are being met in line with expectations for specific areas of risk across the organisation.

Nature of assurance: The assurance provides valuable management insight into how well work is being carried out in line with set expectations and policy or regulatory considerations. It will be distinct from and more objective than first line assurance.

Third Line of Defence – Level 3 – Other Independent Assurance & External Assurance

This relates to independent and more objective assurance and focuses on the role of internal audit, which carries out a programme of work specifically designed to provide the Section 151 Officer with an independent and objective opinion on the framework of governance, risk management and control. Internal audit will place reliance upon assurance mechanisms in the first and second lines of defence, where possible, to enable it to direct its resources most effectively, on areas of highest risk or where there are gaps or weaknesses in other assurance arrangements. It may also take assurance from other independent assurance providers operating in the third line, such as those provided by independent regulators, for example.

As an additional line of assurance, sitting outside of the internal assurance framework and the Three Lines of Defence model, are external auditors, who are external to the organisation with a statutory responsibility for certification audit of the financial statements.

Nature of assurance: Independent of the first and second lines of defence. Internal audit operates to professional and ethical standards in carrying out its work, independent of the management line and associated responsibilities. External audit operates similarly.

Agenda Item 7

Report of the Chief Auditor

Audit Committee – 11 February 2020

Internal Audit Recommendation Follow-Up Report Q3 2019/20

Purpose:	This report provides committee with the status of the recommendations made in those audits where the follow-up's has been undertaken in Q3 2019/20, to allow the Audit Committee to monitor the implementation of recommendations made by Internal Audit.
Policy Framework:	None.
Consultation:	Legal, Finance and Access to Services.
Recommendation(s):	It is recommended that the report to be noted.
Report Author:	Simon Cockings
Finance Officer:	Simon Cockings
Legal Officer:	Debbie Smith
Access to Services Officer:	Rhian Millar

1. Introduction

- 1.1 The Audit Committee's Performance Review for 2017/18 was completed in June 2018. One of the recommendations arising from the review was in relation to the tracking of the recommendations made by Internal and External Audit.
- 1.2 This report provides an overview of how recommendations made by Internal and External Audit are tracked and followed-up.

2. Standard Follow-up Procedures

- 2.1 An amended internal audit follow-up procedure was introduced in 2014 as a result of concerns being raised over the failure of management to implement audit recommendations.
- 2.2 The current procedures identify two methods of following-up on the implementation of recommendations made as a result of internal audit reviews for the fundamental audits and non-fundamental audits.

3. Fundamental Audits

- 3.1 These audits are undertaken on a yearly or two-yearly cycle. All fundamental audits are subject to a Recommendation Tracker Exercise each year, which is normally completed as at the end of September.
- 3.2 The exercise involves discussion with the client department to go through the agreed Action Plan together with a limited amount of testing to confirm whether the recommendations have been implemented.
- 3.3 The results of the Recommendation Tracker Exercise is reported to Audit Committee in a separate Recommendation Tracker report.

4. Non-fundamental Audits

- 4.1 All other audits that have been given a 'limited' or 'moderate' level of assurance are reported to Audit Committee as part of the Quarterly Monitoring Reports. All such audits are subject to a detailed follow-up visit within 6 months of the issue of the final report.
- 4.2 The follow-up visit concentrates on 'high risk' and 'medium risk' recommendations, and will include discussion with the client department and limited testing to confirm implementation.
- 4.3 The results of the follow-up visit are reported to Audit Committee as part of the Quarterly Monitoring Reports.
- 4.4 Where an audit has been given a 'high' or 'substantial' level of assurance, client departments are asked to confirm the implementation of the recommendations via e-mail.
- 4.5 The results of all follow-up's undertaken are logged and recorded on the Audit Management System (Galileo) to ensure completion is monitored appropriately.

5. Chief Auditors Group PI's

- 5.1 Following discussions at the Welsh Chief Auditors Group Meeting in October 2018, it was decided that a new Performance Indicator (PI) should be introduced to record the number of recommendations that

have been implemented as a percentage of those recommendations made. Note that this has not been introduced for 2018/19. It is envisaged that the new process that we have introduced from April 2019 will allow these details to be recorded.

6. External Audit Recommendation Tracking

- 6.1 Whilst it is not practicable to track every external audit recommendation without additional resources and a suitable ICT solution, Scrutiny Programme Committee will receive WAO audit reports and action plans to address recommendations and proposals and will review progress against recommendations within 12 months of the receipt of the report and action plan as their work plan allows. Audit Committee will also receive reports and action plans for information and it may decide that it wants to prioritise and track specific proposals / recommendations in addition to the oversight undertaken by Scrutiny. This does not include those WAO reports that would be intended specifically for Audit Committee.

7. Status of Implementation Update to Committee

- 7.1 The purpose of this report is to allow committee to monitor the implementation status for those audits that have been subject to a follow-up review in the quarter. This will include all follow-ups completed, except for the fundamental audits as the outcome of these follow-up reviews are reported to committee separately.

8. Equality and Engagement Implications

- 8.1 The Council is subject to the Public Sector Equality Duty (Wales) and must, in the exercise of their functions, have due regard to the need to:
- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
 - Advance equality of opportunity between people who share a protected characteristic and those who do not.
 - Foster good relations between people who share a protected characteristic and those who do not.

Our Equality Impact Assessment process ensures that we have paid due regard to the above.

- 8.2 There are no equality and engagement implications associated with this report.

9. Financial Implications

- 9.1 There are no financial implications associated with this report.

10. Legal Implications

10.1 There are no legal implications associated with this report

Audit Committee – 11 February 2020

Risk Overview - Quarter 3 2019/20

Purpose: The report presents an overview of the status of risk in the Council during Quarter 3 2019/20 to provide assurance to the Committee on the operation of the risk management policy and framework within the Council.

Report Author: Richard Rowlands

Finance Officer: Paul Roach

Legal Officer: Debbie Smith

Access to Services Officer: Rhian Millar

For Information

1. Background

1.1 Audit Committee requested on the 11th July 2017 an overview each quarter on the overall status of risk in the Council to give assurance that the risk management process is being followed.

1.2 This report at Appendix A covers the Quarter 3 2019/20 period and compares an overview of the position to Quarter 2 2019/20.

2. Corporate & Directorate Risk Registers

2.1 The Corporate & Directorate Risk Registers (dated 23/01/19) are attached at Appendix B.

3. Equality and Engagement Implications

3.1 There are no direct equality and engagement implications from this report.

4. Legal Implications

4.1 There are no legal implications.

5. Financial Implications

5.1 There are no financial implications.

Audit Committee

Summary of the overall status of risk within the Council – Quarter 3 2019/20

The following report summarises the overall status of risk within Swansea Council.

Overall Risk Status – Quarter 3 2019/20

The table below contrasts the overall risk status* as at Quarter 2 with Quarter 3 2019/20.

	Low Risk	Medium Risk	High Risk
Quarter 2 19/20	19	132	28
Quarter 3 19/20	9	122	43
+ - change	-10	-10	+15**

*One risk (# 91 - School Cloud Oracle Access) on the new Risk Register has not yet been allocated a RAG status.

** Correct application of the corporate risk framework has resulted in an increase in the risk level for a number of risks.

Summary – Risk Register Migration

- Place, Education, Social Services and parts of Resources have been migrated onto the new Register (**total 145 risks**). Migration of the **remaining 18 risks** in Resources will be complete by 31st January 2020.
- Access to the old Risk Register for Updaters will be terminated on the same date.
- All officers attending training have been informed that **all risks must be fully reviewed and appropriate Control Measures** added by 31st March 2020.

Changes to the Risk Registers

- 100%** of the risks that were in place as at Quarter 2 2019/20 were recorded as having been reviewed in Quarter 3. However, many of these reviews were for the purpose of migration on to the new Risk Register.
- This is an improvement from the position at Quarter 2 2019/20 where 97.2% of risks had been reviewed since Quarter 1.
- 7 new risks were added to the registers.

Low Risk	Medium Risk	High Risk	No RAG Allocated
0	3	3	1

- 11 risks were closed.

Low Risk	Medium Risk	High Risk
3	6	2

- **11** out of the **11** risks (**100%**) that were closed had reasons/comments for doing so recorded, compared to **50%** in Quarter 2 2018/19. Reasons for closure displayed in the chart below:

- **No** risk was escalated in Q3 whereas **1** risk was escalated in Quarter 2.
- The overall RAG status of **27** risks were changed.
- Of these **3** showed a reduction in risk level and **24** showed an increase.

Other observations

- Controls and actions are in place for all risks on the registers.
- CMT are reviewing the Corporate Risks each month.
- Roll out of the new risk register application and training / reference resources is nearing completion and work will now shift to embedding and maturing the use and implementation of the new application. ICT are currently working on the reporting capability of the new risk application.

Corporate & Directorate Risk Registers

- The Corporate Risk Register and Directorate Risk Registers dated 23/01/20 are attached at **Appendix B**.

215	Withdrawal or Changes to Grants at Short Notice	Directorate	-	There is a significant risk of the withdrawn or reduction at short notice, particularly around the uncertainty of Brexit. If this happens there are additional costs to the Council as well as planning challenges for reduction in service delivery.	Social Services	Directorate Reports	-	David.Howes	Jane.Whitmore	-	Red	-	20-DEC-19	Yes
216	Increasing Demand for Specialist Services	Directorate	-	If we cannot predict and reduce demand effectively then specialist services will struggle to cope and there will be insufficient resources to meet that demand.	Social Services	Directorate Reports	-	David.Howes	Peter.Field	-	Red	-	20-DEC-19	Yes
217	Workforce Planning	Directorate	-	IF we do not predict the needs of the workforce of the future THEN we will have experience skills and resourcing gaps that will lead to additional demand and overspending on budgets. Social Care Wales as the workforce regulator sets the strategic direction for the development of the social care workforce. Significant changes in legislation and statutory requirements in the current economic climate pose a risk to their implementation within the required timescales for internal as well as external commissioned providers.	Social Services	Directorate Reports	-	David.Howes	Teresa.Mylan-Rees	-	Amber	-	20-DEC-19	Yes
218	Data Breaches of Confidentiality	Directorate	-	If a data breach occurs then this will result in a breach of confidentiality for an individual and the ICO will have to be notified potentially incurring significant fine for the Authority.	Social Services	Directorate Reports	-	David.Howes	Deborah.Reed	-	Red	-	21-JAN-20	Yes
219	Financial Stability of Social Care Market	Directorate	-	If there is financial instability within the care home and domiciliary care provider market, then there will be a serious threat to the capacity, choice and quality of services available to citizens and to vulnerable adults to help them to remain at home or in a home of their choice	Social Services	Directorate Reports	-	David.Howes	Jane.Whitmore	-	Amber	-	20-DEC-19	Yes
220	Capacity for Effective Commissioning Arrangements	Directorate	-	If there is insufficient capacity for decommissioning and re-commissioning, the Council's procurement arrangements remain at risk in terms of legal compliance, the effective drawdown of funding to comply with grant T&Cs and our ability to utilise a co-productive approach.	Social Services	Directorate Reports	-	David.Howes	Jane.Whitmore	-	Red	-	20-DEC-19	Yes
221	Availability of Domiciliary Care	Directorate	-	Difficulty recruiting and retaining domiciliary care workers is having an impact on the availability of domiciliary care. This in turn creates a number of pressures. The number of people on the waiting list for dom care services continues to grow and is close to being at an all-time high. Step down from hospital is prevented leading to delayed transfers of care. Use of rehab services for these purposes (and to prevent hospital admission) cannot be optimised since these resources are backed up providing temporary bridging services, pending availability of longer term domiciliary care. Over reliance of residential care may occur at increased cost, risk of reduced capacity, and increased dependency / reduced quality of life for individuals. 96	Band B Programme funding envelope is reduced	Directorate	-	IF we are unable to gain approval to detailed business cases and timely access to the full funding envelope approved in principle by Welsh Government, THEN the investment in schools capital will not address all the identified priority needs.	Education	Education Planning and Resources	-	Brian.Roles	Brian.Roles	Amber	Amber	Amber	13-JAN-20	Yes	
98	Specialist Provision and OOC Placements	Directorate	-	IF there continues to be a shortfall in specialist in-county placements for pupils with moderate to profound and complex difficulties including ASD, THEN the Directorate will face escalating costs to place out of area or escalating home education placements and provision or overspend of the severe and complex needs budget. A lack of in-county placements is reducing parents' confidence of in-county provision as well as calls from STFs for extra funding to meet the complexity of needs. There will continue to be significant pressure on the out of county and recoument budgets which will be difficult to mitigate.	Education	Vulnerable Learners Service	-	Alison.Lane2	Alison.Lane2	Red	-	-	21-NOV-19	Yes	
Page 103	Implementation of ALNET Act 2018	Directorate	-	The new ALNET Act 2018 has significantly widened the potential statutory demands on LAs and increased the likelihood of escalating appeals for assessment and provision from a wider group of stakeholders. If the confidence of parents and schools is not improved then the LA will face increasing costs awarded against it by Tribunal if the LA is not supported to oppose the appeals legally and otherwise. The number of statements of special educational needs is proportionately the highest in Wales and is currently increasing. Statutory PIs are, therefore, deteriorating due to capacity within the LA to manage the volume of work. Inclusion of actual levels of statements and statement resource in the formula used to delegate the severe and complex needs budget has introduced a perverse incentive that may encourage schools to maintain statements and seek new statements. The implementation of the ALNET Act by September 2020 is compromised by the lack of capacity at strategic levels in the ALN Unit due to the high level of operational management required. IF these capacity issues are not resolved THEN there is a risk to the LAs reputation and consequent financially damaging legal actions because of the statutory nature of the reform. IF we do not get sign up from other key stakeholders with regard to their responsibilities to identify need and secure provision, THEN it is likely the local authority will not meet its statutory obligations with regards to the ALNET Act and face significant cost implications.	Education	Vulnerable Learners Service	-	Alison.Lane2	Alison.Lane2	Red	-	-	21-NOV-19	Yes	
	100	Failure to manage the provision of ALN in line with the ALN act will result in increased expenditure	Directorate	-	The ALN Act extends the local authority's responsibilities for identifying ALN and securing additional learning provision (ALP) to the age range of 0-25. Currently it is not clear if there is sufficient provision across the authority to meet the additional learning needs for learners aged 0-3 and 16-25 with severe and or complex needs. IF there is insufficient provision available to meet identified additional learning needs in these age ranges THEN it is likely the authority will face increased costs due to the use of independent placements and provision which the local authority will be required to secure under the new legislation.	Education	Vulnerable Learners Service	-	Alison.Lane2	Alison.Lane2	Red	-	-	21-NOV-19	Yes
	101	Failure to administer a multiagency approach to vulnerable learners will encounter increased resource costs	Directorate	-	There are a significant cohort of learners with severe, complex and challenging needs who are proving difficult to place within the County and also out of County or in independent provision. IF the local authority cannot find a multi-agency integrated response to meet the needs of these learners THEN it will face increasing statutory costs, accommodation, and placement out of county which will have an impact on current corporate priorities such as the safe LAC reduction strategy.	Education	Vulnerable Learners Service	-	Alison.Lane2	Alison.Lane2	Red	-	-	21-NOV-19	Yes

46	Swansea's Natural Resources & Biodiversity	Directorate	-	If we do not maintain and enhance Swansea's natural resources and biodiversity, including reversing tree loss, then there will be wider and detrimental impacts on environmental, social, cultural and economic well-being. Issue: The number of trees and area of tree cover within the County of Swansea is declining. Factors causing loss of trees (including hedgerows and woodlands) include: 1. Tree diseases and pathogens. 2. Removal of trees for safety reasons. 3. Trees lost through development. 4. Lack of robust tree protection measures. 5. Lack of a strategy for replacing lost trees. 6. Natural loss through age. Risks arising as a result of tree loss include: 7. Air and water quality will deteriorate, affecting people's health. 8. Mental health and well-being will decline. 9. The risk of flooding and landslip will increase in some areas. 10. Atmospheric carbon levels will increase. 11. Loss of biodiversity and ecological resilience. 12. Localised temperature controls and other environmental shelter will be lost. 13. Birds and other wildlife will lose habitats and food sources. 14. The loss of ecosystem services will impact on public service budgets. 15. The loss of aesthetic and character will lead to falling property values, affecting the local and regional economy. 16. Noise levels will increase. 17. We will not comply with legislative requirements, e.g. Environment (Wales) Act 2016. 18. Reputational damage. 19. Precedent set for 'other' developers. 20. Loss of local distinctiveness and sense of place. 21. Sale of council owned land should be assessed for consideration under the duty imposed by the Environment (Wales) Act 2016 for Tree retention and protection by TPO; could result in both the legal cost and reputational risk of non-compliance.	Directorate - Place	Planning and City Regeneration	-	Paul.Meller	Paul.Meller	Amber	Amber	Amber	20-JAN-20	Yes
48	Loss of Trees due to Ash Die Back	Directorate	-	Ash Die Back (ADB) is a disease which is likely to affect all Ash trees across the country. Any Ash trees which become infected need to be felled for safety. If ADB is not managed and resourced effectively, then there will be significant overspends incurred, risk to life and property, and risk o reputation.	Directorate - Place	Waste Parks and Cleansing	-	Chris.Howell	Jeremy.Davies	Red	Red	Red	17-JAN-20	Yes
59	PL FIN 2: Building Maintenance	Directorate	-	Given the current condition of our building assets and the available revenue maintenance budget, there is significant risk that the demand will outstrip available budget. As we move forward the ability for us to add to the budget will not exist with other measures to reduce by the required 20%. As part of 'Sustainable Swansea' it is recognised that should the CCoS reduce its asset register, savings could be realised from the revenue maintenance budget. This has been factored within future CB&PS savings. 22/11 - Ongoing To ensure we manage within the available budget there needs to be a reduction within the asset portfolio. Report of the Section 151 Officer

Audit Committee - 11 February 2020

Trusts & Charities

Purpose:	To provide background information to the audit committee of the range of trusts and charities of which the Council is nominated trustee
Policy Framework:	None
Consultation:	Legal, Finance and Access to Services.
Report Author:	Jeffrey Dong
Finance Officer:	Ben Smith
Legal Officer:	Debbie Smith
Access to Services Officer:	N/A
For Information	

1 Introduction

- 1.1 The City & County of Swansea and its predecessors (Swansea City Council and West Glamorgan County Council) have inherited, or been bequeathed or nominated to act as Trustee/manage/oversee a number of trusts and charities with a wide range of varied charitable objects.
- 1.2 The assets of these trusts and charities are not the property of the Council and are not core to the activities of the City & County of Swansea.
- 1.3 Where it is obliged to, Charity Commission returns are completed and financial statements are produced and 'independently examined' and/or returned to The Charity Commission as required under Charity Commission guidelines.
- 1.4 Although the trust and charity assets are not the Council's, summary year end balances were included in the financial statements of the

Authority as an informational disclosure note up until 2013/14. In rationalising the financial statements of the Authority and upon instruction from the appointed external auditors, it was determined that it was no longer required to include a similar extract in future financial statements of the Authority, however the requisite Charity Commission returns and financial statements continue to be produced and be independently examined. The deadline for returns to the Charity Commission is the 31st January after year end and where required, all funds have had returns submitted for the financial year ending 31st March 2019.

- 1.5 At the request of the Audit Committee Chair, this report has been submitted 'For Information' to the Audit Committee.

2 The Portfolio of Trusts & Charities

- 2.1 The Council's portfolio of Trusts and Charities is outlined in Appendix 1 as at 31 March 2019 (last filed balance sheet with Charity Commission). The Council has historically supported these Trusts and charities in the provision of professional services on a pro bono basis (legal, finance, democratic services, IT, facilities and Education & Social Services) to enable the Trust & charity to undertake its objectives.

These services include:

- Legal advice
- Preparation of financial statements
- Financial advice/management of investments
- Charity commission filing
- Room hire
- Identifying awards
- Distributing awards
- Convening trustee meetings/recording minutes

The costs/time associated with the above have never been quantified. The degree of support and activity between Trusts and Charities varies widely.

- 2.2 It can be seen that there is a broad range of Trusts & charities both in size of assets and charitable object, some of which have lost relevancy in the 21st Century.
- 2.3 Where the charitable object is still relevant and there is sufficient distributable income, it can be seen that the Trust & charity is still active and makes regular distributions and awards as identified in Appendix 1.

3 Governance

- 3.1 In most instances, the Council is the named Trustee of each trust or charity or in some instances there are named elected member trustees (e.g. The Lord Mayor) for each charity and delegates the decision making either to named elected members or to the Trustee Panel comprising of the members identified in Appendix 2.

3.2 For the larger trusts & charities, this body meets to agree and make awards and distributions in line with the objects of the charity and to receive the financial statements. This is usually a direct award to a person or organisation within the remit of the charitable object. Otherwise the directly appointed trustees make those decisions

3.3 Elected members have always been very active and keen to preserve their role in these acts of local philanthropy.

4 Resource to Support Trusts & Charities

4.1 As the workforce across the Council contracts, the ability of services to support 'non-core' business has reduced to a point where services cannot provide the historical level of service the trust or charity has historically enjoyed.

4.2 The current level of support is discharged without full recovery of costs.

5 Community Foundation in Wales (CFW)

5.1 At the behest of the Administration in power at the time in 2011, Council Officers met with the Community Foundation in Wales, an organisation which seeks to manage and consolidate charitable funds with a view to maximising efficiencies in administration and management costs for the benefit of the charity. They undertake the labour intensive task of resolving the necessary legals to dissolve the charities with the Charity Commission and vire funds.

The proposed management charge was 2% of assets under management all-inclusive management fee to do so.

5.2 The CFW Model

At the moment each charity or trust has a distinct and separate charitable object, CFW would seek to consolidate all these funds into a single Swansea Foundation fund with a single 'catch all' charitable object which would be determined and would seek to make awards not on a personal/ direct level but to other enabling charities or organisations which would satisfy those objects.

Elected members would be allowed a number of seats on the trustee board of this Swansea Foundation; however, the award making process would not be as granular as in the past.

5.3 City & County of Swansea -CFW Pilot

It was agreed by the then Head of Financial Services to pilot the model in 2011/12 with the consolidation of the dormant and inactive Trusts and charities, however without the agreement of the Trustees of the Houseworkers' Trust Fund, which was the largest of the dormant funds at that time (subsequently taken over by the Trustees of the charity), the proposition became financially unviable for the CFW to consider any longer and take forward. No further work was undertaken.

5.4 Rationalising Dormant /Inactive Trusts & Charities

There have been a number of exercises attempted to rationalise the dormant and inactive trusts & charities which have been frustrated by the onerous legal process required by the Charity Commission and the subsequent retirement of the two senior lawyers dealing with it in 2014 and again in 2015. Since the last audit committee in 2018, the Partnerships & Commissioning Officer has been tasked with this onerous piece of work. It is currently a work in progress.

5.5 Investment Strategy of Trust & Charity Funds

The investment strategy for the various funds was reviewed by the Deputy S 151 Officer in 2018 with a view to increasing investment income, (noting the current low interest rate environment that the Trusts operate in). Options were put forward to Trustee Panel in Sep 2018 to consider investing in multi asset funds (equities, bonds, property) especially managed for investment by trusts and charities. These investments would offer the potential for higher returns but also higher risks (potential loss of capital). The Trustee Panel determined not to change the current investment strategy.

6 Financial Implications

6.1 There are no direct financial implications arising from this report

7 Legal Implications

7.1 As Corporate Trustee, the Council must abide by the Trust Deed and objects of the charity and file charity commission returns as required.

8 Equality Impact Assessment

The Council is subject to the Public Sector Equality Duty (Wales) and must, in the exercise of their functions, have due regard to the need to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.

Our Equality Impact Assessment process ensures that we have paid due regard to the above. As the report is for information and no actions arise there are no equality impact implications arising from this report

Audit Committee Statement of Purpose

- 1) Our audit committee is a key component of the City and County of Swansea's corporate governance. It provides an independent and high level focus on the audit, assurance and reporting arrangements that underpin good governance and financial standards.
- 2) The purpose of our audit committee is to provide independent assurance to the members of the adequacy of the risk management framework and the internal control environment. It provides independent review of the City and County of Swansea's governance, risk management and control frameworks and oversees the financial reporting and annual governance processes. It oversees internal audit and external audit, helping to ensure efficient and effective assurance arrangements are in place.

Governance, Risk and Control

- 3) To review the Council's corporate governance arrangements against the good governance framework and consider annual governance reports and assurances.
- 4) To review the Annual Governance Statement prior to approval and consider whether it properly reflects the risk environment and supporting assurances.
- 5) To consider the Council's arrangements to secure value for money and review assurances and assessments on the effectiveness of these arrangements.
- 6) To consider the Council's framework of assurance and ensure that it adequately addresses the risks and priorities of the council.
- 7) To monitor the effective development and operation of risk management in the Council.
- 8) To monitor progress in addressing risk related issues reported to the committee.
- 9) To consider reports on the effectiveness of internal controls and monitor the implementation of agreed actions.
- 10) To review the assessment of fraud risks and potential harm to the Council from fraud and corruption.
- 11) To monitor the counter fraud strategy, actions and resources.

Internal Audit and External Audit

- 12) To approve the internal audit charter and resources.
- 13) To consider the head of internal audit's annual report and opinion, and a summary of internal audit activity (actual and proposed) and the level of assurance it can give over the Council's corporate governance arrangements.
- 14) To consider summaries of specific internal audit reports as requested.
- 15) To consider reports dealing with the management and performance of the providers of internal audit services.
- 16) To consider a report from internal audit on agreed recommendations not implemented within a reasonable timescale.
- 17) To consider the external auditor's annual letter, relevant reports, and the report to those charged with governance.
- 18) To consider specific reports as agreed with the external auditor.
- 19) To comment on the scope and depth of external audit work and to ensure it gives value for money.
- 20) To commission work from internal and external audit.

Financial Reporting

- 21) To review the annual statement of accounts. Specifically, to consider whether appropriate accounting policies have been followed and whether there are concerns arising from the financial statements or from the audit that need to be brought to the attention of the Council.
- 22) To consider the external auditor's report to those charged with governance on issues arising from the audit of the accounts.

Accountability Arrangements

- 23) To report to full Council on a regular basis on the committee's performance in relation to the terms of reference and the effectiveness of the committee is meeting its purpose.

Note: Audit Committee Statement of Purpose extracted from the Council Constitution (31.01.18).
